MAYOR MANSFIELD MAKING PLANS TO HANDLE WORK RELIEF PROGRAM FOR BOSTON WHEN FEDERAL GOVERNMENT MAKES ALLOTMENTS.

A conference was held at the Mayor's office on April 17 to discuss the further development of a work relief program to employ funds to be made available under the new Federal Work Relief Bill. Those attending the conference were W. Stanley Parker, Vice Chairman of the City Planning Board; Miss Elisabeth Herlihy, Secretary of the City Planning Board; John C. L. Dowling, Executive Director, Overseers of the Public Welfare; Col. Thomas F. Sullivan, Local E. R. A. Administrator; Col. Robert C. Eddy of the Massachusetts Institute of Technology; M. D. Liming, representing Eliot Wadsworth of the Boston Chamber of Commerce; Charles J. Fox, City Auditor, and Henry E. Foley, Corporation Counsel.

Methods were considered for the immediate preparation of necessary plans for submission to the Federal authorities. The conference considered the type of organization necessary to coordinate city work relief projects in order that a program might be put in final form which would employ the largest possible number of persons now unemployed in the city and which would, at the same time, prove of lasting and definite benefit.

MESSAGE TO CITY COUNCIL.

Mayor Mansfield, on April 22, sent the following message to the City Council:

From reliable sources I have received information that work projects to be financed by the Federal Government under the Work Relief Bill recently enacted by Congress will commence on or about the first week in June. I am also advised that it will be desirable and necessary for cities and towns to have ready at the earliest possible time and not later than the end of May a definite

program and plans to cover the expenditure of whatever Federal funds may be allotted.

While considerable progress has been made in the formulation of projects, it must be apparent that if the allotment to be made by the Federal Government to the city is to be expended efficiently and wisely, a comprehensive program of projects should be developed and coordinated, to the end that the maximum number of needy persons may obtain employment and projects of the greatest benefit to the city be undertaken immediately. To this end I desire to establish a bureau for the development and coordination of needed and useful work projects. I am sanguine that an E. R. A. project will be approved whereby a personnel of approximately one hundred and fifty engineers, draftsmen, investigators, stenographers and clerks will be provided.

In connection with this project it will be necessary for the city to provide funds for adequate office quarters, supervision, supplies and other necessary and proper expenditures incidental to the work of such a bureau. While it is impossible for me to present a definite estimate as to the various items of expense which the city will be called upon to provide, I feel, in view of the amount of money which may be allotted to the city under the work relief program, that an authorization of \$15,000 from the Reserve Fund for the necessary expenditures of the proposed bureau cannot be deemed unreasonable. I accordingly submit herewith an order authorizing the expenditure of this amount. In view of the urgent necessity for the city to have available promptly a comprehensive work relief program, I respectfully recommend immediate consideration and adoption by your honorable body of the accompanying order.

AMENDED DAMAGES.

The Mayor has approved the following votes of the Board of Street Commissioners:

Voted, That the order of the Street Commissioners and Mayor of June 14, 1933, as amended, determining damages caused by the making of the public improvement consisting of the laying out of Delano park, formerly Clarendon park, be, and the same hereby is, amended, by adding to said order the amount \$52 as an award to Anna C. Nilson; that the amount \$52 be, and the same hereby is, awarded to Anna C. Nilson for the damages so sustained.

Voted, That the order of the Street Commissioners and Mayor of June 14, 1933, as amended December 21, 1933, determining damages caused by the making of the public improvement consisting of the laying out of Westchester, formerly Winchester, road, be, and the same hereby is, amended, by adding to said order the amount \$40 as an award to William L. Doonan; that the amount \$40 be, and the same hereby is, awarded to William L. Doonan for the damages so sustained.

Voted, That the order of the Street Commissioners and Mayor of October 9, 1933, as amended October 9, 1934, deter-

mining damages caused by the making of the public improvement consisting of the laying out of Hillsboro road, be, and the same hereby is, amended, by adding to said order the amount \$300 as an award to William J. Sands; that the amount \$300 be, and the same hereby is, awarded to William J. Sands for the damages so sustained.

Voted, That the order of the Street Commissioners and Mayor of August 15, 1933, determining damages caused by the making of the public improvement, consisting of the laying out of Freeland street, be, and the same hereby is, amended, by striking from said order the amount \$275 awarded to John J. Haverty and Julia Haverty in said order and inserting in place thereof the amount \$375; that the amount \$375 be, and the same hereby is, awarded to John J. Haverty and Julia Haverty for the damages so sustained.

Voted, That the order of the Street Commissioners and Mayor of October 11, 1934, as amended determining damages caused by the making of the public improvement consisting of the laying out of Boyd street, formerly Bowdoin square, be, and the same hereby is, amended, by adding to said order the amount \$311 as an award to Celia Glazer and Saul Glazer; that the amount \$311 be, and the same hereby is, awarded to Celia Glazer and Saul Glazer for the damages so sustained.

BROADCAST BY MAYOR.

RAILROAD SERVICE.

Knowing as we do how essential to a part of the present day is the railroad service back of it, it is of more than passing note to record that for over one hundred years Boston and Massachusetts have been concerned with railroad service to the West. A century ago there was no such road through this state—it was the time of the very beginning of railroad building and the idea was incomprehensible to most people—but Governor Levi Lincoln realized the coming importance of railroads and in his inaugural address May 30, 1829, he strongly urged the building of a railroad to the Hudson river as, said he, "a line of communication for Boston commerce to the immense regions of the North and West." Again in his inaugural of 1830, he stressed the importance of this project for extending Boston's radius of foreign commerce.

Boston was then a city of prosperous merchants engaged in foreign trade throughout the world. This trade was built upon the natural resources of New England,—the skill of its shipbuilders and navigators,—and the enterprise and acumen of its merchants; and it served not only its "hinterland," New England, but was the headquarters for many imported staples which its coasting packets distributed to New York, Philadelphia and Baltimore. In those days inland transportation was slow and difficult and so wherever a seagoing vessel could be floated these small packets carried their overseas and local products and gathered their exchange cargoes.

They frequented not only the harbors and rivers of Maine, New Hampshire and Massachusetts, but sailed regularly around Cape Cod to Providence, along the Sound and up the Connecticut to Hartford, and even up the Hudson to Albany and Troy. Water was the first, and, within its favored channels, will always remain the cheapest medium of freightage; but James Watts' tea-kettle had been set to work and short lines of railroads began to stretch out from the chief cities of the country, while adventurous steamships were essaying to cross the Atlantic.

As soon as this momentous new element of transportation had proved its practicability Governor Lincoln's visions of far-reaching trade spread among the wide-awake merchants of Boston and they foresaw the advantages of their city and harbor in a greater scheme of world commerce, with their opportunity to lead it.

OPPOSITION DEVELOPS.

Similarly actuated, New York capital was reaching out for the virgin trade of the new West, and was extending the railroad from Albany to Buffalo to gather the freights of the Great Lakes and to connect with the projected line from that point to St. Louis. Boston resented the railroad to Worcester, and it was long time before they could bring the Albany line to the city, and the West India wharf, and its southern terminus at a straight line through Boston to Long.

The contest was a bitter one, but as it was a great undertaking for the city, and in the end it was won, the City Council of 1834 authorized the city to issue bonds to the amount of five million dollars for the purpose of the construction of the road.

Such an important measure naturally developed opposition, and for some time its fate hung in the balance, but its advocates instituted an active campaign of education founded on the reports of investigators sent to Buffalo and St. Louis to estimate the volume of this potential trade, and so won their victory under the slogan "Boston's Great Artery of Trade with the Rising West."

In 1840 Samuel Cunard of Halifax established his famous line, with Boston as its American terminus, and "The Rising West" was assured of an up-to-date service with Europe through Boston—and Boston alone. For eight years Boston remained the sole American terminus of Cunard Line ships.

The intervening years have substantiated the visions of Governor Lincoln and the Boston merchants but, also, they have brought many new problems. The small steamships of the 1840's have developed into great ones that are still growing, and to keep pace with these demands it has been necessary constantly to improve and enlarge Boston's facilities—its piers, docks, channels and terminals,—as well as to provide adequate cargoes for the ships. Since the days of the "Britannia," first of the Cunarders, which reached Boston July 18, 1840, the volume of Boston's foreign commerce has waxed and waned and waxed again in response to industrial, economic and legislative changes, and it has now reached a critical point, where, for reasons some of which I shall later touch upon, the most strenuous efforts are called for to preserve, let alone expand it.

I trust that what I have said demonstrates the precedence and continuity of Port of Boston commerce, the seamedness and commercial competence of its people and the fact that its present standing, seventh in total cargo handled of all United States ports, is the outcome of three centuries of resolute enterprise.

TRAFFIC COMMISSION RULINGS.

Voted, That as urgently required by considerations of public safety and convenience, during the period of street construction, estimated to be three (3) weeks, vehicles are excluded from La Grange street, West Roxbury, between Vermont street and Veterans of Foreign Wars Parkway, effective April 24, 1935.

NAVAL AFFAIRS COMMITTEE NOT TO VISIT BOSTON NAVY YARD AS YET.

The following is a copy of telegram received by Mayor Mansfield from Congressman A. Piatt Andrew:

WASHINGTON, D. C., April 17.

HON. FREDERICK W. MANSFIELD,
Mayor of Boston.

Naval Affairs Committee have regretfully decided that because of likelihood of final vote on important Security Bill on Friday or Saturday it will be inadvisable to leave Washington this week. They intend to visit Boston Navy Yard as soon as Congressional program permits and hope to avail themselves of your hospitality and much appreciated invitation. We are all sorry for postponement.

A. PIATT ANDREW.

Long Island Hospital.

Thomas Moran, fireman, 8 hours, \$6.92.

CIRCULAR LETTER NO. 20.

CITY OF BOSTON

MAYOR'S OFFICE, April 15, 1935.

To the Heads of County and City Departments.

In conformity with an order adopted by the Boston City Council under date of April 1, 1935, as per copy below, heads of departments, including county and schoolhouse departments, are requested to furnish the information desired in triplicate.

COPY OF ORDER.

Ordered, That his Honor the Mayor of Boston be requested to obtain from the head of each department, including county and schoolhouse departments, the following information for the City Council:

1. The number of married women in the department.
2. Names and addresses of each married woman.
3. Whether temporary or permanent.
4. Is husband working, and, if so, by whom employed, and his salary.

In City Council April 1, 1935. Passed.

Yours truly,

FREDERICK W. MANSFIELD,
Mayor.

CIVIL SERVICE EXAMINATIONS. (STATE SERVICE.)

INDUSTRIAL INSTRUCTOR (SHOE), STATE PRISON, DEPARTMENT OF CORRECTION, May 25, 1935.

New Bedford, Thursday, December 5.

RULES FOR EXAMINATIONS.

All examinations shall be given in English.

Applicants for Class B or journeyman's certificate must be at least eighteen years of age and have had at least two years' practical experience or the equivalent in the installation of wires, conduits, apparatus, fixtures and other appliances for carrying or using electricity for light, heat or power purposes.

Applicants for Class A or master's certificate must be at least twenty-one years of age and have had at least two years' experience in the business of installing wires, conduits, apparatus, fixtures and other appliances for carrying or using electricity for light, heat or power purposes.

Examinations shall consist of applicant's knowledge of the National Electrical Code and practical electrical work.

All persons desiring to be examined, either for a Master or Journeyman Certificate, shall have application on file at least ten days previous to the date of such examination.

Applicants for examination will be required to obtain at least 70 per cent in order to obtain a certificate.

Applicants who fail to obtain the required 70 per cent will not be entitled to re-examination until a period of three months has elapsed, and those who receive less than 50 per cent, or who fail on the practical demonstration, will not be re-examined for a period of six months.

Any person found referring to notes or books, or misbehaving during an examination, will be debarred from that examination.

Notice will be sent to applicants for certificates when and where examination will be held, and only those so notified will be examined on that day.

JAMES M. HURLEY,

PAYSON SMITH,

STEPHEN C. GARRITY,

State Examiners of Electricians.

For application blanks or other information apply to State Examiners of Electricians, Room 413A, State House, Boston, Mass.

MAYOR MANSFIELD SIGNS ORDER FOR NEW COURTHOUSE AT \$5,000,000 COST.

Upon April 17 the following statement was issued from the office of the Mayor:

The Mayor has signed the order for \$5,000,000 for the new courthouse adopted by the City Council Monday last providing for a referendum back to the Mayor and City Council. And in this connection the Mayor has under contemplation a plan whereby Federal

funds may be used to relieve the congestion in the Superior Court in Suffolk County, which has been a constant source of irritation and complaint for many years.

The Mayor suggests that a conference be held with officials of the Massachusetts Bar Association and the Boston Bar Association to the end that a very substantial sum of money may be allocated from Federal funds for the purpose of clearing the dockets and bringing them up to date. This may be done either by appointing for a limited term of years temporary judges or by the appointment by the judges of a number of members of the bar to act as auditors. The details can be worked out by a conference of representatives of the judiciary, members of the Massachusetts and Boston Bar Associations, the Corporation Counsel of the City of Boston and the Mayor. The plan, of course, is only in contemplation, but the Mayor is confident that with the allocation of a sufficient sum the great reproach to the speedy administration of justice in Suffolk County can be permanently removed.

MASSACHUSETTS CIVIL SERVICE EXAMINATIONS.

The Massachusetts Civil Service Commission announces examinations for desirable positions open in Boston and Metropolitan districts as follows:

X-RAY TECHNICIAN, BOSTON CITY HOSPITAL, MAY 24, 1935.

Last date for filing applications, Friday, May 10, 1935, at 5 p. m.

Salary: \$27 per week.

Duties: To take X-ray films, and to care for X-ray machines. Applicants should be familiar with the dangers attendant upon X-ray work, and the precautions to be taken against same.

Subjects and Weights: Training and experience, 1; practical test, 1; total, 2.

Passing Requirements: Applicants must obtain at least 70 per cent in each subject in order to become eligible.

Physical fitness to be determined by physical examination.

OFFICER-SHOE SUPERVISOR, BOSTON PENAL INSTITUTIONS DEPARTMENT, JUNE 1, 1935.

Last date for filing applications, Saturday, May 18, 1935, at 12 noon.

Salary: \$1,800 per year and maintenance.

Duties: To have charge of a group of inmates in the institution shoe shop engaged in lasting, making and finishing shoes. To supervise and instruct inmates in the proper functioning of each machine and related operation in each phase of the work. To make minor repairs on machinery when necessary. To be responsible for discipline among the inmates and act as routine disciplinary officer when required. To supervise material, make requisitions for new stock and have control of stock on hand.

Entrance Requirements: Applicants must have five years' experience in lasting, making and finishing work, and should also have had experience as a foreman in a shoe shop.

Subjects and Weights: Training and experience, 3; practical questions, 4; personality and fitness, as determined by an oral interview, 3; total, 10.

Passing Requirements: Applicants must obtain at least 70 per cent in each subject in order to become eligible.

Physical fitness to be determined by physical examination.

CONTRACTS AWARDED.

Permission to award contracts for work, materials and supplies, in accordance with recommendations of department heads, has been approved by the Mayor.

DEPARTMENT OF SCHOOL BUILDINGS.

Upon April 22 the Mayor approved a contract with the Graybar Electric Company, Incorporated, for furnishing and delivering battery material and other electrical supplies for departmental use. Bids, opened April 16, were as follows:

Graybar Electric Company, Incorporated, \$4,840.26; Wetmore-Savage Division, Westinghouse Electric Supply Company, \$4,846.75; Eagle Electric Supply Company, Incorporated, \$5,642.50; Milhender, Incorporated, \$5,792.50; Ralph Pill Electric Supply Company, \$4,763.20 (this company omitted Items 1 and 2 from the eighty-nine items listed in the proposal. The average cost of these items total \$945.50, which would make their bid, if complete, \$5,708.70).

PUBLIC WORKS DEPARTMENT (Sewer Service).

Upon April 18 the Mayor approved a contract with Charles Struzziery for sewerage works in Tenean creek, from Victory road 721 feet easterly to Culvert under New York, New Haven & Hartford Railroad, Dorchester. The following bids were received March 27.

Clay Pipe.—Charles Struzziery, \$83,115; V. Barletta Company, \$84,747.50; George M. Byrne, \$84,841; A. Baruffaldi Company, \$86,705; V. J. Grande Company, \$89,062; J. A. Singarella, Incorporated, \$93,662.10; P. DeCristofaro Company, Incorporated, \$94,167.90; C. & R. Construction Company, \$96,080; James J. Coughlan & Sons, Incorporated, \$96,501.80; Simpson Brothers Corporation, \$121,433.

Concrete Pipe.—Charles Struzziery, \$83,115; V. Barletta Company, \$84,747.50; George M. Byrne, \$84,841; A. Baruffaldi Company, \$86,705; V. J. Grande Company, \$89,001.50; J. A. Singarella, Incorporated, \$93,693; P. DeCristofaro Company, Incorporated, \$94,167.90; C. & R. Construction Company, \$96,080; James J. Coughlan & Sons, Incorporated, \$96,501.80; Simpson Brothers Corporation, \$121,433.

SUPPLY DEPARTMENT.

Upon April 17 the Mayor approved contracts with firms for furnishing sand and gravel to the city departments. A communication from Warren W. Loomis of the Supply Department was as follows: BOSTON, April 17, 1935.

HON. FREDERICK W. MANSFIELD,
Mayor of Boston.

DEAR MR. MAYOR,—Advertised bids on sand and gravel for the various city departments, as shown on summary, for 1935, were publicly opened and read in the Supply Department on February 25, 1935, and, for the purpose of securing lower prices, were readvertised and publicly opened and read in the Supply Department on March 25, 1935.

On the readvertising, the entire bid of the Highland Sand and Gravel Company and Martino DeMatteo cannot be considered as they do not comply with the N. R. A. code. Also, the Quincy Sand and Gravel Company's bid of 61 cents per ton for sand in Districts No. 6 and No. 9 and the Crystal Concrete Company's bid of 63 cents per ton for sand in District No. 10 are not according to N. R. A. code and, therefore, cannot be accepted.

Based on the remaining acceptable bids, I respectfully request your permission to award contracts for sand in the several districts as follows:

Charles River Sand and Gravel Company.

District No. 1, South Boston.—Approximately 826 tons, 80 cents per ton, approximate total, \$660.60.

District No. 4, Brighton.—Approximately 2,348 tons, 68 cents per ton, approximate total, \$1,596.64.

Boston Sand and Gravel Company.

District No. 2, East Boston.—Approximately 531 tons, 80 cents per ton, approximate total, \$424.60.

District No. 3, Charlestown.—Approximately 908 tons, 80 cents per ton, approximate total, \$726.40.

George H. Noone Company.

District No. 5, West Roxbury.—Approximately 1,727 tons, 68 cents per ton, approximate total, \$1,174.36.

Districts No. 6 and No. 9, Dorchester.—Approximately 873 tons, 85 cents per ton, approximate total, \$742.05.

Districts No. 8 and No. 10, City Proper.—Approximately 200 tons, 68 cents per ton, approximate total, \$136.

New England Sand and Gravel Company.

District No. 7, Roxbury.—Approximately 2,243 tons, 68 cents per ton, approximate total, \$1,525.24.

District No. 11, Hyde Park.—Approximately 715 tons, 80 cents per ton, approximate total, \$572.

Approximate grand total, \$7,558.29.

Acceptable low bidders have been recommended in all cases except in South Boston, Dorchester and Hyde Park.

In these districts the lowest bids made by Boston contractors have been recommended rather than to make awards to contractors outside of Boston.

No contract will be let for gravel at this time as none is needed.

Respectfully yours,

WARREN W. LOOMIS,
Superintendent of Supplies

Per Ton.

District No. 1, South Boston.

Gravel.—George H. Noone Sand and Gravel Company, \$1.40; Charles River Sand and Gravel Company, 85 cents; C. A. Crowley, 89 cents; Crystal Concrete Corporation, 83 cents; New England Sand and Gravel Company, 85 cents; Quincy Sand and Gravel Company, Incorporated, 83 cents; Martino DeMatteo, 65 cents.

Sand.—George H. Noone Sand and Gravel Company, \$1; Charles River Sand and Gravel Company, 80 cents; C. A. Crowley, 72 cents; Crystal Concrete Corporation, 68 cents; Highland Sand and Gravel Company, Incorporated, 80 cents; New England Sand and Gravel Company, 85 cents; Quincy Sand and Gravel Company, Incorporated, 68 cents; Martino DeMatteo, 85 cents.

District No. 2, East Boston.

Gravel.—Concrete Materials Company, \$1.40; Boston Sand and Gravel Company, \$1; George H. Noone Sand and Gravel Company, \$1.40; Charles River Sand and Gravel Company, \$1; Acme Sand and Gravel Company, Incorporated, \$1.28; New England Sand and Gravel Company, \$1.10; Quincy Sand and Gravel Company, Incorporated, \$1.15.

Sand.—Concrete Materials Company, \$1; Boston Sand and Gravel Company, 80 cents; George H. Noone Sand and Gravel Company, \$1; Charles River Sand and Gravel Company, \$1; Acme Sand

and Gravel Company, Incorporated, 97 cents; New England Sand and Gravel Company, \$1.10; Quincy Sand and Gravel Company, Incorporated, \$1.

District No. 3, Charlestown.

Gravel.—Concrete Materials Company, \$1.40; Boston Sand and Gravel Company, \$1.80; George H. Noone Sand and Gravel Company, \$1.40; Charles River Sand and Gravel Company, 85 cents; Acme Sand and Gravel Company, Incorporated, \$1.23; New England Sand and Gravel Company, \$1.10; Quincy Sand and Gravel Company, Incorporated, \$1.15.

Sand.—Concrete Materials Company, \$1; Boston Sand and Gravel Company, 80 cents; George H. Noone Sand and Gravel Company, \$1; Charles River Sand and Gravel Company, 80 cents; Acme Sand and Gravel Company, Incorporated, 92 cents; Highland Sand and Gravel Company, Incorporated, 82 cents; New England Sand and Gravel Company, \$1.10; Quincy Sand and Gravel Company, Incorporated, \$1.

District No. 4, Brighton.

Gravel.—George H. Noone Sand and Gravel Company, \$1.40; Charles River Sand and Gravel Company, 85 cents; Needham Sand and Gravel Company, Incorporated, \$1; New England Sand and Gravel Company, 90 cents; Quincy Sand and Gravel Company, Incorporated, \$1.10; Martino DeMatteo, 65 cents.

Sand.—George H. Noone Sand and Gravel Company, \$1; Charles River Sand and Gravel Company, 68 cents; Needham Sand and Gravel Company, Incorporated, 80 cents; New England Sand and Gravel Company, 90 cents; Quincy Sand and Gravel Company, Incorporated, \$1; Martino DeMatteo 85 cents.

District No. 5, West Roxbury.

Gravel.—George H. Noone Sand and Gravel Company, \$1; Charles River Sand and Gravel Company, 85 cents; C. A. Crowley, 89 cents; Joseph Colombo & Sons, 85 cents; New England Sand and Gravel Company, 85 cents; Quincy Sand and Gravel Company, Incorporated, \$1.10; Martino DeMatteo, 65 cents.

Sand.—George H. Noone Sand and Gravel Company, 80 cents; Charles River Sand and Gravel Company, 80 cents; C. A. Crowley, 72 cents; Joseph Colombo & Sons, 68 cents; Highland Sand and Gravel Company, Incorporated, 68 cents; New England Sand and Gravel Company, 68 cents; Quincy Sand and Gravel Company, Incorporated, \$1; Martino DeMatteo, 83 cents.

District Nos. 6 and 9, Dorchester.

Gravel.—George H. Noone Sand and Gravel Company, \$1.40; Charles River Sand and Gravel Company, 90 cents; C. A. Crowley, 89 cents; Joseph Colombo & Sons, 85 cents; Crystal Concrete Corporation, 83 cents; New England Sand and Gravel Company, 90 cents; Quincy Sand and Gravel Company, Incorporated, 85 cents; Martino DeMatteo, 85 cents.

Sand.—George H. Noone Sand and Gravel Company, \$1; Charles River Sand and Gravel Company, 90 cents; C. A. Crowley, 72 cents; Joseph Colombo & Sons, 80 cents; Crystal Concrete Corporation, 68 cents; Highland Sand and Gravel Company, Incorporated, 80 cents; New England Sand and Gravel Company, 90 cents; Quincy Sand and Gravel Company, Incorporated, 85 cents; Martino DeMatteo, 85 cents.

District No. 7, Roxbury.

Gravel.—George H. Noone Sand and Gravel Company, \$1; Charles River Sand

and Gravel Company, 85 cents; C. A. Crowley, 89 cents; Joseph Columbo & Sons, 85 cents; Needham Sand and Gravel Company, Incorporated, \$1; New England Sand and Gravel Company, 85 cents; Quincy Sand and Gravel Company, Incorporated, \$1; Martino DeMatteo, 65 cents.

Sand.—George H. Noone Sand and Gravel Company, 80 cents; Charles River Sand and Gravel Company, 68 cents; C. A. Crowley, 72 cents; Joseph Columbo & Sons, 80 cents; Needham Sand and Gravel Company, Incorporated, 80 cents; Highland Sand and Gravel Company, Incorporated, 80 cents; New England Sand and Gravel Company, 68 cents*; Quincy Sand and Gravel Company, Incorporated, 70 cents; Martino DeMatteo, 85 cents.

District No. 8, City Proper.

Gravel.—Concrete Materials Company, \$1.40; George H. Noone Sand and Gravel Company, \$1; Charles River Sand and Gravel Company, 85 cents; C. A. Crowley, 89 cents; Acme Sand and Gravel Company, Incorporated, \$1.37; New England Sand and Gravel Company, 85 cents; Quincy Sand and Gravel Company, Incorporated, 85 cents.

Sand.—George H. Noone Sand and Gravel Company, \$1; Charles River Sand and Gravel Company, 80 cents; C. A. Crowley, 72 cents; Joseph Columbo & Sons, 68 cents; Highland Sand and Gravel Company, Incorporated, 68 cents; New England Sand and Gravel Company, 80 cents*; Quincy Sand and Gravel Company, Incorporated, 70 cents; Martino DeMatteo, 80 cents.

Cash Discount, Ten Days.—Concrete Materials Company, 2 per cent; Boston Sand and Gravel Company, 2 per cent;

George H. Noone Sand and Gravel Company, 2 per cent; Charles River Sand and Gravel Company, 2 per cent; Joseph Columbo & Sons, 2 per cent; Needham Sand and Gravel Company, Incorporated, 2 per cent; Highland Sand and Gravel Company, Incorporated, 2 cents per ton; New England Sand and Gravel Company, 2 per cent; Quincy Sand and Gravel Company, Incorporated, 2 per cent.

Remarks.—George H. Noone Sand and Gravel Company, subject to 15 per cent discount under Executive Order 6767; Needham Sand and Gravel Company, Incorporated, less 15 per cent allowed by Presidential Order 6767; Martino DeMatteo, no check deposited.

*Contract awarded.

Upon April 17 the Mayor approved contracts with firms, as indicated. Communication from Warren W. Loomis of the Supply Department was as follows:

BOSTON, April 17, 1935.

HON. FREDERICK W. MANSFIELD,
Mayor of Boston.

DEAR SIR,—Attached please find list of bids on proposals for furnishing bread and pastry flour to the various city departments for a period of ninety days, beginning May 1, 1935, which bids were publicly opened and read at this office under date of April 15, 1935.

The lowest bidder on bread flour was the Washburn-Crosby Company, Incorporated, on their "Pan Dandy" brand, at a price of \$6.76 per barrel, less cash discount of 1 per cent, payment in ten days. It was discovered after the opening of bids, that, while Washburn-Crosby Company, Incorporated, had deposited their bid in the Supply Department in regular form, the copy which was deposited with the City Auditor was not presented at that office until two or three minutes after the designated time for receiving bids had expired.

As the brand of flour submitted by Washburn-Crosby Company, Incorporated, has been used repeatedly by the city and has given satisfaction in every way, I would respectfully request that permission be granted me to award a contract, without publicly advertising, for bread flour, to Washburn-Crosby Company, Incorporated, the lowest bidder, at the price quoted, of \$6.76 per barrel, less 1 per cent cash discount for payment in ten days.

Regarding the other item of pastry flour, I would request that permission be granted me to award this contract to Thurman & Co., the lowest bidder, at a price of \$6.04 per barrel, less a cash discount of one quarter of 1 per cent for payment in ten days. This contract will run for a period of ninety days, from May 1, 1935.

Respectfully yours,

WARREN W. LOOMIS,
Superintendent of Supplies.

Bids, opened April 15, were as follows:

Approximate Amount of Bread Flour to be Delivered in Ninety Days: 260 Barrels Long Island, 400 Barrels Deer Island, 100 Barrels Sanatorium Division, 300 Barrels City Hospital. Total, 1,060 Barrels, Per Barrel.—Thurman & Co., \$7.34, hard spring wheat flour, Commander Milling Company; \$7.09, Falstaff Brand, Kansas City, Missouri; \$6.95, G. B. R. Smith Milling Company, Texas, hard wheat flour; Washburn-Crosby Company, Incorporated, \$7.06, Gold Medal; \$6.86, King Wheat; \$6.76, Pan Dandy*; hard wheat flour (Pan Dandy), ash, .46-.47;

protein, 11.80-12; Amendt Milling Company, \$7.02, thirty days; \$7.02, sixty days; \$7.02, ninety days.

Approximate Amount of Pastry Flour to be Delivered in Ninety Days: 32 Barrels Long Island, 37 Barrels Deer Island, 17 Barrels Sanatorium Division, 50 Barrels City Hospital. Total, 136 Barrels, Per Barrel.—Thurman & Co., \$6.04, soft wheat flour,* White Rose Brand, Island City, Oregon; Amendt Milling Company, \$6.64, thirty days; \$6.64, sixty days; \$6.64, ninety days.

Cash Discount for Payment in Ten Days.—Thurman & Co., quarter of 1 per cent; Washburn-Crosby Company, Incorporated, 1 per cent; Amendt Milling Company, half of 1 per cent.

Remarks.—Washburn-Crosby Company, Incorporated, bid late at auditor's, one third cent per barrel per day penalty if shipment is delayed beyond ninety-day limit, bidder to be notified within seventy-two hours after opening of bids; Amendt Milling Company, check not certified.

Upon April 23 the Mayor approved contracts with lowest bidders for furnishing hay, grain and straw to the various city departments during May, 1935. The approximate totals of awards will be as follows:

B. & F. Coal Company, \$1,713.80; The Whittemore Company, \$1,124.75; John J. White Company, \$449.55; William Culkeen & Sons Company, \$286.65. Total, \$3,574.75.

Bids, opened April 22, were as follows, Approximate Amounts on All Items. The Whole City. Prices per 100 Pounds.

90,000 Pounds Hay, Large Bales.—B. & F. Coal Company, \$1.224*; William Culkeen & Sons Company, \$1.25; John J. White Company, \$1.26.

30,000 Pounds Hay, Small Bales.—B. & F. Coal Company, \$1.19*; William Culkeen & Sons Company, \$1.225; John J. White Company, \$1.24.

6,000 Pounds Hay, United States No. 1, Extra Green Timothy, Small Bales.—B. & F. Coal Company, \$1.30*; William Culkeen & Sons Company, \$1.325; John J. White Company, \$1.40.

55,000 Pounds Oats, No. 2, White.—B. & F. Coal Company, \$2.22; William Culkeen & Sons Company, \$2.09; The Whittemore Company, \$2.045*; John J. White Company, \$2.05.

7,000 Pounds Straw.—B. & F. Coal Company, \$1.08; William Culkeen & Sons Company, \$1.07*; The Whittemore Company, \$1.08; John J. White Company, \$1.09.

6,000 Pounds Bran.—B. & F. Coal Company, \$2.175 (auditor's copy, \$1.69*); William Culkeen & Sons Company, \$1.78; The Whittemore Company, \$1.70; John J. White Company, \$1.75.

2,000 Pounds Cottonseed Meal.—B. & F. Coal Company, \$1.99 (auditor's copy, \$2.175); William Culkeen & Sons Company, \$2.27; The Whittemore Company, \$2.35; John J. White Company, \$2.125*.

2,000 Pounds Linseed Meal.—B. & F. Coal Company, \$1.80 (auditor's copy, \$1.99*); William Culkeen & Sons Company, \$2.05; The Whittemore Company, \$2.15; John J. White Company, \$2.20.

2,000 Pounds Gluten Meal.—B. & F. Coal Company, \$2.15 (auditor's copy, \$1.80*); William Culkeen & Sons Company, \$2.02; The Whittemore Company, \$2.10; John J. White Company, \$2.15.

2,000 Pounds Corn Meal.—B. & F. Coal Company, \$2.15; William Culkeen & Sons Company, \$2.14*; The Whittemore Company, \$2.21; John J. White Company, \$2.20.

1,500 Pounds Cracked Corn.—B. & F. Coal Company, \$2.15; William Culkeen & Sons Company, \$2.14*; The Whittemore Company, \$2.21; John J. White Company, \$2.20.

500 Pounds Whole Corn.—B. & F. Coal Company, \$2.15; William Culkeen & Sons Company, \$2.14*; The Whittemore Company, \$2.21; John J. White Company, \$2.20.

500 Pounds Kaffir Corn.—William Culkeen & Sons Company, \$2.85*; The Whittemore Company, \$3.15; John J. White Company, \$3.40.

500 Pounds Wheat.—William Culkeen & Sons Company, \$1.91*; The Whittemore Company, \$1.99; John J. White Company, \$2.05.

500 Pounds Buckwheat.—William Culkeen & Sons Company, \$1.78*; The Whittemore Company, \$1.85; John J. White Company, \$1.90.

300 Pounds Sunflower Seed.—William Culkeen & Sons Company, \$5.15; The Whittemore Company, \$5.45; John J. White Company, \$5.10.*

100 Pounds White French Millet.—William Culkeen & Sons Company, \$9.90; The Whittemore Company, \$9.50; John J. White Company, \$9.25.*

200 Pounds Hempseed.—William Culkeen & Sons Company, \$3.25*; The Whittemore Company, \$3.95; John J. White Company, \$3.35.

4,000 Pounds Crushed Oats.—B. & F. Coal Company, \$2.863; William Culkeen & Sons Company, \$2.03*; The Whittemore Company, \$2.14; John J. White Company, \$2.24.

100 Pounds Canary Seed.—William Culkeen & Sons Company, \$5.75*; The Whittemore Company, \$5.95; John J. White Company, \$5.95.

Cash Discount, Ten Days.—B. & F. Coal Company, half of 1 per cent; William Culkeen & Sons Company, half of 1 per cent; The Whittemore Company, half of 1 per cent; John J. White Company, half of 1 per cent.

Upon April 23 the Mayor approved a contract with the Rosenfield Uniform Company for furnishing uniforms to the Fire Department. Bids, opened April 15, were as follows:

Approximate Amounts on All Items.

Cloth, Per Yard, Net.—Rosenfield Uniform Company, \$2.475*; Donohue & Riordan, \$2.47; Leopold Morse Company, \$2.475.

35 Privates' Serge Uniform Sack Coats, Each.—Rosenfield Uniform Company, \$10.75*; Donohue & Riordan, \$11.65; Leopold Morse Company, \$15.50.

25 Officers' Serge Uniform Sack Coats, Each.—Rosenfield Uniform Company, \$12*; Donohue & Riordan, \$12.95; Leopold Morse Company, \$16.75.

50 Pairs Serge Uniform Trousers, Per Pair.—Rosenfield Uniform Company, \$5.65*; Donohue & Riordan, \$5.65; Leopold Morse Company, \$5.75.

Cash Discount for Payment in Ten Days.—Donohue & Riordan, half of 1 per cent.

To be made of 14-ounce American Woolen Company, Style A59-13438-795, blue serge, indigo dyed.

Approximate amount of contract, \$958.75.

*Contract awarded.

Upon April 23 the Mayor approved a contract with contractors, as indicated, for furnishing milk, etc., to the several city departments. A communication from

Warren W. Loomis of the Supply Department was as follows:

Boston, April 23, 1935.

HON. FREDERICK W. MANSFIELD,
Mayor of Boston.

DEAR SIR,—As a result of advertising for bids for a six months' (April 1, 1935, to September 30, 1935, inclusive) supply of milk, cream, skim milk, buttermilk and sweet butter for the various city institutions, bids were publicly opened and read in the office of the Supply Department on March 18, 1935, and as a result of readvertisement new bids were publicly opened and read in said office on April 8, 1935.

Except for the bid of United Farmers Co-operative Creamery Association, Incorporated, the bids opened on each of the above dates, based upon the six months' supply, were approximately \$33,000 greater than the cost of the six months' supply under a contract expiring September 30, 1934, and approximately \$27,000 greater than the cost of a six months' supply under a contract expiring March 31, 1935. These increased prices bid resulted mainly from adherence, in the case of bids for milk and cream, to the schedule of prices "recognized" by the Milk Control Board of the Commonwealth. Under this schedule of prices, the City of Boston would be compelled to pay the same rate for milk and cream as a small retailer.

Although there is provision in the milk control law (chapter 376 of the Acts of 1934) for the fixing of minimum prices by the Milk Control Board, I understand that the Milk Control Board has not complied with the requirements for the fixing of prices and has only "recognized" the schedule of minimum prices "approved by the majority of dealers" in the Boston marketing area. The bid of United Farmers Co-operative Creamery Association, Incorporated, filed on March 18, 1935, in the office of the Supply Department (a copy of which, however, was not filed with the City Auditor), provides for the supplying of milk, cream, skim milk, buttermilk and sweet butter to the various institutions for the six months' period from April 1, 1935, to and including September 30, 1935, in a total amount of approximately \$85,634.84 (based upon unit prices fixed for estimated quantities). This amount is approximately \$17,000 less than the other bids, which for milk and cream were based upon the prices "recognized" by the Milk Control Board.

There does not seem to be any legal authority for the fixing of prices by the Milk Control Board without complying with the requirements of the statute. The prices bid by the United Farmers Co-operative Creamery Association, Incorporated, do not appear to be below cost (prices bid this year are very substantially higher than those bid last year), and the prices bid do not seem likely to demoralize the price structure of milk or interfere with an ample supply of milk for the inhabitants of the Commonwealth. (I understand that there are private users of large quantities of milk who are purchasing milk at approximately the same prices as, or lower prices than, those bid by United Farmers.) It would, therefore, seem that the United Farmers Co-operative Creamery Association, Incorporated, is not violating the Milk Control Act.

I have been advised that an order which was issued to the United Farmers Co-operative Creamery Association, Incorporated, to show cause why their Federal license should not be suspended, has been dismissed.

In view of the foregoing reasons and in view of the fact that if the proposed contract with United Farmers Co-operative Creamery Association, Incorporated, is executed and performed, the city will save approximately \$17,000 in the purchase of milk, cream, skim milk, buttermilk and sweet butter for the various city institutions. I respectfully request your permission to award, without further advertising, a contract to United Farmers Co-operative Creamery Association, Incorporated, for the supply of milk, cream, skim milk, buttermilk and sweet butter to the various city institutions, for a period of six months, beginning April 16, 1935, and ending October 15, 1935, in a total sum of approximately \$85,634.84 (based upon fixed unit prices for estimated quantities as set forth in the proposal of the contractor marked, "Alternate Bid No. 1," filed on March 18, 1935), with a further provision in said contract that in the event that a reduction in the prices of milk to the producer shall be announced by the Federal Milk Market Administrator during the term of said contract, the unit prices on milk in the contract will be reduced in an amount equal to the reduction so announced.

Respectfully yours,

WARREN W. LOOMIS,
Superintendent of Supplies.

Bids, opened April 8, were as follows:

Approximate Amounts on All Items.

Boston City Hospital.

62,403 8-Quart Cans Massachusetts Legal Standard Milk, Per 8-Quart Can.—H. P. Hood & Sons, Incorporated, 78 cents; Whiting Milk Companies, 78 cents; Somerset Farms Creamery Company, 78 cents; White Brothers Milk Company, Incorporated, 78 cents; Herlihy Brothers Incorporated, April, 78 cents; May to September, 68 cents; United Farmers Co-operative Creamery Association, Incorporated, alternate No. 1, 79 cents; alternate No. 2, 78 cents.

5,307 8-Quart Cans Cream, 16 Per Cent Butter Fat, Per 8-Quart Can.—H. P. Hood & Sons, Incorporated, \$1.80; Whiting Milk Companies, \$1.80; Somerset Farms Creamery Company, \$1.80; White Brothers Milk Company, Incorporated, \$2.15; Herlihy Brothers, Incorporated, April, \$1.80; May to September, \$1.62; United Farmers Co-operative Creamery Association, Incorporated, alternate No. 1, \$1.43; alternate No. 2, \$1.42.

*Contract awarded.

Upon April 23 the Mayor approved a contract with Thomas E. Bryan for sods for the Park System and cemeteries. Bids, opened April 8, were as follows:

Approximately 50,000 Square Feet Sod, Per Square Foot.—Eugene Ricciardelli, 3.75 cents; Joseph H. Wright, 3.5 cents; Thomas E. Bryan, 2.5 cents.

Total.—Eugene Ricciardelli, \$1,875; Joseph H. Wright, \$1,750; Thomas E. Bryan, \$1,250.

Cash Discount, Ten Days.—Eugene Ricciardelli, quarter of 1 per cent; Joseph H. Wright, 2 per cent; Thomas E. Bryan, 1 per cent.

Upon April 23 the Mayor approved contracts with concerns as indicated for anthracite and semi-bituminous coal for the various city departments for the period May 1, 1935, to December 31, 1935, with the privilege of extension on the same terms to April 30, 1936. Bids received were as follows:

Metropolitan Coal Company, Boston, Run of Mine, Flat Top, New River.—For Fire Department, fireboats, delivered into bins, 1,200 net tons semi-bituminous coal at \$5.98 per net ton, \$7,176; for Police Department, police boats, delivered into bins, 300 net tons semi-bituminous coal at \$5.98 per net ton, \$1,794. Total, \$8,970.

Tide Water Coal Company, East Boston, New River Coal.—South Ferry, optional tonnage, buyer's option, 8,000 net tons semi-bituminous run of mine at \$6.93 per net ton, \$55,440; or 8,000 net tons semi-bituminous nut and slack at \$5.78 per net ton, \$46,240.

Tremont Coal Company, Boston, Delmarville Coal.—Various city departments,

3,000 net tons anthracite buckwheat at \$6.70 per net ton, \$20,100.

Staples Coal Company, Doing Business as City Fuel Company, Boston.—Long Island, Institutions Department, optional tonnage, buyer's option, 7,500 gross tons semi-bituminous run of mine coal at \$6.74 per gross ton, \$50,550; or 7,500 gross tons semi-bituminous nut and slack coal at \$6.51 per gross ton, \$48,825; Deer Island, Penal Institutions Department, 1,200 gross tons semi-bituminous run of mine coal at \$6.43 per gross ton, \$7,716; 6,000 gross tons semi-bituminous nut and slack coal at \$6.21 per gross ton, \$37,260. Approximate total, \$844,976.

Standard Coal Company, Boston.—Various city departments, optional tonnage, buyer's option, 9,000 net tons semi-bituminous run of mine coal at \$6.04 per net ton, \$54,360; or 9,000 net tons semi-bituminous nut and slack coal at \$5.74 per net ton, \$51,660; 2,000 net tons anthracite egg coal at \$9.44 per net ton, \$18,880; 3,000 net tons anthracite stove coal at \$9.44 per net ton, \$28,320. Approximate total, \$101,560.

Estimated grand total, all contracts, \$274,396.

The Adams Coal and Wood Company, Somerville, is the lowest bidder on the item of 2,000 net tons anthracite egg coal at \$9.30 per net ton, \$18,600, or \$280 total lower than the Standard Coal Company bid on this same item. Inasmuch as this bidder does not have proper facilities in its Boston yard at the present time for handling this coal, this item was awarded to the second lowest bidder, the Standard Coal Company.

Bids, opened April 10, were as follows: Prices subject to change, as per specifications.

180 Pounds Puff Paste Compound, Per Pound.—Armour & Co., 15.45 cents; Batchelder & Snyder Company, 16.50 cents; Doe-Sullivan & Co., Incorporated, 15.40 cents; Bolton-Smart Company, 16.08 cents; Swift & Co., 15 cents.*

Cash Discount, Ten Days.—Doe-Sullivan & Co., Incorporated, 1 per cent.

Remarks.—Armour & Co., tax clause, estimated quantity shall not be increased more than 25 per cent except at contractor's option; Batchelder & Snyder Company, same as above but for the tax clause.

*Contract awarded.

WITHOUT ADVERTISING.

Upon varying dates as indicated the Mayor approved contracts with several firms and contractors for supplies, etc. Communications from the heads of the several departments were as follows:

PUBLIC WORKS DEPARTMENT.

BOSTON, April 10, 1935.

To the Mayor of Boston.

Your permission is respectfully requested to the award of a contract for the construction of artificial stone sidewalks in the public streets, without advertising, to C. W. Dollof & Co., 75 Fellsway, Somerville, on the ground that this contractor is not selected by the city in the first instance but by the abutters; secondly, the expense of construction is to be divided by the city and abutters and seldom involves one thousand (1,000) dollars.

Respectfully yours,

C. J. CARVEN,
Commissioner of Public Works.

SUPPLY DEPARTMENT.

BOSTON, April 1, 1935.

HON. FREDERICK W. MANSFIELD,
Mayor of Boston.

DEAR SIR,—Attached please find list of bids on proposals for furnishing engine, machine and cylinder oils to the various city departments until December 31, 1935, which bids were publicly opened and read at this office under date of February 1, 1935.

On receipt of these bids, samples were requested from the bidders and submitted for test and analysis by the city chemist. In accordance with reports received from the chemist, I would respectfully request that permission be granted me to award contracts as follows:

Items Nos. 1, 5, 7, 13, 14 and 15 to the Tide Water Oil Company; Items Nos. 2 and 6 to the Atlas Petroleum Company; Items Nos. 8 and 16 to the Colonial-Beacon Oil Company.

The remaining items, which are unplaced, will be bought in the open market. The total awards for each bidder will be as follows:

Tide Water Oil Company, \$1,283.40;
Atlas-Petroleum Company, \$960;
Colonial-Beacon Oil Company, \$54.
Total, \$2,297.40.

Respectfully yours,

WARREN W. LOOMIS,
Superintendent of Supplies.

BOSTON, April 13, 1935.

HON. FREDERICK W. MANSFIELD,
Mayor of Boston.

DEAR SIR,—In accordance with authority granted me (for the purpose of eliminating delay in connection with purchases of equipment and material for use on F. E. R. A. projects) to take bids, without publicly advertising, where the amount involved exceeds \$1,000, bids have been received on 32 tons of fertilizer for the Park Department, project No. 2235-B11-66E (George Wright Golf Course), as follows:

New England Toro Company, \$1,064.75, discount, 2 per cent; Norman Howden, \$1,160, discount, 1 per cent.

The lowest bid is that of the New England Toro Company, of West Newton, Mass., which company is New England distributor for the manufacturers of this fertilizer, which has been specified by the Park Department.

I respectfully request that you approve the award of this contract to this lowest bidder.

Respectfully yours,

WARREN W. LOOMIS,
Superintendent of Supplies.

BOSTON, April 12, 1935.

HON. FREDERICK W. MANSFIELD,
Mayor of Boston.

DEAR SIR,—In accordance with permission previously given me by you to take bids on materials and/or equipment needed for F. E. R. A. projects, without publicly advertising same, for the purpose of saving time in completing such purchases, informal bids were received on 6,000 cubic yards of loam for Park Department project No. 2235-B11-66, as follows:

6,000 Cubic Yards of Loam, Per Cubic Yard.—C. H. Spring Company, Incorporated, \$1.35; A. G. Tomasello & Son, \$1.35; R. E. Cuniff, Incorporated, 94 cents; J. A. Singarella, Incorporated, 94 cents; M. McGinnis Company, \$1.07; Coleman Corporation, \$1.04.

Cash Discount.—C. H. Spring Company, Incorporated, 2 per cent; R. E. Cuniff, Incorporated, 1 per cent; J. A. Singarella, Incorporated, 2 per cent; M. McGinnis Company, 1 per cent; Coleman Corporation, 1 per cent.

Approximate Total Amount.—C. H. Spring Company, Incorporated, \$8,100; A. G. Tomasello & Son, \$8,100; R. E. Cuniff, Incorporated, \$5,640; J. A. Singarella, Incorporated, \$5,640; M. McGinnis Company, \$6,420; Coleman Corporation, \$6,240.

Inasmuch as J. A. Singarella, Incorporated is the low bidder, at 94 cents per cubic yard, less 2 per cent for cash in ten days, I respectfully request your approval of an award of this contract to this low bidder.

Respectfully yours,

WARREN W. LOOMIS,
Superintendent of Supplies.

BOSTON, April 13, 1935.

HON. FREDERICK W. MANSFIELD,
Mayor of Boston.

DEAR SIR,—In accordance with authority granted me (in order to save on purchases of equipment and materials for use on F. E. R. A. projects) to take bids, without publicly advertising, where the amount involved exceeds \$1,000, bids have been received on grass seed for Park Department project No. 2235-B11-66E (George Wright Golf Course), as follows: Hovey & Co., \$1,403, discount, 2 per cent; Joseph M. Breck, \$1,516, discount, 2 per cent; S. R. Perry, \$1,581, discount, 2 per cent; Thomas W. Emerson, \$1,397, discount, 1 per cent; Thomas Grey, no bid.

Including the cash discount of 2 per cent, Hovey & Co. is low bidder at a net cost of \$1,374.94.

I therefore respectfully request your approval of an award of this contract to this low bidder.

Respectfully yours,

WARREN W. LOOMIS,
Superintendent of Supplies.

ASSESSMENT ABATED.

The Mayor has approved the following order of the Board of Street Commissioners:

In the matter of the application for revision of assessment levied on account of the construction of sewerage works

in Myrtlebank avenue, Dorchester, the Board of Street Commissioners, acting under the provisions of chapter 359 of the Acts of the year 1896, and deeming it just and proper that such action should be taken on said application, ordered, that the amounts hereinafter specified, being the annual apportionments of said assessment for the years specified below be, and the same are, hereby abated:

Sarah Mahoney, lot 2, Plan 1926-16, assessed December 20, 1926, 1931 apportionment, \$12.24; 1933 apportionment, \$11.16; 1934 apportionment, \$10.62.

**CIVIL SERVICE EXAMINATIONS.
(STATE AND CITY SERVICE.)**

ASSISTANT CHEMIST, DEPARTMENT OF LABOR AND INDUSTRIES, MAY 25, 1935.

Last date for filing applications, Saturday, May 11, 1935, at 12 noon.

The minimum salary is \$2,160 a year; the maximum salary is \$2,760 a year.

Duties: To make complete qualitative and quantitative analyses of materials used in industry, to determine their volatility, vapor pressure, evaporation rate, etc., to discover whether a material will present a health hazard under any conditions of use.

To determine by chemical analyses or otherwise the composition and amount of fumes and gases, and the composition of dusts in industrial establishments.

To evaluate results obtained, and to advise with employees and others as to means of protection.

To advise and assist in the care, upkeep and improvement of respiratory protective devices.

Entrance Requirements: Applicants must have education equivalent to graduation from a standard four-year college with major studies in the field of chemistry.

Subjects and Weights: Training and experience, 2; practical questions, 3; total, 5.

Passing Requirements: Applicants must obtain at least 70 per cent in each subject of the examination in order to become eligible.

Physical fitness to be determined by physical examination.

JANITOR SERVICE FOR STATE AND CITIES AND TOWNS OUTSIDE OF BOSTON AND METROPOLITAN DISTRICT, JUNE 8, 1935.

Last date for filing applications, Saturday, May 25, 1935, at 12 noon.

FOR BOSTON AND METROPOLITAN DISTRICT, JUNE 22, 1935.

Last date for filing applications, Saturday, June 8, 1935, at 12 noon.

This is the regular examination for the janitor service of the state and of all cities and of such towns in the state as are classified under civil service. On June 8, the examination will be held in various centrally located cities. On June 22, the examination will be held in Boston, and all persons who reside within commuting distance will be notified for examination on this day.

Subjects and Weights: Training and experience, 1; practical questions, 1; total, 2.

Passing Requirements: At least 60 per cent in practical questions, and at least 70 per cent in experience and in general average in order to become eligible.

Physical fitness to be determined by physical examination.

LAND-TAKING IN WEST ROXBURY.

The Mayor has approved the order of the Board of Street Commissioners for the taking of land in the West Roxbury district, bounded and described as follows:

Beginning at a point in the southwesterly line of the Robert Gould Shaw School site 220 feet northwesterly from the line of Chapin avenue, thence northwesterly 60 feet, thence northeasterly 85 feet to Pleasant avenue, thence northwesterly on line of Pleasant avenue 25 feet, thence northwesterly 70 feet, thence southeasterly 83 feet, thence southwesterly 160 feet to the point of beginning, and contains 10,472 square feet of land, by all said measurements more or less, for school purposes, substantially as shown on a plan on file in the office of this Board, that it intends to pass an order to make said taking, and that it appoints 11 o'clock a. m. of April 2, 1935, and the office of this Board, 401 City Hall Annex, as the time and place for a public hearing in the matter.

A true copy of an order passed by said Board on said day.

Attest:

CORNELIUS A. REARDON,
Secretary.

IN BOARD OF STREET COMMISSIONERS OF THE CITY OF BOSTON, April 17, 1935.

Whereas, The Board of Street Commissioners has passed the aforesaid order of notice and has caused a copy of said order to be published March 16 and 23, 1935, in the *City Record*, and has given the public hearing, notice of which was given in said order; and

Whereas, The Department of School Buildings of the City of Boston, with the approval of the Mayor, has selected, designated and requested the Board of Street Commissioners of said city to take for said city for school purposes the land hereinafter described, in that part of Boston known as West Roxbury; it is

Voted, That the Board of Street Commissioners of said City of Boston, acting under the provisions of chapter 486 of the Acts of the Legislature of 1909 and chapter 79 of the General Laws and all other authority thereto enabling, hereby takes in fee for said city, for school purposes, the following described parcels of land, including the trees, buildings and other structures standing upon or affixed thereto:

A parcel of land, supposed to belong to Henry J. Maloney and Mary E. Maloney, bounded:

Southwesterly by land supposed to belong to Coffin and to Johnson *et al.*, fifteen and 97-100 feet; northwesterly by other land supposed to belong to said Maloney *et al.*, sixty-five feet; northeasterly by land hereinafter described as taken from owners unknown, fifteen and 90-100 feet, and southeasterly by land supposed to belong to City of Boston, sixty-five feet, containing ten hundred and thirty-five square feet, more or less.

A parcel of land, supposed to belong to Henry J. Maloney and Mary E. Maloney, bounded:

Southwesterly by land supposed to belong to Johnson *et al.* and to Welch, forty feet; northwesterly by land supposed to belong to Pike, sixty-five feet; northeasterly by land hereinafter described as taken from owners unknown, forty feet, and southeasterly by land hereinafter described as taken from said Maloney, sixty-five feet, containing twenty-six hundred square feet, more or less.

A parcel of land, owners unknown, being part of the private way known as Pleasant avenue, bounded:

Southwesterly by land hereinbefore described as taken from Maloney *et al.*, fifty-five and 90-100 feet; northwesterly by Pleasant avenue, twenty-five and 24-100 feet; northeasterly by land hereinbefore described as taken from Gately, fifty-five and 87-100 feet, and southeasterly by land supposed to belong to City of Boston, twenty-five and 24-100 feet, containing fourteen hundred and ten square feet, more or less.

A parcel of land supposed to belong to Rose F. Gately, bounded:

Southwesterly by land hereinbefore described as taken from owners unknown and by Pleasant avenue, eighty feet; northwesterly by land supposed to belong to Griffin, seventy-three and 25-100 feet; northeasterly by land supposed to belong to O'Brien *et al.* and by land supposed to belong to City of Boston, seventy-nine and 86-100 feet, and southeasterly by land supposed to belong to City of Boston, seventy-one and 88-100 feet, containing fifty-seven hundred and seventy-seven square feet, more or less.

Said parcels are shown on a plan marked "City of Boston, Pleasant Avenue, West Roxbury, March 21, 1935, William J. Sullivan, Chief Engineer, Street Laying-Out Department," and on file in the office of said department.

CONTRACT AMENDED.

DEPARTMENT OF SCHOOL BUILDINGS.

Joseph N. Fish has been allowed to amend the contract for alterations to passageway, etc., at the Prescott School by striking out the words "six weeks" on page 2, Article 4, and substituting therefor the word and figures "April 15, 1935," so that said Article 4 on page 2 shall read: "The work is to start immediately on the award of contract by his Honor the Mayor, and is to be completed April 15, 1935, and shall be liable in damages for any failure to so do, all as defined in the specifications."

BUILDINGS RAZED.

The Mayor approved the request of the Building Commissioner to raze the following structures as fire menaces or nuisances:

The building at 17 Rochester street, Ward 3. The east wall, now being exposed by razing operation at No. 19, is bulged and settled below first floor, also settlement at rear wall near east wall, unsafe and dangerous. The owner, Attleboro Savings Bank, A. B. Cooke, Vice President, of Attleboro, Massachusetts, has been notified of the unsafe condition of the building, but nothing has been done to remove the cause of complaint.

The building at 246 and 248 Border street, rear No. 2, Ward 1.

The ell at 1255 and 1257 Washington street, rear, Ward 3.

The building at 246 and 248 Border street, rear No. 1, Ward 1.

The building at 6 Woodbury street, Ward 9.

The building at 28 Woodbury street, Ward 9.

The building at 26 Woodbury street, Ward 9.

The building at 20 Woodbury street, Ward 9.

The building at 17 Rochester street, Ward 3.

BUILDING PERMITS ISSUED APRIL 18 TO APRIL 24.

LAND-TAKING IN BRIGHTON.

The Mayor has approved the order of the Board of Street Commissioners for the taking of land for a public improvement, consisting of the discontinuance of a portion of Lake Shore road, Brighton district, as a highway, at the southwesterly corner of Lake street, bounded and described as follows:

A portion of the highway named Lake Shore road is hereby discontinued at the southwesterly corner of Lake street.

Said portion of said highway as hereby discontinued is bounded:

Southeasterly by the northwesterly line of Lake street, twelve and 28-100 feet; westerly by the westerly line of said Lake Shore road as hereby discontinued, fifty-nine and 12-100 feet on a curve of twenty-five feet radius; northerly by the southerly line of said Lake Shore road as hereby established, twelve and 28-100 feet; and easterly by the westerly line of said Lake Shore road as hereby established, forty-seven and 37-100 feet on a curve of twenty feet radius, containing two hundred and eighty-six square feet, more or less.

Voted, That this Board determines that no person sustains damages in his estate by the making of the public improvement, consisting of the discontinuance of a portion of Lake Shore road, Brighton district, as a highway, at the southwesterly corner of Lake street, under the order of the Board of April 12, 1935, and awards no damages therefor.

POLICE DEPARTMENT ORDERS.

General Order No. 33.

This is to notify the department that Andrew J. Gorcey, Esq., has this day been appointed secretary to the Police Commissioner.

Members of the department shall obey any request or command given by the secretary in the performance of his duties.

The secretary shall have complete charge of every record in the department,

and all records, orders and notices of the department must be attested by him.

The secretary shall have supervision of the clerical work of the department, and the chief clerk shall report to him directly. The secretary shall perform any other duties assigned to him by the commissioner.

All rules and regulations of the department inconsistent with this order are hereby repealed.

This order to take effect at 9 o'clock a. m., Thursday, April 18, 1935.

The Superintendent of Police will promulgate this order.

EUGENE M. McSWEENEY,

Commissioner.

General Order No. 34.

Sergt. Joseph L. Snow of Division 16, having performed faithful service in the Police Department for thirty-three and five-twelfth years, having applied to be retired from active service, the Medical Board provided for by section 18 of chapter 521, Acts of 1922, having certified that the said Sergeant Snow is physically incapacitated for useful service in the Police Department; it is hereby

Ordered, His Honor the Mayor having approved the same, that the said Sergeant Snow be retired from active service in the Police Department under the provisions of chapter 353, Acts of 1892, as amended by chapter 6, Acts of 1920, and chapter 387, Acts of 1930, and that his name be placed upon the department pension roll with pay at the rate of twelve hundred and fifty (1,250) dollars per annum (payable monthly) said sum being one half of the amount of pension received by said Sergeant Snow in the office from which he is retired, effective as of Saturday, April 20, 1935, at 7.45 o'clock a. m.

The Superintendent of Police will promulgate this order.

EUGENE M. McSWEENEY,

Commissioner.

EXTRA WORK UNDER CONTRACT.

M. F. Gaddis has been directed to perform the following extra work under the contract for furnishing and laying and relaying water pipes in Forest Hills street, Glen road, Sigourney street and Walnut avenue, West Roxbury and Roxbury. Items ordered: Replace approximately 150 feet of vitrified clay house drains in way of 48-inch steel pipe on Forest Hills street, Glen road, etc. Estimated cost of extra work \$800.

M. F. Gaddis has been directed to perform the following extra work under the contract for furnishing and laying and relaying water pipes in Forest Hills street, Glen road, Sigourney street and Walnut avenue, West Roxbury and Roxbury. Items ordered: Replace approximately 40 feet 6-inch vitrified clay pipe at Station 25 plus 50 and 26 plus 20, Forest Hills street, \$93.48; replace approximately 35 feet 6-inch vitrified clay pipe at Station 9 plus 62 on Forest Hills street, \$86.57. Actual cost of extra work, \$180.05.

FIRE DEPARTMENT ORDER.

General Order No. 21.

I. FIRE ALARM BOX 13-1461.

The location of Box 13-1461, formerly designated as Lyric Theatre, 547 Washington street, is now Normandie Ballroom, same location.

II. NEW HIGHWAY.

Notice has been received from the Board of Street Commissioners that the state highway in East Boston, between Bennington street and the Revere line, excluding that part of Saratoga street within the limits of said highway, will be known as William F. McClellan Highway.

III. "NO-SCHOOL" SIGNAL.

Notice has been received from the School Committee of the City of Boston of an amendment to their regulations by which the "no-school" signal at 7.45 a. m. hereafter will mean no school for the entire day. The signal will include all sessions of all day schools for the day. It will not be necessary to send the signal out again at 12.45 p. m.

IV. A. D. T. RUNNING CARDS.

New pages, Nos. 5, 14, 16 and 17, dated April 10, 1935, for the A. D. T. Assignment Book, are being issued to the department today. The new cards will replace old pages Nos. 5, 14, 16 and 17. Company commanders will return the old cards in the envelopes provided on or before Tuesday, April 23, 1935.

V. WATER TURNED ON.

Notice has been received from the New York, New Haven & Hartford Railroad that the water is now turned on in the fire lines at their Freight Houses Nos. 1, 2, 3, 4, 5, 6, 7, 8, 10, 11, 12; also Piers 1 and 4; Boston Freight Terminal, and in Freight House No. 20, located at Massachusetts avenue.

By order of Fire Commissioner
EDWARD F. McLAUGHLIN.

HENRY A. FOX,
Chief of Department.

EXTENSION OF CONTRACT.

PUBLIC WORKS DEPARTMENT.

The Quincy Dry Dock and Yacht Corporation have been granted an extension of the time of completion of the contract for repairing hull, etc., of the ferryboat "Lieutenant Flaherty," dated January 9, 1935, from March 13 to April 16, 1935. This extension is requested on account of the following facts: The contract for the repairs to the hull of the "Lieutenant Flaherty" calls for the completion of the work on March 13, 1935. The contractor did not commence work immediately and due to the delay of the contractor plus additional work ordered by the United States steamboat inspectors the work was not completed and the boat returned to the city until April 18, 1935. On April 2, 1935, a request was received from the contractors for an extension to April 6, but as it was impossible for the contractors to complete the work on the date they act, namely, April 6, it was considered most advisable to await the completion of the work under the contract and then to request the permission for an extension of time.

zone would be approximately \$60,000,000. Such electrification would have certain operating advantages for the railroad in reducing the number of switching operations now carried on at the Boston terminal, resulting in some saving in operating cost, speedier handling of trains at the South Station and consequently somewhat improved service in and out of the South Station for the commuter during rush hours. Furthermore it might be possible to secure somewhat more frequent suburban train service during the day outside of the rush hours.

An investment of \$60,000,000 in railroad electrification by the New York, New Haven & Hartford Railroad for the Boston zone would mean an annual charge of approximately \$6,000,000 for interest, amortization, upkeep and depreciation. Any additional income over and above present revenue must come from passenger service rather than from freight service. While such improvement in service as would be possible through electrification might increase the passenger revenue to some extent, it seems wholly unlikely that any increased revenue could be found which would even approach the increased carrying charges consequent upon the electrification.

The Boston & Maine Railroad situation is analogous to that on the New York, New Haven & Hartford Railroad in that the Boston & Maine Railroad has various lines, the Eastern, Western, Southern and Fitchburg divisions and branches entering Boston and on all of which the electrification, if adopted, would necessarily be carried to convenient interchange or junction points, thus extending the boundaries of the electrified zone far beyond the Boston city limits. The cost of such electrification of the Boston & Maine Railroad has not been estimated, but it is comparable with that of the New York, New Haven & Hartford Railroad.

On the Boston & Albany Railroad the electrification problem is simpler than on the other two railroads because of the fewer lines involved. Electrification on the Boston & Albany Railroad would probably be carried at least to Framingham on the main line and would include electrification of the Newton circuit.

A new factor, the Diesel electric locomotive, has recently entered the railroad field with marked effect on the attitude of railroads generally on the problem of electrification. The Diesel electric locomotive is a movable power plant in which, by means of the oil-burning Diesel engine, electricity is generated and stored for the operation of the train. It has all the advantages of the electric railroad locomotive and at the same time avoids the very heavy expense of the installation and upkeep of the poles, wiring and other fixtures along the electrified trackage and that of power plants to supply current. The first example of a Diesel electric operated train in regular service out of Boston is the Boston & Maine streamline train "Flying Yankee" recently put in service between Boston, Portland and Bangor. Shortly another Diesel electric streamline train is to be put in service on the New York, New Haven & Hartford Railroad between Boston and Providence. Heretofore Diesel engines or Diesel electric locomotives have not been built of a size powerful enough to haul an ordinary Pullman train, and thus far their use has been confined to the operation of relatively light trains, such as the "Flying Yankee" and the new "Burlington Zephyr."

The Diesel electric locomotive today, however, is at the same stage as was the automobile thirty odd years ago. Extensive experiments and investigations are being conducted and rapid advances are being made, as was the case in the early days of the automobile industry. No one today can foretell the future of the Diesel electric locomotive, but just as the automobile has revolutionized transportation over the highways, it is possible that the Diesel electric locomotive may bring in a new era of steam railroad operation. It may well be that within a relatively short time the Diesel electric locomotive will have become so perfected that it, rather than electrification, will be found to be the answer to improved railroad service on all important railroads except, possibly, for such a line as that of the Pennsylvania Railroad between New York City and Washington which, doubtless, is the most heavily traveled railroad line in the world and where the electrification equipment already installed is used to greatest intensity.

So far as railroad electrification in the Boston territory is concerned, therefore, it does not appear to be feasible for two reasons:

1. The cost of electrification of all lines entering Boston, upward of \$100,000,000, is an expense which, under present circumstances, the three railroads concerned are in no position to undertake, and, furthermore, it is an expense for which the resulting additional revenue would be wholly inadequate to meet the carrying charges due to the investment.

2. In view of the development of the Diesel electric locomotive now taking place, and with the possibility that we are on the threshold of a Diesel electric era which will revolutionize transportation by steam railroad, much as the automobile has done by highway, it would appear that no railroad, even if it were financially able, would be justified at this time in incurring heavy expense for electrification which, in a few years,

might become obsolete and be superseded by the less costly introduction of the Diesel electric locomotive.

Yours very truly,
FREDERICK H. FAY, Chairman.

Placed on file.

GRANT TO BOSTON PREVENTORIUM.

The following was received:

City of Boston,
Office of the Mayor, April 13, 1935.
To the City Council.

Gentlemen,—I herewith transmit a letter from the Corporation Counsel, relative to your order of March 25, 1935, concerning the proposed granting of the request for \$3,000 made by the Boston Preventorium to carry on its work during the year 1935.

Respectfully,
FREDERICK W. MANSFIELD, Mayor.

City of Boston,
Law Department, April 10, 1935.
Hon. Frederick W. Mansfield,
Mayor of Boston.

Dear Mr. Mayor,—You have requested me to render the opinion sought by the following order of the City Council passed on March 25, 1935:

"Ordered, That the Mayor of Boston be requested to request the Corporation Counsel for an opinion as to whether or not the city can grant the request for \$3,000 made by the Boston Preventorium to carry on its work during the year 1935."

It is my understanding that the institution referred to in the above quoted order is commonly known as the Prendergast Preventorium; that said institution is neither publicly owned nor publicly controlled but is maintained by the Boston Tuberculosis Association, an association incorporated under chapter 180 of the General Laws.

Section 2 of Article XLVI of the Constitution of Massachusetts provides, in part, as follows:

"... no grant, appropriation or use of public money or property... shall be made or authorized by the commonwealth or any political division thereof for the purpose of founding, maintaining or aiding... any... infirm, hospital, institution or educational, charitable or religious undertaking which is not publicly owned or under the exclusive control, order and superintendence of public officers or public agents authorized by the commonwealth or federal authority or both, except that appropriations may be made for the maintenance and support of the Soldiers' Home in Massachusetts and for free public libraries in any city of town..."

Said section in effect forbids (with certain exceptions not relevant to the matter inquired of) a grant, appropriation or use of public money by the City of Boston for the purpose of aiding an institution, hospital or infirm which is not publicly owned or under the exclusive control, order and superintendence of public officers or public agents.

In view of the foregoing it is my opinion that the City of Boston may not grant three thousand dollars to the Prendergast Preventorium or to the Boston Tuberculosis Association for use in the carrying on of the work of said Preventorium.

(See in accord opinions of the Corporation Counsel dated September 25, 1928, to the Board of Trustees of the Boston City Hospital and, dated May 19, 1930, to the Mayor.)

Very truly yours,

HENRY E. FOLEY,
Corporation Counsel.

Placed on file.

TRANSFERS WITHIN PARK DEPARTMENT APPROPRIATION.

The following was received:

City of Boston,
Office of the Mayor, April 10, 1935.
To the City Council.

Gentlemen,—I am in receipt of the attached communication from the chairman of the Park Commissioners which in my opinion is self-explanatory. In conformance with the request contained in this letter, I submit herewith two orders providing for the transfer of inactive special balances under the control of the Park Department to active items. The purpose of these orders, as explained in the accompanying letter, is to permit the use of balances which are no longer required for the purposes originally authorized for general improvements throughout the park and playground system. I respectfully recommend adoption of the accompanying orders by your Honorable Body.

Respectfully,
FREDERICK W. MANSFIELD, Mayor.

City of Boston,
Park Department, April 8, 1935.
Hon. Frederick W. Mansfield,
Mayor of Boston.

Dear Sir,—The Park Department has approximately \$125,000 in unencumbered balances in sixteen special appropriations. These appropriations were authorized some years back, and the original work contemplated when the individual loans were authorized has been completed or abandoned.

Because the appropriations were made for specific objects this department has not been able to use the balances remaining for any other purpose; consequently the appropriations have been inactive.

In view of the necessity of making general improvements throughout the park and playground system, I respectfully request that the unencumbered balances now remaining in these sixteen specific appropriations be transferred to two general items, (1) Reconstructing and Repairing Parkways and Roadways by Contract, and (2) Park and Playground Improvements, Etc., as follows:

From the appropriation for Rogers Park, Improvements, Etc., \$6,248.62, to the appropriation for Reconstructing and Repairing Parkways and Roadways by Contract, \$6,248.62.

From the appropriation for Almont Street Playground, Field House, Improvement of Grounds, Etc., \$3,232.80, to the appropriation for Reconstructing and Repairing Parkways and Roadways by Contract, \$3,232.80.

From the appropriation for American Legion Playground, East Boston, Improvements, \$1,752.88, to the appropriation for Reconstructing and Repairing Parkways and Roadways by Contract, \$1,752.88.

From the appropriation for Christopher J. Lee Playground, \$2,176.63, to the appropriation for Reconstructing and Repairing Parkways and Roadways by Contract, \$2,176.63.

From the appropriation for Francis Parkman Playground, Improvements, Etc., \$4,293.68, to the appropriation for Reconstructing and Repairing Parkways and Roadways by Contract, \$4,293.68.

From the appropriations for James F. Healey Playground, Improvements, Etc., \$833.36, to the appropriation for Reconstructing and Repairing Parkways and Roadways by Contract, \$833.36.

From the appropriation for John J. Connolly Playground, Improvements, Etc., \$5,606.48, to the appropriation for Reconstructing and Repairing Parkways and Roadways by Contract, \$5,606.48.

From the appropriation for John H. L. Noyes Playground, Improvements, Etc., \$4,876.25, to the appropriation for Reconstructing and Repairing Parkways and Roadways, by Contract, \$4,876.25.

From the appropriation for Playground, Germantown, West Roxbury District, Land and Improvements, \$5,290.13, to the appropriation for Reconstructing and Repairing Parkways and Roadways by Contract, \$5,290.13.

From the appropriation for Playground, Junction of Winthrop, Fairland and Moreland Streets, Land and Construction, \$9,430.37, to the appropriation for Reconstructing and Repairing Parkways and Roadways by Contract, \$9,430.37.

From the appropriation for Playground, Vicinity of Dunbar Avenue, \$2,408.84, to the appropriation for Reconstructing and Repairing Parkways and Roadways by Contract, \$2,408.84.

From the appropriation for William Amerena Playground, Improvements, \$2,659.85, to the appropriation for Reconstructing and Repairing Parkways and Roadways by Contract, \$2,659.85.

From the appropriation for William H. Garvey Playground, Improvements, \$2,587.12, to the appropriation for Reconstructing and Repairing Parkways and Roadways by Contract, \$2,587.12.

From the appropriation for Amerena Park and Paris Street Playground, East Boston, Playground and Locker Buildings, \$12,201.28, to the appropriation for Park and Playground Improvements, \$12,201.28.

From the appropriation for Playground, Clarendon Hills-Metropolitan Hill Section of Rosindale, Land and Construction, \$30,000, to the appropriation for Park and Playground Improvements, \$30,000.

From the appropriation for Playground, Rugby Section of Hyde Park, Land and Construction, \$30,000, to the appropriation for Park and Playground Improvements, \$30,000.

I respectfully request that authority be obtained from the City Council for the proposed transfer.

Very respectfully yours,

WILLIAM P. LONG,
Chairman.

Ordered, That under authority of chapter 261 of the Acts of 1893 the City Auditor be, and hereby is, authorized to transfer:

From the appropriation for Rogers Park, Improvements, Etc., \$6,248.62; Almont Street Playground, Field House, Improvement of Grounds, Etc., \$3,232.80; American Legion Playground, East Boston Improvements, \$1,752.88; Christopher J. Lee Playground, \$2,176.63; Francis Parkman Playground, Improvements, Etc., \$4,293.68; James F. Healey Playground, Improvements, \$833.36; John J. Connolly Playground, Improvements, Etc., \$5,606.48; John H. L. Noyes Playground, Improvements, \$4,876.25; Playground, Germantown, West Roxbury District, Land and Improvement, \$5,290.13; Playground, Junction of Winthrop, Fairland and Moreland Streets, Land and Construction, \$9,430.37; Playground, Vicinity of Dunbar Avenue, \$2,408.84; William Amerena Playground, Improvements, \$2,659.85; William H. Garvey Playground, Improvements, \$2,587.12, to the appropriation for Reconstructing and Repairing Parkways and Roadways by Contract, \$51,397.01.

From the appropriation for Amerena Park and Paris Street Playground, East Boston, Playground

for the beach and park systems in the City of Boston, as it is now being used by the public for recreation purposes.

The Chair declared the order referred to the Committee on Public Lands.

Coun. FISH—Mr. President, I move a suspension of the rule and passage of the order.

President FITZGERALD—The reference is made because the order is not in proper form, Councilor.

The order was referred to the Committee on Public Lands.

ADDITIONAL POLICE FOR STREET DUTY.

Coun. BRACKMAN offered the following:

Ordered, That the Police Commissioner be requested, through his Honor the Mayor, to add three hundred additional policemen for street duty.

Coun. BRACKMAN—Mr. President, although this order has been introduced into the Council many times in the last year or two, I have been rather astounded on receiving information from the Police Commissioner with regard to police duty at various stations in Boston, to find out that some stations where it would seem that a much larger force was necessary have had to get along with such a small number of men. For example, take Station 18, with thirty-four men and three shifts. When you come to divide such a number up into thirds you realize the inadequacy of the force in certain local stations in our city. In my division, 9, in Roxbury, one of the busiest sections of the city, and a densely populated area, we have eighty policemen doing duty, which means twenty-six and one-third policemen on duty on one shift, covering an area of three or four square miles. I have the figures here of all the stations, and it is my definite opinion that every one of them is undermanned at the present time, particularly in view of the fact that crime is so prevalent, that there is so much breaking and entering and bag-snatching going on in Dorchester, Roxbury, and other sections of our city. I urge passage of the order under suspension of the rule.

Coun. FISH—Mr. President, I think the order is a very good one. Over the past week-end in Dorchester, I believe there were fifteen housebreakings, and that is the sort of thing we see continually going on in our city at the present time.

Coun. NORTON—Mr. President, if I thought the addition of 300 patrolmen to our police force would stop crime in Boston, I would be in favor of it. But I think a mere multiplication of police will not necessarily mean diminution of crime. I think the real question for consideration is more a matter of distribution or handling of the police we have. Hyde Park, for example, has thirty-four officers on street duty, twenty-four hours of the day. This means about nine officers for each eight-hour period. The men could be better distributed so that that section—and the same thing applies to certain other sections—could have better protection without adding to the present force. For example, it does seem that the Police Commissioner might arrange to sometimes have the men in the "prowl" cars get out and patrol the district on foot at certain periods, to be laid out under the sergeant's supervision. This also would give the man a little exercise. That has been suggested by Mr. Leonard V. Harrison, expert for the Harvard Crime Survey, and author of a recent volume entitled "Police Administration in Boston." He states that our police are patrolling "beats" that were laid out a quarter of a century ago in some cases. So I feel that what we really need is better organization and more strategic locations for stations. The stations were placed in a day when policemen walked. Today, with high-powered autos and radio, police can be at any home in Boston within a few minutes.

Coun. WILSON—Mr. President, with reference to figures, I have before me the budget estimates for 1934, and the jotted-down remarks of the Police Commissioner when he appeared before the Committee on Appropriations of the City Council this past year, just about a year ago. The Police Commissioner then informed the Committee on Appropriations, of which I was not a member, that there were eleven sergeant vacancies and 215 patrolman vacancies as of that date in 1934.

Coun. SHATTUCK—Mr. President, it seems to me we ought to give further consideration to this question. At present we have in the City of Boston more policemen per square mile than there are in any other large city of the United States, I believe, and more policemen per unit of population—in most cases very many more—than for any other city except New York. Under the circumstances, it seems certainly very questionable whether we can use to advantage an additional force of 300 men, or in fact any additional force. Certainly our situation cannot be very different from that of Baltimore, Philadelphia, Cleveland and other comparable cities in the United States, all of which have fewer policemen per square mile and fewer policemen in proportion to population than we have. When recent additions to the force were made they were made for two alleged reasons—one, to put more men on traffic duty, and, two, to put more men on checking parked cars. Since that increase in the force was made we have established more traffic lights. There were practically no traffic lights at the time when the increase in the force was made, and those lights have eliminated to a large extent the need of men

on crossings. I have no doubt that we could use more efficiently the men we now have; and I do feel, with our present large force as compared with that in other cities, that we should go slow—particularly in view of the possible \$9,000,000 or so deficiency in our revenue this year,—in adding to our expenses.

Coun. BRACKMAN—Mr. President, just one word in answer to my colleague from the Back Bay (Coun. Shattuck). Although Boston may have more policemen in comparison than other cities of similar size, I think the member overlooks the fact that Boston is not similarly situated, having forty cities and towns surrounding it. Although we have in Boston a nominal population of 800,000, we have a shopping population of over 2,000,000 from these other cities and towns. Therefore, I don't think you can compare Boston with the other cities he has named. We may feel at the present time the need of conserving our resources, but I think everyone will agree with me that police protection is important and that, regardless of what has been said, the more police protection we have the less crime we will suffer from.

Coun. MURRAY—Mr. President, the gentleman from Hyde Park speaks of the small number of officers in that section on street duty during the twenty-four hours of the day, thirty-four, I believe. I might say that out our way we have but fifty-seven or fifty-eight, that they have to patrol out through the park system, going out to Hyde Park on one side and down to Jamaica Plain and Brookline through the other, and to Franklin Park. I know that in the district up there where the wealthy people live they do not have the protection they need, that in many cases they will never go out evenings, because there are not police enough in our district. I think if the councilor from the Back Bay were familiar with conditions out around my district he would realize the need for an addition to our police force.

Coun. DOHERTY—Mr. President, as you will remember I introduced an order here about three weeks ago, pointing out the shortage of police protection in our city. I found a poor old man in distress, leaning up against the outside of the hall, and I had to step into the hall and call an ambulance for him myself. Also, outside the Out-patient Department there is no traffic officer. I might say also that only recently in my district there have been three-hit-and-run deaths, and I believe if we had the protection that a traffic officer would afford at points along Centre and Heath streets, there would not be so many deaths from automobiles, and also that there would not be so many stolen automobiles.

Coun. FINLEY—Mr. President, I wish to be recorded as heartily in favor of the order presented by the councilor from Ward 12, for the reasons that he has expressed. Representing a district that comprises one fifth of the entire area of the City of Boston, I am firmly convinced that the Police Department is very much undermanned, and I am sure that, if we are to have adequate protection, we must have more policeman.

Coun. NORTON—This order calls for 300 additional policemen. That means half a million dollars or more in increased taxes. Our city government already is costing every person in Boston \$81 a year to operate. It is the highest cost of any large city government of the land. Chicago citizens pay about \$39 a year for their city government. Boston pays \$141,000 a square mile to police the city. This is higher than any other large American city with the exception of New York City. For the same service Los Angeles pays \$14,000; Baltimore, \$56,000; Chicago, \$93,000, and Cleveland, \$57,000. In 1932 Boston had a force, numbering 2,796. Cleveland with over 100,000 more people than Boston had 1,445; Pittsburgh, 1,161; Baltimore, 1,805. Every person in Boston paid \$7.91 for police protection in 1930; New York, \$7.89; Pittsburgh, \$4.89; Cleveland, \$4.52; Baltimore, \$5.49; Chicago, \$5.54. Boston was the highest in the land for a large city. In 1930 Boston had 55 policemen to the square mile; Baltimore, 21; Cleveland, 27.7; Detroit, 27.3; Boston had 322 inhabitants per policeman, in 1930; Baltimore, 484; Cleveland, 560, and so forth. Today Boston spends about \$10 per capita in catching, convicting and housing the criminal. This cost is too high compared with other cities. The argument is made that Boston is really a city of 2,000,000 people, spread over 400-odd square miles, namely, a great metropolitan Boston, hence, we are not paying too much for police protection. Those who present this point of view invariably neglect to state that there are forty-two other cities and towns in the Boston metropolitan district with about 2,000 police officers who take care of their own policing, metropolitan Boston had 9.7 police officers per square mile in 1928. It would seem that where Boston, compact, with an area of roughly forty-four square miles, under these conditions, would be able to keep their police costs somewhere near as low as those of other cities. The fact that so many people come to Boston daily from the metropolitan area and go home again at night, should not cause the tremendous costs for Boston's police. If any recognized expert on police administration will state that in his opinion Boston needs more police officers, I shall favor an increase. I doubt very much if such a statement can be obtained. I have carefully looked through the writings of Prof. William Bennett Munro, Mr. Bruce Smith, Prof. August Vollmer, formerly

Chief of Police at Berkeley, California, and now Professor of Police Administration at the University of Chicago, and others, and cannot find any reason for increasing Boston's present police force. Mr. Leonard V. Harrison, who made the latest survey of the Boston Police force does not recommend an increase. As a matter of fact, Mr. Harrison states:

"Consolidation of the present eighteen patrol stations into twelve would reduce costs of upkeep and overhead administration." More police in Boston means a higher tax rate when the one that we have now is highly confiscatory. We have no assurance that more police would cut down crime in Boston.

Coun. ROBERTS—Mr. President, I move to amend the order so that it will read that the Police Commissioner will be required to give us his opinion as to whether this increase is necessary at the present time.

Coun. SELVITELLA—Mr. President, I understand that we already have an opinion from the Police Commissioner. As a member of the Committee on Appropriations last year, I remember that he gave us his opinion, that he thought he could use the number of men suggested by Councilor Wilson. So I don't think we will gain much by asking for the opinion of the Police Commissioner.

President FITZGERALD—We have a new Police Commissioner now, Councilor Selvittella, and we have an opinion from him.

Coun. FISH—I feel, Mr. President, as I have said before, that we need additional policemen. We had in Dorchester last week, over the week end, fifteen housebreaks. We need additional men in Dorchester.

President FITZGERALD—Does Councilor Brackman accept the amendment as proposed by Councilor Roberts?

Coun. BRACKMAN—No, Mr. President.

Coun. WILSON—Mr. President, I ask that the vote on the amendment and on the original order be taken separately.

Coun. Roberts' proposed amendment was rejected.

The order as originally offered was passed.

OPINION ON ABIEL SMITH TRUST FUND.

Coun. BRACKMAN offered the following:

Ordered, That the Corporation Counsel be requested, through his Honor the Mayor, to render an opinion to the City Council relative to the following:

1. What is the status of the Boston City Council in relation to a trust created in the year 1815 by Abiel Smith of Boston, wherein Selectmen of the Town of Boston, or their successors, were named trustees under the declaration of trust.

2. How the income of said trust fund has been applied since 1857.

3. Whether or not it is the opinion of the Corporation Counsel that the income of said trust fund has been applied in accordance with the desire of the settler of said trust.

4. Whether or not the property located at 46 Joy street, formerly known as the Smith School, is part of the trust res under the provision of the trust and whether or not the members of the Boston City Council are also trustees of said property.

Passed under suspension of the rule.

LEAVE FOR JEWISH EMPLOYEES.

Coun. GOLDMAN and BRACKMAN offered the following:

Ordered, That all employees of the Jewish faith be allowed two days' leave without loss of pay on the occasion of the Jewish high holidays on Thursday and Friday, April 18 and 19, 1935.

Passed under suspension of the rule.

WARD 7 IMPROVEMENTS.

Coun. KERRIGAN offered the following:

Ordered, That the Commissioner of Public Works be requested, through his Honor the Mayor, to install an arc light at the corner of Gates and Telegraph streets, Ward 7.

Ordered, That the Commissioner of Public Works be requested, through his Honor the Mayor, to repave with smooth pavement Mercer street, Ward 7.

Ordered, That the Park Commissioner be requested, through his Honor the Mayor, to make provision for sufficient coal during the current year to furnish hot water for all shower baths in buildings under the control of the Park Department in Ward 7.

Ordered, That the Trustees of the Boston Public Library be requested, through his Honor the Mayor, to consider the advisability of establishing a branch library in the City Point section of Ward 7. Severally passed under suspension of the rule.

SANDING OF BATHING BEACHES.

Coun. KERRIGAN and DONOVAN offered the following:

Ordered, That the Park Commission be requested, through his Honor the Mayor, to take immediate steps to properly resand the various bathing beaches in South Boston.

Passed under suspension of the rule.

REPAVING OF WARD 6 STREETS.

Coun. DONOVAN offered the following:

Ordered, That the Commissioner of Public Works be requested, through his Honor the Mayor, to repave with smooth pavement West Second, West Third and West Fourth streets, Ward 6, and to reconstruct sidewalks on same.

Passed under suspension of the rule.

INFORMATION FROM MAYOR.

Coun. McGRATH offered the following:

Ordered, That his Honor the Mayor be requested to inform the Legislative Committee on Municipal Finance that he was in error when he denied that he had said that 65 per cent of the budgets of the last administration represented waste, graft and corruption.

Coun. McGRATH—Mr. President, I don't want to dig up an old grave, but this is the first time that his Honor the Mayor has been called upon officially to either affirm or deny the statement he made that sixty-five cents of every dollar spent under the last administration went for waste, graft and corruption, the first time except, sir, for orders that other members of the Council and myself have introduced here, asking him to clear up the stigma thus cast upon you, Mr. President, myself and other members of this Council who voted for the budget under the years of the last administration. You know and I know that not alone did he make the statement but he put the statement in writing, that you and other members of this Council, acting with the former Mayor of Boston, had passed budgets, 65 per cent of which went for waste, for graft, and for corruption. He was given those figures by the Municipal Research Bureau, and, being inexperienced in municipal affairs, when he was elected to office, he stated them to the public. He has had an opportunity to do the many thing and deny that you had participated in a budget so crooked, Mr. President, that you, I and all of us, representing the taxpayers of Boston, had supported,—that 65 per cent of every dollar in it went for waste, graft and corruption. I placed in the minutes of this Council a year ago the statement from the Boston Herald, and this week again I was told that this was not a statement picked up by a reporter, but that it was printed from copies he furnished to the Herald and which he signed himself, stating,—and the record proves it in so many words,—that sixty-five cents on every dollar in the budget of the years under the last administration went for waste, for graft and for corruption, and that when he was elected Mayor of Boston he would cut the budget by 65 per cent. This year every city employee and every county employee was stunned upon finding that the Legislature was limiting to a certain amount the taxes that could be raised on real estate; and the old-time member and the House Chairman on the Committee on Municipal Finance, John Halliwell, with a copy in his hand of the letter written and signed by Frederick Mansfield, in which he made the bold assertion that sixty-five cents of every dollar represented waste, graft and corruption, wanted to give to the Mayor a chance to correct that statement before that committee, or to justify the statement he had made. So he said, "Mr. Mayor, what have you now to say about this charge you made that 65 per cent of the budget under the past administration went for waste, graft and corruption?" Chairman Halliwell, as well as the other members of the committee, was astounded when the Mayor of the City of Boston said, "I never made that statement." Today, Mr. President, I give the lie to the Mayor of Boston. He made it and sent it to every city employee of Boston and told them that the only way they could protect their salaries was by electing him Mayor of Boston, to stop that 65 per cent of waste, graft and corruption, and to enable their salaries to be increased. At the same time he said that immediately upon taking over the office of Mayor he would restore the 15 per cent cut that was never necessary except for this waste, graft and corruption. And today, with the future of our city at least questionable, there has never been one thing done or one thing said that has so greatly jeopardized the financial future of this city as the statement made by the Mayor to a committee of the Legislature, when asked about the truth of a letter which they held in their possession, making this statement which he then denied that he had ever made. You heard him. Every citizen of Boston heard him. Every city employee received a letter and heard statements over the radio night after night, and it was in the Boston Herald,—not the word of a reporter whom he could have held up to ridicule, but a signed statement of his which he submitted to the papers of Boston. But today every city employee knows, every member of the Legislature knows, every editor of every Boston paper knows,

that he refuses to take a manly attitude and to absolve you, me and others of the responsibility of voting, as he claimed for budgets representing more than 65 per cent of wage, graft and corruption. If he would only say, "I was mistaken, I was inexperienced, my information upon that point was obtained from sources now proven to be not reputable"—that would be one thing. But, instead of that, he now denies that he ever made the statement. But, Mr. President, regardless of what happens to the finances of the City of Boston this year, because of the attitude of his Honor the Mayor, he must assume full and complete responsibility for writing a statement that every man, woman and child knows that he made and that he himself knows he made. He is not man enough, however, to stand up and say it was a mistake. He simply denies it, instead of absolving the members of the Council and the former Mayor of Boston from such a scandalous charge as he made over the radio, through the press and in every section of our city.

President FITZGERALD—The Chair will have to rule that order not in order.

REPORT OF COMMITTEE ON LEGISLATIVE MATTERS.

Coun. McGRATH, for the Committee on Legislative Matters, submitted the following:

1. Report on order (referred from Executive Committee February 25) that Council favors enactment of Senate Bill 45 for erection of new courthouse in Boston, provided that said legislation includes a referendum to the Mayor and Council—recommending that same ought to pass.

Coun. McGRATH—Mr. President, the Committee on Legislative Matters feels that it should give a favorable report to this matter in order to make it possible for the Legislature to pass on the Courthouse bill one way or the other at this session. This morning's Post has an editorial which I am going to submit for the record, which calls upon the Council to take action on this matter. As Chairman of the Committee may I say that we have so worded our order as to make it necessary for the Legislature, if they are to pass this bill, to later submit it to this Council for acceptance. I believe that we, as the City Council and also as the County Commissioners, should have the final say on the Courthouse. I do not feel that any member of the committee is committing himself to a final decision on the Courthouse matter by this report today. But I do say that if the Legislature on this matter does, as it has in the past, remove that section of the bill which allows the City Council to have the final say—so upon it, I hope the newspapers of Boston will give the same editorial space to such denial of home rule to this city as they have given to the detention of the order in our committee; because I feel certain, sir, that there is no body better qualified to act upon the question of the necessity for a courthouse than the County Commissioners, the City Council of the City of Boston.

The Boston Post editorial of April 15, 1935, as submitted by Coun. McGrath is as follows:

"Get Busy, Please.

"Why does the City Council persist in delaying action on the matter of a new courthouse? Unless the Council approves the submission of the plan to the Legislature soon, no action can be taken this year.

"Approval by the City Council does not settle the matter. It merely allows the Legislature to pass upon the project. Whether a new courthouse will be built or not depends mainly upon the Legislature. It may be possible to secure Federal funds for the project. But there will be no chance of this unless the City Council acts speedily, so that the plan may be presented as a part of the Public Works program.

"The need for a new courthouse or an extension of the present one is imperative. Conditions in the Pemberton square building are disgraceful. It is crowded beyond the bounds of decency. No public building project in the city is more necessary.

"It must be done whether the city pays for it or we get the money from the Federal Government.

"But this idea of burying the whole matter in the City Council is indefensible. If any valid arguments against the proposition had been advanced, the situation might be different. But, as it is, delay seems a mere whim on the part of some councilors.

"Not alone is a new courthouse vitally necessary, but the project would employ very many men at good wages. That is our chief need today."

Coun. SHATTUCK—Mr. President, I still, sir, am opposed to acting on this matter, because I think it is almost inevitable that any action we take will be construed as action favorable to the legislation, at least, substantially in its present form. One of the provisions of the bill very narrowly restricts the area to be used for the proposed addition to the Courthouse. It so narrowly restricts the area that, it seems to me, it leaves the city open to a great danger that the prices which will have to be paid will be excessive prices. I think in any legislation the area within which the land might be taken should be so broad that the commission will have some discretion, depending upon the reasonableness of the land owners of the particular ground to be taken in the matter

of price. Secondly, sir, I am opposed to any borrowing at the present time while we have hanging over us the possible necessity of borrowing a large amount just to pay our current bills. Until we can raise in revenue enough money to pay our current bills, I think, sir, we should go very slow in borrowing large sums of money for any other purpose, because we have already the largest debt we have ever had in our history, at a time when our values have gone down and when our sources of revenue through taxes and otherwise have contracted. If we are to borrow this year \$9,000,000 or anything like it, we shall add still more to the tremendous burden which now presents so important and so difficult an item in the tax rate, because the annual debt requirements is one of the very large items in the tax rate. I hope, therefore, that this legislation will not pass; that we shall at least, before considering any such borrowing, wait until we have received the budget and find out how we can finance the current requirements of the city.

Report accepted; order passed.

SHELTERS FOR WARD 10 SWINGS.

Coun. DOHERTY offered the following:

Ordered, That the Park Commission be requested, through his Honor the Mayor, to provide overhead shelters for the swings on the Mission Hill and Jefferson Playgrounds, Ward 10.

Passed under suspension of the rule.

WARD 16 IMPROVEMENTS.

Coun. FISH offered the following:

Ordered, That the Public Works Commissioner be requested, through his Honor the Mayor, to resurface Edwin street, Ward 16, with smooth pavement.

Ordered, That the Board of Street Commissioners be requested, through his Honor the Mayor, to accept and lay out Ely road as a public highway, Ward 16.

Severally passed under suspension of the rule.

SIDEWALKS, WARD 14.

Coun. GOLDMAN offered the following:

Ordered, That his Honor the Mayor direct the Public Works Department to construct complete sidewalks on Warner street, in Ward 14.

Passed under suspension of the rule.

REPORT OF COMMITTEE ON CLAIMS.

Coun. GOLDMAN, for the Committee on Claims, submitted the following:

1. Report on petition of Michael Kaczka (referred April 15) to be reimbursed for amount of judgment issued against him on account of his acts as operator of motor vehicle belonging to Sanitary Division, Public Works Department—recommending passage of accompanying order, viz.:

Ordered, That the sum of eight hundred dollars be allowed and paid to Michael Kaczka in reimbursement for amount of judgment against him on account of his acts as operator of a motor vehicle belonging to the Sanitary Division, Public Works Department, said sum to be charged to the Reserve Fund, when made.

Coun. TOBIN—Mr. President, I would like to ask what attorney was in that case for the city employee.

Coun. GOLDMAN—Walter Hengesherr.

Coun. TOBIN—And what was the case settled for?

Coun. GOLDMAN—\$800.

Report accepted; order passed.

2. Report on petition of John J. Shady (referred April 8) to be reimbursed for amount of judgment issued against him on account of his acts as operator of a motor truck belonging to the Sanitary Division, Public Works Department, said sum to be charged to the Reserve Fund, when made.

Ordered, That the sum of four hundred dollars be allowed and paid to John J. Shady in reimbursement for amount of judgment issued against him on account of his acts as operator of a motor truck belonging to the Sanitary Division, Public Works Department, said sum to be charged to the Reserve Fund, when made.

Report accepted; order passed.

WARD 20 IMPROVEMENTS.

Coun. FINLEY offered the following:

Ordered, That the Board of Street Commissioners be requested, through his Honor the Mayor, to accept and lay out a new street in Boston Heights under the F. R. A. Act, and to construct sidewalks on the following streets: The West side of the Ward 20, bounded by the Boston Heights Road, Belmont Road, and the Boston Heights Road, and the East side of the Boston Heights Road, bounded by the Belmont Road and the Boston Heights Road.

Ordered, That the Board of Street Commissioners be requested, through his Honor the Mayor, to accept, lay out and construct under the E. R. A. plan of construction, Strafford street, Ward 20, between Woodard road and half way to Bellevue Hill road, as a public highway.

Ordered, That the Commissioner of Public Works be requested, through his Honor the Mayor, to reconstruct and complete Weld street, Ward 20, from Centre street to the West Roxbury Parkway.

Severally passed under suspension of the rule.

CONFIRMATION OF APPOINTMENTS.

President FITZGERALD called up, under unfinished business, No. 1 on the calendar, viz.:

1. Action on appointments submitted by the Mayor, April 8, 1935, of Robert W. Steers, to be a weigher of coal, and Edward J. Sullivan and Charles E. Stone, to be weighers of goods.

The question came on confirmation.

Committee, Coun. Gallagher and Selvitella. Whole number of ballots 21; yeas 19, nays 2, and the appointments were confirmed.

MUNICIPAL ELECTRIC PLANT.

Coun. NORTON offered the following:

Resolved, That the Boston City Council go on record as favoring the erection of a municipal electric light plant with money borrowed outside the debt limit.

Coun. NORTON—Mr. President, last year the City Council passed a resolution, which was signed by the Mayor, similar to this one. I understand that the Legislative Committee on Power and Light, which would naturally deal with this matter, cannot consider it unless the Council passes the resolution and the Mayor signs it. We have but one more week left in which to have the matter brought before the Legislature and the Legislative Committee, Mr. President. I respectfully request, therefore, unanimous consent for the passage of this resolve favoring the erection of a public electric lighting plant, the money for the same to be obtained outside the debt limit.

Coun. WILSON—Mr. President, assuming that that order has the same rider as the Courthouse order—namely, requiring that it come back to the Council for acceptance, action by the Council to be permissive and not mandatory,—I shall, of course, be glad to vote for the resolution. But I simply feel that in this, as in other matters, we should not be required to commit ourselves in advance. With that understanding, however, I shall be glad to vote for the resolution. I am not ready, however, to commit myself to such a broad and comprehensive thing as a municipal lighting plant without knowing more about it.

The resolution was referred to the Committee on Municipal Lighting.

CONTRACTS FOR PATCH PAVING.

Coun. NORTON offered the following:

Ordered, That the Mayor of Boston be requested to consider the advisability of not signing any contract with the six so-called "patch-paving" contractors for the year 1935.

Coun. NORTON—Mr. President, when a Boston street is opened up by the city or by the telephone, electric light, gas or other public utility, the topping must be put back on by one of the six contractors nominated by the Mayor. No other contractor can do this work. Rumor has it that the price paid for this work by the city is five times or more what it should be. It is known in politics as "the cream." Imagine city workers opening up a street, to get at a leaking water pipe, and then not allowed to put the topping back on. They must leave it. Along comes a special contractor, an outsider, and puts that topping on. Six contractors today do this work in Boston. Each has a district. The work is given out on a one year's contract. The Council, on a number of occasions, has asked the Mayor to give the Council the unit costs of this work during the year 1934. He has, for months, refused to furnish this information. I did not think it was possible, in the year 1935, for any high public official to refuse to divulge just how much of the people's money was spent on a public project. Last week, Chairman Atwill of the Massachusetts Public Utilities Commission at my request, ordered the Boston Consolidated Gas Company to furnish this information. When the Gas Company is forced to open up a street in Boston, the topping must be put back by one of these six contractors. The same with the Light Company, the Western Union, the Telephone Company. Privately, officials of these companies admit that the plan is a waste of money. It means higher gas, electric light and phone rates. Mayor Mansfield does not waste money belonging to a stricken people, at a time when thousands stand to lose their homes and thousands more are not getting enough to eat, a recent survey of a Hyde Park School showing 19 per cent of the pupils suffering from malnutrition.

Coun. FISH—Mr. President, I don't think the city pays on these contracts where the public utilities are concerned.

Coun. NORTON—Mr. President, I am discussing what the city pays when it comes in and tears up a street, what is paid, for example, when the Water Department comes in and tears up a street, and the surface has to be replaced.

The order was passed under suspension of the rule.

SURVEY AS TO PLAYGROUND POLICY.

Coun. NORTON offered the following:

Ordered, That the Mayor of Boston be requested to consider the matter of having a thorough survey made as to the athletic and playground policy that Boston will pursue this year.

Coun. NORTON—Mr. President, I would respectfully suggest to the Mayor the advisability of having a thorough survey made of just what the city is now doing in the matter of using the city's play facilities, such as playgrounds and athletic equipment. Perhaps instead of having 20,000 boys playing baseball in the Park Department Athletic Association this summer, a much larger number of boys could be enrolled. We are going into another summer with thousands of youths unemployed, with nothing to do, with time on their hands. A recent survey of the Federal Office of Education, United States Department of the Interior, states that half the youth in the state between the ages of sixteen and twenty-four are unemployed. Boston has 29,810 unemployed. Boston should do all possible to foster athletics, to keep this group busy, otherwise many may be lost to a life of crime. With the funds available Park Commissioner Long with his able assistant Mr. Mullins has been doing a splendid piece of work. Last year, 5,000 football players on 228 teams played on fifty Boston playgrounds. Twenty thousand baseball players competed on 562 teams, 13,360 of this number being furnished with uniforms and playing material, according to a recent statement by our City Treasurer over the radio, and which was printed in the *City Record*. I congratulate Commissioner Long on his splendid work but I wonder if there is not something more we can do to assist the commissioner in this important work. A survey committee would ascertain this. Prof. Sheldon Glueck, noted criminologist of the Harvard Law School recommends organized athletics as one means of combatting crime and saving our youth. There is practically a unanimity of opinion amongst criminologists on this point. These are trying times on youth. Over 200,000 roam the country. The Santa Fe Railroad checked over 10,000 of them riding freight trains in one month. Every day some boy leaves home in my district. The boy seeks work, walks to Boston often, and finally becomes discouraged. Perhaps the mother nags him when he gets home and intimates that he could find work if he really wanted to. Oftentimes the father joins in criticizing the youth. When he gets out on the corner, oftentimes a police officer will growl at him to "move on." We need a more sympathetic understanding of our youth problem. Ex Senator Parkhurst in a survey recently made for Governor Curley reports that out of 483 prisoners sent to the Concord Reformatory last year, 434 of them were under the age of twenty-five. Five million youth between the ages of sixteen and twenty-five in the United States today are out of school, unmarried and unemployed. This population, unwanted, educated for a world that no longer exists, fills our jails. Many of them are to be pitied. The Hon. Newton D. Baker states that since 1929, some 6,000,000 boys and girls have left school and college. Of these, hardly more than one third have found work to do, and most of that fortunate third are on short hours and short pay. Over 15,000 more graduates of Boston's schools will seek work next June. Many of the graduates of five years ago are still seeking work. The danger is that many of these unfortunates will stagnate emotionally and eventually become wards of society. Is Boston doing all possible along athletic lines to assist youth in this dangerous period? Are we properly using all of our playgrounds, gymnasiums and schoolyards? I request that a survey be made on this point.

Coun. AGNEW—Mr. President, do I understand that the Park Commission is providing a large number of children with uniforms, and so forth?

Coun. NORTON—According to the report I have referred to, over the radio, I understand that 13,360 are being furnished with uniforms and playing material. That figure seems very large. I suppose the material furnished refers to gloves, baseballs, and so forth.

Coun. AGNEW—Mr. President, it might be interesting, in view of that statement, for the Council to be informed as to whether or not the Park Commission is spending money for the uniforms, gloves, baseball bats, and so forth, when almost every councilor here is seeking funds from the Park Commission to improve the playground facilities.

Coun. FINLEY—Mr. President, may I ask that the order offered by the councilor from Ward 18 be referred to the Committee on Parks and Playgrounds?

The order was referred to the Committee on Parks and Playgrounds.

MILK FOR WELFARE RECIPIENTS.

Coun. NORTON offered the following:

Ordered, That the Trustees of Public Welfare, through his Honor the Mayor, be requested to reconsider the matter of furnishing milk to welfare recipients at 8 cents a quart.

Coun. NORTON—Mr. President, I have made this request also in the past. New York City, Baltimore and other large cities furnish milk to welfare recipients at 8 cents a quart. Boston should look into the feasibility of doing likewise here. It would mean that many children, who today should have more milk, would obtain 50 per cent more milk for the same amount of money. If other large cities can have this arrangement, why not Boston? I understand that there is no objection, State or Federal, to this policy, whereby welfare recipients will be enabled to get this reduction.

The order was passed under suspension of the rule.

PATROLLING OF PONDS, ETC.

Coun. NORTON offered the following:

Ordered, That the Mayor of Boston be requested to consider the advisability of allowing E. R. A. workers to patrol the pond and river sections of Boston—especially where children are drowned yearly—with a view to preventing these drownings.

Coun. NORTON—Mr. President, every year the people of Hyde Park or Readville rush to the river. A child has been drowned. Yesterday, at Readville, in the dangerous mill pond, another child was lost. Swept over the tortuous dam. This child was playing on a dilapidated old bridge belonging to the cotton mill authorities. The city should immediately demolish this bridge with E. R. A. workers before another child is lured to his or her death. Perhaps E. R. A. workers could be assigned during the dangerous periods of the year to patrol this pond and every pond or stream in Boston where children are regularly lost. In addition, a proper fence should be erected around this particular mill pond. It seems to me that E. R. A. work might well be done in this matter, under one of the city departments, that the remaining supports of the old bridge might be taken down and the bridge demolished. It seems to me that it is a thing that might well be worked out under E. R. A., with proper supervision.

Coun. SELVITELLA—Mr. President I am afraid that that order will not get very far, because there is no authority, as I understand, under E. R. A., to do such work. I had occasion to make such a request of the Park Department last year, and I understand that it is not a matter that comes under E. R. A. If the gentleman would change the E. R. A. to Welfare, I feel sure that his request will be granted.

Coun. NORTON—Mr. President, I don't know just what E. R. A. is confined to, and I doubt if anyone knows. It is all a matter of trial-and-error. I think it may well be possible to assign E. R. A. men to this work, which is rather peculiar work. I doubt if there would be any serious question raised in regard to it by the authorities. I know that the bridge can easily be torn down, removing the two remaining supports. It seems to me that E. R. A. workers can pull that structure down as they are pulling other structures down today. I am perfectly willing to amend the order, however, so that it will also include welfare workers.

Coun. GREEN—Mr. President, I feel sure that Councilor Norton's order means just about the same as my order that was declared out of order earlier in the afternoon. I still maintain that his Honor the Mayor, if he consults with the E. R. A. administrator, can arrange to have this sort of thing done, on the parks, playgrounds, streets or elsewhere. I still maintain that it could be done under the order that the gentleman from Hyde Park just introduced.

The order was passed under suspension of the rule.

RE-EMPLOYMENT OF FORMER EMPLOYEES.

Coun. NORTON offered the following:

Ordered, That the Mayor of Boston be requested to consider the advisability of giving old city employees let go in the first few months of his administration, consideration in the matter of employment.

Passed under suspension of the rule.

HEALTH DEPARTMENT EMPLOYEES.

Coun. NORTON offered the following:

Ordered, That the Mayor of Boston be requested to consider the advisability of allowing a liberal time-off allowance with pay to employees of the Health Department injured in line of duty.

Passed under suspension of the rule.

STUDY OF ITALIAN AND GERMAN.

Coun. NORTON offered the following:

Ordered, That the Boston School Committee be requested to consider the advisability of looking into the matter of why such a small percentage of students in the Boston School System today pursue the study of the Italian and German languages in

PROCEEDINGS OF SCHOOL COMMITTEE.

Apr. 1, 1935.

A regular meeting of the School Committee of the City of Boston was held in the Administration Building, 15 Beacon Street, at 9.10 o'clock P. M., the Chairman presiding.

Present: Messrs. Hurley, Lyons, Mackey, Sullivan, and Tobin.

APPROVAL AND AMENDMENT OF MINUTES.

The reading of the minutes of the previous meeting was omitted, the Committee approving them as printed.

On motion, the minutes of the meeting of Feb. 4, 1935, were amended on page 14 to provide that the appointment from the eligible list of Helen M. Clair, assistant, elementary, Edmund P. Tileston District, to take effect March 1, 1935, shall read "March 25, 1935."

APPROVAL OF APPOINTMENT

The Chairman stated the question was on approving the appointment of a teacher as reported by the Superintendent and laid over at the previous meeting.

The appointment was approved.

RESIGNATION

The following resignation, reported by the Superintendent, to take effect on the date stated, was presented:

Henry Grew District—Grace E. Flanagan, assistant, elementary, March 1, 1935.

Accepted.

APPOINTMENTS

The following appointments by the Superintendent certified by him as being in accordance with the rules and regulations, to take effect on the dates stated, were presented:

(FROM THE ELIGIBLE LIST)

(To fill vacancies caused by deaths or resignations)

Henry Grew District—Louise P. DeAdder, assistant, elementary, Apr. 22, 1935; Ada Freedman, assistant, kindergarten, one session, Apr. 22, 1935.

Hugh O'Brien District—Louise S. B. Black, assistant, special class, Apr. 22, 1935.

Quincy District—Miriam Katz, assistant, kindergarten, one session, Apr. 22, 1935.

Prince District—A. Mae Caffery, Eleanor R. Murray, assistants, elementary, Apr. 22, 1935.

Laid over.

(BY PROMOTION)

(To fill vacancy caused by transfer)

Henry Grew District—Sarah H. Christie, master's assistant (from assistant, intermediate, Robert Gould Shaw District), April 22, 1935.

Laid over.

(To fill vacancy caused by resignation)

Department of Manual Arts—James B. McDonough, shop instructor (from assistant, manual training, elementary), April 22, 1935.

Laid over.

(ASSISTANT, INTERMEDIATE, FROM ASSISTANT, ELEMENTARY)

(To fill vacancy caused by resignation)

Clarence R. Edwards Intermediate District—Louise C. Howes, assistant, intermediate (from assistant, elementary, Mather District), Apr. 22, 1935.

Laid over.

(TWO-SESSION KINDERGARTEN)

Blackinton District—Frances O'Donnell assistant, kindergarten, two sessions (from assistant, kindergarten, one session, John Cheverus District), Apr. 8, 1935.

Laid over.

LIST OF TEACHERS APPROVED FOR TEMPORARY SERVICE

The Superintendent submitted under the provisions of section 265 paragraph 2 of the regulations the following additions to the list of teachers approved by him from which assignments may be made for temporary service:—

Day High Schools—Katherine M. Ford, James H. Good, Wilfred N. Hinckley.

Day Intermediate Schools—Marie H. Campbell.

Day Elementary Schools—Catherine A. Flynn, Marcia Karp.

Continuation School—Louise P. Ginsburg, Marion R. Shea, Mary Woronoff.

Disciplinary Day School—Michael J. Gilarde.

Special Classes—Lillian W. Balcom, Frances Epstein, Margaret R. King, Rebecca M. Mahoney.

Department of Household Science and Arts—Claire P. Keating, Alice F. Turner, teachers of cookery.

Approved.

TEMPORARY TEACHER

Hyde Park High School—Andrew G. Lofgren, co-operative instructor, March 21, 1935.

Approved.

TOOLKEEPERS

A communication was received from the Superintendent, under date of Apr. 1, 1935, reporting that subject to the approval of the School Committee, he has appointed Natale Romano as toolkeeper in the Saturday morning class for apprentices in sheet metal work, South Boston High School, to take effect Mar. 30, 1935.

Placed on file and the appointment approved, to take effect on the date stated.

On motion of the Superintendent, it was

ORDERED, That the emergency employment of Joseph Perry as toolkeeper in the Saturday morning class for apprentices in sheet metal work conducted in the South Boston High School is hereby authorized for March 2, 9, 16, and 23, 1935, four days, compensation to be at the established rate of two dollars and fifty cents (\$2.50) per session of four hours.

EVENING SCHOOLS

Term 1934-1935

Central Evening High School—Arthur L. Evans, assistant, Mar. 18 to 28, 1935 (six evenings).

Dorchester Evening Commercial High School—Hilda M. McNally, assistant, Mar. 12, 1935 (one evening).

Comins Evening School—Mary J. Carroll, assistant, Mar. 14 and 18, 1935 (two evenings).

Franklin Evening School—Harriet A. Haggerty, assistant, Mar. 11 to 14, 1935 (three evenings).

Grover Cleveland Evening School—Frances Roster, assistant, Mar. 7, 1935 (one evening).

Phillips Brooks Evening School—Gertrude V. Kenney, assistant, Mar. 18 to 21, 1935 (three evenings).

Approved.

A communication was received from the Superintendent, under date of Apr. 1, 1935, reporting that, subject to the approval of the School Committee, he has appointed the following-named clerical assistant in an evening school:

South Boston Evening Commercial High School—M. Isabel Mace, Mar. 14 to 21, 1935 (four evenings).

Approved.

DEPARTMENT OF EXTENDED USE OF PUBLIC SCHOOLS

Term 1934-1935

A communication was received from the Superintendent, under date of Apr. 1, 1935, reporting that, subject to the approval of the School Committee, he has assigned the following-named persons to serve in the Department of the Extended Use of the Public Schools, for the term 1934-1935:

Assistant Leaders—George H. Kearney, Gerard M. Hennigan, Philip P. Perry, Mar. 15, 1935.

General Helpers—George A. Gallagher, John L. Gillen, Gerard M. Hennigan, George H. Kearney, Mar. 18, 1935; Philip P. Perry, Mar. 20, 1935.

Helpers—Robert E. Burns, Augustine Charbonnier, John P. Hoyt, Jeremiah J. McGillicuddy, James A. Mulligan, Patrick J. Sullivan, Michael J. Wyse, Mar. 18, 1935.

Approved.

LEAVES OF ABSENCE

On the report of the Superintendent, leave of absence was granted the following-named teacher for the term specified:

Charlestown High School—J. Paul Dallas, cooperative instructor, Mar. 6, 1935, one-half day, Mar. 7, 1935, one day, and Mar. 8, 1935, one-half day, court summons.

On the report of the Superintendent, leave of absence under a suspension of the regulations was granted each of the following-named teachers for the terms specified:

Boston Clerical School—Marion L. McCarthy, senior assistant, Mar. 1, 1935, to June 30, 1935, without pay.

John Cheverus District—Mary E. Brazil, first assistant, kindergarten, Mar. 1, 1935, to May 3, 1935, without pay.

A communication was received from the Superintendent, under date of Apr. 1, 1935, reporting that

subject to the approval of the School Committee, he has discontinued the leave of absence without pay granted at the meeting of Oct. 1, 1934 (see p. 172) to take effect on the date stated:

Edmund P. Tileston District—Mary A. Flynn, assistant, elementary, Apr. 12, 1935.

Placed on file and leave of absence discontinued from the date specified.

TRANSFERS

A communication was received from the Superintendent, under date of Apr. 1, 1935, reporting that, subject to the approval of the School Committee, he has made the following transfers of teachers:

Mary T. Gallagher, master's assistant, Henry Grew District, to the same position in the Dillaway District, Apr. 22, 1935.

Margaret A. Coulter, assistant, Grover Cleveland Evening School, to the same position in the Washington Irving Evening School, Mar. 11, 1935 (one evening).

Helen McLaughlin, assistant, Washington Irving Evening School, to the same position in the Franklin Evening School, Mar. 4, 1935 (one evening).

Approved.

ASSIGNMENT

A communication was received from the Superintendent, under date of Apr. 1, 1935, reporting that, subject to the approval of the School Committee, he has assigned the following-named teacher to a class attended exclusively by boys in a grade above the third in the district herein stated:

Dwight District—Alice M. Cahill, master's assistant, Mar. 13, 1933

Placed on file and the assignment approved, to take effect on the date stated.

DESIGNATION

A communication was received from the Superintendent, under date of Apr. 1, 1935, reporting that he has made the following designation of a teacher to serve in the position indicated until such time as it shall be filled otherwise in accordance with the rules and regulations, but not beyond Aug. 31, 1935:

Wendell Phillips District—Ruth K. Burns, assistant, kindergarten, as acting first assistant, kindergarten (vice Carolyn M. Fletcher, absent on leave), Jan. 28, 1935.

Placed on file.

HOME INSTRUCTION OF PHYSICALLY HANDICAPPED CHILDREN

A communication was received from the Superintendent, under date of Apr. 1, 1935, reporting that, subject to the approval of the School Committee, he has assigned Helen T. Hannon, temporary teacher, for home instruction of physically handicapped children, to take effect Mar. 18, 1935.

Approved.

SPECIAL ASSISTANT, READING CENTER, THE TEACHERS COLLEGE

On motion of the Superintendent, it was

ORDERED, That for the remainder of the current school year, the Superintendent is hereby authorized to employ a special assistant in the reading center of The Teachers College, compensation to be at the rate of five dollars (\$5) per day of service.

ANNUAL COMPETITIVE DRILLS AND PARADE

On motion of the Superintendent, it was

ORDERED, That the annual competitive drills and annual street parade of the Boston School Cadets to take place this year be as follows:

High School of Commerce — at 101st Infantry Armory, Wednesday, April 10, 1935.

English High School—at 101st Infantry Armory, Friday, April 12, 1935.

Roxbury Memorial High School (Boys)—at 101st Infantry Armory, Friday, April 26, 1935.

East Boston High School—at the School—Monday, Tuesday and Wednesday, April 29, 30-May 1, 1935.

Charlestown High School—at Charlestown Armory, Wednesday, May 1, 1935.

Jamaica Plain High School—at John W. Murphy, Jr. Playground, Wednesday, May 1, 1935.

Public Latin School—at the School—Friday, May 3, 1935.

Brighton High School—at the School—Friday, May 3, 1935.

South Boston High School—at the School—Friday, May 3, 1935.

Dorchester High School for Boys—at the School—Tuesday, May 7, 1935.

Hyde Park High School—at Stony Brook Reservation—Tuesday, May 7, 1935.

Boston Trade School—at 101st Infantry Armory, Wednesday, May 8, 1935.

Mechanic Arts High School—at 101st Infantry Armory, Friday, May 24, 1935.

Annual Street Parade—Tuesday, June 4, 1935.

On motion of the Superintendent it was

ORDERED, That the annual competitive drills of the intermediate regiments of the Boston School Cadets be held this year as follows:

Lewis, Oliver Wendell Holmes, Solomon Lewenberg and Washington Schools at Franklin Field, Monday, May 6, 1935.

Joseph H. Barnes, Michelangelo and William Howard Taft Schools at Fenway Field, Thursday, May 9, 1935.

Grover Cleveland, John Winthrop, Mary E. Curley and Washington Irving Schools at Fallon Field, Monday, May 13, 1935.

Abraham Lincoln, Clarence R. Edwards, Theodore Roosevelt and William Barton Rogers Schools at John W. Murphy, Jr. Playground, Thursday, May 16, 1935.

Bigelow, Donald McKay, Robert Gould Shaw and Thomas A. Edison Schools at Fenway Field, Monday, May 20, 1935.

Frank V. Thompson, Thomas N. Hart and Woodrow Wilson Schools, at Christopher Gibson Field, Thursday, May 23, 1935.

PUBLIC SCHOOL COURSE IN ART

On motion of the Superintendent, it was

ORDERED, That for the current school year, the Superintendent is hereby authorized to extend the length of the sessions of the public school course in art conducted at the Museum of Fine Arts on Wednesdays, Thursdays and Fridays, and the employment of Alma LeBrecht, art teacher in the course, from two to three hours, to take effect Mar. 1, 1935.

ACCOMMODATIONS FOR GRADUATING EXERCISES

On motion of the Superintendent, it was

ORDERED, That the Department of School Buildings is hereby requested to secure the use of Tremont Temple for the graduating exercises of the Girls' High School and the English High School on the evenings of Wednesday and Thursday, June 12 and 13, 1935.

On motion of the Superintendent, it was

ORDERED, That the Department of School Buildings is hereby requested to secure the use of Symphony Hall for the graduating exercises of the Roxbury Memorial High School (Girls) and the Dorchester High School for Girls on the afternoons of Thursday and Friday, June 13 and 14, 1935, respectively.

CLASSES IN PIPEWELDING FOR PLUMBERS AND STEAMFITTERS

On motion of the Superintendent, it was

ORDERED, That the order passed at the meeting of Dec. 27, 1934 (see p. 236) providing for the conduct of classes in pipe welding for plumbers and steamfitters in the Boston Trade School, is hereby amended by striking out in the eleventh line the words "Wednesday and Friday," to take effect Apr. 1, 1935.

COURSES OF STUDY

On motion of the Superintendent, it was

ORDERED, That the accompanying revised course of study for the Mechanic Arts High School be hereby adopted, to take effect Sept. 1, 1935.

*Receives only one-half as many points as the number of periods per week.

**Under certain conditions additional Shop Work may be substituted for Surveying. A review of Algebra and Plane Geometry (5) may be substituted for Surveying and Economics.

***Beginning September, 1935, given 7½ points credit.

On motion of the Superintendent, it was

ORDERED, That the accompanying Special Syllabus, Manual Training, Grades IV and V, is hereby adopted; and that twenty-five hundred (2,500) copies be printed as a school document.

PRINTING OF REPORT ON INVESTIGATION OF INDUSTRIAL EDUCATION

On motion of the Superintendent, it was

ORDERED, That the accompanying Report of the Committee Appointed to Investigate Industrial Education in the Boston Schools, is hereby adopted; and that eight hundred (800) copies be printed as a school document.

ATTENDANCE AT CONVENTION

On motion of the Superintendent, it was

ORDERED, That Bértha A. Connor, Director of Penmanship, is hereby authorized to attend the

convention of The National Association of Penmanship Teachers and Supervisors, to be held at New York City, Apr. 4 to 6, 1935, inclusive, at an expense to the city not to exceed fifty dollars (\$50).

ELIGIBLE LIST

A communication was received from the Board of Superintendents, under date of Apr. 1, 1935, reporting the amendment of School Document No. 5, 1934—Candidates Eligible for Appointment as Teachers—as follows:

Page 29. Intermediate certificate (History). 811. Blanche M. Hurley. Name removed by request.

Placed on file.

APPOINTMENTS OF CUSTODIANS

A communication was received from the Schoolhouse Custodian, under date of Apr. 1, 1935, reporting that he has considered the candidates certified by the Division of Civil Service for appointment to fill three vacancies as regular substitute custodian, and recommending that Cornelius P. Walsh, John B. Houlihan, and Frederick J. Wright, who stand at the head of the list, be so appointed, to take effect Apr. 7, 1935.

Placed on file and the appointments approved, to take effect on the date stated.

TRANSFERS OF CUSTODIANS

A communication was received from the Schoolhouse Custodian, under date of Apr. 1, 1935, recommending that the following-named custodians, who stand at the head of their respective lists, be appointed as indicated, to take effect on the dates stated:

Patrick J. O'Sullivan, Wyman School-house, to the Williams School-house, Apr. 7, 1935.

John H. Kelley, George H. Conley School-house, to the Wyman School-house, Apr. 7, 1935.

John J. Downey, Baker Street Portables, to the Asa Gray School-house, Apr. 7, 1935.

Martin P. Breen, Hugh Roe O'Donnell School-house, to the Plummer School-house, Apr. 7, 1935.

Henry E. Oakes, Asa Gray School-house, to the John J. Williams School-house, Apr. 7, 1935.

Edward Sullivan, Charles H. Taylor School-house, to the Henry L. Pierce School-house, Mar. 31, 1935.

Thomas H. Walsh, Robert Treat Paine School-house, to the Gaston School-house and Portables Nos. 39, 70, 73, and 187, Mar. 31, 1935.

Albert L. O'Brien, Christopher Columbus School-house, to the Edward Southworth School-house, Mar. 31, 1935.

James F. Doolin, George Frisbie Hoar School-house, to the Bunker Hill School-house, Mar. 31, 1935.

Placed on file and the transfers approved, to take effect on the dates stated.

LEAVE OF ABSENCE

A communication was received from the Schoolhouse Custodian, under date of Apr. 1, 1935, recommending that Elizabeth A. Rooney, assistant custodian in the

Administration Building, be granted leave of absence without loss of pay for Feb. 26 and 27, 1935, because of personal illness.

Placed on file and leave of absence without loss of pay granted for the dates specified.

ELECTION OF ASSISTANT SUPERINTENDENTS

The Chairman stated that the term of office of Assistant Superintendent Arthur B. Gould expires Aug. 31, 1935, and the election of an Assistant Superintendent is therefore in order.

The Committee proceeded to the election of an Assistant Superintendent of Schools for the term of six years, beginning Sept. 1, 1935.

The member as their names were called respectively voted as follows:

For ARTHUR L. GOULD—Messrs. Hurley, Lyons, Mackey, Sullivan and Tobin—5.

The Chair declared Arthur L. Gould duly elected Assistant Superintendent for the term specified.

On motion of Mr. Tobin, the Committee proceeded to the election of an Assistant Superintendent to fill the vacancy caused by the retirement of Mr. William B. Snow on Aug. 31, 1935.

The members as their names were called respectively voted as follows:

For FREDERICK J. GILLIS—Messrs. Hurley and Lyons—2.

For WILFRED F. KELLEY—Mr. Sullivan—1.

For MAURICE J. LACEY—Mr. Tobin—1.

For EDWARD J. CARROLL—Dr. Mackey—1.

The Chair declared no choice and the Committee again proceeded to the election. The members as their names were called respectively voted as follows:

For FREDERICK J. GILLIS—Messrs. Hurley and Lyons—2.

For WILFRED F. KELLEY—Mr. Sullivan—1.

For MAURICE J. LACEY—Mr. Tobin—1.

For EDWARD J. CARROLL—Dr. Mackey—1.

The Chair declared no election.

Mr. Hurley moved that the roll be called in alphabetic order.

The motion passed.

In answer to roll call, the members voted as follows:

For FREDERICK J. GILLIS—Mr. Hurley, Dr. Lyons, and Dr. Mackey—3.

For WILFRED F. KELLEY—Mr. Sullivan—1.

For MAURICE J. LACEY—Mr. Tobin—1.

On motion of Mr. Tobin, seconded by Mr. Sullivan, the election of Frederick J. Gillis as Assistant Superintendent was made unanimous.

The Chair declared Frederick J. Gillis unanimously elected Assistant Superintendent for the term ending Aug. 31, 1939.

The Committee adjourned.

Attest:

ELLEN M. CRONIN,

Secretary.

SCHOOL COMMITTEE APPROVES REPORTS OF SEVERAL OFFICIALS ON ATTENDANCE AT CONVENTIONS IN VARIOUS SECTIONS OF THE COUNTRY.

The School Committee has approved the following reports received from officials of the School Department on attendance at conventions:

REPORT OF SUPERINTENDENT OF SCHOOLS PATRICK T. CAMPBELL.

Meeting of the Head Masters' Association, Rye, New York, February 7, 8, 9, 1935.

The Head Masters' Association is a national organization made up of the head masters of one hundred secondary schools, public and private, throughout the country. In addition to the active members there are some seventy-five associate members who at one time or other have been on the active list. The association has sought to improve the teaching processes in secondary education and to foster coordination of our national institutions. The proceedings of the annual meetings are never reported in the Press and as a result personal feelings are very freely expressed and problems are handled without that restraint which sometimes lessens the value of personal contributions to discussion groups which do not have so free a rein.

The program of this meeting of the association was devoted to a discussion of the part which the secondary school should play in the changing social and economic organization of present-day society. While there was a great diversity of opinion among the members, it was clear that a strong spirit of conservatism prevailed and that the group deplored the hurrying about hither and thither of so many educational groups in seeking to anticipate a future development which no man can guess.

The superintendent read a paper on the part played by the public secondary school in the depression. The association received the paper favorably and were impressed with this fact, that for the first time in the history of the United States, during a period of economic need, the expenses for education have been attacked and severely curtailed.

Report of the Superintendent on his Visit to the Convention of the Department of Superintendence, Atlantic City, N. J., February, 1935.

The Department of Superintendence of the National Education Association held its annual meeting at Atlantic City from Sunday, February 24, to Thursday, February 28, both inclusive. With the department went many allied organizations which brought the total number of visitors to well above twenty thousand. While the New Jersey coast site is admirably suited to catering to great crowds of this sort and the huge municipal auditorium is capable of housing the largest meetings under ideal surroundings, it was perhaps too ambitious for us in Boston to have attempted to vie with Atlantic City in the campaign of 1934 to select Boston as the meeting place for the convention of 1935. We had hoped to bring the convention to Boston as a part of the tercentenary celebration of the beginning of public education in America and the founding of the Boston Public Latin School. The majority of the members, however, voted in favor of Atlantic City, perhaps attracted by the milder climate,

which on this occasion failed to materialize. The historic background of Boston made a strong appeal to many of the members but the attractions of the seashore proved more potent with our western and southern brothers, and the choice fell upon Atlantic City. The disagreeable weather doubtless was a punishment visited upon the members because they were insensible of the superior charms of Boston.

A mere enumeration of the educational bodies which met during the week, together with a bare outline of the programs and lists of the speakers, filled more than sixty-seven pages of a pamphlet of generous dimensions. The meetings were arranged in two general divisions: The general meetings held in the auditorium each morning, afternoon, and evening, and the discussion groups in the afternoons of Monday, Tuesday, and Wednesday. Through all the general sessions, and through many of the meetings of the discussion groups, ran the general theme: What part shall the schools play in our changing social and economic organization and how, if at all, shall the schools prepare for the new "era" which the future promises? The papers read reflected the confusion of mind which prevails among the leaders of education. While the gentlemen from the teachers' colleges seemed to be sure just where we are going and what the schools must do to prepare for this new organization of society, the men in the field were by no means so certain either of the course we are on nor the part the schools must play in preparation for the future.

The most sane presentation of the view of most of the superintendents was given by Superintendent Frank W. Ballou of Washington, D. C., one-time supervisor in the Boston School Department. Mr. Ballou contended that we have always been living in a changing world; that the unusual confusion of the present era should not throw us into a panic and cause us to lead our school children into fields we know nothing about. He maintained that not only should the schools not attempt to indoctrinate our pupils with any special brand of "ism" nor in the public schools attempt to teach collectivism or anything but our own democracy, but to do either was in his opinion treason. The schools are the schools of the people and must reflect the beliefs of the majority of the people. The use of funds of all the people to betray the democracy which has brought us so far on the road of happiness would be unthinkable. I feel sure that the opinion of the people of Boston would approve heartily the sentiments expressed by Mr. Ballou. We believe the schools belong to all the people, are supported by all the people, and should teach only the political doctrine approved by all the people. It is not the duty of the school teacher to hand out to the pupils views of the future organization of the country which appeal only to him, but to reflect the teachings which have public approval.

In the present chaotic condition of the public mind, any attempt to reduce to a teaching formula the swiftly changing ideas of the best of our appointed guides would be worse than useless. It has

always been the duty of education to prepare the citizens of tomorrow by teaching the lessons of the past or accumulated wisdom of the experience of men. If with this we combine a more determined effort to train our children in honest, straight thinking and to develop character in the pupils of today, the citizens of tomorrow will be able to meet the problems which the future will bring to them. Instead of trying to catch the gyrating tail of the kite of present day confusion, let us teach the inherited standards and values, that in our complex and confused world we may maintain for our pupils a central core of rational thought that will provide a standard by which they may measure the outcome of the welter of ideas of today. We do not need to teach the current economic theories nor the ever-changing experiments in government nor the science of tomorrow. Let us remember that man must always learn from the experience of the past. Every economic debacle of the past has raised its crop of over-enthusiastic champions of the extremes of material and social salvation, and just as surely, with the dawn of prosperity, have these wild devotees of this or that panacea been swept away while the residuum, the sound, social economic program that was the basis of their hair-brained schemes, has been accepted and man has moved forward on the road upward toward security.

At the general meeting Thursday morning, Mr. Henry A. Wallace, Secretary of Agriculture, gave an informal talk on the vital needs of the day. Mr. Wallace is a leader in many of the newer ideas of economic control and cannot be accused of Toryism. His talk brought hope and comfort to many of us who have felt that our schools have yielded too much to the materialism of the day. Secretary Wallace emphasized the need of a unifying creed in our social order, and that, he said, must come by general acceptance of the teachings of religion and a return to the God of our Fathers.

A noteworthy speech was made by Dr. Payson Smith, Commissioner of Education for the State of Massachusetts, who almost single-handed carried on a strenuous defense of the rights of the states to manage their own educational system. This doctrine while accepted in principle, was not maintained by the majority of the states present who seemed much more anxious to secure money from the Federal Treasury than to protect their independence.

REPORT OF JAMES H. MAHAR, ENCLER, ENCLER, March 26, 1935.

To the School Committee.

In compliance with an order passed by the School Committee on January 18, 1935, Doctor Campbell, Superintendent of Schools, and I visited the City of Philadelphia for the purpose of inspecting students' lunch room conditions in operation at the public schools of that city.

Dr. Joseph V. Evans, member of the School Committee, had previously visited Philadelphia, making a personal investigation of school conditions in general. He returned valuable data, which is now on file in this office. This data relates to the management of school cafeteria management. It contains information on many important factors such as cafeteria management, personnel, profit and loss of a school cafeteria, sanitary inspection, general factors, central kitchen of supplies, daily action and detailed notes on the progress of individual cafeteria schools in the country.

In view of the information already obtained by Doctor Lyons, we confined our investigation to that phase of the activity having to do with the mechanical equipment operated in the various school buildings.

We conferred with Dr. Edwin C. Broome, Superintendent of Schools, and with Mr. Clarence B. Kugler, manager of school cafeterias. We spent considerable time in Mr. Kugler's office examining plans and specifications of cafeterias actually in operation in the school system. Later, Mr. Kugler accompanied us on visits to the following school buildings:

Thomas Junior High School, having a pupils enrollment of 1,400; Central High School for Boys, having a pupils enrollment of 6,000; Audenreid Junior High School, having a pupils enrollment of 1,400; West Philadelphia High School, having a pupils enrollment of 5,000.

All of these buildings are supplied with the same type of standard cafeteria equipment. A most careful study had been made by the cafeteria manager of the proper placement of this equipment in the kitchen and food preparation room. We found that the kitchens were well designed and that the apparatus was arranged so as to be accessible when repairs were necessary. The whole arrangement was laid out with the idea of obtaining the greatest efficiency in the preparation and serving of luncheons.

The standard list of equipment supplied to each lunch room is substantially as follows:

One double tank dishwasher and tables; two sections of ranges with range shelf; one broiler or two salamanders installed in range shelf; canopy over ranges and stock kettles; one steamer and roaster; two 80-gallon aluminum stock kettles with vapor pipes; one potato peeler and strainer basket; one food chopper; one 40 to 80 quart mixer and beater; one slicing machine; one electric refrigerator; one cook's table with pot rack (stainless steel); three to four work tables (stainless steel); one double vegetable sink and drain boards (stainless steel); one double pot sink and drain boards (stainless steel); two to three metal utensil and grocery closets; one cabinet type bake oven.

The equipment in the lunch room, exclusive of the stools and tables, consists of the following:

Stainless steel top cafeteria counter, containing a steam table and plate warmer and a cut-out for ice cream cabinet to be supplied by the ice cream dealer; stainless steel back shelves; cold closets for dishes; hot closets for dishes; cocoa urn on counter; bread toaster; eight metal dish trucks.

A single counter containing two steam tables and two ice cream cabinet cut-outs is provided for each school.

All storerooms and stock rooms are equipped with metal shelving.

All of the above-named pieces of apparatus were designed in accordance with standard specifications furnished by the cafeteria manager. We found that because of his experience many original and excellent improvements were made on the manufacturers' products. These improvements later on were accepted by the manufacturers and embodied in the manufacture of the apparatus.

We were much pleased with the general design of the lunch-serving counters, which in all schools were made of metal covered with stainless steel. These counters were designed especially for the school system after much study on the part of the school authorities. Stainless steel is

used generally in the manufacture of cooking apparatus, ventilating hoods, shelving, and sinks. The use of this metal adds greatly to the general appearance of the lunch room. It is durable and easy to keep bright and clean.

We were particularly interested in the lunch room now operating in one of the recently built high schools; namely, the West Philadelphia High School. The same general design and type of equipment described above is in use in this building. Our only objection to this particular lunch room is that it is not as well naturally lighted as the lunch rooms in some of our later intermediate and high schools. In our Woodrow Wilson, Clarence R. Edwards and Thomas A. Edison Junior High Schools, as well as the Jeremiah E. Burke Senior High School, the lunch rooms have better natural light, are more centrally located in each building, are more cheerful and comfortable for the pupils than the lunch room in the West Philadelphia High School. We felt, after examination of the pupils' lunch room table, that the one now in use in some of our own high schools, which will be used exclusively in buildings in the future, is an improvement over the type we saw in Philadelphia.

Mr. Kugler was kind enough to mail us plans and complete specifications of the lunch rooms we visited. They are now on file in this office. This material I consider of great value and will be referred to many times in the future.

The superintendent and I feel that our visit to Philadelphia was a most profitable one. We are sure that the information obtained will be exceedingly helpful in the future when we are considering the design of pupils' cafeterias in junior and senior high schools. Already some of the information obtained on our visit is now being used in the design of the kitchen and food serving counters of the proposed Washington Irving Intermediate School. When this building is opened I feel sure that the committee will be well pleased with the lunch room accommodations provided.

I sincerely hope that this report will be found satisfactory.

Respectfully submitted,

JAMES J. MAHAR,
Engineer.

REPORT OF JOHN A. O'SHEA, DIRECTOR OF MUSIC.

March 28, 1935.

MR. PATRICK T. CAMPBELL,
Superintendent of Public Schools,
Boston, Mass.

DEAR MR. CAMPBELL,—I respectfully submit the following report of my visit to Pittsburgh, Pennsylvania, to attend the Music Supervisors' Conference held there during the week of March 11, 1935.

Tuesday, March 12, 1935.

I arrived in Pittsburgh at 9.05 a. m. and at 9.30 I was in the Herron Hall Junior High School, where a very active orchestra of full instrumentation was being rehearsed. From there I went to the Schenley Senior High School and heard a very good band and orchestra. I was not surprised at the excellence of the work in these two schools, as music is rated as a major subject and is allowed one hour each day. I was also informed that the instruction takes place on different hours each day so that pupils are taken from all classes, avoiding through the week a repetition of taking any pupil away from any one subject. In Boston, we have at the most two periods a week. Upon

special invitation of the Director of Music of the Pittsburgh Schools we visited the South Junior and Senior High School for a demonstration of creative music. We hoped to see this work in the process of construction, but instead saw only the finished product of previous work. The Music Department of Pittsburgh is making quite a feature of creative project work in music. Although we have experimented in the Boston schools, I have never been tempted to put it on the program regularly because of the limited time allowed for music.

A very interesting intercollegiate contest festival was held on Tuesday evening in the ballroom of the William Penn Hotel. It is my opinion that the general excellence of the work done by the various college groups reflected the much higher standards of choral work now being done in all public schools.

Wednesday, March 13.

On Wednesday morning in the ballroom of the William Penn Hotel many prominent educators gave addresses, among them were Andrey A. Avinoff, Director of the Carnegie Museum of Pittsburgh; Marcus Aaron, President of the Pittsburgh Board of Public Education; Dr. Frances Elliott Clark, Camden, N. J.; Dr. Ben Graham, Superintendent of Schools of Pittsburgh. They made very definite preachments about the fact that, among educational circles, there is no longer any controversy as to the merit of music as a major study in our schools, pointing out that now, more than every before, music is needed by our public because of its great cultural benefits. One of the best talks of the entire meeting was that of Dr. Ben Graham. Most of his talk was given over to the teaching of character education through music. It was his opinion that music is the best possible way through which character training could be taught. Of course, in Boston we have been using music as a basis of character training for several years. Two outstanding groups, the à Cappella Choir of the Pottsville High School, Pottsville, Pa., and the Pennsylvania State College Glee Club furnished the music for this program.

Wednesday afternoon was devoted to the Pittsburgh Panorama, episodes from various music groups in the Pittsburgh schools, from Grades I to VIII, which consisted of demonstrations of specialized choral music, eurythmics, creative aspects of music, and the routine of various methods used in these grades.

It was very evident from the various demonstrations that the theme of the Iroquois Indians, both words and music, had been singled out for the creative work.

On Wednesday evening the Pittsburgh School Music Festival Concert was given in the Syria Mosque, a fine auditorium splendidly adapted for festival music work, with an opportunity to place on the stage, without crowding, a chorus of 800 and an orchestra of 80. I wish we had a similar hall in Boston which could be used for music festivals. A very interesting program was presented.

Thursday, March 14.

Thursday morning was given over to a general meeting. Several interesting addresses were made by various educators, among them Howard Hanson, Eastman School of Music, Rochester, N. Y., and Frank W. Wright, Assistant Commissioner of Education for Massachusetts. Mr. Hanson spoke on the present-day problems in the coordination of the secondary schools and institutions of higher

learning in the field of music and Mr. Wright chose as his subject School Music and the Public. Some very splendid *à cappella* work from the various high schools in Pittsburgh and suburbs was part of the program, again pointing out the excellence which can be attained when one hour a day is allowed. Thursday afternoon was a continuation of the so-called Panorama of Music.

Friday, March 15.

On Friday morning there was a great variety of demonstrations by suburban and Pittsburgh schools and considerable chamber music was heard. Again we discovered that the various groups had one hour's practice each school day.

I shall end my report by telling of what proved to be a delightful experience to me. At the Carnegie Institute of Technology we heard a concert by an excellent symphony orchestra given by a brilliant group of American-born musicians, led by an American-born conductor, Mr. J. Vick O'Brien. None of this talent was imported. It is something for which I have been waiting and working for years — American Symphonic Groups.

I wish to take this opportunity to offer my sincere thanks to you and to the School Committee for giving me this opportunity to attend the conference.

Yours very truly,

JOHN A. O'SHEA,
Director of Music.

REPORT OF SUSAN J. GINN, PRESIDENT OF NATIONAL VOCATIONAL GUIDANCE ASSOCIATION FOR 1934-35.

The Twentieth Annual Convention of the National Vocational Guidance Association was held at Haddon Hall, Atlantic City, N. J., February 20 to 24, inclusive.

There were three hundred and sixty-four registrations from twenty-four states and the District of Columbia. New York State naturally led with the largest attendance. Pennsylvania, New Jersey, Massachusetts, Ohio, the District of Columbia, Illinois, and Connecticut followed in the order named.

In the group were representatives of several government departments (especially education and labor) and of practically every branch of education. There were several representatives from industry. By far the larger number came from the schools and colleges.

Three associations besides the National Vocational Guidance Association were holding their annual meetings at the same time and in the same place, namely, the National Association of Deans of Women, the American College Personnel Association and the Teachers College Personnel Association. These four associations had organized themselves into the American Council of Guidance and Personnel Associations for the sake of having joint meetings and sessions of common interest groups. Seven other personnel organizations cooperated. All told, over a thousand delegates registered in the respective groups.

Registration and examination of exhibits occupied the first two hours of the opening day. At eleven o'clock the opening meeting of the American Council of Guidance and Personnel Associations was held to consider relationships between the associations, similarities and difference of aim, and means of promoting collaboration in administrative practice, in research, and in advancement of professional standards. Dr. Harry D. Kitson, President of the Council, gave the keynote address. He emphasized the point that

as long as human beings exist on earth there is need to help them in making adjustments.

At a united front luncheon presided over by President Clothier of Rutgers University, the presidents of the associations holding annual meetings were presented to the group. The main speaker was Mrs. Eleanor Rowland Wembridge, Referee of the Juvenile Court, Cleveland, who took as her topic "Can Youth be Guided?" She declared that a driving force is needed in the guidance of youth. She went on to say that her main trouble with counselors is their inability to feel the emotional qualities of children. She urged more attention for the average rather than the gifted child.

As President of the National Vocational Guidance Association, it was my privilege to preside at the first general session of the National Vocational Guidance Association convention. The topic "The Year's Progress, High Spots in Guidance Practice," was discussed from many angles by representatives from the United States Employment Service and the Office of Education in Washington, and by guidance workers from the public schools in various parts of the country, representing both urban and rural communities.

This meeting was followed by a Presidential Tea, when all the delegates were asked to meet the officers of the association.

In the evening the second general session was held, presided over by the First Vice President. The problems and progress of the branch associations were points of discussion.

Beginning with the second and during succeeding days, meetings began at 7.45 in the morning, with breakfast, and carried through the day with luncheon meetings and in some cases dinner meetings, until late at night. If one wanted to enjoy the Boardwalk it had to be done late at night or very early in the morning.

The third general session was concerned with the "Problem of Unemployed Youth." The now fashionable Panel Discussion Method was used in considering the topic "How Can We Provide Guidance and Employment for the Eighteen to Twenty-five Year Old Group?"

At the annual banquet of the association the story of the founding of the association twenty-five years ago was told. The president presided and introduced Dr. Jesse B. Davis of Boston University as toastmaster. He was present at the first meeting held in Boston in 1910. He, in turn, introduced Mr. Frank M. Leavitt, Assistant Superintendent of Schools, Pittsburgh, who was the first President; Mr. Carson Ryan of Swarthmore College, the first secretary; and Mr. Meyer Bloomfield, who was instrumental in calling that first meeting.

In order that all phases of guidance might be covered, there was a series of informal group conferences based upon school levels, Elementary, Junior High, Senior High and Vocational Schools.

The fourth general session was given over to the topic "Advancement of Professional Standards." This again was a panel discussion.

The fifth and final general session of the convention was concerned with the report of the convention committee and discussions of its recommendations. Among the many recommendations were the following:

"That through the officers of their various associations, the attention of elementary, secondary and college administrators be called to the importance

of adequate personnel records as a basis for the study and guidance of individuals.

"That school systems, educational institutions and employment services be encouraged to provide a follow-up service for former students, and those placed. The information secured in connection with this service to be made available for use with students still enrolled in school in shaping curriculum, and in the study of occupational conditions and opportunities. That every counselor should consider the making of follow-up studies a necessary part of this program of professional improvement.

"That the National Vocational Guidance Association encourage research toward the refinement of measures of capacities and interests of the individual, and of the requirements of occupations.

"That the National Vocational Guidance Association carry on a continuous program of public relations, national as well as local in scope, tending to enlist the continuous support of citizens, individually and in groups. That, in this connection, the National Vocational Guidance Association foster in local communities the setting up of community voluntary groups to study and to coordinate all facilities which aid in the adjustment of individuals."

Saturday evening a dinner conference was held. Superintendent Lee of the San Francisco schools presided. The topic "The Superintendent and Guidance" was discussed by Superintendents Weglein of Baltimore and Potter of Milwaukee, who told what their cities were doing in vocational guidance. Mr. Loughran, Principal of the Samuel J. Tilden High School, Brooklyn, N. Y., read a paper on how to have a vocational guidance program in your school without additional cost. In his school there is a licensed vocational counselor, who is assisted by six teachers giving full time to the work of counseling. This release of teachers was made possible by the assignment of a fraction of an additional pupil to each teacher. In passing, I might add that his school numbers 7,000 pupils. Thirty-five hundred pupils attend a morning session and the same number at the afternoon session. On my way home from the convention I visited this school and saw an excellent guidance program in operation.

Perhaps the high spot of the convention was the presence of Mrs. Franklin D. Roosevelt, wife of the President, at the united luncheon on Washington's Birthday and at the meeting which followed, when she made a twenty-minute address which gave great satisfaction. This luncheon and meeting were arranged by the National Association of Deans of Women for the American Council of Guidance and Personnel Associations. Fully eight hundred people were present at the meeting. Among other things she said, "I feel, of course, that it is very, very important that we emphasize today in our education the fact that girls are going to be part of a community, and that their lives, no matter what they do, whether they go into a profession, whether they go into business, whether they marry and again become makers exclusively, it doesn't matter—they are part of the community and that community will be interested in their life. Now, of course, I would think that a good many of the deans and the vocational guidance experts would feel that it was a good deal to ask that they prepare girls for living in this community. That should be part of the home preparation and I will agree, it should be. The

example at home should lead them naturally to do that, but frequently it doesn't, and besides all young people get more inspiration from the atmosphere of the people they touch outside their homes, I think, than they do as a rule from within their homes. . . ."

Respectfully submitted,

SUSAN J. GINN,
President,

National Vocational Guidance Association
for 1934-1935.

LAND-TAKING IN DORCHESTER.

The Mayor has approved the order of the Board of Street Commissioners for the taking of land for a public improvement consisting of the laying out and construction of Ely road, Dorchester district, as a highway, from Frederika street to Kenmere road; bounded and described as follows:

A highway named Ely road is hereby laid out, from Frederika street to Kenmere road and ordered constructed; the cost thereof to be charged to Federal funds allotted under the Federal Emergency Administration program for Massachusetts.

Said highway and the land, exclusive of trees or structures standing upon or affixed thereto, in which an easement for street purposes is hereby taken, is bounded and described as follows:

Westerly by Frederika street, forty and 1-100 feet; northerly by the northerly line of said Ely road as hereby laid out, five hundred and 9-100 feet; easterly by Kenmere road, forty and 1-100 feet; and southerly by the southerly line of said Ely road as hereby laid out, five hundred and 9-100 feet.

Included in the above described land (taken hereunder) are parts of certain parcels of land registered in the Land Court, said parcels being shown on the plan hereinbefore referred to, and said parts being the portions of said registered parcels which lie between the side lines of said Ely road and the middle line thereof; the owners of said portions, the number of the certificate of title and the book and page where the same is registered are as follows:

Mary F. Gilbody, Cert. No. 30619, Book 149, page 19.

John H. Wilcox and Margaret B. Wilcox, Cert. No. 32384, Book 157, page 184.

Sarah J. Griffin, Cert. No. 29850, Book 145, page 50.

James P. Collins and Margaret T. Collins, Cert. No. 30431, Book 148, page 31.

Frank L. Ross and Katherine J. Ross, Cert. No. 30190, Book 146, page 190.

Thomas E. Fitzpatrick, Cert. No. 30899, Book 150, page 99.

Katherine L. Fitzpatrick, Cert. No. 30794, Book 149, page 194.

Thomas E. Fitzpatrick, Cert. No. 30795, Book 149, page 195.

Theresa A. Fitzpatrick, Cert. No. 31158, Book 151, page 158.

Patrick W. Melia and Margaret H. Melia, Cert. No. 29732, Book 144, page 132.

Anna L. McGuinness, Cert. No. 32203, Book 157, page 3.

Mary M. Loughlin, Cert. No. 31199, Book 151, page 199.

Maria Gately, Cert. No. 31152, Book 151, page 152.

Mary L. Sullivan, Cert. No. 30907, Book 150, page 107.

Daniel J. Sheehan and Mary A. Sheehan, Cert. No. 30678, Book 149, page 78.

Alice Maude Wool, Cert. No. 30852, Book 150, page 52.

Mary E. Carney, Cert. No. 30830, Book 150, page 30.

Simon J. Forrest and Brigid Forrest, Cert. No. 31056, Book 151, page 56.

Catherine J. Farrell, Cert. No. 31046, Book 151, page 46.

Catherine A. Shea, Cert. No. 31289, Book 152, page 89.

Voted, That this Board determines that no person sustains damages in his estate by the making of the public improvement, consisting of the laying out and construction of Ely road, Dorchester district, as a highway, from Frederika street to Kenmere road, under the order of the Board of April 23, 1935, and awards no damages therefor.

LAND-TAKING IN HYDE PARK.

The Mayor has approved the order of the Board of Street Commissioners for the taking of land for a public improvement, consisting of the laying out and construction of Deforest street, Hyde Park district, as a highway, from West street to Hallron street, bounded and described as follows:

A highway named Deforest street is hereby laid out, from West street to Hallron street, and ordered constructed; the cost thereof to be charged to Federal funds allocated under the Federal Emergency Relief Administration program for Massachusetts.

Said highway and the land, exclusive of trees or structures standing upon or affixed thereto, in which an easement for street purposes is hereby taken, is bounded and described as follows:

Southwesterly by West street, sixty feet; northerly by the northerly line of said Deforest street as hereby laid out, fifteen and 71-100 feet on a curve of ten feet radius; northwesterly by the northwesterly line of said Deforest street as hereby laid out, eighty-nine and 11-100 feet; westerly by the westerly line of said Deforest street as hereby laid out, eighty-six and 30-100 feet on a curve of sixty-eight and 23-100 feet radius; southwesterly by the southwesterly line of said Deforest street as hereby laid out by three measurements, two hundred sixteen and 38-100 feet, four hundred thirty-four and 85-100 feet and two hundred four and 99-100 feet; northwesterly by the northwesterly line of said Deforest street as hereby laid out, forty feet; northeasterly by the northeasterly line of said Deforest street as hereby laid out by three measurements, two hundred three and 19-100 feet, four hundred thirty-six and 41-100 feet and two hundred nineteen and 74-100 feet; easterly by the easterly line of said Deforest street as hereby laid out, one hundred thirty-six and 88-100 feet on a curve of one hundred eight and 23-100 feet radius; southeasterly by the southeasterly line of said Deforest street as hereby laid out, eighty-nine and 11-100 feet; and easterly by the easterly line of said Deforest street as hereby laid out, fifteen and 71-100 feet on a curve of ten feet radius.

Voted, That this Board determines that no person sustains damages in his estate by the making of the public improvement consisting of the laying out and construction of Deforest street, Hyde Park district, as a highway, from West street to Hallron street, under the order of the Board of April 12, 1935, and awards no damages therefor.

LAND-TAKING IN DORCHESTER.

The Mayor has approved the order of the Board of Street Commissioners for the taking of land for a public improvement, consisting of the laying out and construction of Iola street, Dorchester district, as a highway, from Talbot avenue to Tonset street, bounded and described as follows:

A highway named Iola street is hereby laid out, from Talbot avenue to Tonset street, the cost thereof to be charged to Federal funds allocated under the Federal Emergency Relief Administration program for Massachusetts.

Said highway and the land, exclusive of trees or structures standing upon or affixed thereto, in which an easement for street purposes is hereby taken, is bounded and described as follows:

Northerly by Talbot avenue, forty and 94-100 feet; easterly by the easterly line of said Iola street as hereby laid out, three hundred four and 95-100 feet; northeasterly by the northeasterly line of said Iola street as hereby laid out, twenty and 52-100 feet on a curve of ten feet radius; southerly by Tonset street, sixty-one and 62-100 feet, and westerly by the westerly line of said Iola street as hereby laid out, three hundred fifty-one and 6-100 feet.

Voted, That this Board determines that no person sustains damages in his estate by the making of the public improvement, consisting of the laying out and construction of Iola street, Dorchester district, as a highway, from Talbot avenue to Tonset street, under the order of the Board of April 12, 1935, and awards no damages therefor.

BIDS FOR MILK, CREAM, ETC.

The following statement was issued from the Mayor's office upon April 23:

The first call for competitive bids for milk, cream, skimmed milk, buttermilk and sweet butter were opened and read on March 18, 1935, rejected. New bids were called for and publicly opened on April 8, 1935. In the first set of bids the United Farmers Company was the low bidder by approximately \$17,000 upon a six-months' supply for the city institutions.

When the second set of bids were opened, however, a variation of figures by all of the original bidders was disclosed. The United Farmers Company was not low on the second bid but Herlihy Brothers was low. But the United Farmers have offered to the city to fulfill its requirements for this six-months' period and to sign a contract to that effect based upon the figures given in the original bid. This original bid is approximately \$4,500 less than the low bidder upon the second bid, namely, Herlihy Brothers. But as a matter of actual fact and figures, the United Farmers is still approximately \$17,000 lower than its next lowest competitor, because the Herlihy bid of \$90,217.02, submitted with the second group of bids, was not based upon actual figures, but contained a proviso based upon Milk Control Board prices.

In other words, if the Milk Control Board prices are as low as Herlihy thinks that they are, they will sell milk to the city for six months for \$90,217.02, but if the Milk Control Board prices are higher, then the additional amount will be added to the Herlihy bid so that the city in that event will be likely to be called upon to pay a sum entirely unknown but probably at least \$17,000 higher than by accepting the original United Farmers bid.

BOSTON AS A TOWN.

From its foundation until 1755, or a period of 125 years, Boston was not only the most outstanding but the most populous town in the American colonies. In 1760, Philadelphia's population was ahead, viz., 18,756, Boston's then being 15,631 and New York's about 14,000. In the last year of town government, viz., 1821, Boston's population was about 45,000 and its public debt \$100,000, all incurred for new county buildings.

The history of Boston as a town during a period of nearly two centuries surpasses in civic interest that of Boston as a city because of the untiring zeal and successful efforts of its townsmen to realize more of true democracy than had ever been attained before. Their obligations were held as sacred as their liberties.

CITY OF BOSTON.

PARK DEPARTMENT.

PROPOSALS FOR WIRE FENCES AT HEALY PLAYGROUND, ROSLINDALE.

The Park Commissioners of the City of Boston, 33 Beacon street, Boston, invite proposals for wire fences at Healy Playground, Roslindale. Forms of proposals must be obtained at the engineer's office of the Park Department, 33 Beacon street. Each proposal should be signed by the bidder and inclosed in an envelope, sealed, and marked, "Proposal for Wire Fences at Healy Playground, Roslindale," and left before 2 o'clock p. m. on Thursday, May 9, 1935, at the office of the Park Department with a certified check for \$300, payable to and to be the property of the City of Boston if the proposal is not carried out, and will then and there be publicly opened and read. A duplicate proposal, without check, must be deposited with the City Auditor previous to the time named for opening the bids. A bond will be required for doing the work in the sum of at least 50 per cent of the contract price, of a surety company approved by the Commissioners, to secure the due protection of the city. The Commissioners reserve the right to reject any or all proposals.

WILLIAM P. LONG, Chairman,
THEODORE C. HAFENREFFER,
JOHN J. MARTIN,

(April 27.) Commissioners.

CITY OF BOSTON.

PARK DEPARTMENT.

PROPOSALS FOR REPAIRING BITUMINOUS PAVEMENT ON ANY ROADWAY IN THE BOSTON PARK SYSTEM UPON WHICH THE MAINTENANCE GUARANTY HAS EXPIRED.

The Park Commissioners of the City of Boston, 33 Beacon street, Boston, invite proposals for repairing bituminous pavement on any roadway in the Boston Park System upon which the maintenance guaranty has expired. Forms of proposals must be obtained at the engineer's office of the Park Department, 33 Beacon street. Each proposal should be signed by the bidder and inclosed in an envelope, sealed, and marked, "Proposal for Repairing Bituminous Pavement on Any Roadway in the Boston Park System Upon which the Maintenance Guaranty has Expired," and left before 2 o'clock p. m. on Thursday, May 9, 1935, at the office of the Park Department with a certified check for \$1,000, payable to and to be the property of the City of Boston if the proposal is not carried out, and will then and there be publicly opened and read. A duplicate proposal, without check, must be deposited with the City Auditor previous to the time named for opening the bids. A bond will be required for doing the work in the sum of at least 50 per cent of the contract price, of a surety company approved by the Commissioners, to secure the due protection of the city. The Commissioners reserve the right to reject any or all proposals.

WILLIAM P. LONG, Chairman,
THEODORE C. HAFENREFFER,
JOHN J. MARTIN,

(April 27.) Commissioners.

POPULATION OF MASSACHUSETTS, 1930.

Total population, 4,249,614 (2,071,672 males and 2,177,942 females; total white, 4,192,926 (2,042,213 males and 2,150,713 females); total native white, 3,138,290 (1,532,751 males and 1,605,539 females); native white of native parentage, 1,429,784 (702,983 males and 726,801 females); native white of foreign or mixed parentage, 1,708,506 (829,768 males and 878,738 females); 1,202,191 (584,705 males and 617,486 females) of them being of foreign parentage; foreign-born white, 1,054,636 (509,462 males and 545,174 females); Negro, 52,365 (26,097 males and 26,268 females); Indian, 874 (458 males and 416 females); Chinese, 2,973 (2,530 males and 443 females); Japanese, 201 (151 males and 50 females); Mexican, 66 (43 males and 23 females); all other races, 209 (180 males and 29 females).

CITY OF BOSTON.

PUBLIC WORKS DEPARTMENT.

NATIONAL INDUSTRIAL RECOVERY PROJECT, P. W. A., DOCKET NO. 4205-G.

PROPOSALS FOR SHEET ASPHALT OR BITULITHIC PAVEMENT IN SAVIN HILL AVENUE AND GRAMPAN WAY, FROM BRIDGE OVER RAILROAD TO BRIDGE OVER RAILROAD.

The Commissioner of Public Works of the City of Boston, hereinafter designated as Commissioner, Room 508, fifth floor, City Hall Annex, invites proposals from the citizens of the United States and corporations or other legal associations wherein the controlling interest to the extent of at least one-half thereof is owned by a citizen or citizens of the United States, for sheet asphalt or bitulithic pavement in Savin Hill Avenue and Grampian Way, Ward 13, from bridge over railroad to bridge over railroad. Each proposal should be inclosed in an envelope, sealed, marked "Proposals for Sheet Asphalt or Bitulithic Pavement in Savin Hill Avenue and Grampian Way," and left at Room 508, fifth floor, City Hall Annex, before 12 m., daylight saving time, on Tuesday, May 7, 1935, accompanied by a properly certified check on, or a certificate of deposit issued by a responsible bank or trust company in the sum of two thousand two hundred dollars (\$2,200), payable to the City of Boston. Checks will be returned after execution of the contract on demand. The proposals will there and then publicly be opened and read. Proposals must be made in duplicate, the sealed duplicate, without check, to be deposited by the bidder with the City Auditor previous to the time named for opening the proposals. Bids must be made upon the prescribed proposal form. Special attention of the bidders is called to all provisions of the Federal Emergency Administration of Public Works, which form a part of the contract, including the prescribed minimum rate of \$1.20 per hour for skilled labor, and 50.50 per hour for unskilled labor, and to the special provisions as to semi-skilled labor. Without exception, no bids will be considered unless accompanied by the bidder's certificate of compliance, United States Government form P. W. A. 61, revised March, 1934, to the effect that the bidder is complying with and will continue to comply with each applicable Code of Fair Competition, or, in the absence of such Code or Codes, with the President's Reclamation Agreement. Copies of this certificate will be included with the "Instructions to Bidders." Plans, specifications and contract form may be examined in Room 508, City Hall Annex, upon the deposit of the sum of five dollars (\$5). A money bond by an approved surety company will be required from the successful bidder in an amount not less than the full amount of the contract. The right is reserved to accept any and all proposals, or to accept any proposal deemed best for the interest of the City of Boston, and no award can be made without the approval of the State Engineer, P. W. A. The name and address of the local representative office of the National Reclamation of Savings, from which can be obtained the bid certificate, shall be obtained, and returned, State Public Employment Office, Division of Public Management, 100 North Street, Boston.

C. J. CARVEN,
Commissioner of Public Works.

(April 20-27.)

CITY OF BOSTON.

PUBLIC WORKS DEPARTMENT.

PROPOSALS FOR RESURFACING OR REPAIRING WITH BITUMINOUS MATERIALS THE PAVEMENT IN ANY STREET UPON WHICH THERE IS NO MAINTENANCE GUARANTY.

The Commissioner of Public Works of the City of Boston, office 508 City Hall Annex, invites proposals from citizens of the United States and corporations or other legal associations wherein the controlling interest to the extent of at least over one half thereof is owned by a citizen or citizens of the United States, for resurfacing or repairing with bituminous materials the pavement in any street upon which there is no maintenance guaranty when ordered to do so by the Commissioner and giving bond therefor of a surety company approved by the Commissioner in the sum of one hundred per cent of the amount of the contract in each district to secure the due performance of the contract and the full protection of the city. Forms of proposals may be obtained at Room 508, City Hall Annex. Each bidder must give the location of the plant which it is intended to operate and the capacity of the same. Each proposal should be inclosed in an envelope, sealed, marked "Proposals for Repairing Pavements with Bituminous Materials," and left at Room 508, fifth floor, City Hall Annex, before 12 m. on Monday, May 6, 1935, with a certified check for three thousand (\$3,000) dollars, for each district, payable to and to become the property of the city if the proposal after acceptance is not carried out. The proposals will then and there be publicly opened and read. Proposals must be made in duplicate, the sealed duplicate, without check, to be deposited by the bidder with the City Auditor previous to the time named for opening the bids. There will be a charge of two dollars (\$2) for each set of plans and specifications taken out. If the price of any item appears to the Commissioner to be abnormally high or low, or the bidder neglects to bid on each and every item, it may lead to the rejection of the proposal containing such price. The boundaries of the districts are to be determined by the Commissioner so as to make the amount of work done in each district about equal. The undersigned reserves the right to reject any or all proposals or to award the contract as he may deem for the best interests of the city so to do.

C. J. CARVEN,
Commissioner of Public Works.
(April 20-27.)

PUBLIC WORKS DEPARTMENT.

PROPOSALS FOR REPAIRS TO OUTFALL AND SEA WALL, CALF PASTURE PUMPING STATION, DORCHESTER.

The Commissioner of Public Works of the City of Boston, office 508 City Hall Annex, invites proposals from citizens of the United States and corporations or other legal associations wherein the controlling interest to the extent of at least over one half thereof is owned by a citizen or citizens of the United States, for repairs to outfall and sea wall, Calf Pasture Pumping Station, Dorchester, and giving bond therefor of a surety company approved by the Commissioner in the sum of 100 per cent of the contract, to secure the due performance of the contract and the full protection of the city. Forms of proposals may be obtained at Room 508, City Hall Annex. Each proposal should be inclosed in an envelope, sealed, marked "Bids for Repairs to Outfall and Sea Wall, Calf Pasture Pumping Station, Dorchester," and left at Room 508, fifth floor, City Hall Annex, before 12 o'clock m. on Thursday, May 9, 1935, with a certified check for one hundred (\$100) dollars, payable to and to become the property of the city if the proposal after acceptance is not carried out. The proposals will then and there be publicly opened and read. Proposals must be made in duplicate, the sealed duplicate, without check, to be deposited by the bidder with the City Auditor previous to the time named for opening the bids. There will be a charge of one dollar (\$1) for each set of plans and specifications taken out. If the price of any item appears to the Commissioner to be abnormally high or low, or the bidder neglects to bid on each and every item, it may lead to the rejection of the proposal containing such price. The boundaries of the districts are to be determined by the Commissioner so as to make the amount of work done in each district about equal. The undersigned reserves the right to reject any or all proposals or to award the contract as he may deem for the best interests of the city so to do.

C. J. CARVEN,
Commissioner of Public Works.

CITY RECORD

OFFICIAL CHRONICLE OF BOSTON MUNICIPAL AFFAIRS.

VOL. 27.

SATURDAY, MAY 4, 1935.

No. 17

CITY CANNOT ABSORB ADDITIONAL BURDEN OF INCREASED POLICE FORCE AT PRESENT TIME, MAYOR MANSFIELD TELLS POLICE COMMISSIONER McSWEENEY—REACHES THIS DECISION AFTER CONFERENCE WITH BUDGET COMMISSIONER AND SERIOUS CONSIDERATION OF PROBLEM BY HIMSELF—WOULD ADD \$445,197 TO POLICE DEPARTMENT BUDGET FOR YEAR 1935.

Upon April 30 Mayor Mansfield addressed the following letter to Police Commissioner Eugene M. McSweeney relative to the appointment of additional patrolmen to the service:

Boston, April 30, 1935.

EUGENE M. McSWEENEY, ESQ.,
Police Commissioner.

DEAR COMMISSIONER McSWEENEY,—I received your letter of April 10 in due course and have been in conference with the Budget Commissioner about it and have given it very serious consideration.

Without minimizing in any degree the importance of the three points discussed in your letter, namely, shortage of patrolmen, inadequacy of boat equipment, and the need of modern tear gas equipment, it is my opinion that the city cannot at the present time absorb the additional burden which would result if appropriations to meet the needs which you outline were included in the budget of the Police Department for the current year. Approval and adoption of the program as contained in your letter would necessitate additional appropriations in the 1935 budget of the Police Department of \$445,197. The details of this total are as follows:

264 Patrolmen at \$1,600 from June 1	\$246,400
264 Uniforms at \$120	31,680
Tear Gas Equipment	25,717
Boat Equipment	141,400
Total	<u>\$445,197</u>

You will note from the foregoing table that the compensation cost of adding 264 patrolmen to the Police Department has been estimated only from June 1, the earliest date on which it would appear possible to carry out the proposed appointments. In addition, the entrance or minimum salary has been used. Computing the addition of this group on a full year's basis, and at the maximum salary, an appropriation of \$554,500 would be required. In other words, in addition to the amounts which the city would be required to provide in the police budget for the current year, it would also be necessary in subsequent years to provide an additional \$159,000.

To Avoid Tax Rate Jump.

To avoid a tax rate in excess of \$40 for the current year, it will be necessary to revise downward the original budget program for city departments by at least \$2,100,000. To secure this reduction it will be necessary to modify downward budget allowances for all departments. Faced with this problem, it must be evident that an increase in the Police Department budget equal to approximately 80 per cent of the total required budget adjustment cannot be made without seriously curtailing the operating allowances of all departments, exclusive of the Police Department. I can see no justification, under existing conditions, for singling out one department for preferential treatment at the expense of all other departments.

Considering briefly the three proposals of the Police Commissioner, I have the following comments to offer:

Shortage of Patrolmen.—While the number of patrolmen on duty today is approximately 13 per cent below the high-water mark of 1929, nevertheless, I feel that since the latter year, changes and improvements in departmental administration, methods and equipment have been instituted and installed which offset the apparent loss of man power. Installation of teletype, additional motor equipment, replacement of worn-out cables, establishment of a modern radio system of communication, and a gradual city-wide extension of the blinker system have all contributed to increase greatly the mobility of the Police Department. A police department that is mobile can, without question, function with a lesser number of patrolmen than a department which lacks the means of rapid and efficient communication with its deployed forces. The present high degree of mobility of the department is, I think, a much stronger argument against the need of additional man power than is the argument which may be deduced from statistics to the effect that on a population and area basis Boston has more patrolmen than any other large metropolitan city in the country. I sincerely believe that police officials must become reconciled to the fact that under existing economic conditions it is imperative that the department be administered without any immediate increase in man power.

"O Boston, fair City enthroned like a radiant queen,
From thy hills looking down on the ship-teeming plain of the ocean,
May thy future be bright, thy skies beam with light all serene,
Ensured by thy sons' and thy daughters' unselfish devotion!"

From Boston Centennial Poem by
NATHAN HASKELL DOLE.

MUNICIPAL SERVICE.

Complaints, inquiries or suggestions regarding the work of municipal departments should be made in writing to the officials directly in charge. The failure of such official to make reply within a reasonable length of time should be brought to the attention of the Mayor. Communications should be directed as follows:

To THE BOARD OF STREET COMMISSIONERS, Room 401, City Hall Annex, for information relative to the laying out, relocation, widening and the discontinuance of highways; the taking of rear property for municipal purposes; the assessments of betterments for streets and sewers; the plotting of undeveloped area for streets and the opening of private ways; the granting of licenses

for the storage or sale of merchandise in public streets; the making of specific repairs in public streets; the naming of public streets; the planting and removal of trees in public ways; the issuing of licenses for the storage of gasoline, oil, and other inflammable substances or explosive compounds; the use of the public ways for any permanent or temporary obstruction or projection in, under or over the same, including the location of conduits, poles and posts for telephone, telegraph, street railway or illuminating purposes, signs, marquees, bay windows, coal holes and vaults.

To THE BOSTON TRAFFIC COMMISSION, 134 North street, for information relative to regulation of vehicular street traffic on all or any streets, ways, highways, roads and parkways under the control of the City of Boston, the issuing of all permits in connection therewith.

To THE COMMISSIONER OF PUBLIC WORKS, Room 511, City Hall Annex, for information as to the watering, cleaning, lighting and repairing of streets, the construction and care of sewers and catch-basins, the operation of the ferries, the maintenance of bridges and drawbridges and the removal of ashes and offal.

To Room 604, City Hall Annex, for information relative to the supplying or metering of water and the water charges of the city.

To THE HEALTH DEPARTMENT, Room 1107, City Hall Annex, for information relative to the inspection of milk, vinegar, meat, fish and vegetables, the issuance of permits for stables, slaughter houses, etc., smoke nuisances, the existence of contagious diseases, of public health nuisances.

To THE BOARD OF PARK COMMISSIONERS, 33 Beacon street, for information as to the care of the Common, Public Garden, Franklin Park, Franklin Field, Commonwealth avenue, Back Bay Fens, Marine Park, the Airport, and the small parks and playgrounds in general throughout the city, and as to the extermination of gypsy moths and the

charges made for such service. Application may be made to this department for information regarding the public bath and gymnasiums maintained by the city, and with regard to municipal indoor concerts and band concerts, also information relative to Mt. Hope, Evergreen, Fairview and other public cemeteries owned by the City of Boston.

To THE SCHOOL COMMITTEE, 15 Beacon street, for information relative to the operation of the schools of the city.

To THE DEPARTMENT OF SCHOOL BUILDINGS, 11 Beacon street, for information as to the construction and repair of school buildings.

To THE BOARD OF EXAMINERS, Room 1001, City Hall Annex, for information regarding the licensing of persons having charge or control of the work of construction, alteration, removal or tearing down buildings.

To THE STATISTICS DEPARTMENT, Room 76, City Hall, for historical, geographical, political and population facts about Boston; the personnel and accomplishments of present and past municipal administrations; and such similar information as may be found concerning other American municipalities in its Municipal Officials' Reference Library.

To THE WIRE DIVISION OF THE FIRE DEPARTMENT, 60 Bristol street, for all information relative to the erection of poles, building of conduits, the installation of all overhead and underground construction and electrical apparatus, as well as for general information relative to the entire division. To Room 103, City Hall Annex, for permits for the installing of wires and electrical apparatus within buildings of the City of Boston, and for the payment of fees incident to the granting of the privileges above named, and which must be paid in advance.

To THE BOARD OF ZONING ADJUSTMENT, Room 30, City Hall, relative to changes in the boundary lines of zoning districts of the City of Boston as established by chapter 488 of the Acts of 1924, and amendments thereto.

MORTALITY REPORT.

For the week ending April 27, 1935:
Population estimated, July, 1935, United States Census Bureau estimate, 798,568; number of deaths (stillbirths excluded): Residents, 211; nonresidents, 46; total, 257.

Death rate per 1,000 of population: All deaths, 16.73; nonresidents deducted, 13.74.

Death rate per 1,000 of population: Last week, 15.50; corresponding week last year, 16.35.

MAYOR MANSFIELD RECEIVES INFORMATION FROM PAUL V. BETTERS, EXECUTIVE DIRECTOR UNITED STATES CONFERENCE OF MAYORS, RELATIVE TO FEDERAL WORKS PROGRAM AND CONDITIONS UPON WHICH GRANTS ARE TO BE MADE.

The following is a copy of the letter received by Mayor Mansfield from Paul V. Betters, Executive Director, the United States Conference of Mayors:

April 29, 1935.

DEAR MR. MAYOR,—As you undoubtedly have noted from the President's statement yesterday on the work program, the principles outlined conform to the informational bulletins previously forwarded to you by the Conference. On April 11, when the Governing Committee of the Conference met with the President, we recommended with regard to allocation or distribution of funds, projects and/or quotas of relief persons to be employed as follows:

"... It is necessary that the funds made available be allocated and distributed among the units and areas of government throughout the country in the proportion which the employable load of these units bears to the national employable load.

That this recommendation has been fully accepted is clear from the following quotation from the President's statement of yesterday:

"Projects will be allocated to localities or relief areas in relation to the number of workers on relief rolls in those areas."

If the above is carried out we are, therefore, assured that the municipalities will receive equitable treatment.

Secondly, the President stated that the Allotment Division will include "a representative of cities," which is in accordance with the recommendations of the Conference.

Please be advised that no details have as yet been formulated or announced. The information coming daily to the Conference headquarters indicates that very few cities will apply for loans for the following reasons:

1. They do not have legal ability to incur further debt.

2. Even where legal power is available, it is not economically feasible to saddle additional debt on the municipal government.

3. Since this is a Federal program designed to place upon the Federal Government responsibility for providing work for 3,500,000 employable persons on the relief rolls, the cities, counties and the states will be pushed to the limit by assuming responsibility for the unemployables.

4. Most cities, if they so desire, can now borrow, in the private market, funds at low interest rates for public projects without the necessity of undergoing supervision, control and conditions imposed by the Government.

5. Officials realize that any request for loans, if granted, reduces the full contribution of the Federal Government in its assumption of responsibility for giving work to workers on relief rolls.

You will be kept promptly informed as to all developments, and advised as to what steps are to be taken in addition to the recommendations already forwarded to you.

Faithfully yours,

PAUL V. BETTERS,
Executive Director.

CANNING PROJECT PROPOSED AS RELIEF MEASURE.

The following is a copy of letter from John C. L. Dowling to Mayor Mansfield, made public on May 1:

HON. FREDERICK W. MANSFIELD,
Mayor of Boston.

SIR,—A matter of great interest to me and one which I think will develop into something profitable for our people is the proposal to establish a canning project, to be supported by Federal Funds, to give employment to approximately one hundred fifty women, 50 per cent of whom will be selected from the rolls of the Department of Public Welfare.

The proposal is that this canning industry start out by making fish chowder according to the regular New England recipe, utilizing fish caught in our own water by native fishermen, and canned by a group of the city's unemployed women.

The plan contemplates giving aid not only to our fishing industries, which are suffering from foreign competition, and giving jobs to the women who will make the chowder and do the canning, but it also will help us to tide our families over with this necessary food.

The Federal Government will supply both the materials and the cans and will

set up, as a separate project, boiler makers to construct most of the utensils. The cost to the city will be small. We have asked the School Committee to let us have the abandoned Dighton School—a six-room school building in excellent condition—in Brighton. Thus the project will serve the threefold purpose of giving aid to local fishermen, work to unemployed women, and food to the needy.

We do not propose to infringe upon the rights of private industry, although every effort will be put forth to produce a high-grade chowder which will do credit to the City of Boston.

Details for working out such an industry to relieve our department will be taken up as soon as we have your approval, not only with the Federal Administrator but with a group of business men familiar with the fishing industry and the canning trade.

We will carry this plan through with the cooperation of Professor Cole of the State Agricultural College, who has charge of all such projects in Massachusetts, and each step will be taken under the guidance of those who understand both the scientific and practical problems involved in such a project.

Yours truly,

JOHN C. L. DOWLING,
Executive Director.

INCREASE POLICE FORCE.

(Continued from page 473.)

MARINE EQUIPMENT.

Boat Equipment.—Without having had the opportunity to make a thorough study and investigation of the present marine equipment of the department, it seems to me that your plan contemplates an attempt not only to replace equipment which is obsolete and worn out, but also to augment and increase the fleet of the department, at the same time extending the service rendered by the harbor police. Where service is now rendered in the harbor by a steamer and two small launches, it is proposed that four boats shall be purchased, two of the large coast guard patrol type and two of the enclosed cabin speed boat type. From existing shipping conditions in the harbor, I can see no compelling reason for extending harbor police service at this time. I realize from the age of the steamer "Watchman" that consideration must be given to its replacement. But I do not think that the replacements should be in such form as to increase the budget of the department. A loan appropriation of \$60,000 might be obtained which would provide for the disposal of the three boats which are now used and to replace them by a forty-five foot boat of the coast guard patrol type and a thirty-foot speed launch. If this course were resolved upon an appropriation in the budget of \$1,100 might be provided for the purchase of a launch to be used on the Charles river at West Roxbury and one row boat. The installation of an out-board motor upon the row boat might also be considered so that it might be used under and around the docks and piers of the harbor.

Tear-Gas Equipment.—Since it is not financially possible to provide the total amount requested for equipment of this character, I feel that with an appropriation in this year's budget of \$5,000, a start could be made in the equipping of the Police Department for the quelling of riots and major disorders. Such an appropriation would take care of the various items which the armorer proposes shall be issued to the various divisions and units. It does not, however, provide for any emergency equipment to be retained at headquarters. Providing an appropriation to permit the equipping of the various divisions and units this year, to be followed by additional appropriations in subsequent years for the purchase of reserve supplies, represents the maximum possibility under this individual item.

I recommend, therefore, that consideration be given to making a loan appropriation of \$60,000 for the replacement of worn-out and obsolete boats, and that in the budget \$1,100 be provided for small marine equipment, and \$5,000 be provided for necessary tear-gas equipment. This program, I think, represents the maximum which can be attempted under existing financial conditions by the city this year.

Yours truly,

FREDERICK W. MANSFIELD.

BUILDINGS RAZED.

The Mayor has approved the request of the Building Department to raze the following structures as fire hazards or nuisances:

The buildings at 6, 6 1/2, 8 and 10 Cedar street, Ward 2, are vacant, open to the pass, windows broken, dilapidated and a fire menace. According to the records in the Suffolk Registry of Deeds the buildings are owned by the City of Boston.

PROPOSALS ADVERTISED.

Bids have been asked by advertisement in the *City Record* for the following departments. The attention of contractors and others is especially called to the closing time of receipt of such proposals. This will be published weekly.

PARK DEPARTMENT.

Advertises for proposals for erecting wire fences at Healy Playground, Roslindale. Surety bond will be required in a sum equivalent to 50 per cent of the contract price. Blank forms for proposals may be obtained at the office of the Park Department, 33 Beacon street, Boston. Bids, accompanied by certified check in the sum of \$300, to be filed at the same office. Duplicate bid, without check, to be filed with the City Auditor.

Bids close Thursday, May 9, at 2 p. m.

Advertises for proposals for bituminous pavement on any roadway in the Boston Park System upon which the maintenance guaranty has expired. Surety bond will be required in a sum equivalent to 50 per cent of the contract price. Blank forms for proposals may be obtained at the office of the Park Department, 33 Beacon street, Boston. Bids, accompanied by certified check in the sum of \$1,000, to be filed at the same office. Duplicate bid, without check, to be filed with the City Auditor.

Bids close Thursday, May 9, at 2 p. m.

POLICE DEPARTMENT.

Advertises for proposals for making and delivering uniform garments. Surety bond will be required in a sum equivalent to the full amount of the contract price. Blank forms for proposals may be obtained at the office of the Police Department, Property Clerk, 154 Berkeley street, Boston. Bids, accompanied by certified check in the sum of \$500, to be filed at the office of the Commissioner.

Bids close Tuesday, May 14, at 12 m.

PUBLIC WORKS DEPARTMENT.

Advertises for proposals for sheet asphalt or bitulithic pavement in Savin Hill avenue, from bridge over railroad to Evandale terrace and from bridge over railroad to 120 feet south of Denny street. Surety bond will be required in a sum equivalent to the full amount of the contract price. Blank forms for proposals may be obtained at the office of the Public Works Department, Room 508, City Hall Annex, Boston. Bids, accompanied by certified check in the sum of \$1,700, to be filed at the same office. Duplicate bid, without check, to be filed with the City Auditor.

Bids close Tuesday, May 21, at 12 m.

PUBLIC WORKS DEPARTMENT (Paving Service).

Advertises for proposals for resurfacing or repairing with bituminous materials the pavement in any street in which there is no maintenance guaranty. Surety bond will be required in a sum equivalent to the full amount of the contract price. Blank forms for proposals may be obtained at the office of the Public Works Department, Room 508, City Hall Annex, Boston. Bids, accompanied by certified check in the sum of \$3,000, to be filed at the same office. Duplicate bid, without check, to be filed with the City Auditor.

Bids close Monday, May 6, at 12 m.

Advertises for proposals for sheet asphalt or bitulithic pavement in Savin Hill avenue and Grampian way, from

bridge over railroad to bridge over railroad. Surety bond will be required in a sum equivalent to the full amount of the contract price. Blank forms for proposals may be obtained at the office of the Public Works Department, Room 508, City Hall Annex, Boston. Bids, accompanied by certified check in the sum of \$2,200, to be filed at the same office. Duplicate bid, without check, to be filed with the City Auditor.

Bids close Tuesday, May 7, at 12 m.

PUBLIC WORKS DEPARTMENT (Sewer Service).

Advertises for proposals for repairs to outfall and sea wall, Calf Pasture pumping station, Dorchester. Surety bond will be required in a sum equivalent to the full amount of the contract price. Blank forms for proposals may be obtained at the office of the Public Works Department, Room 508, City Hall Annex, Boston. Bids, accompanied by certified check in the sum of \$100, to be filed at the same office. Duplicate bid, without check, to be filed with the City Auditor.

Bids close Thursday, May 9, at 12 m.

SCHOOL COMMITTEE.

Advertises for proposals for furnishing art education and manual training supplies for the Boston public schools. Surety bond will be required in a sum equivalent to 50 per cent of the contract price. Blank forms for proposals may be obtained at the office of the Business Manager, School Committee, 15 Beacon street, Boston. Bids, accompanied by certified check in the sum of \$100, to be filed with the City Auditor.

Bids close Tuesday, May 14, at 12 m.

TRANSIT DEPARTMENT.

Advertises for proposals for additional facilities, Savin Hill Overpass, Dorchester Rapid Transit. Blank forms for proposals may be obtained at the office of the Transit Department, 1 Beacon street, Boston. Bids, accompanied by certified check in the sum of \$200, to be filed at the same office.

Bids close Tuesday, May 7, at 12 m.

DEPARTMENT CHANGES.

The following changes in the number, rating and compensation of the city employees have been made during the week ending Thursday, May 2:

FIRE DEPARTMENT.

Hoseman Thomas F. Timmins of Eugene Company 9 has been retired at \$1,050 a year.

Margaret Russell, widow of Frederick Russell, a member of the Fire Department who died on October 1 as a result of injuries received in the performance of his duty, has been pensioned at \$2,000 a year, made up of the following allowances:

For the widow, Margaret Russell, so long as she remains unmarried, \$1,000 a year.

For each of the following-named children during such time as he or she is under the age of eighteen or over such age and physically or mentally incapacitated from earning, \$200 a year:

Edward Russell, born August 8, 1918.

Mary Russell, born October 26, 1920.

Francis E. Russell, born May 28, 1925.

Frederick Russell, born October 14, 1927.

George Russell, born October 10, 1930.

Anne A. Farren, widow of Charles T. Farren, a member of the Fire Department, who died on November 30, 1932, as a result of injuries received in the performance of his duty, has been pensioned at \$1,200 a year, made up of the following allowances:

For the widow, Anne A. Farren, so long as she remains unmarried, \$1,000 a year.

For Ruth M. Farren, born September 18, 1918, \$200 a year, during such time as she is under the age of eighteen or over said age and physically or mentally incapacitated from earning.

HOSPITAL DEPARTMENT.

The following persons have been employed at the Boston City Hospital for the week ending Thursday, April 25:

Temporary.—Joseph Williams, porter, \$17.50 a week; Thomas Birmingham, ambulance driver, \$34.50 a week; Viola MacAdam, Margaret Donovan, Gertrude McIntosh, Walter Boyce, Eileen Buckley, special nurses, \$4.50 a day.

South Department.

Temporary.—John Fife, ambulance driver, \$34.50 a week.

HOSPITAL DEPARTMENT (Sanatorium Division).

The following persons have been appointed at the Sanatorium Division for the week ending Thursday, April 25:

Daniel Dennehy, maid (patient), \$240 a year; Joseph Di Giovanni, Francis McCarthy, Thomas O'Brien, maids (patients) (temporary), \$240 a year; George Hodge, Patrick Barry, male nurses (patients) (temporary), \$480 a year.

The following person has ceased to be employed:

William Allard, maid (patient), \$240 a year.

INSTITUTIONS DEPARTMENT.

The following changes have been made in the personnel for the week ending Thursday, April 25:

Long Island Hospital.

Appointment: William F. Graham, institution employee, cook, temporary, \$600 a year, to succeed Robert Hearn.

Resignations: Thomas L. Cody, institution employee, attendant, \$600 a year; Albert A. Stitt, M. D., assistant resident physician, \$2,000 a year.

Employment Terminated: Martin E. Gottfredsen, electrician, temporary, \$1,900 a year.

Discharge: Robert Hearn, institution employee, cook, \$600 a year.

The following changes have been made in the personnel for the week ending Thursday, May 2:

Long Island Hospital.

Appointments: Thomas W. Gilson, institution employee, attendant, \$600 a year, to succeed Thomas Cody; John J. Hurlburt, institution employee, porter, \$526 a year, to succeed Thomas Nee.

Resignations: Thomas W. Nee, institution employee, porter, \$600 a year; James Byrnes, institution employee, attendant, \$600 a year; Grace P. Hurley, institution employee, laundress, \$720 a year; John J. Murphy, M. D., interne, \$600 a year.

Transfers: Gladys V. Gaunt, staff nurse, \$960 a year, from head nurse at \$1,200 a year; Agnes M. Knox, institution employee, matron, temporary, \$700 a year, from attendant at \$600 a year.

Course Completed: Ruth L. Jones, student nurse, \$600 a year.

Employment Terminated: Alice Waters, institution employee, waitress, temporary, \$316 a year.

Discharges: Nora Lavoie, institution employee, waitress, \$316 a year; Matthew P. Kennedy, institution employee, helper, laundry, temporary, \$526 a year.

Steamers "Hibbard" and "O'Meara."

Appointment: John J. Columbo, deckhand, \$1,300 a year, temporary, on account of absence of Herbert Cornbloom.

Employment Terminated: John J. Columbo, deckhand, temporary, \$1,300 a year.

LAW DEPARTMENT.

Approval has been given to appoint Mary F. Bohling as temporary stenographer, for a period of four weeks, at \$19 a week.

OVERSEERS OF THE PUBLIC WELFARE.

Approval has been given for the permanent appointment of Martha C. Paul as aid and settlement agent, effective April 26, at \$1,000 a year.

Approval has been given for the provisional temporary employment of Agnes C. Styles as acting superintendent of the Temporary Home for Women, for a period of three months from April 11, at \$1,020 a year.

Approval has been given for the continued temporary provisional employment of the following persons as assistants to social workers, for a period of three months, at \$1,000 a year:

Henry P. Burke, Matilda Conboy, Daniel I. Cronin, James F. Dunn, Margaret T. Hackett, Frederick Hadge, Frances G. Kelly, Catherine Kilroy, Edward Lahey, Estelle Malaguti, Francis X. Morrissey, James B. Mullin, Mary R. Shea, Lillian G. Zilg.

Approval has been given for the continued temporary provisional employment of Rose Weston Bull as case consultant on statistical reports, for a period of three months from May 14, at \$25 a week.

Approval has been given for the continued temporary employment of the following persons as social workers, for a period of three months from May 13, at \$1,000 a year: James D. Canon, Thomas L. Daly, Francis X. Dardis, Donald S. Hargraves.

Approval has been given for the continued temporary employment of Anna M. Galvin as bookkeeper's assistant, for a period of three months from May 23, at \$1,000 a year.

Approval has been given for the temporary employment of Nellie B. Robinson, for a period of three months beginning April 22, at \$1,000 a year.

Approval has been given for the provisional temporary appointment of the following persons as assistants to social workers at \$1,000 a year, for a period of three months beginning April 17: Olivia G. Cooney, Peter J. Mullen.

Approval has been given for the provisional temporary appointment of the following as social workers, for a period of three months beginning April 15, at \$1,000 a year: Glynn Fraser, Howard Pierce, John Rowlinson.

Approval has been given for the provisional temporary appointment of John McGahey, Jr., as social worker, for a period of three months beginning April 10, at \$1,000 a year.

Approval has been given for the provisional temporary employment of Frank Perrone as aid and settlement agent, for a period of three months, at \$900 a year.

Approval has been given for the provisional temporary employment of Peter LaCourt as aid and settlement agent, for a period of three months beginning April 15, at \$900 a year.

Approval has been given for the continued temporary employment of the following persons as stenographers, for a period of three months, at \$900 a year:

Clare P. Bench, Mabel E. Crowley, Mary H. Famiglietti, Ruth Gilman, Esther J. Kelley, Zelda Lezar, Mary M. Lynch, Frances T. Manson, Katherine W. Meade, Elizabeth M. O'Leary, Helen T. Shea, Natalie C. Ryan, Cecelia M. Tohund.

Approval has been given for the continued temporary employment of the following persons as clerks-typists, for a period of three months, at \$900 a year:

Alice Banard, Edna E. Condon, Lillian J. Conner, Selena B. Godfrey, Thelma Goldkrand, Alice W. Short.

Approval has been given for the continued temporary employment of the following persons as clerks, for a period of three months, at \$900 a year:

Philip Barber, Mary O. Greene, Grace G. Hogan, Kathleen L. Johnson, Jennie E. McShane, Alice K. Quinn, Arthur Sawyer, Helma Silverman, Edward L. Sullivan, Agnes V. Sweeney, Florence R. Tyner, Mary E. Uriot.

Approval has been given for the continued provisional temporary employment of the following persons as social workers, for a period of three months, at \$1,000 a year:

Phoebe Cannon, Margaret Connors, Margaret Flanagan, Virginia Grimes, Catherine E. Hayes, Katherine P. Hewins, William O'Brien, E. Frances O'Neil, Mary Robertson.

PARK DEPARTMENT.

Approval has been given for the continued temporary employment, for a period of three months, of John T. Stevens as third-class engineer at \$38 a week.

Approval has been given for the temporary employment, for a period of six months from April 5, of Adele M. Parkman as clerk at \$1,600 a year.

PUBLIC WORKS DEPARTMENT (Paving Service).

Approval has been given to continue the temporary employment of William D. Pierce as rodman at \$1,200 a year, for three months from April 26.

PUBLIC WORKS DEPARTMENT (Sanitary Service).

Approval has been given to promote James J. Levin from blacksmith to \$1 a day to master blacksmith at \$2,100 a year, to fill a vacancy caused by the death of John J. Connolly, effective April 15.

Michael J. Pamphlet, foreman of the First Boston Street Cleaning District, has been removed, effective at the close of work on April 30, but approval has been given to employ him for an additional period of thirty days from May 1, to clean up odds and ends at his work and also to instruct his successor in matters relating to the cleaning, watering and obting of streets in the First Boston District, at \$2,500 a year.

TREASURY DEPARTMENT.

Permission has been given for the temporary emergency appointment, for two months, of Louis F. Landbert at \$18 a week.

OVERTIME ALLOWED.

The heads of the various departments whose employees have received payment for overtime state in connection therewith that if any laborer has been allowed to work more than eight hours per day it has been only in case of emergency under the law.

Public Works Department (Sewer Service).

For the week ending Monday, April 22:

Dennis C. O'Connell, James Conlon, firemen, 1 day, \$6.92 each. Total, \$13.84.

AIRPORT TRAFFIC GROWING.

The following is a copy of letter received by Mayor Mansfield from William P. Long, Chairman, Park Department:

PARK DEPARTMENT.

Boston, April 24, 1935.

HON. FREDERICK W. MANSFIELD,
Mayor of Boston.
DEAR MR. MAYOR,—I am respectfully submitting the following information in regard to the increase in air passenger traffic, which is taken from our records and also from the records of the American Airlines:

Number of Passengers In and Out: 1933, 839; 1935, 2,582.

Number of Trips In and Out: 1933, 303; 1935, 350.

Passengers Carried Per Trip: 1933, 2.77; 1935, 7.39.

These figures show approximately a 300 per cent increase in passengers carried between the two years, and they also show a larger percentage of completed trips. You will notice that the passengers have increased from three to seven on each trip—this shows more fully loaded ships.

In March of 1934 there were only 827 passengers carried this way, due to the fact that business was tied up on account of cancellation of air mail contracts.

Very respectfully yours,

WILLIAM P. LONG,
Chairman.

APPOINTMENTS BY THE MAYOR.

The Mayor, on April 28, made the following appointments:

Overseers of the Public Welfare, for a term of three years beginning May 1, 1935: Edward H. Willey, Frank M. Leonard, Eva W. White, Isabel C. Connolly. The first three are reappointments. Isabel C. Connolly takes the place of George C. McMahon, whose term expires April 29, 1935. Mrs. Connolly lives at 21 Cornhill road, Brighton, is the wife of Judge Thomas H. Connolly of the Brighton District Court. She is a graduate of Boston Teachers College and until her marriage was a teacher in the District public schools. She has three children.

Boston City Hospital Trustees: Carl Dreyfus, for term of five years beginning May 1, 1935. Reappointment.

Library Trustees: Frank W. Preston, for term of five years beginning May 1, 1935. Reappointment.

Park Commissioners: John J. Martin, for term of three years beginning May 1, 1935. Reappointment.
All of the above are positions without salaries.

OVERSEERS OF THE PUBLIC WELFARE, CITY OF BOSTON.

CONTRACTS AWARDED.

Permission to award contracts for work, materials and supplies, in accordance with recommendations of department heads, has been approved by the Mayor.

SCHOOL COMMITTEE.

The School Committee has approved proposals for rebinding books, opened Wednesday, January 30. The following concerns were bidders:

F. J. Barnard & Co., Incorporated, 35 cents per book; George Coleman Company, 33 cents per book; National Library Bindery Company, 35 cents per book. Contract was awarded to George Coleman Company under date of March 14, 1935.

SUPPLY DEPARTMENT.

Upon April 26 the Mayor approved a contract with the Trimount Bituminous Products Company for furnishing approximately 1,000 tons of bituminous patching mixture to the Public Works Department, to be delivered, as required, until December 31, 1935, at a price of \$4.83 per ton, less a 2 per cent cash discount for payment in ten days. The approximate amount of the contract was \$4,830. Bids, opened April 25, were as follows:

Approximately 1,000 Tons Bituminous Patching Mixture, Per Ton.—Warren Brothers Roads Company, \$5.75, total, \$5,750; Samuel J. Tomasello Corporation, \$5.40, total \$5,400; Coldlaid Pavement Company, \$5.19, total \$5,190; Martino DeMatteo, \$5.24, total \$5,240; Trimount Bituminous Products Company, \$4.83, total, \$4,830; John P. Condon Corporation, \$5.19, total, \$5,190; General Crushed Stone Company, \$6.25, total, \$6,250; Bituminous Paving Products Company, Incorporated, \$5.75, total \$5,750.

Cash Discount, Ten Days.—Warren Brothers Roads Company, 2 per cent; Samuel J. Tomasello Corporation, 2 per cent; Coldlaid Pavement Company, 2 per cent; Martino DeMatteo, 2 per cent; Trimount Bituminous Products Company,

2 per cent; John P. Condon Corporation, 2 per cent, N. R. A. not signed in auditor's or Supply Department copy; General Crushed Stone Company, 2 per cent, N. R. A. not signed in auditor's or Supply Department copy; Bituminous Paving Products Company, Incorporated, 2 per cent.

Upon April 30 the Mayor approved contracts with lowest bidders, as indicated, for furnishing fruits and vegetables to the various city departments during May, 1935. The approximate totals of awards were as follows:

G. Giovino & Co., \$8,337.86; Economy Grocery Stores Corporation, \$2,001.39; Sands-Furber Company, Incorporated, \$1,608.44; Lowell Brothers & Bailey Company, \$619; Meloripe Fruit Company, \$238.50; Beacon Fruit and Produce Company, \$220.50; The Northern Fruit Company, \$130. Total, \$13,155.69. Bids, opened April 24, were as follows:

Approximate Amounts on All Items.
Per Hundredweight.

6,900 Pounds Table Apples.—Lowell Brothers & Bailey Company, \$5.49; Sands-Furber & Co., Incorporated, \$5.65; Northern Fruit Company, \$5.30; Beacon Fruit and Produce Company, \$5.44; Economy Grocery Stores Corporation, \$4.97*; G. Giovino & Co., \$5.63.

9,900 Pounds Asparagus.—Lowell Brothers & Bailey Company, \$15.25; Sands-Furber & Co., Incorporated, \$11.48; Northern Fruit Company, \$12.98; Beacon Fruit and Produce Company, \$12.60; Economy Grocery Stores Corporation, \$18.75; G. Giovino & Co., \$9.43.*

1,500 Pounds Bananas, Bunch.—Meloripe Fruit Company, \$4.25; G. Giovino & Co., \$4.23.*

5,300 Pounds Bananas, Cartons.—Meloripe Fruit Company, \$4.50*; G. Giovino & Co., \$4.73.

*Contract awarded.

WITHOUT ADVERTISING.

Upon varying dates as indicated the Mayor approved contracts with several concerns and firms for supplies and service. Communications from the lands-

of the several departments interested were as follows:

PUBLIC WORKS DEPARTMENT.

BOSTON, April 26, 1935.

To the Mayor of Boston.

Your approval is respectfully requested to the award of a contract for repairs to ferryboat "Lieutenant Flaherty" to the Marine Company, the second low bidder, for the following reasons. The last three contracts for ferryboat repairs awarded to the Quincy Dry Dock and Yacht Corporation have been unsatisfactory on account of the noncompliance of the date of completion as called for in said contracts. The opinion of this office is to the effect that there has been unnecessary delays.

In addition, the Marine Company will dock the ferryboat at Green's Dry Dock in Chelsea and the difference in price between the first and second bidder, namely, \$122, will be more than offset by the saving of car fares for the inspectors, engineers, etc., traveling to Quincy daily; the location of the dry dock of the Quincy Corporation, as against a daily visit to the Green Dry Dock in Chelsea, just over the Meridian Street Bridge. The occasion for a second contract for repairs to the ferryboat is due to the demand of the United States Steamboat Inspectors that additional work be done before they will grant a license for operating. An early approval is requested as the license of the "Charles T. Donoghue" expired on April 10 and an extension of this license was granted for a period of two months before the "Donoghue" will have to be dry docked and examined. The work to be done under this contract is to be completed within twenty-five days after the approval of the contract by the Mayor.

The following bids were received April 26, 1935:

Quincy Dry Dock and Yacht Corporation, \$6,925; The Marine Company, \$7,047; Bethlehem Shipbuilding, Limited, \$7,349.

Respectfully yours,

C. J. CARVEN,
Commissioner of Public Works.

BOSTON, April 27, 1935.

HON. FREDERICK W. MANSFIELD,
Mayor of Boston.

DEAR MR. MAYOR,—On December 6, 1934, I transmitted to you copies of contracts between the city and the Boston Consolidated Gas Company for furnishing illuminating gas for street lighting and for equipment and the lighting and extinguishing of gas lamps for street lighting in the city for a term of five years beginning January 1, 1935, for your approval and that of the City Council. I understand that the City Council has not yet set down a date for a hearing on said contracts.

In order that there may be no interruption in the service of lighting the city streets, I hereby respectfully request your authority to award the following contracts, without inviting proposals therefor by advertisement:

1. Contract for furnishing illuminating gas for street lighting to the Boston Consolidated Gas Company for a term of one month from May 1, 1935, at the present rate of \$8.42 per lamp per year for single burner, 60 candle power lamps;

2. Contract for equipment and the lighting and extinguishing of gas lamps for the City of Boston, excluding Hyde Park, to the Boston Consolidated Gas Company for a term of one month from

May 1, 1935, at the present rate of \$14.70 per lamp per year;

with the provision in each of said contracts that, in the event that the five-year contracts, above mentioned, are given the approval necessary to make them effective, the payments made under the one month contracts shall be credited as payments on the respective five-year contract.

Respectfully,

C. J. CARVEN,
Commissioner of Public Works.

SUPPLY DEPARTMENT.

BOSTON, April 25, 1935.

HON. FREDERICK W. MANSFIELD,
Mayor of Boston.

DEAR SIR,—Permission is respectfully requested to award a contract, without publicly advertising same, to the Ohmer Register Company, 74 Brookline avenue, Boston, for furnishing four Ohmer toll register equipments, at a price of \$685 each, less a cash discount of 5 per cent for payment in ten days.

These registers are to be used at the East Boston Ferry and are necessary in order to secure an absolute check on the daily receipts of toll charges, which are at the present time received by attendants.

The Commissioner of Public Works has investigated various registering devices on the market and has selected the Ohmer toll registering equipment as being the most satisfactory to install at the Ferry.

The price of \$685 each covers the delivery of the registers, bolted at the locations where they are to be used, and with the necessary electric contact mechanism installed in the registers and wired down to the base for attaching connections.

In view of the recommendations of the Commissioner of Public Works, I would request that the permission asked for above be granted me.

Respectfully yours,

WARREN W. LOOMIS,
Superintendent of Supplies.

BOSTON, April 26, 1935.

HON. FREDERICK W. MANSFIELD,
Mayor of Boston.

DEAR SIR,—There was a further delay beyond April 15, 1935, in awarding the new contract for milk, cream, skim milk, buttermilk and sweet, salt-free butter, because of a complaint filed with the Department of Agriculture in Washington against the low bidder, which complaint has since been dismissed. It was, therefore, necessary, in order to continue the supply of these dairy products without interruption, to authorize the continuance of deliveries during the period, April 16, 1935, to April 24, 1935, inclusive (a new contract with United Farmers Co-operative Creamery Association, Incorporated, took effect on April 25, 1935), by the contractors who were already supplying the various city departments.

I therefore respectfully request your permission to make the following awards, without advertising, due to the emergency existing, as above stated:

Turner Centre System, Incorporated: Boston City Hospital, approximate amount, \$2,676; Sanatorium, \$828—\$3,504.

Herlihy Brothers: Long Island, approximate amount, \$631.

Whiting Milk Companies: Franklin Park, approximate amount, \$15.40. Total, \$4,150.40.

Respectfully yours,

WARREN W. LOOMIS,
Superintendent of Supplies.

BOSTON, April 29, 1935.

HON. FREDERICK W. MANSFIELD,
Mayor of Boston.

DEAR SIR,—In order that F. E. R. A. projects may be carried on with as little delay as possible I believe that the purchasing of material and equipment for these projects should be handled on an emergency basis.

I therefore respectfully request that you approve an award, without publicly advertising for bids, to R. E. Cunniff, Incorporated, for approximately 3,000 cubic yards of earth fill for the Park Department, on Project No. 2235-B11-63, at a total price of \$1,600, less 2 per cent.

Bids were received as follows:

R. E. Cunniff, Incorporated, \$1,600, less 2 per cent; J. A. Singarella, \$2,190, less 2 per cent; Cerulli Contracting Company, \$1,860, net; M. McGinnis Company, \$2,500, net.

R. E. Cunniff, Incorporated, is the lowest bidder.

Respectfully yours,

WARREN W. LOOMIS,
Superintendent of Supplies.

BOSTON, April 29, 1935.

HON. FREDERICK W. MANSFIELD,
Mayor of Boston.

DEAR SIR,—In order that F. E. R. A. projects may be carried on with as little delay as possible, I believe that the purchasing of material and equipment for these projects should be handled on an emergency basis.

I therefore respectfully request that you approve an award, without publicly advertising for bids, to Joseph McCabe, for approximately 5,000 cubic yards of soft coal cinders for the Airport, on Project No. 2235-B15-281.

Bids were received as follows:

Joseph McCabe, \$1.05 per cubic yard, less 2 per cent; Edward McHugh, \$1.05 per cubic yard, less 1 per cent; M. Doyle & Company, \$1.10 per cubic yard, net; D. B. Raymond, \$1.10 per cubic yard, net; Dooley Brothers, \$1.10 per cubic yard, net.

Joseph McCabe is the low bidder, contract amount approximately \$5,145.

Respectfully yours,

WARREN W. LOOMIS,
Superintendent of Supplies.

TRAFFIC COMMISSION RULINGS.

Voted, That as urgently required by considerations of public safety and convenience, during the period of operation of buses by the Boston Elevated Railway, that portion of Section 33 of the Traffic Regulations which prohibits the operator of a vehicle from making a left turn from Washington street into Stuart street, westerly, is suspended from 7.30 p. m. to 9.15 p. m. on May 6, 1935.

Voted, That as urgently required by considerations of public safety and convenience, during the period of sewerage construction, estimated to be three (3) months, vehicles are excluded from Ottawa street, Roxbury, between Laurel street and Sherman street, effective April 26, 1935.

Voted, That as urgently required by considerations of public safety and convenience, during periods of roller skating by children, vehicles are excluded from Blossom street, between Fruit street and McLean street, from 3.30 p. m. to 6.30 p. m. each day, effective April 22, 1935, to May 25, 1935, inclusive.

Voted, That as urgently required by considerations of public safety and convenience during the period of roller skating exhibition, vehicles are excluded from Clark street, between Hanover street and North street, on May 4, 1935, from 9 a. m. to 11 a. m.

Voted, That as urgently required by considerations of public safety and convenience, the following rules which were effective December 3, 1934, for a trial period of thirty (30) days, and which were extended for thirty (30) days from January 3, 1935, and for ninety (90) days from February 3, 1935, are hereby extended for a further trial period of ninety 90 days from May 3, 1935.

The operator of a vehicle proceeding in a northerly direction in Congress street shall make only a right turn from Congress street into Dock square.

Faneuil Hall square, westerly side, is a one-way street, from South Market street to North Market street.

Voted, That as urgently required by considerations of public safety and convenience, during the period of the road race conducted by the Cathedral Y. M. C. A. on April 27, 1935, from 2 p. m. to 4.30 p. m., vehicles are excluded from the following streets:

Harrison Avenue.

Between Massachusetts avenue and Union Park street.

Union Park Street.

Between Harrison avenue and Washington street.

RETIREMENT BOARD REPORT.

Boston, April 30, 1935.

To the Auditor.

At meetings of the Boston Retirement Board, held on April 12 and 15, the retirement from active service of the following named members of the Retirement System was approved to become effective at the close of business, April 30, 1935:

HOSPITAL DEPARTMENT.

Catherine T. McDonough, cook, salary at time of retirement, \$1,170 a year.

INSTITUTIONS DEPARTMENT.

Nellie C. Berrigan, head laundress, salary at time of retirement, \$1,300 a year.

Cornelius J. Kelliher, choreman, salary at time of retirement, \$1,508 a year.

Mary J. Walsh, matron, salary at time of retirement, \$1,200 a year.

LIBRARY DEPARTMENT.

Katherine M. O'Gorman, cleaner, salary at time of retirement, \$936 a year.

POLICE DEPARTMENT.

Leo T. Solan, patrolman, salary at time of retirement, \$2,100 a year.

PUBLIC BUILDINGS DEPARTMENT.

Margaret E. Foley, cleaner, salary at time of retirement, \$936 a year.

PUBLIC WORKS DEPARTMENT.

Edward Barry, paver, salary at time of retirement, \$1,872 a year.

Thomas Naughton, coal passer, salary at time of retirement, \$1,560 a year.

Timothy O'Sullivan, paver, salary at time of retirement, \$1,872 a year.

Michael J. Pumphret, foreman, salary at time of retirement, \$2,500 a year.

STREET LAYING-OUT DEPARTMENT.

James S. Murray, junior engineer, salary at time of retirement, \$2,500 a year.

Attest:

WILFRED J. DOYLE,
Chairman.

Boston, April 30, 1935.

To the Auditor.

At a meeting of the Boston Retirement Board, held on April 30, 1935, the retirement from active service of the following named member of the Retirement System was approved to become effective at the close of business, April 30, 1935:

PUBLIC WORKS DEPARTMENT.

Bartholomew Coyne, teamster, salary at time of retirement, \$1,560 a year.

Attest:

WILFRED J. DOYLE,
Chairman.

COLONEL GOW MAYOR'S CHOICE TO HEAD FEDERAL PROJECT PLANS.

Upon April 26 the Mayor issued the following statement:

The Advisory Board to assist the Bureau now in process of formation to coordinate all Federal projects, the members of which have generously and patriotically agreed to render service on the Board without remuneration are as follows:

Chairman, Col. Charles R. Gow;
Col. Thomas F. Sullivan and W. Stanley Parker.

Colonel Gow will not be home for a few days because he is traveling in the West, but he was reached today by the Mayor in California, who talked to him personally by telephone.

On May 1 the Mayor announced the following appointments for the Board to prepare and coordinate municipal projects in anticipation of sharing in the \$4,800,000,000 Federal funds:

Charles E. Nichols of 40 Court street, Boston, consulting engineer and expert in structural engineering and designing.

Samuel M. Ellsworth, 12 Pearl street, Boston, consulting engineer with particular expert experience in water supply and purification, sewerage and sewage disposal and municipal and industrial waste disposal.

James E. McLaughlin, 88 Tremont street, Boston, architect of well-known ability and wide experience in Boston building affairs.

These men have consented to serve for the modest remuneration of \$5,000 per year and will start upon their duties immediately. I have asked Public Buildings Commissioner Roswell C. Hall to find temporary quarters for them so that no time will be lost in getting the projects in shape for presentation.

MAYOR MANSFIELD VETOES COUNCIL ORDER RELATIVE TO MARRIED WOMEN ON CITY PAY ROLLS.

Upon April 25 the Mayor issued the following:

To the City Council.

GENTLEMEN, I return herewith, disapproved and without my signature, the order adopted by your Honorable Body on April 22, which requests the Mayor to instruct department heads to furnish

certain information under oath, relative to the number of married women employed by the City of Boston, and which information had been requested in a prior order adopted by your Honorable Body.

It is not clear whether the purpose of this later order is to require the head of each department to make his return under oath, or whether the head of each department is required to place all of the employees under oath. It is plain that the head of a department, if required to reply under oath, could only do so upon belief and information furnished to him by the employees.

It is equally plain, because of the great numbers of persons employed in the various departments that it would be quite impracticable and unfair to require the heads of departments to place each of the employees under oath.

In addition to these objections, I know of no authority by virtue of which the head of a department could place employees under oath for the purpose of eliciting such information and I know of no power to compel employees to make answer under oath. I am also advised that employees who are protected by Civil Service rules cannot be removed or suspended on the ground that their wives or husbands may also be employed by the city, or by any other employer.

Under these circumstances I feel constrained to veto this order.

Respectfully,

FREDERICK W. MANSFIELD,
Mayor.

LAND-TAKING IN HYDE PARK.

The Mayor has approved the order of the Board of Street Commissioners for the taking of land for a public improvement, consisting of the laying out and construction of Ruskin road, Hyde Park district, as a highway, from Blake street to Ralston road, with the name of Ruskindale avenue or some other distinctive name, bounded and described as follows:

A highway named Ruskindale road is hereby laid out, from Blake street to Ralston road and ordered constructed, the cost thereof to be charged to Federal funds allocated under the Federal Emergency Relief Administration program for Massachusetts.

Said highway and the land, exclusive of trees or structures standing upon or affixed thereto, in which an easement for street purposes is hereby taken, is bounded and described as follows:

Northwesterly by Blake street by two measurements, twenty-one and 82-100 feet on a curve of nine hundred seventy-four and 81-100 feet radius and nineteen and 98-100 feet on a curve of nine hundred thirty-four and 81-100 feet radius; northeasterly by the northeasterly line of said Ruskindale road as hereby laid out, nine hundred ninety and 89-100 feet; southeasterly by Ralston road, forty feet; and southwesterly by the southwesterly line of said Ruskindale road as hereby laid out, nine hundred seventy-eight and 73-100 feet.

Voted, That this Board determines that no person sustains damages in his estate by the making of the public improvement consisting of the laying out and construction of Ruskindale road, formerly Ruskin road, Hyde Park district, as a highway, from Blake street to Ralston road, under the order of the Board of April 30, 1935, and awards no damages thereon.

LAND-TAKING IN WEST ROXBURY.

The Mayor has approved the order of the Board of Street Commissioners for the taking of land for a public improvement consisting of the laying out and construction of an extension of Dent street, West Roxbury district, as a highway, from Sherbrook street to Vermont street, bounded and described as follows:

An extension of the highway named Dent street is hereby laid out, from the southeasterly line of Sherbrook street to Vermont street, and ordered constructed, the cost thereof to be charged to Federal funds allocated under the Federal Emergency Relief Administration program for Massachusetts.

Said highway and the land, exclusive of trees or structures standing upon or affixed thereto, in which an easement for street purposes is hereby taken, is bounded and described as follows:

Southeasterly by another part of Dent street (highway) forty feet; southwesterly by the southwesterly line of said extension of said Dent street as hereby laid out, ten hundred nineteen and 27-100 feet; northwesterly by Vermont street, forty feet; and northeasterly by the northeasterly line of said extension of said Dent street as hereby laid out, ten hundred nineteen and 81-100 feet.

Included in the above described land (taken hereunder) are parts of certain parcels of land registered in the Land Court, said parcels being shown on the plan hereinbefore referred to, and said parts being the portions of said registered parcels which lie between the side lines of said Dent street and the middle line thereof, the owners of said portions, the number of the certificate of title and the book and page where the same is registered are as follows:

Grace L. O'Dea, Cert. No. 27960, Book 135, page 160.

Margaret E. Shea, Cert. No. 31004, Book 151, page 4.

Jessie D. Greenland, Cert. No. 29783, Book 144, page 183.

Suffolk Co-operative Bank, Cert. No. 32818, Book 160, page 18.

John J. Tully and Margaret F. Tully, Cert. No. 31469, Book 153, page 69.

Thomas H. Doherty, Cert. No. 31012, Book 151, page 12.

Delia Wiehn, Cert. No. 23877, Book 115, page 77.

John C. McAuley, Cert. No. 24361, Book 117, page 161.

Alfred H. Rose and Mary O. Rose, Cert. No. 20241, Book 97, page 41.

Ada Duffie, Cert. No. 33136, Book 161, page 136.

Henry H. Hollenberg and Kathleen M. Hollenberg, Cert. No. 27534, Book 133, page 134.

Voted, That this Board determines that no person sustains damages in his estate by the making of the public improvement, consisting of the laying out and construction of an extension of Dent street, West Roxbury district, as a highway, from Sherbrook street to Vermont street, under the order of the Board of April 24, 1935, and awards no damages therefor.

FIRE DEPARTMENT ORDERS.

General Order No. 22.

I. DISTRICT CHIEF EDWARD J. LOCKE.

It is with deep regret that the Fire Commissioner announces the death, on April 17, 1935, of District Chief Edward J. Locke of District 9. The funeral was held from his late residence, 60 Tolman street, Dorchester, on Sunday, April 21, 1935.

District Chief Locke was appointed to the Fire Department on September 20, 1901. His promotions were as follows: To lieutenant, July 12, 1918; to captain, February 1, 1924; to district chief, June 1, 1928.

II. CHANGE OF TIME.

Sunday, April 28, 1935, is the date required by law to make a change in clock time. In order to conform with the law clocks in the department stations will be set ahead one hour at 2 a. m., and all tower clocks maintained by this department will be set ahead one hour at 6 a. m., or as soon thereafter as practical, by the men regularly assigned to wind clocks.

III. BOSTON AUTOMATIC FIRE ALARM.

Notice has been received from the Boston Automatic Fire Alarm Company that Signal No. 423 at 744 Washington street has been discontinued.

IV. COMMENDATIONS.

The Fire Commissioner is in receipt of two letters commending the department upon the work performed at the Damon School in Hyde Park on Thursday, April 18, 1935. The commissioner is pleased to publish the letters for the information of the department.

April 22, 1935.

EDWARD F. McLAUGHLIN,
Fire Commissioner.

DEAR SIR,—I wish to compliment the members of your department in the Readville-Hyde Park district for the efficient manner in which they handled a fire which occurred in the Damon School on April 18, 1935. It was one of the finest exhibitions of fire fighting I have ever witnessed. The fire was kept within the confines of one classroom in a wooden building which, if it had gained headway, would have cost the School Committee a new building.

The men were careful not to injure property and kept the fire loss down to a minimum.

Yours very truly,

MARK B. MULVEY,
Schoolhouse Custodian.

April 22, 1935.

MR. EDWARD F. McLAUGHLIN,
Fire Commissioner.

DEAR SIR,—We had a fire, as you know, at the Damon School in Hyde Park about 9 o'clock Thursday night last and the damage was held to under \$900. When you consider that this fire, in my opinion, was entirely an arson affair I feel that perhaps unusual commendation should go to the respective departments in Hyde Park in that this is an old wooden building, dry as tinder and ripe and ready for fire and they held it to a remarkably small area with an actual minimum of damage.

Probably you are getting tired of my writing you letters every time we have a fire, but I honestly feel that you should set back your shoulders and throw out your chest and hold up your chin for having one splendid department.

With every kind personal regard.

Very truly yours,

WM. W. DRUMMEY,
Superintendent of Construction.

By order of Fire Commissioner
EDWARD F. McLAUGHLIN.

THOMAS H. DOWNEY,
Acting Chief of Department.

LAND-TAKING IN DORCHESTER.

The Mayor has approved the order of the Board of Street Commissioners for the taking of land for a public improvement consisting of the laying out and construction of Kenmare road, Dorchester district, as a highway, from Gallivan Boulevard to Minot street, with the name of Kenmare road, bounded and described as follows:

A highway named Kenmare road is hereby laid out, from Gallivan Boulevard to Minot street, and ordered constructed, the cost thereof to be charged to Federal Funds allocated under the Federal Emergency Relief Administration program for Massachusetts.

For the making of the aforesaid improvement an easement for street purposes is hereby taken in the following-described lands, exclusive of trees or structures standing upon or affixed thereto:

A parcel of land, supposed to belong to Hurley Driscoll Building Company, bounded:

Northerly by Minot street, forty-two and 4-100 feet; easterly by the easterly line of said Kenmare road as laid out under this order, seven and 38 100 feet; southerly by the northerly line of Kenmare road as it at present exists, forty and 1-100 feet, and westerly by the westerly line of Kenmare road as laid out under this order, nineteen and 62-100 feet, containing five hundred and forty square feet, more or less.

The land, owners unknown, being the private way known as Kenmare road.

Said highway as hereby laid out is bounded:

Southerly by Gallivan Boulevard, forty feet; westerly by the westerly line of said Kenmare road as hereby laid out, three hundred eight and 27-100 feet; northerly by Minot street, forty-two and 4-100 feet, and easterly by the easterly line of said Kenmare road as hereby laid out, two hundred ninety-five and 29-100 feet.

Included in the above described land (taken hereunder) are parts of certain parcels of land registered in the Land Court, said parcels being shown on the plan hereinbefore referred to, and said parts being the portions of said registered parcels which lie between the side lines of said Kenmare road and the middle line thereof; the owners of said portions, the number of the certificates of title and the book and page where the same is registered are as follows:

Catherine A. Shea, Cert. No. 31289, Book 152, page 89.

Patrick W. Melia and Margaret H. Melia, Cert. No. 29732, Book 144, page 132.

Alexander Szymkiewich, Cert. No. 29433, Book 143, page 33.

Mary A. Holland, Cert. No. 29648, Book 144, page 48.

Hurley Driscoll Building Company, Cert. No. 29192, Book 141, page 192.

Vote. That this Board determines that no person sustains damages in the estate by the making of the public improvement consisting of the laying out and construction of Kenmare road (formerly Kenmare road), Dorchester district, as a highway, from Gallivan Boulevard to Minot street, under the order of the Board of April 23, 1935, and awards no damages to the Hurley Driscoll Building Company, 510 square feet, nothing.

POLICE DEPARTMENT ORDERS.

General Order No. 35.

A trial board, consisting of Captains McGrath, Gleavy and O'Connell, having heard by reference a complaint made by William Lewis, captain, Division 19, against John H. Fisher, patrolman, Division 19, for alleged violation of Rule 41 of the Rules and Regulations of the Police Department, to wit:

Charge: Neglect of duty.

Specification: In that on the fourth day of April (Police Day), 1935, said Patrolman John H. Fisher did fail to pull his "on duty" calls from 3.05 a. m. to 4.45 a. m., a period of one hour and forty minutes, knowing that the rules and regulations of the department require him to pull a duty call every forty minutes, and by so doing did commit an act contrary to good order and discipline,—has submitted the following finding and recommendation:

"The Board, having heard and carefully considered all the evidence as presented, accepts the plea of guilty. The Board has also considered the fact that this officer has been a member of the Police Department for fourteen years; that his present commanding officer has never had cause to censure him or to complain of him for derelictions of duty, and that Captain Lewis spoke of him as a sober and industrious police officer and one who is always attentive to his duties. Patrolman Fisher has had considerable sickness at his home which, the Board feels, is in a large measure responsible for his failure to register this duty call. Therefore, the Board respectfully recommends that the said Patrolman John H. Fisher be reprimanded in General Orders."

The commissioner accepts the finding and the recommendation of the Trial Board and hereby orders that the said Patrolman John H. Fisher be reprimanded in General Orders.

The Superintendent of Police will promulgate this order.

EUGENE M. MCSWEENEY,
Commissioner.

General Order No. 36.

Commanding officers are hereby notified that assignment of patrolmen for "Evening on the Floor" and "Morning In" is hereby abolished.

Commanding officers, in the event of an emergency, shall notify the officer in charge of the Bureau of Operations of the names and addresses of officers not on duty whose services may be required in their respective divisions, and to whom they shall report.

The officer in charge of the Bureau of Operations shall thereupon dispatch a radio car to the home of the officer, which will deliver him in accordance with instructions received.

The driver of the radio car shall notify the commanding officer of the Bureau of Operations, as soon as possible after calling at the officer's home, whether or not the officer is available, and such information shall be communicated forthwith to the commanding officer of the station concerned.

All rules and regulations inconsistent herewith are hereby rescinded.

This order becomes effective Friday, April 26, 1935, at 5.45 p. m.

The Superintendent of Police will promulgate this order.

EUGENE M. MCSWEENEY,
Commissioner.

General Order No. 37.

A trial board, consisting of Captains McGrath, Gleavy and O'Connell, having heard by reference a complaint made by Harry N. Dickinson, captain, Division 11, against Daniel J. McCarthy, patrolman, Division 11, for alleged violation of Rules 27 and 41 of the Rules and Regulations of the Police Department, to wit:

Charge 1: Neglect of duty.

Specification: In that on the fourteenth day of April, 1935, the said Patrolman Daniel J. McCarthy did fail to report to his station at the expiration of his tour of duty for the roll call at 6 p. m., not having been excused from so reporting by the officer in command.

Charge 2: Conduct unbecoming an officer.

Specification: In that on the fourteenth day of April, 1935, the said Patrolman Daniel J. McCarthy, while in uniform and not on duty, was under the influence of intoxicating liquor to such an extent that he would have been unable to properly perform police duty if called upon so to do,—

has submitted the following finding and recommendation:

"The Board, having heard and carefully considered all the evidence as presented, accepts the plea of guilty to Charge 1 and specification thereunder, and finds the said Patrolman Daniel J. McCarthy guilty of Charge 2 and specification thereunder. The Board has considered the statement of Patrolman McCarthy's commanding officer that McCarthy is an average police officer; also the fact that McCarthy has never previously been before a trial board for violation of the rules. Therefore, the Board respectfully recommends that the said Patrolman Daniel J. McCarthy be suspended from duty for a period of twenty days, effective as of April 15, 1935, at 5.45 o'clock p. m., and that at the expiration of the said period of suspension the said Patrolman Daniel J. McCarthy perform 210 hours of punishment duty."

The commissioner accepts the finding and the recommendation of the Trial Board and hereby orders that the said Patrolman Daniel J. McCarthy be suspended from duty for a period of twenty days, effective as of April 15, 1935, at 5.45 o'clock p. m., and that at the expiration of the said period of suspension the said Patrolman Daniel J. McCarthy perform 210 hours of punishment duty.

Civil Service Rule 23, Section 3, requires approval of the Civil Service Commission before reinstatement.

Rule 23.

Section 3. With the consent of the Commissioner, upon good cause shown, an appointing officer may reinstate in the same position or in a position in the same class and grade any person who has been separated from the service; provided, however, that the Commissioner shall not allow reinstatement of a person discharged for cause.

The Superintendent of Police will promulgate this order.

EUGENE M. MCSWEENEY,
Commissioner.

General Order No. 38.

A trial board, consisting of Captains McGrath, Gleavy and O'Connell, having heard by reference a complaint made by John J. Mullen, captain, Division 1, against Albert F. Connolly, patrolman, Division 1, for alleged violation of the

Rules and Regulations of the Police Department, to wit:

Charge: Conduct unbecoming an officer.

Specification: In that on the ninth day of April, 1935, the said Patrolman Albert F. Connolly, while in uniform and on duty, was under the influence of intoxicating liquor to such an extent that he was unable to perform his duty as a police officer and in so doing he was guilty of an act contrary to good order and discipline and therefore tended to bring into disrepute his associates on the force and the Police Department as a whole,—

has submitted the following finding and recommendation:

"The Board, having heard and carefully considered all the evidence as presented, finds the said Patrolman Albert F. Connolly guilty as charged and respectfully recommends that he be suspended from duty for a period of twenty days from April 9, 1935, and that at the end of said period of suspension he be ordered to perform 210 hours of punishment duty."

The commissioner accepts the finding and the recommendation of the Trial Board and hereby orders that the said Patrolman Albert F. Connolly be suspended from duty for a period of twenty days, effective as of April 9, 1935, at 7.45 o'clock a. m., and that at the expiration of the said period of suspension the said Patrolman Albert F. Connolly perform 210 hours of punishment duty.

Civil Service Rule 23, Section 3, requires approval of the Civil Service Commission before reinstatement.

Rule 23.

Section 3. With the consent of the Commissioner, upon good cause shown, an appointing officer may reinstate in the same position or in a position in the same class and grade any person who has been separated from the service; provided, however, that the Commissioner shall not allow reinstatement of a person discharged for cause.

The Superintendent of Police will promulgate this order.

EUGENE M. MCSWEENEY,
Commissioner.

General Order No. 39.

A trial board, consisting of Captains McGrath, Gleavy and O'Connell, having heard by reference a complaint made by James F. O'Neil, lieutenant, Division 1, against Orville F. Kenerson, patrolman, Division 1, for alleged violation of Rule 41 of the Rules and Regulations of the Police Department, to wit:

Charge: Conduct unbecoming an officer.

Specification: In that on the sixteenth day of April, 1935, the said Patrolman Orville F. Kenerson, while on duty and in uniform, was under the influence of intoxicating liquor to such an extent that he was unable to perform his duty as a police officer and in so doing was guilty of an act contrary to good order and discipline, which tended to bring into disrepute and criticism his associates on the force and the department as a whole,—

has submitted the following finding and recommendation:

The Board, having heard and carefully considered all the evidence as presented, accepts the plea of guilty.

"The Board has taken into consideration the favorable recommendation given to Patrolman Kenerson by his commanding officer to the effect that Patrolman Kenerson is a reliable man and bears a

good reputation; also the fact that he has not been before a trial board previously during the sixteen years in which he has been a member of the department. Therefore, the Board respectfully recommends that the said Patrolman Orville F. Kenerson be suspended from duty for a period of fifteen days from April 17, 1935, and that at the end of the expiration of such period of suspension he be ordered to perform 140 hours of punishment duty."

The commissioner accepts the finding and recommendation of the Trial Board and hereby orders that the said Patrolman Orville F. Kenerson be suspended from duty for a period of fifteen days from April 17, 1935, and that at the end of the expiration of such period of suspension he perform 140 hours of punishment duty.

Civil Service Rule 23, Section 3, requires approval of the Civil Service Commission before reinstatement.

Rule 23.

Section 3. With the consent of the Commissioner, upon good cause shown, an appointing officer may reinstate in the same position or in a position in the same class and grade any person who has been separated from the service; provided, however, that the Commissioner shall not allow reinstatement of a person discharged for cause.

The Superintendent of Police will promulgate this order.

EUGENE M. MCSWEENEY,
Commissioner.

EXTENSION OF CONTRACT.**PUBLIC WORKS DEPARTMENT.**

M. DeSisto has been granted an extension of the time of the completion of the contract for the building of sewerage works in Dent street, between Lasell street and Glenham street, West Roxbury, from March 30 to April 30 — a period of thirty-one days.

AMENDED DAMAGES.

The Mayor has approved the following votes of the Board of Street Commissioners:

Voted, That the order of the Street Commissioners and Mayor of June 7, 1927, determining damages caused by the making of the public improvement, consisting of the widening, relocation and construction of Ashland street, be, and the same hereby is, amended, by striking from said order the name of Henry S. Moody, trustee Moody Land Trust, in said order and inserting in place thereof the name of James F. Nania, administrator of the estate of Salvatore Nania, that the amount \$103.50 be, and the same hereby is, awarded to James F. Nania, administrator of the estate of Salvatore Nania for the damages so sustained.

Voted, That the order of the Street Commissioners and Mayor of July 27, 1933, determining damages caused by the making of the public improvement, consisting of the laying out of Cedarwood road, West Roxbury, be, and the same hereby is, amended, by striking from said order the amount \$80 awarded to Francis P. Leonard in said order and inserting in place thereof the amount \$80, that the amount \$80 be, and the same hereby is, awarded to Francis P. Leonard for the damages so sustained.

WOULD HAVE ALL VACANT TAX TITLE UNIMPROVED LAND MADE INTO GARDEN PLOTS AS RELIEF AID.

Upon May 1 the Mayor issued the following letter received from John C. L. Dowling, Executive Director, Overseers of the Public Welfare:

HON. FREDERICK W. MANSFIELD,
Mayor of Boston.

SIR,—I have had a very interesting conference with Professor Cole of the State Agricultural College, Amherst, regarding the growing of vegetables in vacant lot gardens during the summer months, and the storing or canning of these vegetables for winter use by our clients.

The result is a plan which awaits your approval to have all tax title unimproved land in the City of Boston turned into summer gardens, these gardens to be cultivated on scientific principles, and planted under the direction of the State Department of Agriculture, with a view to making them highly productive, and giving employment to as many as possible of the men on our rolls.

The plan contemplates first a survey of all the tax title unimproved land; then the acreage must be estimated, the composition of the soil studied and the ground ploughed, fertilized and planted with crops which will give the largest yield of the least perishable vegetables. My idea is to grow sufficient vegetables on this ground to help our clients through next winter, specializing in such vegetables as potatoes, carrots, parsnips, kale, cabbage, turnips, etc. These can easily be stored, and others which cannot be stored should be canned, so that we shall have on hand either fresh or home-canned vegetables for winter consumption, not only for our own people, but for those who seek shelter in the two institutions under our care—Wayfarers' Lodge and Temporary Home.

In connection with this plan, the department will enlist Government interest and secure from the F. E. R. A. sanction for the building of a storehouse where commodities can be kept, under suitable conditions and proper temperature.

You can, no doubt, see the extent to which this proposal may be carried. The expense will not be great, and with the Government so eager to put men back to work, we can secure cooperation which will make our vacant lot gardening a real project.

Yours truly,

JOHN C. L. DOWLING,
Executive Director.

BOSTON SECURES LOAN AT LOW RATE.

Bids were opened at twelve o'clock on April 26 for a temporary loan of \$4,000,000 in anticipation of 1935 taxes, dated April 30, 1935, and payable November 7, 1935. The lowest bidder was a group of Boston Investment House: F. S. Moseley & Co., the First Boston Corporation, Kidder, Peabody & Co., and Brown Harriman & Co., Incorporated, which bid .97 per cent plus a premium of \$24.24.

The only other bidder was a group consisting of Halsey, Stuart & Co., Hemphill, Noyes & Co. and G. M.-P. Murphy & Co., who bid 1.08 per cent plus a premium of \$19.

TO SELL JUNK.

The Mayor has approved the following request of the Institutions Department:

Boston, April 26, 1935.

HON. FREDERICK W. MANSFIELD,
Mayor of Boston.

MY DEAR MR. MAYOR,—Authority is requested under chapter 3, section 14, of the Revised Ordinances of the City of Boston, to sell junk at the Long Island Hospital to an amount not exceeding \$300.

Very truly yours,

F. A. WASHBURN, M. D.,
Commissioner.

CIVIL SERVICE EXAMINATIONS. (STATE SERVICE.)

On June 8, the examination will be held in various centrally located cities. On June 22, the examination will be held in Boston, and all persons who reside within commuting distance will be notified for examination on this day.

Subjects and Weights: Training and experience, 1; practical questions, 1; total, 2.

Passing Requirements: At least 60 per cent in practical questions, and at least 70 per cent in experience and in general average in order to become eligible.

Physical fitness to be determined by physical examination.

PROCEEDINGS OF SCHOOL COMMITTEE.

April 15, 1935.

A regular meeting of the School Committee of the City of Boston was held in the Administration Building, 15 Beacon Street, at 8:30 o'clock p. m.

Present: Messrs. Hurley, Lyons, Sullivan, and Tobin.

CHAIRMAN PRO TEMPORE

In the absence of the Chairman, Mr. Tobin was elected Chairman pro tempore.

APPROVAL OF MINUTES

The reading of the minutes of the previous meeting was omitted, the Committee approving them as printed.

APPROVAL OF APPOINTMENTS

The Chairman stated the question was on approving the appointments of teachers as reported by the Superintendent and laid over at the previous meeting.

The appointments were approved.

APPROVAL OF STATE-AIDED COURSE

A communication was received from the Department of Education, Division of Vocational Education, under date of April 5, 1935, reporting that the proposal for advanced training in welding for plumbers and steamfitters in the Boston Trade School has been approved in accordance with plans set forth; that if these plans are carried out as submitted the work of the course will be given approval and the City of Boston recommended for reimbursement under the provisions of Chapter 74 of the General Laws, reimbursement to date from April 1, 1935, and to be in full for the salaries of three instructors under the special provisions of Section 22 (1) "for salaries of teachers giving types of training selected by the Commissioner as especially needing stimulus," and 50% for other net maintenance, as provided in Section 9 of Chapter 74 of the General Laws.

Placed on file.

ACCEPTANCE OF OFFICE

The following communication was received:

April 4, 1935

Miss Ellen M. Cronin
Secretary, Boston School Committee
15 Beacon Street
Boston

Dear Miss Cronin:

I have received your communication of April 3, 1935, notifying me of my re-election as assistant superintendent of schools for the six-year term, beginning September 1, 1935.

It is a pleasure for me to accept the office of assistant superintendent, and I desire to express my thanks to the School Committee for its expression of confidence.

Sincerely yours,

(Signed) Arthur L. Gould
Placed on file.

The following communication was received:

April 5, 1935.

Miss Ellen M. Cronin, Secretary,
School Committee of the City of
Boston,
Administration Building,
15 Beacon Street,
Boston, Mass.

Dear Miss Cronin:

This will acknowledge receipt of your letter of April 3, stating that at the meeting of the School Committee held on Monday, April 1, 1935, I was elected Assistant Superintendent of Schools for the term beginning September 1, 1935, and ending August 31, 1939.

It gives me pleasure to accept this appointment as Assistant Superintendent of Schools of the City of Boston.

Sincerely yours,

(Signed) Frederick J. Gillis

Placed on file.

TRANSFER OF CUSTODIAN

A communication was received from the Schoolhouse Custodian, under date of Apr. 15, 1935, requesting that the transfer of Martin P. Breen, custodian, Hugh Roe O'Donnell Schoolhouse, to the Plummer Schoolhouse, as approved at the meeting of Apr. 1, 1935, be withdrawn.

Placed on file and the action approving the transfer rescinded.

AMENDMENT TO SCHEDULE OF EXTRA COMPENSATION FOR CUSTODIAN SERVICE

A communication was received from the Schoolhouse Custodian, under date of Apr. 15, 1935, recommending that the Schedule of Extra Compensation for Custodian Service—School Document No. 8, 1929—be amended in accordance with the accompanying order.

Placed on file.

On motion, it was
ORDERED, That the Schedule of Extra Compensation for Custodian Service—School Document No. 8, 1929—is hereby amended by striking out the rates for the use of the lunchroom in the Joseph H. Barnes School for extended use or other purposes and inserting in place thereof the following:

	Section 1	Section 2
	Sun., Mon., Tues., Thurs., and Sat.	Wednesday
School		
Joseph H. Barnes		
Lunchroom	\$1.26	\$0.42
		\$0.84

The Committee adjourned.

Attest:

ELLEN M. CRONIN,
Secretary.

BOSTON'S FEDERAL PROJECTS MUST BE ALMOST WHOLLY FEDERAL FINANCED.

Mayor Mansfield expressed approval of everything that President Roosevelt said in his radio address on Sunday evening, excepting the third condition for the disposal of the four billion dollar fund. That condition was as follows: "Projects which promise minute return to the Federal Treasury of a considerable proportion of the costs, will be sought." This language is very general and vague, but if it means that projects not to be financed by loans from the Federal Government at substantial rates of interest or that very substantial commitments must be made by the city, Boston would probably not be interested. In other words, in order to be of assistance to Boston the advantages must be of an outright grant of the whole amount or at least the amount to be provided by the city must be very small.

PROCEEDINGS OF CITY COUNCIL.

Monday, April 22, 1935.

Regular meeting of the City Council in the Council Chamber, City Hall, at 2 p. m., President FITZGERALD in the chair and all the members present.

MARRIED WOMEN IN CITY EMPLOY.

The following was received:

City of Boston,
Office of the Mayor, April 18, 1935.
To the City Council.

Gentlemen,—I herewith transmit a copy of a circular issued to heads of departments, including county and schoolhouse departments, relative to your order of April 1, 1935, concerning the employment of married women by the city.

Respectfully,
FREDERICK W. MANSFIELD, Mayor.

City of Boston,
Office of the Mayor, April 15, 1935.
To the Heads of County and City Departments.

In conformity with an order adopted by the Boston City Council under date of April 1, 1935, as per copy below, heads of departments, including county and schoolhouse departments, are requested to furnish the information desired in triplicate.

Copy of Order.

Ordered, That his Honor the Mayor of Boston be requested to obtain from the head of each department, including county and schoolhouse departments, the following information for the City Council.

1. The number of married women in the department.
2. Names and addresses of each married woman.
3. Whether temporary or permanent.
4. Is husband working, and, if so, by whom employed and his salary.

In City Council April 1, 1935. Passed.

Yours truly,
FREDERICK W. MANSFIELD, Mayor.

Placed on file.

PLANTING OF TREES, WARD 7.

The following was received:

City of Boston,
Office of the Mayor, April 18, 1935.
To the City Council.

Gentlemen,—I herewith transmit a letter from the Boston Park Department, relative to your order of April 8, 1935, concerning the planting of trees in Ward 7.

Respectfully,
FREDERICK W. MANSFIELD, Mayor.

City of Boston,
Park Department, April 17, 1935.
Hon. Frederick W. Mansfield,
Mayor of Boston.

Dear Sir,—I have your memorandum of April 15 with inclosure, order of the City Council requesting that the Park Commission arrange for the planting of trees on such streets in Ward 7 as they may deem advisable.

Please be assured it will be a pleasure to comply with the request of the Council. Ward 7 will be given every consideration.

Very respectfully yours,
WILLIAM P. LONG, Chairman.

Placed on file.

FEDERAL WORK PROJECTS.

The following was received:

City of Boston,
Office of the Mayor, April 22, 1935.
To the City Council.

Gentlemen,—From reliable sources I have received information that work projects to be financed by the Federal Government under the Work Relief Bill recently enacted by Congress will commence on or about the first week in June. I am also advised that it will be desirable and necessary for cities and towns to have ready at the earliest possible time, and not later than the end of May, a definite program and plans to cover the expenditure of whatever Federal funds may be allotted.

While considerable progress has been made in the formulation of projects, it must be apparent that if the allotment to be made to the city by the Federal Government is to be expended efficiently and wisely, a comprehensive program of projects should be developed and coordinated, to the end that the maximum number of needy persons may obtain employment and projects of the greatest benefit to the city be undertaken immediately. To this end I desire to establish a bureau for the development and coordination of needed and useful work projects. I am sanguine that an E. R. A. project will be approved whereby a personnel of approximately one hundred fifty engineers, draftsmen, investigators, stenographers and clerks will be provided.

In connection with this project it will be necessary for the city to provide funds for adequate office quarters, supervision, supplies and other

necessary and proper expenditures incidental to the work of such a bureau. While it is impossible for me to present a definite estimate as to the various items of expense which the city will be called upon to provide, I feel, in view of the amount of money which may be allotted to the city under the work relief program, that an authorization of \$15,000 from the Reserve Fund for the necessary expenditures of the proposed bureau cannot be deemed unreasonable. I accordingly submit herewith an order authorizing the expenditure of this amount. In view of the urgent necessity for the city to have available promptly a comprehensive work relief program, I respectfully recommend immediate consideration and adoption by your Honorable Body of the accompanying order.

Respectfully,
FREDERICK W. MANSFIELD, Mayor.

Ordered, That the sum of \$15,000 be, and the same hereby is, appropriated, to be expended under the direction of the Mayor, for all necessary and proper expenditures incidental to the development and coordination of public works and work relief projects, said sum to be charged to the Reserve Fund, when made.

Referred to Executive Committee.

COLUMBUS PARK, WARD 7.

The following was received:

City of Boston,
Office of the Mayor, April 20, 1935.
To the City Council.

Gentlemen,—I herewith transmit a letter from the Boston Park Department, relative to your order of April 8, 1935, concerning grading, rolling, etc., on Columbus Park, Ward 7.

Respectfully,
FREDERICK W. MANSFIELD, Mayor.

City of Boston,
Park Department, April 17, 1935.
Hon. Frederick W. Mansfield,
Mayor of Boston.

Dear Sir,—I am in receipt of your memorandum of April 15 with inclosure, order of the City Council, requesting that the Park Commission make the necessary improvements, such as grading, rolling, etc., on Columbus Park, at the earliest opportunity.

Please be assured that Columbus Park will be put in its usual excellent condition by the department forces and the E. R. A. who are now working on it. The season is three weeks late this year, and it is impossible to roll certain sections of this area on account of the understratum. However, I will be pleased to care for it just as soon as conditions permit.

Very respectfully yours,
WILLIAM P. LONG, Chairman.

Placed on file.

FENCES ON STELLMAN ROAD.

The following was received:

City of Boston,
Office of the Mayor, April 20, 1935.
To the City Council.

Gentlemen,—I herewith transmit a letter from the Boston Park Department, relative to your order of April 8, 1935, concerning the erection of wire fences on the property on Stellman road abutting the Healey Playground.

Respectfully,
FREDERICK W. MANSFIELD, Mayor.

City of Boston,
Park Department, April 17, 1935.
Hon. Frederick W. Mansfield,
Mayor of Boston.

Dear Sir,—I have your memorandum of April 15 with inclosure, order from the City Council, requesting that the Park Commissioner erect wire fences on the property on Stellman road abutting the Healey Playground.

I regret exceedingly to inform you it will be impossible for the department to do this at the present time, due to the fact that the Legislature has not as yet reported on the tax rate.

Very respectfully yours,
WILLIAM P. LONG, Chairman.

Placed on file.

CAR SERVICE, EASTERN MASSACHUSETTS STREET RAILWAY COMPANY.

The following was received:

City of Boston,
Office of the Mayor, April 22, 1935.
To the City Council.

Gentlemen,—I herewith transmit a letter from the Eastern Massachusetts Street Railway Company, relative to your order of April 1, 1935, concerning car service from Scollay square to the Mystic Bridge.

Respectfully,
FREDERICK W. MANSFIELD, Mayor.

Eastern Massachusetts Street Railway Company,
38 Chauncy Street, Boston,
April 20, 1935.

Mr. John F. Gilmore,
Assistant Secretary, Mayor's Office.
Dear Sir,—Referring to your note of April 18,

with copy of order of City Council, dated April 1, attached, I believe there must be some misunderstanding about this matter because ever since the closing of the Chelsea North Drawbridge on January 13, and the transfer of our main service into Boston through Sumner Tunnel, we have been operating street railway service between Scollay square and Mystic Bridge.

Very truly yours,
FRED A. CUMMINGS,
Vice President.

Placed on file.

LEGALITY OF PAYMENTS TO SNOW CONTRACTORS.

The following was received:

City of Boston,
Office of the Mayor, April 22, 1935.
To the City Council.

Gentlemen,—I herewith transmit a letter from the Corporation Counsel, relative to your order of February 25, 1935, concerning the legality of certain payments made to snow-removal contractors.

Respectfully,
FREDERICK W. MANSFIELD, Mayor.

City of Boston,
Law Department, April 20, 1935.
Hon. Frederick W. Mansfield,
Mayor of Boston.

Dear Mr. Mayor,—You have submitted to me for consideration and report a copy of the following order of the City Council:

"Ordered, That the Corporation Counsel, through his Honor the Mayor, advise the City Council whether the payments made to snow-removal contractors without first submitting it to the City Council was a legal act."

I have been informed by Mr. Carven, Commissioner of Public Works, that the payments referred to in said order were payments made by the city in January and February of this year under certain contracts for snow removal entered into by him, as such commissioner, on behalf of the city, toward the end of the calendar year 1934 and in the early part of 1935.

I have also been informed by Mr. Carven that the contracts under which said payments were made, which were entered into in the latter part of 1934, provided, in substance, for snow removal (a) during the balance of the year 1934, and (b), subject to there being available funds, during the first months of 1935, provided that the city exercised the options thereby given to have such work done by the contractor in said period and that said options were duly exercised.

The City Auditor has advised me that at the time the 1934 contracts were entered into there was an appropriation available therefor and that at the time the 1935 contracts were entered into and the option to extend the 1934 contracts was exercised, the expenditures made and the liabilities incurred by said department (including all amounts which the city agreed to pay under said contracts in 1935) did not exceed one third of the entire amount appropriated for said department for the year 1934. The City Auditor has also advised me that, at the time the payments called for under said contracts were made in 1935, the expenditures made and the liabilities incurred by said department (including the amounts so paid) did not exceed said one-third.

By virtue of the provisions of section 6 of chapter 266 of the Acts of 1885, heads of departments are authorized to enter into contracts with reference to matters within the jurisdiction of their department. Approval of the City Council of said contracts or of payments thereunder is not a condition precedent to validity. (See, also, section 8 of chapter 486 of the Acts of 1909.) Snow removal from public streets is, of course, a matter within the jurisdiction of the Public Works Department of the City of Boston.

In view of the facts above recited it is clear that the fact that no appropriation has yet been made by the City Council in 1935 for snow removal is not material. (See section 6 of chapter 266 of the Acts of 1885, as amended by chapter 320 of the Acts of 1889.) It is my understanding that in this respect the situation in the early part of this year differed from that in the first months of 1934 when an appropriation for snow removal was deemed necessary, because of the one-third limit contained in section 6 above mentioned.

Based upon the foregoing, it is my opinion that neither the fact that no appropriation has yet been made by the City Council for snow removal in 1935 nor the fact that the City Council has not approved the contracts for snow removal above referred to or the payments made thereunder in any way affects the validity of said contracts or the propriety of said payments.

Very truly yours,
HENRY E. FOLEY,
Corporation Counsel.

Placed on file.

ACCEPTANCE OF CHAPTER 182.

The following was received:

City of Boston,
Office of the Mayor, April 22, 1935.
To the City Council.

Gentlemen,—I submit herewith an order providing for the acceptance of chapter 182 of the

the Mayor of Boston and the Corporation Counsel have just been on to Washington and have been endeavoring to get Federal grants for this city. We heard in Executive Committee today the report of our Corporation Counsel, telling what they have been fighting for in Washington, and also stating that the question of the removal of the Elevated structure is being given consideration in Washington. I agree with Councilor Wilson that the \$12,000,000 which it is now proposed to spend in Boston will not take up the slack on unemployment to the extent of perhaps more than 2,000 men. The removal of the Elevated structure in Boston, however, means placing at work at least 10,000 men on three eight-hour shifts over a four-year period. Councilor Dowd has made some mention of the appreciation of property along the line that would result from the tearing down of the Elevated structure. There is not the slightest doubt of that, Mr. President. There would be a tremendous increase in the value of real estate along the line of the road. I agree with him that property along the line has very seriously depreciated. In my section the depreciation has been over 50 per cent. But when they talk about spending money which will take up the slack in employment in our city, the projects already suggested, coming within the \$12,000,000, will not even begin to do that. The removal of the Elevated structure and the construction of a tunnel or subway will also be of immense benefit to this whole city. Five of us here will be vitally affected in our districts by the removal of the structure, and the petitions that have been drawn up show the tremendous interest that the people have in it. We are trying to show the powers that be in Washington how to put men at work, and the best way to accomplish that end and also do something of immense benefit to our citizens is to remove this cancer that is eating into the body of big business in the streets of Boston. I think we ought to continue this fight, and I know that the five councilors whose districts are particularly and vitally interested, will have the whole-hearted support of the other members of the body, whose districts are also concerned. It can be shown that this project will put 10,000 men at work for four years on three shifts a day, and it has been very clearly pointed out this afternoon that the \$12,000,000 projects already proposed will not put 2,000 men at work. Let us be consistent, Mr. President. We have started this fight and it behooves us to keep it up. There are men in that gallery who could be working this afternoon and who will be put at work the moment this project is approved. Surely, when the Federal Government is talking about spending \$5,000,000,000, Boston can reasonably expect \$50,000,000. Certainly fair treatment must be shown to Massachusetts. We are not asking for anything that we are not justly entitled to.

Coun. MURRAY—Mr. President, I want to voice my opinion in support of what the previous councilors have stated, in support of the removal of the present Elevated structure from Charlestown to Forest Hills. You now need a guide in going through the square at Forest Hills, because the passageways are so narrow and so blind on either side of the structure, which interferes with vision and is really a menace to the public. And the people are not at the present time properly taken care of between Charlestown and Forest Hills and beyond, in the matter of transportation. Something must be done, Mr. President. It is certainly necessary that the situation at Forest Hills be remedied, and what is proposed will not only be a benefit for that section but for the whole City of Boston, besides placing a large number of our unemployed at work.

Coun. SHATTUCK—Mr. President, this order calls for or suggests an expenditure of \$42,000,000. I understand that it is divided into two parts, \$21,000,000 for demolishing the structure and \$21,000,000 for building the proposed subway. I cannot conceive that it would cost \$21,000,000 to demolish, tear down, the existing structure. It would seem to me that a large part of that \$21,000,000 must be to meet the expense of purchasing the existing structure. Of course, that would not put anyone at work. Very little of that \$21,000,000 would be used to put men at work in demolishing the existing structure. That could not possibly cost \$21,000,000, merely tearing down the existing structure. Furthermore, let me suggest, when we are told that men will be put at work at once, that I do not believe for a moment, sir, that it would put any considerable number of men at work at once. You cannot demolish the existing structure until you provide something to take care of the people. Therefore, for a time at least, the existing structure must be left where it is. Before starting the subway borings must be made, surveys, land-takings, and very elaborate plans carried through, before the actual work can be put out to contract. I believe it would be a year before any considerable amount of work or labor could be expended on such a proposition. It would be a very long story. Furthermore, we frequently spend in our executive sessions an hour or two on an expenditure of one or two thousand dollars. Here is a proposed expenditure of \$42,000,000. Certainly, that is worth spending a few hours discussing before we take any action. I move, therefore, that the order be referred to the Executive Committee.

Coun. DOWD—Mr. President, while I might agree with some of the remarks of the councilor from the Back Bay (Coun. Shattuck) still, neither he nor anybody else can dispute the fact that

any great project of this kind has to be started before it can take place. With regard to the expenditure of the \$42,000,000, I quite agree with him that a certain portion of that will have to be spent for the purchase of the structure from the Elevated. Even if that be so, however, the remainder, \$25,000,000 or \$30,000,000, or whatever it may be, is going to be spent to place a considerable number of men at work. We are told that in any event the project will not be started for awhile. It is not our province, of course, to say when it shall be started. There are, however, engineers in the nation qualified to state what shall be done. A similar project has been carried out in New York City, and they demolished a part of that structure. I say that this structure must come down, that the fight has been started by the City Council, and that we must continue the fight, regardless of the argument that perhaps it cannot be started within a year. I feel that that cannot be so. If we are not helped in this matter by the authorities at Washington, I believe that the City of Boston should do it, anyway, and I claim that we have capable men in Boston and Massachusetts who can study the matter, make plans and go forward with the work. I say that we should not duck, should not dodge. The issue is up to us, whether or not we want that structure from Forest Hills to Charlestown to stay there throughout the remainder of our lives. We don't know when the Federal Government is going to stop spending money, but we do know that they are appropriating \$5,000,000,000 and that the great City of Boston, which has given so much to the country, is certainly entitled to at least \$50,000,000 of that amount. I say it is about time that we followed this thing up. I reiterate that the fight has been started and should be carried through to a finish. I reiterate that the \$12,000,000 that has been referred to here today, as being expended on certain projects in the City of Boston, is not going to put any large number of men at work. It is going to be spent on useless projects, for the benefit of contractors and architects, and the laboring men will be still going down to the House of Horrors. As a matter of fact, there are about as many men on welfare today as there were a year ago, despite the fact that we are told that there are 20,000 on the E. R. A. The merchants of Roxbury are so much interested in this project that they have contributed \$5,000 to send a committee to Washington within two weeks in regard to the matter. So that I say public opinion cannot be stopped. Public opinion from one end of the city to the other is that this Elevated structure should come down, and I say that we should not send this to executive session. In justice to the people of this great city, not only along the line of the road but elsewhere, this structure should not be allowed to stand any longer than possible. I reiterate that its removal will increase the valuation of property along the line from 15 to 20 per cent; and I say that, the members of the Council having started the project, we should keep on fighting until it goes through. It is something for the real interest of the unemployed laboring men of this city, and I certainly trust that there will be no delay, no reference, but that it will pass at this meeting.

Coun. ROBERTS—Mr. President, I don't like to disagree with my colleague from Ward 8 (Coun. Dowd) on this particular matter of passing the order immediately, today. I believe several weeks ago the Council passed a similar resolution favored by Councilor Green and others, placing itself clearly on record as favoring such a plan. But I, for one, am not willing to vote in favor of the immediate expenditure of \$42,000,000 for this purpose, knowing full well that probably almost half of the money will go back to the Boston Elevated and will not be used on E. R. A. work or for the general relief of unemployment. If what has been stated to us is true, \$21,000,000 will not be needed to remove the structure, but the largest part of it will be paid to the Elevated, and the city will never be indemnified for money paid out for land-takings and other expenses of that sort. It will also mean that other projects in which we are all interested will be held up, and very likely will not go through at all. I think, too, that any project we favor should also consider the white collar worker, and no provision made for him here, the laborer being the only one considered. I will not say that I oppose this order at the present time, but I would at least like a chance to consider it until we see how the money is to be allocated, how much money is to be paid to the Elevated, how much is to be considered as a loan. I shall, therefore, cast my vote in favor of the order going to the Executive Committee.

Coun. NORTON—Mr. President, I am in favor of tearing down the Elevated structure, and I would give that preference, much as I would like to see a new City Hall. We have been told that the Elevated would want a large part of the \$21,000,000 for the structure. Well, our fight comes here first, and we can then consider the question of adjusting the matter with the Elevated. I would like to ask the councilor from Roxbury (Coun. Dowd) what Elevated structure in New York City the National Government loaned money for, to tear down?

Coun. DOWD—I did not say the National Government. The city itself tore it down.

Coun. NORTON—I know that New York City has powerful friends who have been trying to get the President to have the National Government tear down that structure with Federal money. They have ten times the Elevated structure that

we have, and ten times the amount of money would be involved. They have up to today, however, been unable to get anywhere in that matter. But when the time comes, Mr. President, we can offer an equitable price for the Elevated structure. I want to see that structure pulled down, Mr. President.

Coun. WILSON—Mr. President, I would like to have it appear on the record that I personally am in favor of Councilor Dowd's order, bearing in mind, first, that the order requests that the Federal Government grant and not loan the money, and also bearing in mind the figures quoted by the councilor from the Back Bay (Coun. Shattuck) in Executive Committee, when he pointed out that Florida, for example, has received from the Federal Government \$54,130,419 since the incoming of the present administration in Washington, absolutely as a grant, with not a cent of corresponding contribution of any city or state money.

Coun. GOLDMAN—Mr. President, I do not quite agree to the statement that so much money would have to be paid to the Elevated for the structure. That does not follow at all. I think it more than likely that the Elevated would accept a subway in exchange for their franchise rights in the structure. So the structure may not cost the City of Boston one cent. There may be simply a substitution of the subway or tunnel for the Elevated structure. So Councilor Dowd's contention that none of the money will go to the Elevated may be correct.

Coun. SHATTUCK—Mr. President, if it is true that we will not have to pay money to the Elevated, why have a \$42,000,000 order? Why not have an order for \$21,000,000 if the estimated amount for tearing down the Elevated structure will not have to be paid?

Coun. GOLDMAN—Mr. President, I would simply answer that in this way, that in many orders we pass here the amount included exceeds the amount that will really be required, and if it develops that the full amount is not needed, of course, it will not have to be paid.

The motion to refer to the Executive Committee was declared carried. Coun. DOWD doubted the vote and asked for a rising vote.

The Council stood divided, and the motion to refer was lost, 7 to 7.

Coun. SHATTUCK further doubted the vote and asked for the yeas and nays.

The motion to refer to the Executive Committee was lost, yeas 7, nays 14.

Yeas—Coun. Agnew, Donovan, Finley, Norton, Roberts, Shattuck, Tobin—7.

Nays—Coun. Brackman, Doherty, Dowd, Englert, Fish, Fitzgerald, Gallagher, Gleason, Goldman, Kerrigan, McGrath, Murray, Selvitella, Wilson—14.

President FITZGERALD—The question is on suspension of the rule and passage of the order.

Coun. McGRATH—Mr. President, it seems to me that the question comes here as to the amount we would pay to the Elevated for the actual purchase of the structure. I would therefore like to offer an amendment to the order which I believe would put the Council on record as approving a sufficient amount to defray the actual cost of razing the Elevated structure and building a new subway along the route. As I do not believe, the gentleman who introduced the order is interested in giving money to the Elevated, but is interested in razing this structure and building in its place a suitable subway, I would offer an amendment to strike out \$42,000,000 and insert in place thereof the words "a sufficient amount."

The amendment was adopted, and Coun. Dowd's order as amended was passed.

EXECUTIVE COMMITTEE REPORTS.

Coun. GALLAGHER, for the Executive Committee, submitted the following:

1. Report on petitions (referred today) for children under fifteen years of age to appear at places of public amusement, viz.:

Yvonne Baron, Recital Hall, June 5; Lyllion F. Rose, Repertory Theatre, June 12; A. Marie Govone, Repertory Theatre, June 4; Katherine G. O'Gorman, Shubert Theatre, May 17; Florence W. Russell, Repertory Theatre, June 1; Mary V. Hayes, Repertory Theatre, May 31; Lilla Viles Wyman, Repertory Theatre, May 11; Gertrude Dolan DePetro, Repertory Theatre, June 20,—recommending that leave be granted under usual conditions.

Report accepted; leave granted under usual conditions.

2. Report on message of Mayor and order (referred April 15) for transfer of appropriations within Park Department—that same ought to pass.

Report accepted, said order passed, yeas 20, nays—Coun. Selvitella—1.

3. Report on message of Mayor and order (referred today) for appropriation of \$15,000 for expenditures incidental to development and coordination of public works and work relief projects—that same ought to pass.

Report accepted; said order passed, yeas 21, nays 0.

SOLDIERS' RELIEF.

Coun. KERRIGAN, for the Committee on Soldiers' Relief, submitted report recommending

anything we have got to do something besides talk. Talk is the cheapest thing in the world. The question is, where does the power lie? I would like to see the Finance Commission go into this, exerting every power they have. But we have no power to say that these folks shall be placed under oath. I would like to see this done. I would like to have an investigation into this married woman situation. I would like to have some one point out what power we have under the present ordinances; how we are entitled to place these people under oath in a matter of this kind. I think perhaps the Assistant Attorney General would say that we hadn't any. On such a matter—the proposition to place these people under oath—I think we should delay action for awhile.

President FITZGERALD—It is simply a request of his Honor the Mayor, Councilor Norton.

Coun. NORTON—I am delighted and encouraged by the fact that the Mayor has co-operated in this matter, as stated by the councilor. I hope that change of heart on the part of the Mayor will continue, and that eventually I will get the information that I have sought under different orders. I would like, for instance, to know something about the money that was spent last year on patch-paving contracts.

Coun. MURRAY—Mr. President, I rise to a point of order, that the gentleman is not talking on the question.

Coun. NORTON—I would like also to get some information about the bonding business and about tax abatements. Since the Mayor has seen fit to cooperate with you to some extent in this matter, I hope that he will also see fit in his wisdom to cooperate on other orders.

The order was passed under suspension of the rule.

BIDDING BY SMALL CONTRACTORS.

4 Coun. FINLEY offered the following:

Ordered, That the Commissioner of Public Works be requested, through his Honor the Mayor, to consider the advisability of awarding contracts for P. W. A. projects in smaller sections in order that responsible small contractors may have an opportunity to bid on the work.

Coun. FINLEY—Mr. President, I am offering this order on behalf of many of the smaller but responsible contractors in the City of Boston who have been deprived of a living the last four or five years because of the budgeting that has been done under the Federal government projects. Up to the present time these men have not been able to even bid on various contracts coming under the P. W. A. plan of operation, and I respectfully request that his Honor the Mayor and the Commissioner of Public Works give consideration to these smaller contractors so that they may have an opportunity to bid on these contracts. At the present time contracts for streets under P. W. A. are awarded on the basis of contracts that will average from \$75,000 to \$100,000, and that means that only the larger contractors are in a position to present the necessary certified check going with a contract of that kind. I believe it is more in keeping with the Federal Government's desire to "share the work" that these smaller contractors should have an opportunity to receive some of the work.

The order was passed under suspension of the rule.

CONSTRUCTION OF GARDEN STREET.

Coun. FINLEY offered the following:

Ordered, That the Board of Street Commissioners be requested, through his Honor the Mayor, to accept, lay out and construct, under the E. R. A. plan of construction, Garden street, Ward 20, as a public highway.

Passed under suspension of the rule.

LIFE GUARDS, SOUTH BOSTON BEACHES.

Coun. KERRIGAN and Coun. DONOVAN offered the following:

Ordered, That the Park Commission be requested, through his Honor the Mayor, to appoint a sufficient number of life guards under the E. R. A. as will properly protect the lives and safety of bathers at the South Boston beaches during the coming season.

Passed under suspension of the rule.

SWINGS, COLUMBUS AVENUE PLAYGROUND.

Coun. KERRIGAN offered the following:

Ordered, That the Park Commission be requested, through his Honor the Mayor, to furnish additional games, swings and other playground apparatus for the Columbus Park Playground at the earliest possible opportunity.

Passed under suspension of the rule.

BUBBLE FOUNTAIN, WARD 15.

Coun. TOBIN offered the following:

Ordered, That the Commissioner of Public Works be requested, through his Honor the Mayor, to

install a bubble drinking fountain at Joseph Hartin square, Field's Corner, Ward 15.

Passed under suspension of the rule.

INFORMATION RE POLICE DEPARTMENT.

Coun. WILSON offered the following:

Ordered, That the Police Commissioner be requested, through his Honor the Mayor, to furnish the City Council promptly the following information with reference to the Boston Police Department as of March first for each calendar year, from 1926 to 1935, inclusive, viz., the total number of

1. Officers and men on the Police Force.
2. Captains.
3. Lieutenants.
4. Sergeants.
5. Patrolmen.
6. Sergeants and patrolmen assigned to inside duty at various stations.
7. Sergeants and patrolmen assigned to street duty.
8. Sergeants and patrolmen on street duty assigned to traffic duty.
9. Sergeants and patrolmen on street traffic duty and stationed at intersections, also controlled by traffic lights.
10. Motorcycles.
11. So-called "prowl" cars.
12. Sergeants and patrolmen assigned to duty in "prowl" cars.
13. New men appointed to the department during the year.

Coun. WILSON—Mr. President, there was a great difference of opinion a week ago concerning the advisability of an increase in the Police Department. I believe if this request is properly answered—and I believe the Police Commissioner will properly answer it—it will give us a stock-taking of the Boston Police Department each year for the past ten years, which will give us some idea as to whether the hundreds of thousands we spent on traffic lights was wasted money and whether or not, as I have previously suggested, the traffic officers of the City of Boston have been really relieved by the installation of those lights; also whether or not the officers on traffic duty on such arteries as Washington street, Tremont street, and in the delightful Back Bay area, might be placed on other streets at the present time where they could perform more important duty. I believe the information we will obtain will be of material aid to us when we are passing on this year's budget and that it will enable us to intelligently discuss the question whether, as I really believe, we are at the present time below the proper protection point in our Police Force.

The order was passed under suspension of the rule.

SAND AND GRAVEL CONTRACTS.

Coun. NORTON offered the following:

Ordered, That his Honor the Mayor be requested to inform the City Council as to why a Boston concern with property assessed at \$60,000 was given no consideration in the letting out of sand and gravel contracts by the City of Boston, when the prices were as low as those of outside concerns.

Coun. NORTON—Mr. President, that order has to do with sand and gravel contracts of the City of Boston where the prices were as low as those of outside concerns which obtained the contracts. I understand that two concerns having a place of business in the City of Boston suffered in this way, one of them a concern with property assessed at \$60,000, and that the price was as low, the delivery cost as low and the quality of product the same, as in the case of other concerns from other parts of the state which obtained the contracts.

The order was passed under suspension of the rule.

PREFERENCE TO FORMER EMPLOYEES.

Coun. NORTON offered the following:

Ordered, That the Mayor of Boston be requested to consider the advisability of showing preference in employment at least to old city employees let go during the first few months of his administration.

Passed under suspension of the rule.

HEALTH DEPARTMENT EMPLOYEES.

Coun. NORTON offered the following:

Ordered, That the Mayor of Boston be requested to consider the advisability of conferring with the Health Commissioner relative to a liberal time-off policy with pay for those injured in line of duty.

Passed under suspension of the rule.

NON-SELLING OF HOMES FOR UNPAID TAXES.

Coun. NORTON offered the following:

Ordered, That the Mayor of Boston be requested to consider the advisability of selling no home for unpaid taxes especially in cases where the family lives in the home and in good times paid the taxes.

Coun. NORTON—Mr. President, the Mayor should consider the matter of selling no home for unpaid taxes where the family lives in the home. If in good times the family paid taxes, this should also be taken into consideration. The loss of a home is a very serious thing to people over the age of fifty. Other large cities show such leniency and there is no reason why we should not. No worthy family in Boston should have their home sold over their heads. Let us stop waste in other directions first.

The order was passed under suspension of the rule.

PLAY CENTERS FOR CHILDREN.

Coun. NORTON offered the following:

Ordered, That the Mayor of Boston be requested to consider the advisability of setting up play centers about the city for the particular use of young children.

Coun. NORTON—Mr. President, Donald Kay, five years of age was killed last Saturday in my ward, run over by a truck. Thirty children were killed by autos in Boston last year, and thirty or more will be killed this year, 2,443 were injured. Boston needs small play sections where little children can play. Donald was playing in the only place he had to play, out on the street. Boston has seventy-odd playgrounds for big boys and girls, and small children should have play spaces near their homes. The city, with E. R. A. workers, and land given up for non payment of taxes, might work out a policy to save other Donalds. The opportunity to play is the inalienable prerogative of childhood. Small places, even the size of this room, might be so utilized, and the cost would not be great.

The order was passed under suspension of the rule.

E. R. A. PLANNING BOARD.

Coun. NORTON offered the following:

Ordered, That the Mayor of Boston be requested to immediately set up an adequate planning board to properly spend the \$18,000,000 a year that the city now obtains from the E. R. A. outright grants and the promised increased allotments of the future.

Passed under a suspension of the rule.

METHOD PURSUED IN TAKING CENSUS.

Coun. NORTON offered the following:

Ordered, That the chairman of the Board of Election Commissioners, through his Honor the Mayor, inform the Council as to the procedure pursued in the taking of the recent city census.

Coun. NORTON—Mr. President, Election Commissioner David B. Shaw has announced that the population of Boston today is 820,190. I believe his figures are inaccurate, for the following reasons: On March the 20th last he publicly announced Boston had grown by 15,000 people during the past five years. On April 18, he claimed over 39,000. Mayor Mansfield employed 475 political friends to take this census at a cost of over \$50,000 to the city. Many of these census takers were incompetent, merely taking the names from old voting lists and directories. In past years the city took this census by having the police do it at no extra cost. I believe Boston's population has been decreasing, because we have over 2,000 less pupils in our schools than a year ago. Over a million people left cities for farms last year. The preliminary Federal Government study of "Population Redistribution," issued January 26, 1935, tends to show Boston losing. Boston has hundreds of empty tenements. Mr. Shaw's figures claim Boston grew twice as fast between 1930 and 1935 as it did in the prosperous years of 1920 to 1930. This great population increase is claimed at this time in order to infer that the city flourishes under Mayor Mansfield. The truth is, we have driven out our industries and population with high taxes.

Coun. FINLEY—Mr. President, the statement of my friend from Ward 18 (Coun. Norton) that the City of Boston is losing its population does not jibe with the census that has been authorized and recently taken by the State of Massachusetts. It is necessary to have a census of this kind taken every ten years, and it is taken not only here but in every other city and town. I would respectfully suggest, therefore, that this order be referred to the Executive Committee for further investigation, because I believe it is not for the benefit or upbuilding of the City of Boston to make statements which would seem to indicate that our city is losing in population, particularly where the census taken shows that such is not the case. I believe that this last census was well supervised and well conducted. Therefore, I think it is well for us to hesitate and make further investigation before taking such action as is suggested by this order. I think if this is referred to our Executive Committee we can find out whether the chairman of our Election Commission or our learned fellow councilor from Ward 18 is right in this matter.

Coun. NORTON—Mr. President, I don't know that I would object to having this matter considered by the Executive Committee or any other committee. But certainly we have seen a great discrepancy in the statements of Chairman Shaw of

the Election Commission, when he announced on March 20 last that Boston had grown by 15,000 people during the past five years, and on April 18 he claimed over 39,000, and when the Federal Government study of population redistribution, issued January 26 of this year, tends to show that Boston is losing in population. The increase he claims is particularly questionable, in view not only of the statements of the United States Government, but of the conditions that we ourselves see around us on every hand.

Coun. WILSON—Mr. President, I usually like to agree with the gentleman from Ward 18 (Coun. Norton) but I am constrained to disagree with him at this time, especially in view of the fact that the increase in his own ward in the last nine years has been 69 per cent.

Coun. NORTON—Yes, and you must also bear in mind the serious decrease in other wards of this city. I am simply referring to the situation in the entire city.

Coun. MURRAY—I think, Mr. President, we should also bear in mind the fact that has been brought out here at different times that many people are coming to the city because the treatment of people by our Welfare Department is the best that is afforded by any city in Massachusetts. That is why many want to come here.

The order was referred to the Executive Committee.

REDUCTION OF TAX RATE.

Coun. NORTON offered the following:

Ordered, That the Mayor of Boston be requested to inform the Council, what, if anything is being done to reduce the tax rate, as per his campaign pledge.

Coun. NORTON—Mr. President, Mr. Alfred P. Sloane, Jr., President of General Motors, when looking around for a place to establish a large General Motors plant, made a survey of the leading cities of America, including Boston, and said recently, in regard to the opening of the enormous Chevrolet assembly plant in Baltimore, that "careful investigation proved to General Motors that Baltimore offered the best opportunity for our particular needs." Therefore, Baltimore, and not Boston, was selected. That certainly has a bearing on the question of method that would reduce Boston's tax rate.

The order was passed under suspension of the rule.

NAMING OF SQUARE.

President FITZGERALD offered the following: Ordered, That the order passed by the City Council on January 21, 1935, naming the junction of Milk, Kilby and Oliver streets, Patrick King Circle, be, and hereby is, rescinded.

Ordered, That the space at the junction of Milk, Kilby and Oliver streets be named Thomas Whalen Circle and that suitable signs be erected.

Severally passed under suspension of the rule.

TRAFFIC LIGHTS, WARD 3.

President FITZGERALD offered the following: Ordered, That the Traffic Commission be requested, through his Honor the Mayor, to install traffic lights on Cambridge street, at the junction of Joy and Chambers streets, Ward 3.

Ordered, That the Traffic Commission be requested, through his Honor the Mayor, to install traffic lights on Charles street, at the foot of Fruit street, Ward 3.

Ordered, That the Traffic Commission be requested, through his Honor the Mayor, to install traffic lights on Charles street, at the foot of Allen street, Ward 3.

Ordered, That the Traffic Commission be requested, through his Honor the Mayor, to install traffic lights in the Leverett Street Circle, Ward 3, at the junction of Leverett street, Nashua street, Charles street and the Charles River Dam.

Severally passed under suspension of the rule.

SIDEWALKS, WARD 3.

President FITZGERALD offered the following: Ordered, That the Commissioner of Public Works be requested, through his Honor the Mayor, to include in his P. W. A. program a sum sufficient to provide for the installation of granolithic sidewalks on Hudson street, between Curves and Beach streets, Ward 3.

Passed under suspension of the rule.

Adjourned at 5.15 p. m., on motion of Coun. GOLDMAN, to meet on Monday, April 29, 1935, at 2 p. m.

EXTRA WORK UNDER CONTRACT.

Charles Andreassi & Co. have been directed to perform the following extra work under the contract for building sewerage works, Hyde Park branch of Oakland brook in Royal road, Raleigh road, Ralston road and Rutledge road, Hyde Park. Items ordered: Place 12-inch pipe cradle under existing 6-inch water pipe at Station 3 plus 84.5 at agreed price of \$25. Although this is in addition to the work contemplated in the original contract, it is incidental thereto. Estimated cost of extra work, \$25.

CIVIL SERVICE EXAMINATIONS. (STATE.)

STATE EXAMINERS OF ELECTRICIANS.

Examinations, 1935.

Examinations will be held at the following points and on the following dates:

Boston, Monday, May 6.
Worcester, Wednesday, May 8.
Boston, Monday, June 3.
Boston, Monday, September 16.
Worcester, Wednesday, September 18.
Springfield, Thursday, October 17.
Pittsfield, Friday, October 18.
Boston, Monday, November 4.
Lowell, Wednesday, November 6.
Boston, Monday, December 2.
New Bedford, Wednesday, December 4.
New Bedford, Thursday, December 5.

RULES FOR EXAMINATIONS.

All examinations shall be given in English.

Applicants for Class B or journeyman's certificate must be at least eighteen years of age and have had at least two years' practical experience or the equivalent in the installation of wires, conduits, apparatus, fixtures and other appliances for carrying or using electricity for light, heat or power purposes.

Applicants for Class A or master's certificate must be at least twenty-one years of age and have had at least two years' experience in the business of installing wires, conduits, apparatus, fixtures and other appliances for carrying or using electricity for light, heat or power purposes.

Examinations shall consist of applicant's knowledge of the National Electrical Code and practical electrical work.

All persons desiring to be examined, either for a Master or Journeyman Certificate, shall have application on file at least ten days previous to the date of such examination.

Applicants for examination will be required to obtain at least 70 per cent in order to obtain a certificate.

Applicants who fail to obtain the required 70 per cent will not be entitled to re-examination until a period of three months has elapsed, and those who receive less than 50 per cent, or who fail on the practical demonstration, will not be re-examined for a period of six months.

Any person found referring to notes or books, or misbehaving during an examination, will be debarred from that examination.

Notice will be sent to applicants for certificates when and where examination will be held, and only those so notified will be examined on that day.

JAMES M. HURLEY,

PAYSON SMITH,

STEPHEN C. GARRITY,

State Examiners of Electricians.

For application blanks or other information apply to State Examiners of Electricians, Room 413A, State House, Boston, Mass.

ANNEXATIONS OF BOSTON.

East Boston in 1637; South Boston in 1804, being set off from Dorchester; Roxbury in 1868, a city of Norfolk County since March, 1846; Dorchester in 1870, a town since September, 1630; Charlestown in 1874, a city of Middlesex County since February, 1817; Brighton in 1874, set off from Cambridge and incorporated as a town of Middlesex County in February, 1807; West Roxbury in 1874, set off from Roxbury and incorporated as a town of Norfolk County in May, 1851; Hyde Park in 1912, a town of Norfolk County since April, 1868.

These annexations, which added 24,312 acres of land to the original land of Boston, were by area as follows: East Boston, 1,435 acres; South Boston, 795; Roxbury, 2,450; Dorchester, 5,600; West Roxbury, 8,075; Brighton, 2,664; Charlestown, 424; Hyde Park, 2,869. Filled land increased the area later by 1,396 acres. In 1875 the annexed territory had a population of 201,250, or 58.86 per cent of city's total; in 1910 its population had increased to 477,311, or 71.18 per cent, Hyde Park not included. By 1915 the total was 549,139, or 73.67 per cent of city. By 1925 the total was 607,519, or 77.92 per cent.

POPULATION OF COUNTIES, 1930.

(1) Middlesex (11 cities and 43 towns), 934,924 or 156,572 over 1920; (2) Suffolk (3 cities and 1 town), 879,536 or 44,014 over 1920; (3) Essex (8 cities and 26 towns), 498,040 or 15,884 over 1920; (4) Worcester (4 cities and 57 towns), 491,242 or 36,107 over 1920; (5) Bristol (4 cities and 16 towns), 364,590 or 5,585 over 1920; (6) Hampden (4 cities and 19 towns), 335,496 or 35,191 over 1920; (7) Norfolk (1 city and 27 towns), 299,426 or 80,345 over 1920; (8) Plymouth (1 city and 26 towns), 162,311 or 5,343 over 1920; (9) Berkshire (2 cities and 30 towns), 120,700 or 7,667 over 1920; (10) Hampshire (1 city and 22 towns), 72,801 or 3,202 over 1920; (11) Franklin (26 towns), 49,612 or 251 over 1920; (12) Barnstable (15 towns), 32,305 or 5,635 over 1920; (13) Dukes (7 towns), 4,953 or 581 over 1920; (14) Nantucket (1 town), 3,678 or 881 over 1920. Total for the 14 counties (39 cities and 316 towns), 4,249,614 or 397,258 (i. e., 10.3 per cent) over 1920. Of said total, 2,940,335 (i. e., 69.19 per cent) were in the cities and 1,309,279 (i. e., 30.81 per cent) in the towns. The four counties, Suffolk, Middlesex, Essex and Bristol, contain 63.00 per cent of the State's inhabitants.

If the municipalities having a population of 5,000 or over are properly called urban, then the percentage of urban population in the entire State makes the notable figure of 90.71, while the rural shows but 9.29 per cent.

AIRPORTS AND LANDING FIELDS IN THE UNITED STATES.

The latest report of the Aeronautics branch of the Department of Commerce, dated January 1, 1934, states that there were 2,188 airports and landing fields in the United States in that year, an increase of 71 since January 1, 1933. These figures do not include new airports which are being established in the various States by the State Civil Works Administration Committees.

READVERTISEMENT. CITY OF BOSTON.

PUBLIC WORKS DEPARTMENT.

NATIONAL INDUSTRIAL RECOVERY PROJECT,
P. W. A., DOCKET NO. 4205-G.

PROPOSALS FOR SHEET ASPHALT OR BITULITHIC
PAVEMENT IN SAVIN HILL AVENUE, FROM
BRIDGE OVER RAILROAD TO EVANDALE TER-
RACE AND FROM BRIDGE OVER RAILROAD TO
120 FEET SOUTH OF DENNY STREET.

The Commissioner of Public Works of the City of Boston, hereinafter designated as Commissioner, Room 508, fifth floor, City Hall Annex, invites proposals from citizens of the United States and corporations or other legal associations wherein the controlling interest to the extent of at least one half thereof is owned by a citizen or citizens of the United States, for sheet asphalt or bitulithic pavement in Savin Hill avenue, Ward 13, from bridge over railroad to Evandale terrace and from bridge over railroad to 120 feet south of Denny street. Each proposal should be inclosed in an envelope, sealed, marked "Proposals for Sheet Asphalt or Bitulithic Pavement in Savin Hill Avenue," and left at Room 508, fifth floor, City Hall Annex, before 12 m. daylight saving time, on Tuesday, May 21, 1935, accompanied by a properly certified check on, or a certificate of deposit issued by, a responsible bank or trust company in the sum of one thousand seven hundred dollars (\$1,700), payable to the City of Boston. Checks will be returned after execution of the contract on demand. The proposals will there and then publicly be opened and read. Proposals must be made in duplicate, the sealed duplicate, without check, to be deposited by the bidder with the City Auditor previous to the time named for opening the proposals. Bids must be made upon the prescribed proposal form. Special attention of the bidders is called to all provisions of the Federal Emergency Administration of Public Works, which form a part of the contract, including the prescribed minimum rate of \$1.20 per hour for skilled labor and \$0.50 per hour for unskilled labor, and to the special provisions as to semi-skilled labor. Without exception, no bids will be considered unless accompanied by the bidder's certificate of compliance, United States Government form P. W. A. 61, revised March, 1934, to the effect that the bidder is complying with and will continue to comply with each applicable Code of Fair Competition, or, in the absence of such code or codes, with the President's Re-employment Agreement. Copies of this certificate will be included with the "Instructions to Bidders." Plans, specifications and contract form may be obtained at Room 508, City Hall Annex, upon the deposit of the sum of five dollars (\$5). A surety bond by an approved surety company will be required from the successful bidder in an amount not less than the full amount of the contract. The right is reserved to reject any and all proposals, or to accept any proposal deemed best for the interest of the City of Boston and no award can be made without the approval of the State Engineer, P. W. A. The name and address of the local registration office of the National Re-employment Service, from which employee lists for this contract shall be obtained, is as follows: State Public Employment Office (Everett L. Hanna), Manager, 100 Nashua Street, Boston.

C. J. CARVEN,
Commissioner of Public Works.

(May 4-11.)

NOTICE OF HEARING.

CITY OF BOSTON,
OFFICE OF THE CITY CLERK, May 4, 1935.

In accordance with the provisions of section 6 of chapter 486 of the Acts of 1909, a public hearing will be given by the City Council in the City Council Chamber, City Hall, on Tuesday, May 11, 1935, at 7.30 o'clock p. m., on the proposed contracts with the Boston Consolidated Gas Company for furnishing gas for street lights, and for the equipment and lighting of gas lamps.

By order of the City Council.
(May 4-11.) W. J. DOYLE, *City Clerk.*

THE SCHOOL COMMITTEE OF THE CITY OF BOSTON.

ADMINISTRATION BUILDING, 15 BEACON STREET,
OFFICE OF THE BUSINESS MANAGER.

PROPOSALS FOR FURNISHING ART EDUCATION
AND MANUAL TRAINING SUPPLIES FOR THE
BOSTON PUBLIC SCHOOLS.

The School Committee of the City of Boston invites bids for furnishing and delivering at the several schools, and to the Supply Room of the School Committee as directed by the Business Manager, art education and manual training supplies, as per schedule. Proposal forms are obtainable at the office of the Business Manager of the School Committee, 15 Beacon street, tenth floor. Envelopes containing proposals must be sealed and plainly marked "Proposal for Furnishing Art Education and Manual Training Supplies." The bid must be in duplicate. One copy signed by the bidder and accompanied by a certified check for \$100, payable to the City of Boston, must be left at the office of the Business Manager on or before 12 o'clock m., on Tuesday, May 14, 1935. Copies filed with the Business Manager will be publicly opened and read at 12 o'clock m. of the day stated. The other copy, also signed by the bidder, must be filed with the City Auditor, City Hall, Boston, Mass., previous to the time named for the opening of the bids. The School Committee reserves the right to reject any or all bids, and to accept such bid or part of bid as may be deemed best for the interests of the city. The successful bidder will be required to furnish a bond for not less than 50 per cent of the amount of the contract.

ALEXANDER M. SULLIVAN,
Business Manager of the School Committee.
(May 4.)

CITY OF BOSTON.

POLICE DEPARTMENT.

PROPOSALS FOR MAKING AND DELIVERING
UNIFORM GARMENTS.

The Police Department of the City of Boston invites proposals for making and delivering uniform garments. The bidder must use the form of proposal to be obtained at the office of the Property Clerk, 154 Berkeley street, Boston, Mass., Room 106, and deposit with his bid at the office of the Police Commissioner, a properly certified check for \$500, payable to and to become the property of the Police Commissioner for the City of Boston if the proposal is not carried out. Proposals will be publicly opened and read on Tuesday, May 14, 1935, at 12 o'clock noon, at the office of the Police Commissioner, 154 Berkeley street, Boston, Mass. The Police Commissioner reserves the right to accept or reject any or all proposals, or any part of a proposal, and to award the contract as he deems for the best interests of the Police Department of the City of Boston. Surety bond will be required from the successful bidder in an amount equivalent to the estimated contract amount.

EUGENE M. MCSWEENEY,
Police Commissioner.
(May 4.)

CITY OF BOSTON.

SCHOOL COMMITTEE.

EXAMINATIONS FOR SUBSTITUTE TEACHERS, ETC.

Boston Public Schools.—Examinations for admission to the Training School for Teachers of Mechanic Arts will be held on Saturday, May 11, 1935, at the Parkman School, South Boston, beginning at 9 a. m.

Examinations for admission to the course leading to the degree of Master in Education in the Graduate Department of The Teachers College will be held on Friday, May 17, at The Teachers College at 9 a. m.

Examinations for candidates for temporary teaching positions in the City of Boston will be held on May 14, 15, 16 and 17, at 1.30 p. m., at The Teachers College.

Examinations for admission to the six-year courses of the Latin schools will be held on Tuesday, June 4, and on Wednesday, September 11, at 9 a. m.; for boys at the Public Latin School; for girls at the Girls' Latin School.

Examinations for admission to the Boston high schools and to the four-year courses in the Latin schools will be held on Wednesday, September 11, at 9 a. m., at The Teachers College, Boston.

Address all questions in regard to these examinations to the Board of Examiners, 15 Beacon street, Boston.

PHILIP J. BOND,
Chief Examiner.
(May 4.)

MASSACHUSETTS CIVIL SERVICE EXAMINATIONS.

The Massachusetts Civil Service Commission announces examinations for desirable positions open in Boston and Metropolitan districts as follows:

X-RAY TECHNICIAN, BOSTON CITY
HOSPITAL, MAY 24, 1935.

Last date for filing applications, Friday, May 10, 1935, at 5 p. m.

Salary: \$27 per week.

Duties: To take X-ray films, and to care for X-ray machines. Applicants should be familiar with the dangers attendant upon X-ray work, and the precautions to be taken against same.

Subjects and Weights: Training and experience, 1; practical test, 1; total, 2.

Passing Requirements: Applicants must obtain at least 70 per cent in each subject in order to become eligible.

Physical fitness to be determined by physical examination.

OFFICER-SHOE SUPERVISOR, BOSTON
PENAL INSTITUTIONS DEPARTMENT,
JUNE 1, 1935.

Last date for filing applications, Saturday, May 18, 1935, at 12 noon.

Salary: \$1,800 per year and maintenance.

Duties: To have charge of a group of inmates in the institution shoe shop engaged in lasting, making and finishing shoes. To supervise and instruct inmates in the proper functioning of each machine and related operation in each phase of the work. To make minor repairs on machinery when necessary. To be responsible for discipline among the inmates and act as routine disciplinary officer when required. To supervise material, make requisitions for new stock and have control of stock on hand.

Entrance Requirements: Applicants must have five years' experience in lasting, making and finishing work, and should also have had experience as a foreman in a shoe shop.

Subjects and Weights: Training and experience, 3; practical questions, 4; personality and fitness, as determined by an oral interview, 3; total, 10.

Passing Requirements: Applicants must obtain at least 70 per cent in each subject in order to become eligible.

Physical fitness to be determined by physical examination.

CITY OF BOSTON.

TRANSIT DEPARTMENT.

PROPOSALS FOR ADDITIONAL FACILITIES, SAVIN
HILL OVERPASS, DORCHESTER RAPID TRANSIT.

The Transit Department of the City of Boston, 1 Beacon street, invites proposals for work at Savin Hill Station, including removing and replacing concrete, steel work, sash, roofing, etc. Plans and specifications may be obtained at the office of the Department on or after Tuesday, May 7, 1935. The bids will be publicly opened and read at 12 o'clock noon, Thursday, May 16, 1935. A properly certified check in the sum of two hundred (200) dollars, payable to the city, must accompany the proposal. A deposit of \$5, in cash or certified check, will be required for a set of plans and two sets of specifications. Mutilation of them will be deemed sufficient cause for the forfeiture of said deposit.

By order of the CITY OF BOSTON TRANSIT
DEPARTMENT.

EDWARD F. CONDON,
Secretary.

A SQUARE DEAL IN ASSESSMENTS FOR TAXATION.

Many cities are finding it greatly to their advantage to have their tax valuations periodically overhauled. The first criterion of any assessment is equity. For every citizen who wants through "pull" or however else to get off easy, there are twenty, nay a hundred who want a fair and square deal for all.

The appraisal of city real estate is a highly technical affair.

Few things are more important than the equalization of assessments. Particularly in cities that are cramped by an inflexible debt or tax limit, an honest, full value assessment may be a great boon. Without the slightest raise in the tax rate a substantially greater tax yield may be had.

HISTORICAL DATA ABOUT WARDS.

The term "ward" first appears in a fire-protection order, approved by the Town on August 29, 1679, dividing the Town into 4 quarters with 2 wards each. The 8 wards had previously been military districts.

On August 11, 1713, the Selectmen "agreed upon a distribution of the Town into distinct Wards or Precincts."

On February 1, 1715, it was "voted to make a new division of the Town into eight distinct Wards."

On March 9, 1735, it was voted to divide the Town into 12 wards to facilitate the work of the Overseers of the Poor.

On March 13, 1822, the Selectmen divided the Town into 12 wards on the basis of the U. S. Census of 1820.

By an ordinance which took effect on the second Monday of December, 1838, there was a revision of the wards.

On April 29, 1850, the City Council accepted Chap. 167 of the Acts of 1850, which altered the wards on the basis of legal voters rather than on the number of inhabitants.

By ordinance taking effect on November 15, 1865 new ward lines were established.

In the annexation period, 1865-1875, the number of wards was increased from twelve to twenty-one.

By Chap. 243, Acts 1875, the City Council was ordered to cause a new division of the City into twenty-four wards in the year 1875 in such manner as to include an equal number of voters in each ward. This division was made, taking effect on December 13, 1875. On May 27, 1876, the City Council, in accordance with Chap. 242, Acts of 1876, divided one of the wards in two, making a total of 25 wards for the City.

By ordinance passed April 20, 1895, under authority of Chap. 437, Acts of 1888, and Section 96 of Chap. 417, Acts of 1893, ward lines were established on the basis of the number of voters registered at the City election of 1894, there still being 25 wards.

The annexation of Hyde Park, effective January 1, 1912, made an additional ward.

By enactment of December 28, 1914, under authority of Chap. 630, Acts of 1914, the City Council redivided the City into 26 wards.

The latest redivision, established December 30, 1924, under authority of Chap. 410, Acts of 1924, consists of 22 wards.

No. 19

INSURANCE ADJUSTMENTS BY DIVISION OF WELFARE DEPARTMENT SAVING THOUSANDS OF DOLLARS FOR BOSTON CITIZENS NOW ON RELIEF — MAYOR MANSFIELD TELLS OF OPERATION AND SUCCESS OF PLAN PUT IN FORCE UNDER HIS DIRECTION BY EXECUTIVE DIRECTOR OF DEPARTMENT — MANY FAMILIES HAVE THEIR INVESTMENTS PRE- SERVED AND YET HAVE BEEN AIDED UNDER PLAN EVOLVED.

The following is the radio address of Mayor Mansfield, Tuesday, May 7, on the subject "Saving the People's Money by Insurance Adjustment."

Last December announcement was made that the Department of Public Welfare would establish an Insurance Section to give expert insurance service to the thousands of families on the city's welfare lists.

This service has now been in effect for three months, and during that time the department has secured for families a total of \$20,347.89 in cash refunds on insurance through adjustments. It would have been impossible for the families themselves to have recovered this amount of money.

Most of this money comes as undreamed-of wealth to the needy; some of it represents funds tied up in lapsed policies, thought to be valueless; some was even recovered on policies long after the policy-holder had died. The family, having been obliged to stop payments, had thought it forfeited all claim to accumulations. It did not know of the non-forfeiture clause which safeguards all insurance investment in this state, after the policy has been in effect for three years.

Changing of Policies.

The largest part of this sum was secured by converting endowment policies into whole life — a less expensive form of insurance — and receiving, in addition, the difference in cash accumulation between the two types of insurance.

Besides the actual cash collected, this adjustment has brought about so far an average reduction of 50 per cent in the weekly amount paid out of welfare allowance for premiums on industrial insurance policies. Instead of paying on an average of twelve cents out of every dollar received in relief, the families whose insurance has been adjusted now pay six cents for the same protection they had before. This saving naturally makes the allowance go further. It means more money for milk for children, more money for food and clothing, and other necessities for all members of the family.

The Overseers are not preventing recipients of public welfare from carrying insurance to protect their families in case of death, nor do they attempt to prohibit their paying a reasonable amount of premium. On the contrary their object in establishing this new service is to help families to use their own resources, while carrying a proper amount of insurance of a suitable type.

Families justly look upon their insurance policies as a valuable investment. To many of those now unemployed, insurance represents the last link with the financial security they hoped to attain.

The Executive Director of the Department of Public Welfare makes the assertion that it would be cruel and arbitrary even to attempt to deny a man the right to protect his family in the event of death just because he is receiving relief from the city. Life insurance as protection is a valuable moral as well as financial asset in these days of insecurity, and the Overseers look upon it as such. But life insurance for protection is a different proposition from endowment insurance — a plan combining protection with savings. Endowment policies are, in effect, savings bank accounts, and it is not intended that public welfare money be invested in any form of savings.

13,000 Policies.

During the first three months of this service rendered by the Department of Public Welfare approximately 13,000 policies have been referred to the head of the section, Mr. Lawrence Collins, who has as adviser and consultant in his decisions Dr. Maurice Taylor of the Jewish Family Welfare Association. Doctor Taylor, who set up the Insurance Adjustment Service for the Executive Director of the Department of Public Welfare, is an authority on this subject, the author of a standard book — "The Social Cost of Industrial Insurance" — and one of the pioneers in the field of a revaluation of the insurance from the angle of the worker.

It has been discovered that about 90 per cent of the insurance held by welfare clients is industrial, a weekly premium type, and the policies are written by one or another of the leading industrial companies. Splendid cooperation is being given to the department by these companies which, because of the depression, have extended the privilege of providing cash for endowment policies, even before the client is entitled to receive the money.

They have cooperated in every possible way to convert and adjust all forms of insurance, ordinary as well as industrial. They are going behind the terms of the contract in order to help their policy-holders and indirectly to help the city by restoring independence to some of its unemployed.

(Continued on page 20.)

"O Boston, fair City enthroned like a radiant queen,
From thy hills looking down on the ship-teeming future of the ocean,
May thy future be bright, thy skies beam with light all serene,
Ensured by thy sons' and thy daughters' unselfish devotion!"
From Boston Centennial Poem by
NATHAN HASKELL DOLE.

Meeting of the City Council Monday, May 13, 1935, at 2 p. m.
Meetings of the Transit Department are held on Monday and Thursday of each week at 11 a. m.
Board of Zoning Adjustment. Public hearings and executive meetings are held on the first Friday of each month, Room 30, City Hall, at 2 p. m.

MUNICIPAL SERVICE.

Complaints, inquiries or suggestions regarding the work of municipal departments should be made in writing to the officials directly in charge. The failure of such official to make reply within a reasonable length of time should be brought to the attention of the Mayor. Communications should be directed as follows:

To THE BOARD OF STREET COMMISSIONERS, Room 401, City Hall Annex, for information relative to the laying out, relocation, widening and the discontinuance of highways; the taking of rear property for municipal purposes; the assessments of betterments for streets and sewers; the plotting of undeveloped area for streets and the opening of private ways; the granting of licenses

for the storage or sale of merchandise in public streets; the making of specific repairs in public streets; the naming of public streets; the planting and removal of trees in public ways; the issuing of licenses for the storage of gasoline, oil, and other inflammable substances or explosive compounds; the use of the public ways for any permanent or temporary obstruction or projection in, under or over the same, including the location of conduits, poles and posts for telephone, telegraph, street railway or illuminating purposes, signs, marqueses, bay windows, coal holes and vaults.

To THE BOSTON TRAFFIC COMMISSION, 134 North street, for information relative to regulation of vehicular street traffic on all or any streets, ways, highways, roads and parkways under the control of the City of Boston, the issuing of all permits in connection therewith.

To THE COMMISSIONER OF PUBLIC WORKS, Room 511, City Hall Annex, for information as to the watering, cleaning, lighting and repairing of streets, the construction and care of sewers and catch-basins, the operation of the ferries, the maintenance of bridges and drawbridges and the removal of ashes and offal.

To Room 604, City Hall Annex, for information relative to the supplying or metering of water and the water charges of the city.

To THE HEALTH DEPARTMENT, Room 1107, City Hall Annex, for information relative to the inspection of milk, vinegar, meat, fish and vegetables, the issuance of permits for stables, slaughter houses, etc., smoke nuisances, the existence of contagious diseases, of public health nuisances.

To THE BOARD OF PARK COMMISSIONERS, 33 Beacon street, for information as to the care of the Common, Public Garden, Franklin Park, Franklin Field, Commonwealth avenue, Back Bay Fens, Marine Park, the Airport, and the small parks and playgrounds in general throughout the city, and as to the extermination of gypsy moths and the

charges made for such service. Application may be made to this department for information regarding the public bath and gymnasiums maintained by the city, and with regard to municipal indoor concerts and band concerts, also information relative to Mt. Hope, Evergreen, Fairview and other public cemeteries owned by the City of Boston.

To THE SCHOOL COMMITTEE, 15 Beacon street, for information relative to the operation of the schools of the city.

To THE DEPARTMENT OF SCHOOL BUILDINGS, 11 Beacon street, for information as to the construction and repair of school buildings.

To THE BOARD OF EXAMINERS, Room 1001, City Hall Annex, for information regarding the licensing of persons having charge or control of the work of construction, alteration, removal or tearing down buildings.

To THE STATISTICS DEPARTMENT, Room 76, City Hall, for historical, geographical, political and population facts about Boston; the personnel and accomplishments of present and past municipal administrations; and such similar information as may be found concerning other American municipalities in its Municipal Officials' Reference Library.

To THE WIRE DIVISION OF THE FIRE DEPARTMENT, 60 Bristol street, for all information relative to the erection of poles, building of conduits, the installation of all overhead and underground construction and electrical apparatus, as well as for general information relative to the entire division. To Room 103, City Hall Annex, for permits for the installing of wires and electrical apparatus within buildings of the City of Boston, and for the payment of fees incident to the granting of the privileges above named, and which must be paid in advance.

To THE BOARD OF ZONING ADJUSTMENT, Room 30, City Hall, relative to changes in the boundary lines of zoning districts of the City of Boston as established by chapter 488 of the Acts of 1924, and amendments thereto.

MORTALITY REPORT.

For the week ending May 4, 1935:
Population estimated, July, 1935, United States Census Bureau estimate, 798,568; number of deaths (stillbirths excluded): Residents, 200; nonresidents, 46; total, 246.

Death rate per 1,000 of population: All deaths, 16.02; nonresidents deducted, 13.02.

Death rate per 1,000 of population: Last week, 16.73; corresponding week last year, 14.78.

Deaths by age periods, sex, etc.: Under one year, 18; one year to four years, inclusive, 6; sixty years and over, 120. Total deaths: Male, 118; female, 128; deaths in hospitals and institutions, 160; deaths of colored, 7.

MAYOR MANSFIELD SEEKS TO BORROW \$6,000,000 ON UNCOLLECTED TAXES OUTSTANDING SO THAT REAL ESTATE FOR 1935 MIGHT BE RELIEVED OF SOME OF ITS BURDENS — SUBMITS ORDER TO CITY COUNCIL FOR ADOPTION — SUM TO BE USED FOR WELFARE AND SOLDIERS' RELIEF PURPOSES.

Upon May 6 Mayor Mansfield submitted an order to the City Council accompanied by the following statement:

To the City Council.

GENTLEMEN,—At the beginning of the current session of the Legislature I caused to be introduced several petitions advocating the development of new sources of revenue, including the establishment of a retail sales tax. I felt then, and do now, that increasing the number of direct contributors to the support of governmental activities was the most sound and equitable method that could be devised to relieve the owners of real estate from the tax burden they have been carrying for several years because of heavy expenditures for public welfare and unemployment relief. To date the Legislature, in its wisdom, has not seen fit to enact legislation of this character.

By the enactment of chapter 188, however, the General Court has extended to cities and towns the privilege of affording temporary relief to owners of real estate by authorizing municipalities to borrow, with the approval of the Emergency Finance Board of the Commonwealth, for public welfare, soldiers' relief and Emergency Relief Administration project costs, to an amount not exceeding one half of 1 per cent of the average valuation of the municipality for the three preceding years. Under the provisions of this act Boston may borrow a maximum amount of approximately eight and three quarters million dollars.

Speaking generally, I do not favor the borrowing of money for what may be considered to be purely maintenance purposes. Such action, while it affords temporary relief in the tax rate of the year in which the money is borrowed, in the end merely postpones the day of reckoning, since in the tax levies of subsequent years, it is necessary to appropriate additional sums, which would otherwise be not required, to meet the increased debt and interest payments occasioned by the issuance of bonds. In other words, borrowings of this character afford no permanent relief to the individual taxpayer, since over a period of years he will be called upon to contribute not only his share of repaying the loan, but also the interest which must be paid for the use of the money.

Despite my personal feelings on the subject of borrowing, I am faced with the realization that if the city does not take advantage of the authorization granted

by chapter 188, it will be necessary to declare a tax rate for the current fiscal year considerably in excess of \$40. Since it is evident from the amount of uncollected taxes outstanding on the books of the city, that the owners of real estate are finding it difficult to pay taxes assessed at the rates declared in recent years, only one result could be expected from a declaration this year of an increased tax rate, namely, a material and substantial increase in tax delinquencies. While in principle I do not favor the course which the legislature has chartered by enacting chapter 188, nevertheless, since it represents the only available means for keeping the tax rate down, I feel, as a practical measure, the city should take advantage of its provisions.

From present indications it would appear that by borrowing \$6,000,000 under the provisions of chapter 188, the tax rate for 1935 can be fixed at or about \$37, or in other words, at an amount not in excess of the rate for 1934. Believing it

is imperative that no increase in the tax rate should be permitted for the current year, I am submitting herewith an order providing for the borrowing of \$6,000,000 under the provisions of chapter 188 of the Acts of 1935. I respectfully recommend adoption of this order by your Honorable Body.

Ordered, That under the provisions of chapter 188 of the Acts of 1935 the sum of \$6,000,000 be, and hereby is, appropriated, for public welfare, including mothers' aid and old age assistance, soldiers' benefits, including state aid, military aid, soldiers' burials and soldiers' relief, and Emergency Relief Administration project costs, and that to meet said appropriation the City Treasurer be authorized to issue, from time to time, upon request of the Mayor, bonds or certificates of indebtedness of the city to said amount, the same to be issued outside the limit of indebtedness.

MASSACHUSETTS CIVIL SERVICE EXAMINATIONS.

The Massachusetts Civil Service Commission announces examinations for desirable positions open in Boston and Metropolitan districts as follows:

OFFICER—SHOE SUPERVISOR, BOSTON PENAL INSTITUTIONS DEPARTMENT, JUNE 1, 1935.

Last date for filing applications, Saturday, May 18, 1935, at 12 noon.

Salary: \$1,800 per year and maintenance.

Duties: To have charge of a group of inmates in the institution shoe shop engaged in lasting, making and finishing shoes. To supervise and instruct inmates in the proper functioning of each machine and related operation in each phase of the work. To make minor repairs on machinery when necessary. To be responsible for discipline among the inmates and act as routine disciplinary officer when required. To supervise material, make requisitions for new stock and have control of stock on hand.

Entrance Requirements: Applicants must have five years' experience in lasting, making and finishing work, and should

also have had experience as a foreman in a shoe shop.

Subjects and Weights: Training and experience, 3; practical questions, 4; personality and fitness, as determined by an oral interview, 3; total, 10.

Passing Requirements: Applicants must obtain at least 70 per cent in each subject in order to become eligible.

Physical fitness to be determined by physical examination.

MAYOR MANSFIELD OPPOSES MERGER OF PENNA RAILROAD WITH NEW HAVEN LINE.

The following telegram was, on May 2, sent by Mayor Mansfield to Senator Burton K. Wheeler, Hon. Jesse Jones, chairman, Reconstruction Finance Corporation, Hon. Joseph B. Eastman, Federal Coordinator of Transportation, and Hon. Hugh M. Tate, chairman, Interstate Commerce Commission:

Heartily indorse Resolution 71 favorably reported upon by your committee, and now pending before Senate Finance Committee, authorizing investigation of interstate railroads. Vital to Boston and other ports in New England as well as to

New England commerce and industry that thorough investigation be made of activities of Pennsylvania Railroad and Pennroad Corporation in acquisition and voting of stock of New England railroads. Boston and Maine and New Haven. Believe Pennsylvania domination illegal and a serious menace to development of New England business.

FREDERICK W. MANSFIELD, Mayor of Boston.

The following telegram was, on May 2, sent by Mayor Mansfield to Senator David I. Walsh, Senator Marcus Coolidge, Hon. Jesse Jones, Hon. Joseph B. Eastman and Hon. Hugh M. Tate:

Would appreciate your committee in securing enactment Senate Resolution 71, now pending before Senate Finance Committee, calling for investigation of interstate railroads. Believe thorough investigation should be made of control by Pennsylvania Railroad and Pennroad Corporation of both New Haven and Boston and Maine. Such national domination is a threat to New England business and the commerce of the ports thereof.

FREDERICK W. MANSFIELD, Mayor of Boston.

BROADCAST BY MAYOR.

(Continued from page 501.)

Naturally, the saving in three months of upwards of \$20,000 to welfare families by insurance adjustment represents a saving to the city. Whenever a family or an individual on city relief becomes self-supporting, even temporarily, city aid is suspended.

Most families receiving public aid welcome any suggestion that will lead to their collecting money which is theirs in their own right and being on a self-supporting basis again.

It has been a great relief and a matter of astonishment to most of those whose policies have thus far been surveyed, to realize that they may have actual cash of their own in form of accumulations, and that the withdrawal of this cash does not, in most instances, reduce the face value of their policies. It seems still more amazing, and almost miraculous to many, to learn that those old lapsed policies, perhaps neglected and forgotten in a bureau drawer, tossed aside as useless, or even thrown away, may represent buried treasure in the way of uncollected accumulations.

Most people believe insurance is valuable only while premiums are being paid, or when they are paid up. They do not know that the non-forfeiture clause gives a policy value after payments have been kept up for three years, and there are times when money can be collected even after the person insured is dead and the original policy destroyed.

The department cites the case of a family on its rolls, which, through the effort of this service, came unexpectedly into \$1,000. It retired, of course, automatically from the Overseers' list, and with this money was able to rehabilitate itself. The money represented accumulations on several lapsed policies, which were discovered by the visitor long after the death of the father.

FAMILY EXPERIENCES.

As an example of this service, we cite the case of a family which had taken out a \$250 endowment policy, to mature in twenty years, on a twelve-year-old child. Each week the family paid a twenty-seven-cent premium to carry this policy. The Insurance Adjustment Section, with the family's cooperation, converted this policy into a whole life policy for \$302, and reduced the weekly premium to ten cents. The family then collected from the company the difference, approximately, between the ten-cent and the twenty-seven-cent premium for the period that the policy had been in effect. The net result was \$52 more in insurance, a refund of cash amounting to \$62 and a reduction from \$14.04 to \$5.20 a year in carrying charge.

A family of three persons—father, mother, and son—were carrying in six policies a total of \$1,625 in insurance, for which they paid \$2.37 a week in premiums. The Insurance Section had the policies adjusted so that on three of them it was not necessary to pay further premiums, and the total cost of carrying the remaining three was brought down to sixty cents a week. The family came out of the conference with \$1,750 worth of insurance—an increase of \$125—\$198 in cash and the assurance that, should they need it, an additional \$300 in cash might be collected when required. This was accomplished by converting endowment policies into whole life. The family is now paying one fourth of the previous amount in premiums, has additional pro-

tection, and has the equivalent of a \$300 bank account to draw upon, instead of being obliged to ask assistance.

In describing the process by which these and similar adjustments are made for the city's clients, Mr. Collins, the consultant for the Insurance Section, emphasized the fact that no action, however advantageous, can be taken and no arrangements made to convert or otherwise alter insurance without the consent and cooperation of the client.

"The first thing we do," he said, "is to gain a knowledge of the insurance holdings of the family. This is done by an interview between the insurance adviser and the client, arranged by the visitor. All policy data are taken and copied on prepared forms which are sent to the Life Insurance Adjustment Bureau in New York City, which was formed in 1931 by the three largest industrial insurance companies in the country, and which is headed by a former social service worker.

"The policy data must be followed by additional information regarding the income—exclusive of relief—amount of relief being given, length of period of dependency, the health condition of each insured member of the family, and also the age. After this additional information is submitted to the Life Insurance Adjustment Bureau, it studies the individual case, and sends back recommendations with regard to changes in the policy. The Insurance Adviser then makes an appointment with the client to discuss these changes, and if agreeable to all three, further changes may be suggested. Finally, agreement is made between the Bureau, adviser and client, and papers are mailed to the insurance company. The adjustment is completed and the check is received soon after. It will be seen that the handling of large number of policies is facilitated by dealing first with the Adjustment Bureau instead of with insurance companies direct."

OPERATES IN OTHER CITIES.

Nearly all the large cities of the country have had this service for a number of years. New York's refund is from \$250,000 to \$300,000 a month to families on relief. In Milwaukee, which has a relief case-load slightly larger than that of Boston, approximately one-half million dollars has been refunded since the city started its service two years ago.

The fact that within three months the Life Insurance Adjustment Service, set up by the Welfare Department of the City of Boston, has returned \$20,347.89 in savings to its people, who would have otherwise been forced to continue to accept public relief, gives an indication of what this service will accomplish when it is extended and functioning in every district of the city, as the Overseers intend that it shall.

Although this service has been rendered to persons on the welfare rolls by the Overseers of the Public Welfare it must not be thought that only applicants for welfare relief are benefited. All persons, whether recipients of welfare or not, ought to understand these facts about their lapsed insurance policies. Under Massachusetts law a policy which has been in existence for three years and upon which premiums have been paid for three years cannot be forfeited. After the three-year period if premiums are not paid the policy still has a cash value provided for by the statutes and it can be collected by the policy holder. In addition to that by the Adjustment Service described by the Overseers of the Public Welfare,

old lapsed endowment policies, which are expensive to maintain, may be changed over into life policies which are much cheaper, reducing the amount of premium necessary to pay, and the difference between these premiums may be refunded to the policy holder. The result is usually a larger amount of insurance, a small weekly premium and a substantial cash refund of accumulated payments.

ASSESSMENTS ABATED.

The Mayor has approved the following orders of the Board of Street Commissioners:

In the matter of the application for revision of assessment levied February 27, 1931, on account of the construction of sewerage works, the Board of Street Commissioners, acting under the provisions of chapter 359 of the Acts of the year 1896, and deeming it just and proper that such action should be taken on said application,

Ordered, That the amount hereinafter specified, being the annual apportionment of said assessment for the year 1934, be, and the same is, hereby abated.

Mary E. Chemin, Sunset avenue, West Roxbury, lot 5, plan 1930-22, \$11.

In the matter of the application for revision of assessments levied August 16, 1916, on account of the construction of sewerage works, the Board of Street Commissioners, acting under the provisions of chapter 359 of the Acts of the year 1896, and deeming it just and proper that such action should be taken on said application,

Ordered, That the amount hereinafter specified, being the annual apportionments of said assessment for the years 1920, 1924 and 1925, be, and the same are, hereby abated.

Phoebe Stanley, Rutledge road, Hyde Park, lot 13, plan 1914-50, 1920, \$8.64; 1924, \$7.56; 1925, \$7.29. Total, \$23.49.

NO REIMBURSEMENTS BY CITY OF RELIEF CONTRIBUTIONS BY EMPLOYEES.

Upon May 2 the following statement was issued by the Mayor:

After reading the opinion of the full Court in the Campbell case and conferring with Corporation Counsel Foley, the Mayor said that it was apparent that the decision applies only to certain deductions made from February, 1932, to April, 1933, when the Parkman Act, so called, was passed, known as chapter 121 of the Statutes of 1933. There is not the slightest doubt cast upon the validity of reductions made after the passage of the Parkman Act. It is plain from the opinion that the right to recover such deductions which were made during the administration of my predecessor, depends upon the refusal of public employees to consent to the reductions.

The large majority of all the public employees did consent and apparently never dreamed of raising any technical objections, but there were some, of whom Mr. Campbell was one, who refused to contribute any portion of their salaries to relieve the distress of those who were receiving no salaries whatever and who were unemployed.

There will be no wholesale restorations of such deductions because each case must be judged upon its own facts. And only in those cases where written or factual consent was not given would the city be justified in paying any money out of the public treasury and then only after a court order.

PROPOSALS ADVERTISED.

Bids have been asked by advertisement in the *City Record* for the following departments. The attention of contractors and others is especially called to the closing time of receipt of such proposals. This will be published weekly.

POLICE DEPARTMENT.

Advertises for proposals for making and delivering uniform garments. Surety bond will be required in a sum equivalent to the full amount of the contract price. Blank forms for proposals may be obtained at the office of the Police Department, Property Clerk, 154 Berkeley street, Boston. Bids, accompanied by certified check in the sum of \$500, to be filed at the office of the Commissioner.

Bids close Tuesday, May 14, at 12 m.

PUBLIC WORKS DEPARTMENT.

Advertises for proposals for sheet asphalt or bitulithic pavement in Savin Hill avenue, from bridge over railroad to Evandale terrace and from bridge over railroad to 120 feet south of Denny street. Surety bond will be required in a sum equivalent to the full amount of the contract price. Blank forms for proposals may be obtained at the office of the Public Works Department, Room 508, City Hall Annex, Boston. Bids, accompanied by certified check in the sum of \$1,700, to be filed at the same office. Duplicate bid, without check, to be filed with the City Auditor.

Bids close Tuesday, May 21, at 12 m.

SCHOOL COMMITTEE.

Advertises for proposals for furnishing art education and manual training supplies for the Boston public schools. Surety bond will be required in a sum equivalent to 50 per cent of the contract price. Blank forms for proposals may be obtained at the office of the Business Manager, School Committee, 15 Beacon street, Boston. Bids, accompanied by certified check in the sum of \$100, to be filed with the City Auditor.

Bids close Tuesday, May 14, at 12 m.

Advertises for proposals for furnishing art education and mechanical drawing supplies for the high and special schools. Surety bond will be required in a sum equivalent to 50 per cent of the contract price. Blank forms for proposals may be obtained at the office of the Business Manager, School Committee, 15 Beacon street, Boston. Bids, accompanied by certified check in the sum of \$100, to be filed at the same office. Duplicate bid, without check, to be filed with the City Auditor.

Bids close Wednesday, May 22, at 12 m.

SUPPLY DEPARTMENT.

Advertises for proposals for furnishing butter, eggs, etc., to the various city departments. Surety bond will be required in a sum equivalent to 25 per cent of the contract price. Blank forms for proposals may be obtained at the office of the Supply Department, Room 801, City Hall Annex, Boston. Bids, accompanied by certified check in the sum of \$300, to be filed at the same office. Duplicate bid, without check, to be filed with the City Auditor.

Bids close Monday, May 20, at 12 m.

Advertises for proposals for furnishing hay, grain and straw to the various city departments. Surety bond will be re-

quired in a sum equivalent to 25 per cent of the contract price. Blank forms for proposals may be obtained at the office of the Supply Department, Room 801, City Hall Annex, Boston. Bids, accompanied by certified check in the sum of \$200, to be filed at the same office. Duplicate bid, without check, to be filed with the City Auditor.

Bids close Monday, May 20, at 12 m.

Advertises for proposals for furnishing meats to the various city departments. Surety bond will be required in a sum equivalent to 25 per cent of the contract price. Blank forms for proposals may be obtained at the office of the Supply Department, Room 801, City Hall Annex, Boston. Bids, accompanied by certified check in the sum of \$300, to be filed at the same office. Duplicate bid, without check, to be filed with the City Auditor.

Bids close Tuesday, May 21, at 12 m.

Advertises for proposals for furnishing fruits and vegetables to the various city departments. Surety bond will be required in a sum equivalent to 25 per cent of the contract price. Blank forms for proposals may be obtained at the office of the Supply Department, Room 801, City Hall Annex, Boston. Bids, accompanied by certified check in the sum of \$300, to be filed at the same office. Duplicate bid, without check, to be filed with the City Auditor.

Bids close Wednesday, May 22, at 12 m.

DEPARTMENT CHANGES.

The following changes in the number, rating and compensation of the city employees have been made during the week ending Thursday, May 9:

ASSESSING DEPARTMENT.

William C. Gregory, John J. Daunt, Charles Bancroft, John J. Dillon.

HOSPITAL DEPARTMENT.

The following persons have been employed at the Boston City Hospital for the week ending Thursday, May 2:

Temporary.—Mildred Hartman, clerk, \$16 a week; Edith Casey, assistant reconstruction aid, \$25 a week; Thomas Birmingham, John Fife, ambulance drivers, \$34.50 a week; Agnes Randall, Josephine Hayes, Jean Pappard, Dorothy Lydon, Mary Sheehan, Thelma Quigley, Sally Quirek, special nurses, \$4.50 a day.

South Department.

Thomas Palmer, kitchenman, \$12 a week.

The following change has occurred: Marion Reid, clerk, name now Marion Herchenroder.

Nurses, Affiliate, Employed, Per Month: Edith Anderson, \$15; Ida Ashe, \$10.80; Emma Briggs, \$8; Marie Byrne, \$16.67; Margaret Babb, \$12.50; Mary Carter, \$12; Mabel Carter, \$7; Helen Connelly, \$14; Rose Connelly, Mary Connors, \$12.50; Donovan, \$11; Rose Dion, \$12; Alice Dugette, \$7; Margaret Dalton, \$12.50; Evelyn Ekstrom, \$14; Virginia Fiske, Mary Foster, \$10; Roberta Fletcher, \$15; Mary Furla,

\$10; Theresa Fraher, \$16.67; Thelma Hoffman, \$6; Beatrice Hack, \$15; Adeline LaJoie, \$7; Madeline McGowan, \$15; Marguerite McDonough, Mary McMillan, \$12.50; Helen Meekan, \$8; Katherine Murphy, \$5; Florence Margeson, \$8; Rosena Matthews, \$12.50; Margaret O'Connor, \$5; Geneva Peterson, \$10; Evelyn Plumber, \$10.80; Marie Perout, \$8; Bertha Roissing, \$10; Lucille Ratelle, \$9; Irene Simons, \$12.50; Olympia Skrobucha, \$8; Louise Sullivan, Mary Sullivan, \$12.50; Jennie Trail, \$10.80; Grace Ventris, \$15; Dorothy White, \$10.

The following changes have occurred:

Barbara Collins, Emily Haddad, Cecelia Hartwell, nurses, \$12.50 to \$16.67 a month; Lucy Kalajian, nurse, \$10.80 to \$11.20 a month; Alice McCarthy, Jeanne Moribito, nurses, \$12.50 to \$16.67 a month; Marion Murray, nurse, \$10.80 to \$11.20 a month; Jeanette Roussie, nurse, \$12.50 to \$16.67 a month; Virginia Shafner, nurse, \$10.80 to \$11.20 a month; Jayne Tripp, nurse, \$12.50 to \$10 a month; Elizabeth Tucker, nurse, \$10 to \$12.50 a month.

Nurses, No Pay to \$10 a Month: Helen Anderson, Stella Bombaci, Millicent Clark, Margaret Curley, Angeline Demetrio, Mary Fazio, Helen O'Brien, Frances Robinson, Beulah Spain, Veronica Tetlak, Alice Anglin, Margaret Bradley, Agnes Conlin, Helen DeSimone, Adelaide Duncan, Sarah Gallagher, Mary O'Sullivan, Dorothy Rodrick, Helen Sullivan, Pauline Tobey, Ann Babel, Ethel Branca, Mary Cronin, Helen DeRossi, Mary Farris, Marjorie Lanigan, Anna Regan, Mary Ryan, H. Szemotowich, Anna Torf.

Nurses, Affiliate: Margaret Conrad, no pay; Catherine Cronin, \$10 a month; Avia Foss, \$16.67 a month; Marion Hieka, Janet Lunderville, Allie Lybeck, Gladys Manville, Helen McConnell, \$10 a month; Louise Parody, \$16.67 a month; Ruth Pallock, Margaret Rency, Phyllis Stolicher, Mildred Tripp, Jane Turkington, \$10 a month; Martha West, no pay; Hilda Malmquist, Thelma Hunt, \$10 a month.

HOSPITAL DEPARTMENT (Sanatorium Division).

The following persons have been appointed at the Sanatorium Division for the week ending Thursday, May 2:

Joseph DiGiovanni, George Cockinos, Francis McCarthy, Thomas O'Brien, Helen Barker, maids (patients) (temporary), \$2.40 a year; Patrick Barry, George Hodge, male nurses (patients) (temporary), \$4.80 a year.

The following persons have ceased to be employed:

William Fleming, chorist, \$17.50 a week; Fred McLean, male nurse (patient) (temporary), \$4.80 a year.

INSURANCE DEPARTMENT.

The following changes have been made in the personnel:

Dr. Robert T. Mearns has been appointed visiting physician and chief of the Medical Service, 36 State street, in place of Dr. John A. Foley, resigned.

Sanatorium.

Employment, Temporary: Charles Sever, stenographer and office temporary, \$1,000 a year.

Overseers of the Poor and Women.

Appointed last week were as the permanent appointments of Anthony Walsh as third class constable at \$12 a month, effective May 1.

Approval has been given for the continued employment of Patrick J. Reynolds as engineer at \$42 a week, for the period May 1 to May 25.

Approval has been given for the continued provisional temporary employment of the following persons as aid and settlement agents, at \$900 a year, to June 1: Emilio P. Marino, Bartholomew M. Sullivan, Charles Weinberg.

Approval has been given for a change in designation for the following persons from permanent-intermittent paymasters to temporary paymasters, for a period of three months from March 6, at \$1,500 a year: Samuel Elman, Morris Katz.

Approval has been given for the continued provisional temporary employment of the following persons as aid and settlement agents, at \$1,000 a year, to June 1: Margaret Kiley, Edmund J. McCarthy, Henry G. Mallowney, Joseph W. Murphy, Joseph O'Neill, Joseph W. Scally.

PARK DEPARTMENT.

Approval has been given for the continued temporary employment, from March 15 to April 25, of Peter E. Cassidy as third-class engineer at \$38 a week.

Approval has been given for the continued temporary employment, for a period of three months, of Isaiah Rapaport as first aid instructor, at \$30 a week.

PENAL INSTITUTIONS DEPARTMENT.

The following appointments have been made:

House of Correction.

George Beers, officer, \$1,600 a year and maintenance, temporary.

Harold Flint, officer, \$1,600 a year and maintenance, temporary.

Steamer "Michael J. Perkins."

John J. Corumbo, deckhand, \$33 a week, temporary.

PUBLIC BUILDINGS DEPARTMENT.

Cecelia Stevens has been transferred from the Hospital Department to the Public Buildings Department as cleaner at \$18 a week.

PUBLIC WORKS DEPARTMENT (Bridge Service).

Approval has been given to continue the temporary employment of Carmine Rotundo as assistant drawtender at \$1,700 a year for three months from May 8.

Approval has been given to continue the temporary employment of Richard F. Morris as assistant drawtender at \$1,700 a year for three months from May 8.

Approval has been given to continue the temporary employment of John M. Kenney as junior engineer at \$2,400 a year, for three months from May 2, on Northern Avenue Bridge repairs.

PUBLIC WORKS DEPARTMENT (Paving Service).

Approval has been given to change the rating of William J. Beattie from laborer at \$5 a day to yardman at \$1,600 a year, to fill vacancy caused by the retirement of Patrick J. Owens and to take effect on April 15.

SOLDIERS' RELIEF DEPARTMENT.

The change of rating of Thomas Sheehan from clerk and stenographer to that of secretary and clerk has been approved.

STREET LAYING-OUT DEPARTMENT.

George C. Hallisey, draftsman, has been promoted to transitman, to fill the vacancy caused by the death of Alfred M. Shevlin with no increase in compensation of \$1,600 a year.

OVERTIME ALLOWED.

The heads of the various departments whose employees have received payment for overtime state in connection therewith that if any laborer has been allowed to work more than eight hours per day it has been only in case of emergency under the law.

Penal Institutions Department.

For the week ending Monday, April 29:

House of Correction.

Arthur F. Bowes, engineer, 1 day, \$7.50; Andrew Para, engineer, as fireman, 1 day, \$6.92. Total, \$14.42.

TRAFFIC COMMISSION RULINGS.

Voted, That as urgently required by considerations of public safety and convenience, during the period of the Ringling Brothers Circus, parking of vehicles is prohibited in the following streets, effective from May 8, 1935, to May 11, 1935, inclusive:

Minot Street.

East side, from Billerica street to Nashua street.

Nashua Street.

South side, from Minot street to Cotting street.

Voted, That as urgently required by considerations of public safety and convenience, for a trial period of three (3) months, parking of vehicles is prohibited in the following street, effective May 13, 1935:

South Sydney Street, Dorchester.

West side, from Bay street to Savin Hill avenue.

MASSACHUSETTS CIVIL SERVICE EXAMINATIONS.

The Massachusetts Civil Service Commission announces examinations for desirable positions open in the Boston and Metropolitan districts as follows:

ASSISTANT TO THE SUPERINTENDENT OF SUPPLIES, BOSTON SUPPLY DEPARTMENT, JUNE 15, 1935.

Last date for filing applications, Saturday, June 1, 1935, at 12 noon.

Salary: \$2,400 per year.

Duties: Supervision of miscellaneous smaller purchases, except chemicals, drugs, food supplies, hospital supplies, and child welfare needs. To handle numerous miscellaneous requisitions, many of which are rush orders. To obtain prices from proper sources of supply and supervise the obtaining of such prices by other members of the department assigned to assist in this work.

Entrance Requirements: Applicants must be not over forty years of age at the time of filing application. A certificate of birth must be filed with the application unless one has been filed with a previous application.

Subjects and Weights: Training and experience, 2; practical questions, 3; total, 5.

Passing Requirements: Applicants must obtain at least 70 per cent in each subject in order to become eligible.

Physical fitness to be determined by physical examination.

MAYOR MANSFIELD SEEKS TO CLEAN UP BOSTON'S STREETS BY HALTING REFUSE-STREWING HABITS OF CITIZENS.

Upon May 2 the Mayor issued the following communications:

HON. EUGENE M. McSWEENEY,
Police Commissioner.

MY DEAR COMMISSIONER,—I am inclosing a copy of a letter which I have just written to Superintendent of Schools Campbell and which explains itself. The condition of Boston's streets in some of the suburbs and other parts of Boston proper are nothing short of disgraceful. I personally have seen proprietors of fruit stands unwrap their goods on the sidewalk and throw the wrappings into the street, to say nothing of banana stalks and every other kind of refuse.

Would it not be possible for you to send out a general order to all stations requiring the patrolmen to speak to all shopkeepers on their routes and also all householders who are known to be offenders in this respect? After a few warnings, if the practice is persisted in, I think some prosecutions ought to be made to correct this disgraceful condition. No other city in the world would submit to the disregard of law and sanitary regulations such as are prevalent in Boston.

Yours truly,

FREDERICK W. MANSFIELD,
Mayor.

BOSTON, May 2, 1935.

PATRICK T. CAMPBELL, ESQ.,
Superintendent of Schools.

DEAR MR. CAMPBELL,—The streets in many of Boston's suburbs are in a disgraceful condition caused by the negligence of the residents in throwing or allowing papers to be blown into the street. Indeed, it would not be exaggerating to say that Boston has the dirtiest streets of any large city in the world. No amount of cleaning can keep up with the constant supply of new rubbish and waste that is thrown into the streets every day. I have asked the Police Department to prosecute some of the worst offenders but I think we can never overcome this tendency without a campaign of education in the schools. Would it be feasible for you to instruct the teachers in all the classes of all the schools to say a few words once or twice a week to the students, calling attention to the disgraceful condition in the streets and suggesting that they can help greatly to remedy the conditions by a little more thoughtfulness at home, and by speaking to the other members of their households about it? If this could be done I am sure that it would have a very beneficial result.

Yours truly,

FREDERICK W. MANSFIELD,
Mayor.

BOSTON'S POPULATION ON APRIL 1, 1930, BY WARDS.

SUPPLY DEPARTMENT.

Upon May 3 the Mayor approved a contract with the Signal Service Corporation of Massachusetts for traffic signal equipment for the Boston Traffic Commission at a net total figure of \$1,666.53. Bids, opened on April 11, were as follows:

5 Traffic Signal Posts, No. 1, for the Lot.—Municipal Signal and Supply Company, \$157.50; Crouse-Hinds Company, \$157.50; Graybar Electric Company, Incorporated, \$157.50; Eagle Signal Corporation, \$157.50; Signal Service Corporation of Massachusetts, \$157.50.*

2 Traffic Signal Posts, No. 2, for the Lot.—Municipal Signal and Supply Company, \$72.90; Crouse-Hinds Company, \$72.90; Graybar Electric Company, Incorporated, \$72.90; Eagle Signal Corporation, \$72.90; Signal Service Corporation of Massachusetts, \$72.90.*

1 One-Way Traffic Signal Housing, with 3 Lenses, for the Lot.—Municipal Signal and Supply Company, \$34.93; Crouse-Hinds Company, \$34.93; Graybar Electric Company, Incorporated, \$34.93; Eagle Signal Corporation, \$34.93; Signal Service Corporation of Massachusetts, \$34.93.*

6 Two One-Way Traffic Signal Housings, Each Face of Each with 3 Lenses, for the Lot.—Municipal Signal and Supply Company, \$469.20; Crouse-Hinds Company, \$469.20; Graybar Electric Company, Incorporated, \$469.20; Eagle Signal Corporation, \$469.20; Signal Service Corporation of Massachusetts, \$469.20.*

5 Burke Electric Company No. 6012 Terminal Blocks and Covers, 12 Double-Stub, Complete with Accessories for Mounting on Five-Eighths Inch Diameter Rods, for the Lot.—Municipal Signal and Supply Company, \$22.50; Crouse-Hinds Company, \$22.50; Graybar Electric Company, Incorporated, \$22.50; Eagle Signal Corporation, \$22.50; Signal Service Corporation of Massachusetts, \$22.50.*

2 Standard Boston Traffic Commission Local Boxes, to be of Yellow Paint and Aluminum Alloy No. 12, Each Complete with 10 Relays, Vertical Stop and Period and Pedestrian-Period Tokheim Timer, or Equal, to Fit No. 1 Posts, for the Lot.—Municipal Signal and Supply Company, \$909.50; Crouse-Hinds Company, \$909.50; Graybar Electric Company, Incorporated, \$909.50; Eagle Signal Cor-

poration, \$909.50; Signal Service Corporation of Massachusetts, \$909.50.*

Grand Total.—Municipal Signal and Supply Company, \$1,666.53; Crouse-Hinds Company, \$1,666.53; Graybar Electric Company, Incorporated, \$1,666.53; Eagle Signal Corporation, \$1,666.53; Signal Service Corporation of Massachusetts, \$1,666.53.*

Net Total.—Municipal Signal and Supply Company, \$1,666.53; Crouse-Hinds Company, \$1,666.53; Graybar Electric Company, Incorporated, \$1,666.53; Eagle Signal Corporation, \$1,666.53; Signal Service Corporation of Massachusetts, \$1,666.53.*

*Contract awarded.

Upon May 3 the Mayor approved a contract with the Trimount Bituminous Products Company for furnishing 1,200 tons of OA-2 road asphalt for construction, for delivery to the Public Works Department, at a price of \$19.47 per ton, delivered; \$4.76 per ton lower than the contract price in 1934 for this material. Bids, opened April 25, were as follows:

Approximately 1,200 Tons OA-2 Road Asphalt, Per Net Ton.—Somerset Bituminous Company, \$22.77, total, \$27,324; New England Asphalt and Tar Company, \$24.23, total, \$29,076; Trimount Bituminous Products Company, \$19.47*, total, \$23,364; Eastern Asphalt and Oil Company, \$25.50, total, \$30,600; Socony Vacuum Oil Company, Incorporated, \$25.60, total, \$30,720; American Bitumuls Company, \$25.90, total, \$31,080; American Oil Products Company, \$25.75, total, \$30,900; Shell Eastern Petroleum Products, Incorporated, \$25.85, total, \$31,020.

Cash Discount, Ten Days.—Somerset Bituminous Company, 2 per cent; New England Asphalt and Tar Company, 2 per cent; Trimount Bituminous Products Company, 2 per cent; Eastern Asphalt and Oil Company, 2 per cent; Socony Vacuum Oil Company, Incorporated, 2 per cent; American Bitumuls Company, 2 per cent; American Oil Products Company, 2 per cent; Shell Eastern Petroleum Products, Incorporated, 2 per cent.

Source of Crude Oil.—Somerset Bituminous Company, Mexican or Venezuelan, American refined; New England Asphalt and Tar Company, Mexico, Texas; Trimount Bituminous Products Company, Mexican (Colonial-Beacon), American refined; Eastern Asphalt and Oil Company, Colonial-Beacon; Socony Vacuum Oil Company, Incorporated, Mexico, manufactured Providence, Rhode Island; American Bitumuls Company, Kern River Field, California; American Oil Products Company, Venezuela; Shell Eastern Petroleum Products, Incorporated, Venezuela Crude, manufactured in American refinery.

*Contract awarded.

Upon May 3 the Mayor approved contracts as indicated for purchasing gasoline to the various city departments, delivery to terminate on September 30 to the Yale Water Oil Company, the lowest bidder on the first item, 3,000 Gallons Pennsylvania Base Oil, medium and heavy, at a price of 28 cents per gallon, less a cash discount of 1 per cent to be payment in two bills, and for the second item, namely Mid-Continent Base Oil, to the Yale Water Oil Company, the lowest bidder, at a price of 30 cents per gallon, less a cash discount of

1 per cent for payment in ten days. Bids, were as follows:

Approximate Amounts on All Items.

Pennsylvania Base Oil.

76 Drums Medium Motor Oil, Per Gallon.—Hanley Oil Company, Incorporated, 40 cents; Pennsylvania Oil Company, 31.5 cents; Tide Water Oil Company, 28 cents,* Special Pennsylvania, excluding tax; Lincoln Oil Company, 29 cents; Shell Eastern Petroleum Products, Incorporated, 34.5 cents; American Oil Company, 39.5 cents; Cities Service Refining Company, 32 cents; Socony Vacuum Oil Company, Incorporated, 35.25 cents; Sinclair Refining Company, 33.5 cents; Atlas Petroleum Company, Incorporated, 32 cents; William C. Robinson & Son Company, 31 cents; American Gasolene and Oil Company, 48 cents.

35 Drums Heavy Motor Oil, Per Gallon.—Hanley Oil Company, Incorporated, 40 cents; Pennsylvania Oil Company, 28 cents; Tide Water Oil Company, 28 cents,* Special Pennsylvania, excluding tax; Lincoln Oil Company, 29 cents; Shell Eastern Petroleum Products, Incorporated, 34 cents; American Oil Company, 39.5 cents; Cities Service Refining Company, 32 cents; Socony Vacuum Oil Company, Incorporated, 33 cents; Sinclair Refining Company, 33.5 cents; Atlas Petroleum Company, Incorporated, 32 cents; William C. Robinson & Son Company, 29.5 cents; American Gasolene and Oil Company, 48 cents.

Cash Discount, Ten Days.—Hanley Oil Company, Incorporated, 1 per cent; Pennsylvania Oil Company, 2 per cent; Tide Water Oil Company, 1 per cent; Lincoln Oil Company, 1 per cent; Shell Eastern Petroleum Products, Incorporated, 1 per cent; American Oil Company, 1 per cent; Cities Service Refining Company, 2 per cent; Socony Vacuum Oil Company, Incorporated, 2 per cent; Sinclair Refining Company, 1 per cent; net, 30 days; Atlas Petroleum Company, Incorporated, 1 per cent; William C. Robinson & Son Company, 1 per cent; American Gasolene and Oil Company, 1 per cent.

Mid-Continent Base Oil.

74 Drums Heavy Motor Oil, Per Gallon.—The Texas Company, 42 cents, Havoline Waxfree; Hanley Oil Company, Incorporated, 31.5 cents; Pennsylvania Oil Company, 23 cents; Tide Water Oil Company, 24 cents, Tydol, excluding tax; Lincoln Oil Company, 20 cents*; American Oil Company, 32 cents; Cities Service Refining Company, 26 cents; Socony Vacuum Oil Company, Incorporated, 28.75 cents; Sinclair Refining Company, 25 cents; Atlas Petroleum Company, Incorporated, 25 cents; William C. Robinson & Son Company, 24 cents; American Gasolene and Oil Company, 37 cents.

Cash Discount, Ten Days.—The Texas Company, 1 per cent; Hanley Oil Company, Incorporated, 1 per cent; Pennsylvania Oil Company, 2 per cent; Tide Water Oil Company, 1 per cent; Lincoln Oil Company, 1 per cent; American Oil Company, 1 per cent; Cities Service Refining Company, 2 per cent; Socony Vacuum Oil Company, Incorporated, 2 per cent; Sinclair Refining Company, 1 per cent; net, 30 days; Atlas Petroleum Company, Incorporated, 1 per cent; William C. Robinson & Son Company, 1 per cent; American Gasolene and Oil Company, 1 per cent.

Remarks.—The Texas Company, subject to specifications as per the Texas Company sheets attached to bid; in drums or bulk into city containers; drums

remain property of the Texas Company; Pennsylvania Oil Company, exclusive of Federal tax; 4 cents a gallon added to deliveries made to departments which are not exempt of Federal taxes; Tide Water Oil Company, delivery in non-returnable, reconditioned drums; Lincoln Oil Company, not including Federal tax for 4 cents a gallon; see rider about drums; American Oil Company, exclusive of Federal excise tax as per letter attached to bid; see the American Oil Company's specifications on pages 6 and 7 of their bid; drums to remain property of American Oil Company; Cities Service Refining Company, prices do not include tax; Sinclair Refining Company, see tax clause attached to bid; William C. Robinson & Son Company, drums included; prices do not include Federal excise tax; see rider attached to bid; American Gasolene and Oil Company, drums included; Federal tax included.

*Contract awarded.

Upon May 6 the Mayor approved a contract with the Hersey Manufacturing Company for water meters for Water Service for the current year. The low bidder is the Worthington-Gamon Meter Company of Harrison, New Jersey, at \$19,961, less 2 per cent, or \$19,561.78, net. The second low bidder is the Hersey Manufacturing Company, located in South Boston, whose bid is 2 per cent (\$399.22) higher. Because of the fact that the second low bidder is a Boston taxpayer with many employees who are Boston residents, the best interests of the City of Boston will be served by awarding this contract to the Hersey Manufacturing Company. Bids, opened April 24, were as follows:

2,500 Five-Eighths Inch Meters, Without Couplings, Each.—Pittsburgh Equitable Meter Company, \$6.84; Union Water Meter Company,† \$6.84; Worthington-Gamon Meter Company, \$6.84; National Meter Company,‡ \$6.84; Hersey Manufacturing Company, \$6.84*; Badger Meter Manufacturing Company,§ \$6.84.

100 Three-Quarters Inch Meters, Without Couplings, Each.—Pittsburgh Equitable Meter Company, \$10.26; Union Water Meter Company,† \$10.26; Worthington-Gamon Meter Company, \$10.26; National Meter Company,‡ \$10.26; Hersey Manufacturing Company, \$10.26*; Badger Meter Manufacturing Company,§ \$10.26.

25 One-Inch Meters, With Couplings, Each.—Pittsburgh Equitable Meter Company, \$15.80; Union Water Meter Company,† \$15.80; Worthington-Gamon Meter Company, \$15.80; National Meter Company,‡ \$15.80; Hersey Manufacturing Company, \$15.80*; Badger Meter Manufacturing Company,§ \$15.80.

25 One and One-Half Inch Meters, With Couplings, Each.—Pittsburgh Equitable Meter Company, \$36; Union Water Meter Company,† \$36; Worthington-Gamon Meter Company, \$36; National Meter Company,‡ \$41; Hersey Manufacturing Company, \$36*; Badger Meter Manufacturing Company,§ \$36.

10 Two-Inch Meters, With Couplings, Each.—Pittsburgh Equitable Meter Company, \$54; Union Water Meter Company,† \$54; Worthington-Gamon Meter Company, \$54; National Meter Company,‡ \$60; Hersey Manufacturing Company, \$54*; Badger Meter Manufacturing Company,§ \$54.

Remarks.—Pittsburgh Equitable Meter Company, see catalogue, all to be Arctic; Worthington-Gamon Meter Company, less 2 per cent, ten days; National Meter Company,‡ less 2 per cent, ten days;

Hersey Manufacturing Company, see catalogue; Badger Meter Manufacturing Company,§ see catalogue.

*Contract awarded.

† Plus any sales tax that may be imposed by the Federal and/or any State Government and for which purchaser may be liable. Clause, Page 5: "All orders are accepted and contracts made subject to ability to obtain materials and to risks, detentions or delays caused by accidents, fire, strikes, acts of civil or military authority, or of insurrection or riot, embargoes, delays by carriers or any other events which are unavoidable, or beyond our reasonable control." See blueprints and letter on description of King BB Disc Meter.

‡ See catalogue. Bidding on A. Nash L. H.

§ Bid based on either the Badger Model AX Meter or Model CIX Meter.

WITHOUT ADVERTISING.

Upon varying dates as indicated the Mayor approved contracts with several firms and business houses for supplies and labor, etc. Communications from the heads of the several departments interested were as follows:

HOSPITAL DEPARTMENT.

BOSTON, April 29, 1935.

HON. FREDERICK W. MANSFIELD,
Mayor of Boston.

DEAR SIR,—On Sunday, January 27, 1935, the water main in the high-pressure system of the hospital broke, with the result that a portion of the hospital property was flooded. It was necessary to summon an emergency crew from the Water Division to shut off the water in order to prevent further damage. The Water Division recommended that a contractor be engaged at once to repair the broken pipe and hydrant. Upon this recommendation, and with the approval of the Hospital Superintendent, the Codman Hill Construction Company was engaged.

Because of the great emergency there was no time to first request your permission to have the work done without advertising.

The Codman Hill Construction Company have rendered a bill in the amount of \$1,740.71 for the work performed. The City Auditor will not pass this bill for payment until you have approved the emergency award of the work.

I therefore respectfully request that you give your approval for the payment of this bill to the Codman Hill Construction Company in the sum of \$1,740.71.

Respectfully yours,

JOSEPH P. MANNING,
President, Board of Trustees,
The Boston City Hospital.

PUBLIC WORKS DEPARTMENT.

BOSTON, April 29, 1935.

To the Mayor of Boston.

On January 28, 1935, your Honor approved a contract with Edward J. Lang, 206 Princeton street, East Boston, for furnishing his services and equipment for the inspection of electric welded steel water main to be used in the work being done under P. W. A. Dockets 4212 and 7223. This contract was awarded without advertising and covered the period from February 1, 1935, to May 1, 1935, at the rate of \$250 per month.

Mr. Lang's services have been entirely satisfactory, and as the work for which he was engaged has not been completed, I respectfully request permission to award another contract to him, without inviting bids therefor by advertising, for an additional three months from May 1, 1935. The rate of payments under this contract

will be the same as that being paid under his present contract, namely, \$250 per month.

Respectfully yours,

C. J. CARVEN,
Commissioner of Public Works.

PUBLIC WORKS DEPARTMENT (Paving Service).

BOSTON, May 6, 1935.

To the Mayor of Boston.

Your approval is respectfully requested to the award of a contract for the construction of artificial stone sidewalks in the public streets, without advertising, to Simpson Brothers Corporation, 193 Hanover street, Boston, on the ground that this contractor is not selected by the city in the first instance but by the abutters; secondly, the expense of construction is to be divided by the city and abutters; and also because such contracts vary greatly in amounts and seldom involve \$1,000.

Respectfully yours,

C. J. CARVEN,
Commissioner of Public Works.

PUBLIC BUILDINGS DEPARTMENT.

BOSTON, May 9, 1935.

HON. FREDERICK W. MANSFIELD,
Mayor of Boston.

DEAR SIR,—In connection with the establishment of the Works Projects Board it is necessary, in order that the Board may begin to function in its headquarters at 40 Central street, Boston, to provide office furniture before May 13.

I have gone into the matter in detail with the Board and a furniture expert and have arrived at the absolute minimum of furniture requirements for the Board to begin to function.

In view of the emergency existing, I respectfully request permission to award a contract for furnishing and delivering the necessary desks, chairs and filing cabinets to J. J. McCarthy, 130 Broad street, Boston, in a sum in excess of \$1,000 and not in excess of \$1,900, without the usual form of advertising.

Respectfully yours,

ROSSELL G. HALL,
Superintendent of Public Buildings.

SUPPLY DEPARTMENT.

BOSTON, May 2, 1935.

HON. FREDERICK W. MANSFIELD,
Mayor of Boston.

DEAR SIR,—In order that F. E. R. A. projects may be carried on with as little delay as possible, I believe that the purchasing of materials and equipment for these projects should be handled on an emergency basis.

I therefore respectfully request that you approve an award, without publicly advertising for bids, to R. E. Cuniff, Incorporated, for 5,000 cubic yards of loam, at 89 cents per yard, for the Park Department, on Project No. 2235-B15-251.

This bid was the lowest of eight bids recently received on loam for the Park Department. Immediate need for this loam, to fill tree holes opened in the city streets, makes quick delivery necessary.

Total amount of contract, \$4,450.

Respectfully yours,

WARREN W. LOOMIS,
Superintendent of Supplies.

BOSTON, May 2, 1935.

HON. FREDERICK W. MANSFIELD,
Mayor of Boston.

DEAR SIR,—In order that F. E. R. A. projects may be carried on with as little delay as possible, I believe that the purchasing of material and equipment for these projects should be handled on an emergency basis.

In order to keep E. R. A. men employed on playgrounds throughout the city, it is necessary to secure immediate delivery of approximately 4,300 cubic yards of loam on Park Department Project No. 2235-B11-63, Requisition No. A-472.

I therefore respectfully request your approval of an award, without publicly advertising for bids, to M. McGinnis Company, covering approximately 4,300, cubic yards of loam, at \$1.14 per cubic yard.

The price quoted is reasonable for the quality of loam desired, and approved by the Park Department, and this contractor has the loam on hand and can make the quick delivery necessary.

Total amount of contract, approximately \$4,902.

Respectfully yours,

WARREN W. LOOMIS,
Superintendent of Supplies.

ADDITIONS TO AND DEDUCTIONS FROM CONTRACTS.

The following additions to and deductions from contracts have been approved:

DEPARTMENT OF SCHOOL BUILDINGS.

The National Waterproofing Company has been allowed to make an addition to the contract for additional waterproofing work at the Hyde Park High School, Metropolitan avenue, Hyde Park. The original contract for waterproofing certain sections of this building was awarded August 17, 1934, after advertising in the *City Record*. Since the award of the original contract, conditions have arisen in the walls surrounding that section of the building in which the stage is located which if not given immediate attention will result in considerable damage, not only to the interior of the building but to the electrical fittings and stage fittings in the immediate vicinity of leakage in the walls. The estimated cost for this proposed additional work is \$2,248 and is based on a unit price basis in accordance with the price determined under competition upon which the original contract was awarded. The method of performance under this proposed additional work will be governed in detail by the specifications of the original contract. The concern performing this work is outstanding in the type of work involved and a thorough check by this department proves conclusively that the price submitted is very reasonable and the best interests of the City of Boston would be served by authorizing the addition to contract hereinbefore described.

Hugo Construction Company, Incorporated, has been ordered to add to the contract for the Shurtleff District School, the following: Riveting connections for eight girders over gymnasium shown on first floor framing plan, allowing for four bolts in bottom of girders for setting purposes; then install first floor construction, and after first floor construction is in place and forms have been removed drill eighty-eight holes and rivet same and the thirty-two bolts which are installed for setting

purposes are to be removed and holes are to be reamed and riveting to be done as above. This is in accordance with J. R. Worcester Company's letter under date of February 26, and architects' letter to Mr. William W. Drummey under date of March 6. The above work to be done for the sum of \$685. Original contract, \$636,800; order No. 1, add \$967.65—\$637,767.65; this order add \$685, and the amount of \$685 will be added therefor, making the account as follows: Contract price, \$636,800; total additions, \$1,652.65; amount of contract, \$638,452.65.

Carilli Construction Company has been ordered to add to the contract for the Beethoven District School, the following: For increasing size and thickness of walls of chimney 32 hours, masons, at \$1.75, \$56; 16 hours, laborers, at 95 cents, \$15.20—\$71.20; credit for labor allowed, \$45.80—\$25.40; for waterproofing section of wall over the kindergarten roof, \$35.50; relocating beams of first floor over boys' and girls' toilets, 12 hours, masons, at \$1.75, \$21; 12 hours, carpenters, at \$1.60, \$19.20; 6 hours, laborers, at 95 cents, \$5.70; 2 hours, carpenters apprentices at 70 cents, \$1.40; material used, \$15—\$62.30; for additional forms for carrying concrete walls of supply room and coal room on southerly side, and coal room and boiler room to and beyond the ash hoist area on westerly side of the building, 502 square feet at 15 cents, \$75.30; for increasing the length and width of pit for the boilers, in order to provide protection for waterproofing, 3 cubic yards of rock excavation (open blasting) at \$6.50, \$19.50; 2 cubic yards of concrete at \$13, \$26; 1,880 common brickwork at \$40, \$75.20—\$120.70; for increasing the size of the interior manhole where the drains leave the building, 2 cubic yards blasting (below 6 feet) at \$9, \$18; 2 cubic yards concrete at \$13, \$26—\$44; for grinding soffits of face brick and exterior glazed tile to form drips for lintels, \$185; for lowering footings for columns 7 and 8 at coal pocket, $\frac{1}{2}$ cubic yard trench blasting, \$4.75; for changing 5-inch by 5-inch angles over window openings to 5-inch by 3-inch angles with anchors welded on, \$110; all 5-inch by 5-inch angles to be delivered to the department storehouse; for applying two coats of damproofing to the exterior walls of coal pocket and boiler room, 2,200 square feet at 5 cents, \$110—\$772.95; and the amount of \$772.95 will be added therefor, making the account as follows: Contract price, \$142,268; total additions, \$2,716.02; total deductions, \$333.70; amount of contract, \$144,650.32.

HOSPITAL DEPARTMENT.

John VanRange Company, contractor for furnishing and installing kitchen equipment, Boston City Hospital, has been instructed to add to the contract the sum of \$420 for equipping the two large (150-gallon) kettles in kitchen with hydraulic lifts and the mechanical piping in connection therewith for the sum of \$420 each, or a total of \$420. Original contract, \$12,562.40; now added, \$840; corrected contract, \$12,982.40; total added, \$420.

John Bowen Company, contractor for Kitchen Building, Boston City Hospital, has been instructed to add to the contract dated August 2, 1935, the sum of \$800 for reinforcement of steel structural construction which was indicated at the request of the Board of Trustees, Boston City Hospital. Original contract, \$10,000; corrected contract, \$10,800; No. 1015.

\$398,483.58; now added, \$500; corrected contract, \$398,985.58; total added, \$2,282.18; total deducted, \$2,298.60.

John Bowen Company, contractor for Kitchen Building, has been instructed to add to the contract the sum of \$7,600 for rebuilding existing old corridor wall at the old Surgical Building, adjacent to new Kitchen Building, in accordance with plan No. 63. Original contract, \$379,000; corrected contract, as per order No. A1819, \$398,983.58; now added, \$7,600; corrected contract, \$406,583.58; total added, \$29,882.18; total deducted, \$2,298.60.

BUILDINGS RAZED.

The Mayor has approved the request of the Building Commissioner to raze the following structures as nuisances or fire menaces:

The buildings at 6, 6½, 8 and 10 Cedar street, Ward 9.

The building at 1 Carleton street, Ward 4.

The building at 24 Ryan street, Ward 8.

The building at 25 Woodbury street, Ward 9, the walls settled and cracked, unsafe and dangerous. The owner, James Davis of 17 Gertrose street, Roxbury, has been notified of the unsafe condition of the building, but nothing has been done to remove the cause of complaint.

The building at 16 Woodbury street, Ward 9, the walls settled and cracked, unsafe and dangerous. The owner, James Davis of 17 Gertrose street, Roxbury, has been notified of the unsafe condition of the building, but nothing has been done to remove the cause of complaint.

The building at 15 Woodbury street, Ward 9, the walls settled and cracked, unsafe and dangerous. The owner, James Davis of 17 Gertrose street, Roxbury, has been notified of the unsafe condition of the building, but nothing has been done to remove the cause of complaint.

The building at 11 Woodbury street, Ward 9, the walls settled and cracked, unsafe and dangerous. The owner, James Davis, of 17 Gertrose street, Roxbury, has been notified of the unsafe condition of the building, but nothing has been done to remove the cause of complaint.

The building at 8 Woodbury street, Ward 9, the walls settled and cracked, unsafe and dangerous. The owner, James Davis of 17 Gertrose street, Roxbury, has been notified of the unsafe condition of the building, but nothing has been done to remove the cause of complaint.

The building at 7 Woodbury street, Ward 9, the walls cracked and settled, unsafe and dangerous. The owner, James Davis of 17 Gertrose street, Roxbury, has been notified of the unsafe condition of the building, but nothing has been done to remove the cause of complaint.

The building at 24 Ryan street, Ward 8, is leaning easterly and to the front, south, to such an extent as to be dangerous, particularly at the first floor level, at west side, adjoining a brick wall, the top of which is about 4 feet above sidewalk, left after the razing of No. 22 to protect wooden wall of No. 24 at first floor level. Due to the elements this brick wall is bulging away from No. 24, hence, no longer effective as a shore, unsafe and dangerous. The owner, James E. McLaughlin of 24 Ryan street, Boston, has been notified of the unsafe condition of the building, but nothing has been done to remove the cause of complaint.

The building at 1 Carleton street, Ward 4, the cornice at front is opened up, part falling, windows open, front wall below sidewalk level opened up and in an unsafe

condition, general condition is a menace. According to the records in the Suffolk Registry of Deeds, the building is owned by the City of Boston.

The building at 23 Henschman street, Ward 3.

The building at 5 Marble street, Ward 9, the rear wall badly bulged, windows and doors broken and missing, exposing the building to trespass. The owners, Herbert L. Jackson and Mary E. Jackson of 23 Harold street, Roxbury, have been notified of the unsafe condition of the building, but nothing has been done to remove the cause of complaint.

The building at 9 Jay street, Ward 6, is in an unsafe and dangerous condition, dilapidated and a fire hazard. The owner, Mary J. Mullany of 105 Devon street, Roxbury, has been notified of the unsafe condition of the building, but nothing has been done to remove the cause of complaint.

The building at 305 C street, Ward 6, is in an unsafe and dangerous condition, dilapidated and a fire hazard. The owner, James S. McKenna of 16 South street, Brighton, has been notified of the unsafe condition of the building, but nothing has been done to remove the cause of complaint.

FIRE DEPARTMENT ORDERS.

General Order No. 24.

I. RETIREMENT.

The following retirement which took effect at 8 a. m., May 1, 1935, is hereby published for the information of the department:

Thomas F. Timmins, Engine Company 9.

Hoseman Timmins was appointed to the department on May 24, 1907. He leaves the department with the best wishes of his associates.

II. ADDRESS INFORMATION.

The following letter has been received from his Honor the Mayor:

BOSTON, May 3, 1935.

To the Heads of Departments.

GENTLEMEN,—You are requested to furnish the names, voting addresses and actual living addresses of every employee in your department and send them to me at your earliest convenience.

The information is to be obtained from each employee under penalties of perjury.

Yours truly,

FREDERICK W. MANSFIELD,
Mayor.

In accordance with the request contained in the above letter from his Honor the Mayor, members of the department will furnish the information desired on blanks being issued to each company of the department today. Every member and employee of the department must sign this blank, giving his voting address and actual living address. These blanks are to be signed by the members individually. They must be returned to the office of the Fire Commissioner on or before Tuesday, May 14, 1935, completely filled out.

Company commanders and heads of department divisions will give this matter their personal attention and see that the forms are filled out in pen and ink, neatly and correctly.

III. ACTS AND RESOLVES OF 1934.

A pamphlet containing the acts passed by the Legislature in 1934, pertaining to the Fire Department and fire prevention,

is being issued to the department today. One copy is furnished for each member of the department.

IV. MEMORIAL FIELD SERVICE.

Members of the department who are veterans of the Spanish-American and World Wars, and who are desirous of participating in the Memorial Field Service on Sunday, May 12, 1935, at Fenway Park, on their off time, will report to John J. Connolly of the Maintenance Division at St. James and Dartmouth streets on Sunday, May 12, 1935, not later than 9.30 a. m.

Because of the large number of members of the department who served in these two wars, who may desire to attend this service, permission is granted to exchange periods of duty.

The regulation uniform of the department, sack coat and white gloves, will be worn. Organization badges, war service medals and pins may be worn beside the corporation badge.

V. ACTING DISTRICT CHIEF.

Capt. Hugh J. Goodfellow of Engine Company 23 has been designated as acting district chief of District 9, to take effect at 8 a. m., Monday, May 6, 1935.

VI. COMMENDATIONS.

Ladderman John T. Kiley of Ladder Company 3 is hereby commended for extinguishing a fire on a structure of the Boston Elevated Railway on Washington street, near Dimock street, April 27, 1935, while off duty.

Lieut. John J. Ryan of Ladder Company 29 is hereby commended for responding to and working at fire, Box 3372, April 29, 1935, while off duty.

Operator Orlando W. Flynn of the Fire Alarm Division is hereby commended for responding to and assisting the deputy chief at fire, Box 1323, two alarms, April 27, 1935, while off duty.

Ladderman Edward J. Russell of Ladder Company 9 is hereby commended for assistance rendered by him at Box 4114, May 3, 1935. Ladderman Russell was present at the time the fire was discovered. He sounded Box 4114 and held the fire in check until the arrival of the apparatus. Ladderman Russell was off duty at the time.

Hoseman George J. Walker of Engine Company 1 is hereby commended for extinguishing a fire at 425 West Broadway, South Boston, without calling the fire apparatus, on May 5, 1935. Hoseman Walker was off duty at the time.

By order of Fire Commissioner EDWARD F. McLAUGHLIN.

HENRY A. FOX,
Chief of Department.

BOSTON INCORPORATED AS A CITY, 1822.

The act of incorporation was passed by the Legislature on February 23, 1822. On March 4 following, the voters of Boston accepted said act, chapter 110, 1821-22, as its first city charter by a majority of 916 in a total vote of 4,678. The vote was 2,797 yeas, 1,881 nays. Previous attempts to incorporate as a city had been made in 1650, 1659, 1667, 1708, 1744, 1762, 1784, 1791, 1804 and 1815. The charter was revised in 1854, 1885 and 1909. Amendments to the 1909 charter were enacted in 1910, 1912, 1914, 1918, 1919, 1921, 1922 and lastly in 1924 (see "Municipal Register" for 1928, pages 19-43).

LAND-TAKING IN EAST BOSTON.

The Mayor has approved the order of the Board of Street Commissioners for the taking of land for a public improvement, consisting of the laying out and construction of an extension of Cowper street, East Boston district, as a highway, from Byron street to Rice street, bounded and described as follows:

An extension of the highway named Cowper street is hereby laid out from Byron street to Rice street and ordered constructed, the cost thereof to be charged to Federal funds allocated under the Federal Emergency Relief Administration program for Massachusetts.

Said highway and the land, exclusive of trees or structures standing upon or affixed thereto, in which an easement for street purposes is hereby taken, is bounded and described as follows:

Part between Byron street and Wordsworth street: Southwesterly by Byron street, fourteen and 3-100 feet; northwesterly by the northwesterly line of said extension of said Cowper street as hereby laid out, one hundred twenty-five and 27-100 feet; and again northwesterly by the same, one hundred eighty feet; northeasterly by Wordsworth street, fifty feet; and southeasterly by the southeasterly line of said extension of said Cowper street as hereby laid out, three hundred feet.

Part between Wordsworth street and Rice street: Southwesterly by Wordsworth street, fifty feet; northwesterly by the northwesterly line of said extension of said Cowper street as hereby laid out, two hundred feet; northeasterly by Rice street, fifty feet; and southeasterly by the southeasterly line of said extension of said Cowper street as hereby laid out, two hundred feet.

Voted, That this Board determines that no person sustains damages in his estate by the making of the public improvement consisting of the laying out and construction of an extension of Cowper street, East Boston district, as a highway, from Byron street to Rice street, under the order of the Board of March 14, 1935, and awards no damages therefor.

CIVIL SERVICE EXAMINATIONS.
(STATE AND CITY SERVICE.)

JANITOR SERVICE.

FOR STATE AND CITIES AND TOWNS OUTSIDE OF BOSTON AND METROPOLITAN DISTRICT, JUNE 8, 1935.

Last date for filing applications, Saturday, May 25, 1935, at 12 noon.

FOR BOSTON AND METROPOLITAN DISTRICT, JUNE 22, 1935.

Last date for filing applications, Saturday, June 8, 1935, at 12 noon.

This is the regular examination for the janitor service of the state and of all cities and of such towns in the state as are classified under civil service. On June 8, the examination will be held in various centrally located cities. On June 22, the examination will be held in Boston, and all persons who reside within commuting distance will be notified for examination on this day.

Subjects and Weights: Training and experience, 1; practical questions, 1; total, 2.

Passing Requirements: At least 60 per cent in practical questions, and at least 70 per cent in experience and in general average in order to become eligible.

Physical fitness to be determined by physical examination.

POLICE DEPARTMENT ORDERS.

General Order No. 40.

Capt. John J. Hanrahan of Division 18, having arrived at the age of sixty-two and four-twelfths years, having performed faithful service in the Police Department for thirty-two and one-twelfth years, and having made application to be retired from active service, it is hereby

Ordered, His Honor the Mayor having approved the same, that the said Capt. John J. Hanrahan be retired from active service and that his name be placed upon the department pension roll with pay at the rate of two thousand (2,000) dollars per annum (payable monthly), said sum being one half of the amount of compensation received by him in the office from which he is retired, to take effect at 7.45 o'clock a. m., Saturday, May 4, 1935.

Captain Hanrahan was appointed a reserveman in this department March 30, 1903, and advanced to the grade of patrolman July 11, 1904.

His subsequent promotions were as follows: Sergeant, February 11, 1918; lieutenant, March 13, 1925; captain, October 4, 1929.

Captain Hanrahan's record in the Police Department has been marked by honest and conscientious service in the various grades in which he has served.

His official dealings with all have shown courtesy and tact, thereby bringing happiness to himself and helping to promote for the department, respect, friendliness, and good will from the public, the end to which all of us should strive.

The captain has honored his chosen profession, and now that he desires to retire the commissioner extends to him, in behalf of all, the wish for good health and happiness for many years to come.

The Superintendent of Police will promulgate this order.

EUGENE M. MCSWEENEY,
Commissioner.

General Order No. 41.

The following transfers are hereby ordered to take effect as of Friday, May 3, 1935, at 7.45 a. m.:

Sergt. John F. Lyons, from Commissioner's Office, as Aid to the Police Commissioner, to Station 2.

Patrolman George F. Burke, from Station 2 to Commissioner's Office, as Aid to the Police Commissioner.

The Superintendent of Police will promulgate this order.

EUGENE M. MCSWEENEY,
Commissioner.

CIRCULAR LETTER NO. 22.

CITY OF BOSTON,
MAYOR'S OFFICE, May 3, 1935.

To the Heads of All Departments.

You are hereby advised that a Work Projects Board has been formed, under the provisions of an order of the City Council adopted on April 15, 1935, consisting of Charles E. Nichols, Samuel Ellsworth and James E. McLaughlin, who will develop and coordinate all Public Works projects. You are requested to supply them with all information which they may seek and to cooperate with them to the fullest extent to the end that a complete program of Public Works projects may be prepared at the earliest possible time.

Yours truly,

FREDERICK W. MANSFIELD,
Mayor.

LAND-TAKING IN DORCHESTER.

The Mayor has approved the order of the Board of Street Commissioners for the taking of land for a public improvement, consisting of the laying out and construction of an extension of Parkman street, Dorchester district, as a highway, from Neponset avenue easterly, bounded and described as follows:

An extension of the highway named Parkman street is hereby laid out easterly from Neponset avenue and Adams street for a distance of approximately three hundred seventy-eight feet and ordered constructed, the cost thereof to be charged to Federal funds allocated under the Federal Emergency Relief Administration program for Massachusetts.

Said highway and the land, exclusive of trees or structures standing upon or affixed thereto, in which an easement for street purposes is hereby taken, is bounded and described as follows:

Westerly by Neponset avenue and

Adams street by two measurements, forty-two and 27 100 feet and twenty-three and 25 100 feet; northerly by the northerly line of said extension of said Parkman street as hereby laid out, three hundred eight-four and 86-100 feet; easterly by the easterly line of said extension of said Parkman street as hereby laid out, forty feet; southerly by the southerly line of said extension of said Parkman street as hereby laid out, three hundred forty-eight and 89 100 feet; and again easterly by the easterly line of said extension of said Parkman street as hereby laid out, thirty and 55 100 feet on a curve of sixteen feet radius.

Voted, That the Board determines that no person sustains damages in his estate by the making of the public improvement consisting of the laying out and construction of an extension of Parkman street, Dorchester district, as a highway, from Neponset avenue easterly, under an order of the Board of May 1, 1935, and under an easement thereto.

CIRCULAR LETTER NO. 21.

CITY OF BOSTON,
MAYOR'S OFFICE, May 3, 1935.

To the Heads of Departments.

GENTLEMEN,—You are requested to furnish the names, voting addresses and actual living addresses of every employee in your department and send them to me at your earliest convenience.

The information is to be obtained from each employee under penalties of perjury.

Yours truly,

FREDERICK W. MANSFIELD,
Mayor.CIVIL SERVICE EXAMINATIONS.
(STATE.)STATE EXAMINERS OF ELECTRICIANS.
Examinations, 1935.

Examinations will be held at the following points and on the following dates:

Boston, Monday, June 3.
Boston, Monday, September 16.
Worcester, Wednesday, September 18.
Springfield, Thursday, October 17.
Pittsfield, Friday, October 18.
Boston, Monday, November 4.
Lowell, Wednesday, November 6.
Boston, Monday, December 2.
New Bedford, Wednesday, December 4.
New Bedford, Thursday, December 5.

RULES FOR EXAMINATIONS.

All examinations shall be given in English.

Applicants for Class B or journeyman's certificate must be at least eighteen years of age and have had at least two years' practical experience or the equivalent in the installation of wires, conduits, apparatus, fixtures and other appliances for carrying or using electricity for light, heat or power purposes.

Applicants for Class A or master's certificate must be at least twenty-one years of age and have had at least two years' experience in the business of installing wires, conduits, apparatus, fixtures and other appliances for carrying or using electricity for light, heat or power purposes.

Examinations shall consist of applicant's knowledge of the National Electrical Code and practical electrical work.

All persons desiring to be examined, either for a Master or Journeyman Certificate, shall have application on file at least ten days previous to the date of such examination.

Applicants for examination will be required to obtain at least 70 per cent in order to obtain a certificate.

Applicants who fail to obtain the required 70 per cent will not be entitled to re-examination until a period of three months has elapsed, and those who receive less than 50 per cent, or who fail on the practical demonstration, will not be re-examined for a period of six months.

Any person found referring to notes or books, or misbehaving during an examination, will be debarred from that examination.

Notice will be sent to applicants for certificates when and where examination will be held, and only those so notified will be examined on that day.

JAMES M. HURLEY,
PAYSON SMITH,
STEPHEN C. GARRITY,
State Examiners of Electricians.

For application blanks or other information apply to State Examiners of Electricians, Room 413A, State House, Boston, Mass.

PROCEEDINGS OF CITY COUNCIL.

Monday, April 29, 1935.

Regular meeting of the City Council in the Council Chamber, City Hall, at 2 p. m., President FITZGERALD in the chair. Absent, Coun. Gleason.

Coun. GALLAGHER in the chair.

INSPECTION OF FOOD BY FEDERAL INSPECTORS.

The following was received:

City of Boston,
Office of the Mayor, April 23, 1935.

To the City Council.
Gentlemen,—I herewith transmit a letter from the Supply Department, with reference to your order of April 8, 1935, concerning the discontinuance of the inspection of food supplies by Federal inspectors and the substitution of inspection by Supply Department inspectors.

Respectfully,
FREDERICK W. MANSFIELD, Mayor.

City of Boston,
Supply Department, April 22, 1935.

Hon. Frederick W. Mansfield,
Mayor of Boston.

Dear Sir,—Regarding the order passed by the City Council on April 8, 1935, requesting your Honor to order a discontinuance of the inspection of food supplies by Federal inspectors and the substitution of inspection by Supply Department inspectors, I wish to comment as follows:

The purchase of food supplies for the various institutions of the City of Boston, amounting to upwards of three quarters of a million dollars each year (the 1934 expenditure was \$876,093.22), represents one of the most important and one of the largest items of expenditure for supplies during the year. It is, therefore, most desirable and entirely consistent that every reasonable effort should be made to insure full value being received by the city for the money expended for such food supplies.

This result can only be obtained through the constant use of an impartial and expert inspection service such as is offered by the United States Department of Agriculture and exercised at point of delivery. The inspection service which is being used by the City of Boston at the present time, and to excellent advantage, is similar to that employed by the Federal Government in the Navy Department, the Veterans' Hospitals, and by many steamship lines and large restaurant chains in connection with the purchase of food supplies in large quantities.

During the year 1934 the following inspections of food supplies were made by the United States Department of Agriculture for the City of Boston:

	Approximate Pounds.	Approximate Total Cost.
Meats and poultry.....	1,773,446	\$3,431 00
Fruits and vegetables.....	3,611,351	3,611 55
Butter.....	198,220	226 00
Total.....	5,583,017	\$7,268 55

These three items total 5,583,017 pounds and the total cost of inspection for these items amounted to \$7,268.55, or 0.00130+ cents per pound of the commodities so inspected.

In addition to this, \$406.75 was spent for Federal inspection of canned goods, without which the city would not be assured of receiving a satisfactory quality of these commodities. Of the above total amount, \$7,675.30, only \$226 (the cost of butter inspection) is paid by the city.

While it is argued that these inspections are made at the expense of the city, it is a fact that in competitive bidding for the food supply contracts the inspection cost of a small fraction of a cent per pound (as indicated above) is entirely lost sight of and is not added by the bidder to his price, so that the contractor really pays the entire inspection cost and the city, at present, bears none of the expense of this invaluable service, except for the item of butter inspection.

The Supply Department purchases during each year approximately \$75,000 worth of eggs and pays its own egg inspector \$1,600 per year.

I respectfully call your Honor's attention to a report dated November 7, 1931, made by the Finance Commission as the result of the investigation by that body of the purchasing methods used by the Supply Department, in which special stress was laid upon the particular need for adequate inspection of food supplies as a necessary protection to the city in the matter of receiving full value, both in quantity and quality, for the money expended.

It was a result of this report and recommendations made by the Finance Committee at that

time that the system of Federal inspection of food supplies, as now made use of by the Supply Department, was introduced.

I firmly believe that to discontinue such use of Federal inspectors on food supplies would not in any way be for the best interests of the City of Boston, for the following reasons:

Present system:

(1) Provides impartial and efficient expert service which checks both quality and net weight at delivery points, thus insuring full value for money expended and really at no cost to the city due to competition in bidding for contracts on food supplies.

(2) Determines net weight of all deliveries and insures supplies delivered conforming to the requirements of the City of Boston specifications.

(3) Supply Department budget does not permit employing the necessary men to handle this inspection, which would be an item of increased expense to the city; also, properly trained men would be difficult to secure.

(4) To make the change requested in the order passed in the City Council would be to give up progressive methods and to take a step backward.

Respectfully yours,

WARREN W. LOOMIS,
Superintendent of Supplies.

Placed on file.

INFORMATION UNDER OATH VETOED.

The following was received:

City of Boston,
Office of the Mayor, April 25, 1935.

To the City Council.
Gentlemen,—I return herewith, disapproved, and without my signature the order adopted by your Honorable Body on April 22, which requests the Mayor to instruct department heads to furnish certain information under oath, relative to the number of married women employed by the City of Boston, and which information had been requested in a prior order adopted by your Honorable Body.

It is not clear whether the purpose of this later order is to require the head of each department to make his return under oath, or whether the head of each department is required to place all of the employees under oath. It is plain that the head of a department, if required to reply under oath, could only do so upon belief and information furnished to him by the employees.

It is equally plain, because of the great numbers of persons employed in the various departments, that it would be quite impracticable and unfair to require the heads of departments to place each of the employees under oath.

In addition to these objections I know of no authority by virtue of which the head of a department could place employees under oath for the purpose of eliciting such information and I know of no power to compel employees to make answer under oath. I am also advised that employees who are protected by Civil Service rules cannot be removed or suspended on the ground that their wives or husbands may also be employed by the city, or by any other employer.

Under these circumstances I feel constrained to veto this order.

Respectfully,

FREDERICK W. MANSFIELD, Mayor.

Placed on file.

INFORMATION FROM PARK DEPARTMENT.

The following was received:

City of Boston,
Office of the Mayor, April 26, 1935.

To the City Council.
Gentlemen,—I herewith transmit four letters from the Boston Park Department, relative to your orders of April 15, 1935, concerning subject matters as follows:

1. Sanding Charlesbank swimming beach.
2. Sanding South Boston bathing beaches.
3. Provisions for sufficient coal to furnish hot water in department buildings in Ward 7.
4. Replacing the old field house on Randolph Street Playground with a new structure.

Respectfully,

FREDERICK W. MANSFIELD, Mayor.

City of Boston,

Park Department, April 23, 1935.

Hon. Frederick W. Mansfield,

Mayor of Boston.

Dear Sir,—I have your memorandum of April 20, with inclosure, order from the City Council that the Park Commission be requested to place sand on the Charlesbank swimming beach.

To the best of my knowledge and belief there is no swimming beach at Charlesbank, nor does the department wish to take any chances in having same.

Some years ago a floating bath had to be removed from Charlesbank on account of the condition of the water in the Charles river. Fresh water, to say the least, is not the best water to bathe in.

We do not intend to provide any beach at Charlesbank.

Very respectfully yours,
WILLIAM P. LONG, Chairman.

City of Boston,

Park Department, April 23, 1935.

Hon. Frederick W. Mansfield,

Mayor of Boston.

Dear Sir,—I have your memorandum of April 20, with inclosure, order from the City Council that the Park Commission be requested to take immediate steps to properly resand the various bathing beaches in South Boston.

The department forces will clean and resand the present sand.

In order to provide any sand for the beaches in South Boston it would cost approximately \$4,000 and I regret to inform you this money is not available.

Very respectfully yours,

WILLIAM P. LONG, Chairman.

City of Boston,

Park Department, April 23, 1935.

Hon. Frederick W. Mansfield,

Mayor of Boston.

Dear Sir,—I have your memorandum of April 20, with inclosure, order from the City Council that the Park Commission make provision for sufficient coal during the current year to furnish hot water for all shower baths in buildings under the control of the Park Department in Ward 7.

The department intends to furnish coal, as far as it possibly can, in all field houses all over the city.

Very respectfully yours,

WILLIAM P. LONG, Chairman.

City of Boston,

Park Department, April 23, 1935.

Hon. Frederick W. Mansfield,

Mayor of Boston.

Dear Sir,—I have your memorandum of April 20, with inclosure, order from the City Council that the Park Commission be requested to replace the old field house on the Randolph Street Playground with a new structure, same to be provided for out of E. R. A. funds.

The department intends to utilize what it can of the present field house in the erection of a new field house at the Randolph Street Playground. This work will be done with E. R. A. forces at the earliest possible moment.

Very respectfully yours,

WILLIAM P. LONG, Chairman.

Placed on file.

REIMBURSEMENTS RE BOSTON SETTLEMENTS.

The following was received:

City of Boston,
Office of the Mayor, April 26, 1935.

To the City Council.
Gentlemen,—I herewith transmit a letter from the Overseers of the Public Welfare, relative to your order of April 1, 1935, concerning reimbursements, after the two-year statute of limitations has run, to cities and towns for money paid by them for the benefit of Boston settlements.

Respectfully,

FREDERICK W. MANSFIELD, Mayor.

City of Boston,

Overseers of the Public Welfare,
April 25, 1935.

Mr. John F. Gilmore, Jr.,

Assistant Secretary, Mayor's Office.

Dear Sir,—This is to acknowledge receipt of your communication of April 18, 1935, inclosing the following order from the City Council, dated April, 1935:

"Ordered, That his Honor the Mayor investigate payments made by the Welfare Department of the City of Boston reimbursing cities and towns for money paid by them for the benefit of Boston settlements after the two-year statute of limitations has run, and report to the Council as to whether any of such payments have been made."

Section 14, chapter 117 of the General Laws, Tercentenary Edition, provides for the immediate comfort and relief of all persons residing or found in the city and the expenses thereof may be recovered in contract against town liable therefor if commenced within two years after the cause of action arises. We have always followed the plan of paying the city or town where the Boston case resided irrespective of the statutory period provided, of course, that there was no settlement dispute; and cities and towns have followed the same plan with us.

If we were forced to bring suit through the courts the latter would be swamped with actions and would accomplish no good purpose. But where the claims are perfectly legitimate and there is no dispute of the amount, we have for years been following the practice of paying the claims irrespective of the statute period.

Yours truly,

JOHN C. L. DUFFIN,
Executive Director.

Placed on file.

BRINTON AND SUFFLE STREETS

The following was received:

City of Boston,
Office of the Mayor, April 26, 1935.

To the City Council.
Gentlemen,—I herewith transmit a letter from the Commissioner of Public Works, relative to

your orders of April 8, 1935, concerning the acceptance and laying out of Brinton street and Supple street as public highways.

Respectfully,
FREDERICK W. MANSFIELD, Mayor.

City of Boston,
Public Works Department, April 23, 1935.
Mr. John F. Gilmore, Jr.,
Assistant Secretary, Mayor's Office.

Dear Sir,—I beg leave to acknowledge receipt of your note of April 15, 1935, with attached City Council order, dated April 8, 1935, and reading as follows:

"Ordered, That the Commissioner of Public Works be requested, through his Honor the Mayor, to accept and lay out Brinton street and Supple street as a public highway."

and to state that both Brinton and Supple streets are private ways and that the matter of acceptance and laying out is a function of the Board of Street Commissioners.

If the Board of Street Commissioners accept and order constructed the Public Works Department enters. A preliminary estimate of the cost is as follows:

Brinton street, Ward 11, from Washington street about 286 feet southwesterly, roadway only (sidewalks in), \$3,200.

Supple street, from Townsend street about 272 feet southwesterly, roadway only (sidewalks in), \$2,000.

Respectfully,
C. J. CARVEN,
Commissioner of Public Works.

Placed on file.

CITY HOSPITAL ASSOCIATION.

The following was received:

City of Boston,
Office of the Mayor, April 29, 1935.
To the City Council.

Gentlemen,—I herewith transmit a letter from the Board of Trustees of the Boston City Hospital, relative to your order of April 1, 1935, concerning the City Hospital Association.

Respectfully,
FREDERICK W. MANSFIELD, Mayor.

City of Boston,
Hospital Department, April 26, 1935.
Hon. Frederick W. Mansfield,
Mayor of Boston.

Dear Mr. Mayor,—At a meeting of the Board of Trustees held today, an order of the City Council was presented whereby the trustees of the Boston City Hospital are requested, through his Honor the Mayor, to inform the City Council with reference to the "City Hospital Association."

The Hospital Association is an independent organization, and its members have no authority to leave the hospital during business hours to appear before the Civil Service Commission on matters affecting hospital employees unless they have been summoned or notified by the Civil Service Commissioner to so appear.

If they are absent without authority or permission, no pay can be granted them for such leaves of absence.

Yours respectfully,
JOSEPH P. MANNING,
President, Board of Trustees.

Placed on file.

SUNDAY VISITING HOURS AT HOSPITAL.

The following was received:

City of Boston,
Office of the Mayor, April 29, 1935.
To the City Council.

Gentlemen,—I herewith transmit a letter from the Board of Trustees of the Boston City Hospital, relative to your order of April 15, 1935, concerning provisions for visiting hours on Sunday at the hospital.

Respectfully,
FREDERICK W. MANSFIELD, Mayor.

City of Boston,
Hospital Department, April 26, 1935.
Hon. Frederick W. Mansfield,
Mayor of Boston.

Dear Mr. Mayor,—At a meeting of the Board of Trustees held today, an order of the City Council was presented whereby the trustees are requested, through his Honor the Mayor, to establish visiting hours at the Boston City Hospital on Sunday evenings at the usual hours as on weekdays.

The trustees deem it inadvisable to establish visiting hours on Sunday evenings, as any increase in the visiting hours in the hospital would be detrimental to the patients.

Yours respectfully,
JOSEPH P. MANNING,
President, Board of Trustees.

Placed on file.

PLAYGROUND SHELTERS.

The following was received:

City of Boston,
Office of the Mayor, April 29, 1935.
To the City Council.

Gentlemen,—I herewith transmit a letter from

the Boston Park Department, relative to your order of April 15, 1935, concerning the installation of overhead shelters for swings on Mission Hill and Jefferson Playgrounds, Ward 10.

Respectfully,
FREDERICK W. MANSFIELD, Mayor.

City of Boston,
Park Department, April 24, 1935.
Hon. Frederick W. Mansfield,
Mayor of Boston.

Dear Sir,—I have your memorandum of April 20, with inclosure, order from the City Council, that the Park Commission be requested to provide overhead shelters for the swings on the Mission Hill and Jefferson Playgrounds, Ward 10.

The department will be pleased to construct a shelter for the swings at the Jefferson Playground.

A few years ago, as the result of numerous complaints, the overhead shelters were removed from the Mission Hill Playground and I do not think it is advisable to restore same.

The conditions are different at the Jefferson Playground and a shelter should be provided. The department will attempt to do so with E. R. A. forces.

Very respectfully yours,
WILLIAM P. LONG, Chairman.

Placed on file.

BLINKER LIGHT, WARD 7.

The following was received:

City of Boston,
Office of the Mayor, April 29, 1935.
To the City Council.

Gentlemen,—I herewith transmit a letter from the Boston Traffic Commission, relative to your order of April 1, 1935, concerning a change in the location of the traffic blinker light at the junction of Preble street and Old Colony road.

Respectfully,
FREDERICK W. MANSFIELD, Mayor.

City of Boston,
Traffic Commission, April 25, 1935.
Hon. Frederick W. Mansfield,
Mayor of Boston.

Dear Sir,—I have the honor to acknowledge receipt of Council Order, dated April 1, 1935, which reads as follows:

"Ordered, That the Traffic Commissioner be requested, through his Honor the Mayor, to change the location of the automatic traffic blinker light from Preble street, at Old Colony road, to the center of Old Colony road, opposite Preble street, Ward 7."

An engineer of this department together with the captain of Division 6 and an inspector of the Registry of Motor Vehicles visited the above location. It was agreed that the proposed relocation of the flashing beacon was not practicable and that it should remain in its present location. If in the near future it should be deemed advisable that a change should be made you will be notified.

Respectfully yours,
WILLIAM P. HICKEY, Commissioner.

Placed on file.

APPOINTMENT OF CONSTABLES.

The following were received:

City of Boston,
Office of the Mayor, April 29, 1935.
To the City Council.

Gentlemen,—Subject to confirmation by your Honorable Body, I hereby appoint the following-named persons constables of the City of Boston for the term of one year, beginning with the first day of May, 1935, authorized to serve civil process upon filing bonds.

Since under the law all constables' terms expire on April 30 of each year, the commissions of all constables not named herein will expire on April 30, 1935, and thereafter all such persons will cease to be constables of the City of Boston.

Respectfully,
FREDERICK W. MANSFIELD, Mayor.

Authorized to Serve Civil Process upon Filing Bonds.

William A. Amsie, 24 South Munroe terrace, Ward 16; Henry Atwood, 25 Dalrymple street, Ward 11; Chester A. Bailey, 1619 Commonwealth avenue, Ward 21; Charles A. Bancroft, 32 Colorado street, Ward 18; David Bashitsky, 237 Quincy street, Ward 14; David Belson, 21 Park Vale avenue, Ward 21; Joseph L. Bennett, 20 Deckard street, Ward 12; Carl Birger Berg, 301 Norfolk street, Ward 17; Alfred Blaustein, 23 Fernboro street, Ward 14; Eugene Blindeman, 116 Greenwood street, Ward 14; John B. Torr, 133 Pembroke street, Ward 4; Aber Ueckman, 21 Sanoma street, Ward 12; Roman J. Vasil, 11 Granada avenue, Ward 18; John J. Walsh, 7 Madison street, Ward 9; Harry A. Webber, 455 Massachusetts avenue, Ward 9; Abraham I. Weiss, 3 Howland street, Ward 12; John F. Welch, 116 Huntington avenue, Ward 4; John A. Wragg, 62 Shepton street, Ward 16; Frederick J. Wright, 3 Rena street, Ward 22; Louis Yacker, 1071 Blue Hill avenue, Ward 14; Maurice Zeeman, 36 Calender street, Ward 14.

City of Boston,
Office of the Mayor, April 29, 1935.
To the City Council.
Gentlemen,—Subject to confirmation by your Honorable Body, I hereby appoint the following-named persons constables of the City of Boston for the term of one year, beginning with the first day of May, 1935, without power to serve civil process and to serve without bond.
Since under the law all constables' terms expire on April 30 of each year, the commissions of all constables not named herein will expire on April 30, 1935, and thereafter all such persons will cease to be constables of the City of Boston.
Respectfully,
FREDERICK W. MANSFIELD, Mayor.

Connected with Official Positions.
William V. Bell, 40 West Walnut park, Ward 11; Kenneth W. Blennerhassett, 580 Commonwealth avenue, Ward 5; George J. Brackman, 89 Waumbek street, Ward 12; Frank Broderick, 9 Cypress street, Ward 20; William W. Brooks, 145 Belgrade avenue, Ward 20; James D. Canaris, 6 Westland avenue, Ward 4; Manuel T. Cardoza, 194 Bennington street, Ward 1; Felix F. J. Carroll, 22 Cliff street, Ward 12; James D. Collins, 157 Adams street, Ward 15; Timothy J. Collins, 16 Fairbury street, Ward 13; Barney C. Deluca, 72 Alexander street, Ward 13; Francis J. Desmond, 54 Parklawn road, Ward 20; Angelo DePietro, 286 Sumner street, Ward 1; William Doherty, 4 Dunmore street, Ward 8; Charles E. Dowd, 102 Gainsborough street, Ward 4; Arthur J. Driscoll, 60 H street, Ward 6; Joseph Leo Duffley, 15 Spencer street, Ward 17; Cornelius L. Dundon, 181 Princeton street, Ward 1; James F. Farrell, 29 Romsey street, Ward 13; Martin J. Feeney, 45 Westland avenue, Ward 4; Edmund B. Flaherty, 70 Mayfield street, Ward 13; William Gallagher, 696 Washington street, Ward 22; John F. Ganley, 98 Topliff street, Ward 15; James J. Garvey, 266 Dorchester street, Ward 7; John L. Gleason, 29 Norfolk street, Ward 9; Morton S. Garson, 5 Ruthven street, Ward 12; Max Goldfarb, 31 Allen street, Ward 3; Harold M. Goldstein, 25 Crawford street, Ward 12; Ernest Gooding, 92 St. Botolph street, Ward 4; Gabriel Grappocio, 47 Auburn street, Ward 3; Charles F. Green, 789 Columbia road, Ward 7; Joseph A. Grover, 32 Circuit street, Ward 12; James V. Hartrey, 895 East Fourth street, Ward 6; James P. Hayes, 39 Weld Hill street, Ward 19; Harry A. Higgins, 1125 Commonwealth avenue, Ward 21; Edward Hutchinson, 49 Grampian way, Ward 13; Charles W. Kelley, 845 East Third street, Ward 6; William P. Kelley, 716 Columbia road, Ward 7; David D. Kenney, 683 Shawmut avenue, Ward 9; Thomas H. Keough, 223 Trenton street, Ward 1; Thomas King, 8 Bostonia avenue, Ward 22; Walter P. Kirby, 8 Rowe street, Ward 19; Robert F. Leahy, 34 Forbes street, Ward 10; Edward J. Leary, 90 Fenway, Ward 4; John J. Linehan, 53 Hano street, Ward 22; Andrew Martin, 28 Maynard street, Ward 18; John L. Maloney, 585 South street, Ward 19; Charles H. McCue, 103 Dunster road, Ward 19; Thomas MacDonald, 51 St. Andrew road, Ward 1; Edward F. McCarthy, 252 Chestnut avenue, Ward 19; Thomas J. McDonough, 113 Havre street, Ward 1; Joseph M. McKenna, 472 East Third street, Ward 6; Archibald P. McNeil, 14 Blanche street, Ward 16; Arthur R. Merritt, 263 Princeton street, Ward 1; James A. Molloy, 275 Humboldt avenue, Ward 12; Emory D. Morgan, 1 Perkins place, Ward 9; Timothy F. Murray, 29 Edison green, Ward 7; Michael F. Murray, 151 Terrace street, Ward 10; Clarence A. Nado, 41 Old Morton street, Ward 17; John A. O'Brien, 110 Elm street, Ward 2; David I. O'Connor, 15 Iroquois street, Ward 10; Walter O'Donnell, 3 Lincoln park, Ward 6; James O'Hearn, 820 River street, Ward 18; Joseph J. O'Mara, 468 East Eighth street, Ward 7; Lewis J. Polak, 708 Columbus avenue, Ward 9; Peter E. Rasmick, 13 Ridgewood street, Ward 15; Timothy F. Regan, 614 South street, Ward 19; John Skelly, 88 Dix street, Ward 16; Hyman Slate, 28 Phillips street, Ward 5; Sidney E. Sullivan, 7 Mt. Everett street, Ward 15; Raphael Leroy Sussman, 86 Bowdoin street, Ward 3; William D. Sweeney, 34 Sackville street, Ward 2; Joseph Tedesco, 33 North Bennet street, Ward 3; Joseph Thomas, 143 Tyler street, Ward 3; Herbert Timson, 138 Beacon street, Ward 5; Thomas Underwood, 63 Lawn street, Ward 10.

With Animal Rescue League.
Frederick O. Houghton, 363 Adams street, Milton; Archibald C. McDonald, 710 East Sixth street, Ward 6; Edwin L. Sanders, 202 Baker street, Ward 20.

With Massachusetts S. P. C. T. A.
Harry L. Allen, 180 Longwood avenue, Ward 4.
Van Drivers Appointed by the Court.
Patrick A. Gargan, 252 Chambers street, Ward 3; Charles M. Shea, 100 Vernon street, Ward 9.
Severally laid over a week under the law.

MARRIED WOMEN IN CITY EMPLOY.
The following was received:
City of Boston,
Office of the Mayor, April 29, 1935.
To the City Council.

Gentlemen,—Upon receipt of the order adopted by your Honorable Body on April 1, 1935, requesting certain information as to the number of married women in city and county departments, a circular letter was sent to each head of a department from the Mayor's office, as you have already been advised. Replies have been received, from all departments excepting the School Department and from the clerks of the Boston Municipal and County Courts. I transmit them herewith.
The Boston School Committee did not respond to the circular letter because the Secretary of the Committee assumed that it did not apply to the School Department. I have conferred with the Secretary of the Committee who informed me that the circular will be forwarded immediately and upon the coming in of the information I will transmit it to your Honorable Body.
Through an inadvertence the circular letter was not forwarded to the clerks of the Boston Municipal Courts nor to the County Courts in time for replies to have been received today. Upon the coming in of the information from the courts I shall transmit it to your Honorable Body at once.
It will be noticed that the information received from the Library and Welfare Departments does not comply with the order. Those departments have been asked to furnish the additional information necessary for such compliance.
Respectfully,
FREDERICK W. MANSFIELD, Mayor.
(Appended were the several communications referred to.)

PETITIONS REFERRED.
The following petitions were received and referred to the committees named, viz.:

Claims.
Jessie Chisholm, for compensation for injuries caused by an alleged defect at 680 Hyde Park avenue, Roslindale.
Mary E. Flanagan, for compensation for injuries caused by an alleged defect at L and Emerson streets.
John Goode, for compensation for injuries caused by an alleged defect at Arnold Arboretum.
Mrs. Dora Harpel, for compensation for injuries caused by an alleged defect at 428 Blue Hill avenue.
W. E. Hurley, Postmaster, for compensation for damage to mail truck by fire truck.
John J. Jeffers, for compensation for injuries caused by an alleged defect at 11 Meridian street, East Boston.
Gerard J. Phelan, for compensation for damage to car caused by an alleged defect in Gallivan Boulevard.
James Quinn, for compensation for damage to water boiler at 415 K street, caused by installation of water meter.
Somerset Farms Creamery Company, for refund on refuse tickets.
Frances C. Stevens, for compensation for injuries caused by an alleged defect at 111 Beacon street.
William Williams, for compensation for injuries caused by defective hoist for ashes at Pauline A. Shaw School.
Effie M. MacNeil, for compensation for damage to car caused by city truck.

Executive.
Petitions for children under fifteen years of age to appear at places of public amusement, viz.:
Sara Horlich, Repertory Theatre, June 5.
Ruth M. M. Shane, Municipal Building, South Boston, June 7.
Rosa Zweig, Repertory Theatre, May 15.
Lulu Philbrook, Gainsboro Hall, June 5.
Helen M. Maiers, Theodore Roosevelt Hall, May 3.

SIDEWALK ASSESSMENTS.
Communications were received from the Commissioner of Public Works with orders assessing half cost of construction of sidewalks against owners of adjacent property, viz.:

Paris street, Ward 1,	Half Cost.
Paris street, Ward 1,	\$15 96
Elm street, Ward 19,	24 56
Elm street, Ward 19,	65 40
Elm street, Ward 19,	42 35
Greenough avenue, Ward 19,	304 82
Adams street, Ward 17,	51 98
Everett street, Ward 1,	30 75

The orders were severally passed under suspension of the rules.

MINORS' LICENSES.
Applications for minors' licenses were received from seventy-one newsboys and seven bootblacks. Granted under usual conditions.
FARMERS' MARKET IN DOWNTOWN BOSTON.

Coun. FITZGERALD offered the following order:
Ordered, That the Planning Board report to the City Council what plans, if any, were made to hold the Farmers' Market in downtown Boston, and that a committee be appointed, consisting of five members of the City Council, to sit with the Planning Board and confer with a representative of the farmers as to the desirability of establishing a regular market place on eight to ten acres in the market district of Boston.
Coun. FITZGERALD—Mr. President, a very serious situation has arisen in our city. One of the greatest industries we have and one of the greatest means of bringing business to Boston is this Farmers' Market. It has been rumored for a long time that they were going to leave Boston, and apparently action looking to that end is now crystallizing. I have the honor to represent the part of the town where the market is situated, and am naturally particularly concerned. You have all seen in the papers the report that the farmers have purchased or have an option on land in West Cambridge and that they are now proposing to remove the entire Farmers' Market to West Cambridge. I do not need to impress upon the members of this body the importance of keeping this market within the confines of our city. The proposed removal from the present location will mean ruin not only to neighboring property but also to surrounding business places. It will also mean ruin to those with stalls in the market and those who are doing a market business in the neighborhood. Boston has been very lax in its treatment of that district. Strong efforts should have been made in the past to accommodate the farmers and it is not too late now. New York City and Brooklyn provides great market districts, where a rental is paid and where proper accommodations and facilities are afforded for the carrying on of the business. Boston should certainly wake up to the seriousness of the situation today. Means must be found at once to stop their leaving the city and going through with the present proposition they have in mind. It is up to the city to do something to bring about an improvement in the conditions that now exist in that section with respect to the farmers. Even if some of the farmers buy land at West Cambridge, there will always, with proper treatment, be a demand for other farmers to come into the city. Boston, in order to protect its large interest in Faneuil Hall and Quincy Markets, and to help stabilize real estate in this district, should at once take steps to purchase at no more than 50 per cent of the assessed value, as can easily be done, sufficient land to establish a market for vegetables and fruit, as there is now a market for meat, and so forth, in the Quincy and Faneuil Hall Markets. Unless something of the sort is done it will mean a loss of millions in real estate values and business people and our citizens will suffer. Boston will become simply a way station, with nothing of importance here, and employees and everybody will suffer. There is now a chance for this Council to take the initiative, to show that we have some power, in helping to bring about and improve the situation and to alleviate existing conditions. But we should not delay. I believe that the farmers will be making a great mistake in going to West Cambridge. It would be like the fish dealers going to Quincy or Nahant to deliver their fish merely because land is cheap in those suburbs. Boston can well afford to establish an eight or ten acre Farmers' Market in order to hold this business. In the interest of real estate and business, and of all the people of this city, I ask that this order be passed today, so that something may be started at once.
Coun. WILSON—Mr. President, I would ask that an amendment be made to the order, in line with some of the remarks of the counselor from Ward 3 (Coun. Fitzgerald). The order reads, as I understand it, that a committee of this body sit down with the Planning Board and confer with the representatives of the farmers. I would suggest that representatives of the farmers in Faneuil Hall and Quincy Markets be included in such a conference body, because we must have in mind the enormous amount of business that is done in the city with reference to what they consider unfair competition suffered by those who pay substantial rents under their leases, as against the curbstone marketmen who make free use of the city's streets. We must have some one to meet the situation at the beginning of the summer, when the Summer Tunnel, where the streets are narrow, that entrance are closely tried up to the person time, and especially in the summer, with these market carts, cluttering up the streets with those who wish to use the tunnel. Now, if it can be done to remove that situation, I suggest that the Council should take the initiative in the matter of considering the removal of the market down there so that the Farmers' Market may be retained, for I would have thought the conference would be composed of the farmers in Faneuil Hall and Quincy Markets.
The order, with the proposed amendment, was referred to the Executive Committee.

PREFERENCE TO BOSTON CITIZENS.

Coun. DOWD offered the following:

Ordered, That his Honor the Mayor request the Local Administrator of the E. R. A. that when selections of men and women are made for employment under the E. R. A. the citizens of Boston be given the entire preference.

Coun. DOWD—Mr. President, while I realize that the intent of the relief effort being made by Washington is to lift the load from the welfare and soldiers' relief in every city and town in America, I also realize that it is very galling to citizens of Boston who are on welfare or who are unemployed to see men selected for E. R. A. work who are not citizens and who do not think enough of the United States of America to become citizens. I stopped this morning to look at a project where sixty men are working, and tried to interview some of them, and I was astonished to find that about forty-five of those men working under E. R. A. could not even speak the English language. While I am convinced that the President and Congress are doing the right thing in endeavoring to lift the load from cities and towns, at the same time I do say that when the question arises between an alien and an American citizen, the Local Administrator should give the preference to the American citizen. Of the 18,000 men and women employed here under E. R. A. at the present time I daresay 8,000 are aliens, people who would not become citizens of the United States of America. This is a matter that is entirely up to the Local Administrator, he having the discretionary power, and I say that we should make every effort to place American citizens at work in place of aliens on the E. R. A.

The order was passed under suspension of the rule.

PLANS FOR "CLEAN-UP WEEK."

Coun. McGRATH offered the following:

Ordered, That his Honor the Mayor be requested to call a conference of the Health Commissioner, the Public Works Commissioner, the Park Commissioner, the Fire Commissioner and the Police Commissioner to formulate immediate plans for "Clean-up Week."

Coun. McGRATH—Mr. President, yesterday as I walked through the streets of Dorchester I was surprised to find the filthy condition they were in, to see how cluttered up they were. In fact, to my mind they were so bad that a person's clothes might well be ruined by the dirt and dust blowing around there. We are now coming to the summer season, passing through the latter part of the spring. We are appropriating \$100,000 in this state for the purpose of inviting here thousands from other sections of the country to see what a beautiful and historic city we have, and there has never been a time in the history of Boston when the streets were in worse condition than they are in today. I am not going to be unfair in this matter, laying the blame for this entirely on the shoulders of the Mayor or of the Public Works Commissioner, because today we have more E. R. A. workers cleaning the streets than we have ever had in any period of our history. And yet let me say, for example, that we have one main street in Dorchester, Savin Hill avenue, that is taken care of by one old gentleman with a little pushcart, and I submit to you, for your attention and the attention of the Mayor, that that is one of the cleanest thoroughfares in Boston, because one man is devoting his entire time to that street. Although it is over a mile in length, he is doing a splendid job, while on adjacent streets we have thirty or forty men standing or lying about basking in the sunshine and doing practically nothing. So I intend in this order no criticism of the Mayor or other individuals. There is simply a lack of cooperation and efficiency and the supervision of men whose day would pass much more rapidly and pleasantly if they were to do a little work. At the Columbia Station in Dorchester, Mr. President, those riding on the Elevated or subway trains, in that great subway that costs taxpayers millions of dollars, when they come to the surface from underground, after riding from the heart of the city to Dorchester, obtain this as their first impression of that entire area of five or six wards, that it is nothing but a public dump. At the end of Carson street, where the train stops for people to get out, there is a piece of land owned by one of the largest contractors in the state, and not alone are there cans, papers and old bed springs deposited there, but they dump garbage there. I introduced two weeks ago an order to stop that sort of thing. Beyond the exit of that great subway, and beyond this dump, five hundred feet away, is the Old Colony Boulevard, which cost the citizens of this city millions of dollars, and beyond that again is one of the prettiest expanses of water in the Commonwealth. But in the 500 feet between that rapid transit line that cost millions of dollars and this beautiful boulevard that cost millions of dollars, with its park setting and surroundings, they have established five public dumps, and the first impression that people coming into Dorchester get upon emerging from darkness into sunlight is that the entire section is a dump. Wagons come there and dump bananas and banana stalks and garbage; the stuff rots, with the result that the neighborhood is infested with rats, and people driving along the Old Colony Boulevard, that beautiful Old Colony Boulevard, will see every night ten to a dozen rats killed in the road, while hundreds of rats going from the dumps invade the neighboring houses. It is a serious menace,

Mr. President. When we complain, we find from the Public Works Commissioner that it is the job of the Health Commissioner. And then we find from the Health Commissioner that it is the job of the Park Commissioner, and find from the Park Commissioner that it is the job of the Public Works Commissioner. I know this, sir, that it is the job of someone being paid a salary by the citizens of Boston, and I know that the streets of Boston are in worse condition, both from the standpoint of the surface and of being cluttered up with garbage and rubbish, that has been the case in any other period of time in the history of our city. Why spend a lot of money inviting people here if we cannot at least dress ourselves up? I say that there is no one thing, outside of the depression, so harmful to real estate and to our city from a residential standpoint as the absolute neglect on the part of the Health Commissioner, the Public Works Commissioner, and those under them, of our streets and highways today. I say to you, sir, that there isn't any one thing that could be done in Dorchester that would so surely bring about an appreciation of close to a million dollars in real estate values from the South Boston line to the Milton and Quincy line, as the cleaning up of this great dump area there. There is no question that hundreds of people are leaving Dorchester for such places as Quincy, Milton, and as far out as Braintree, because of that time-worn story, the Dorchester dumps, and that many who would otherwise come to Dorchester are not doing so on that account. Why have we spent millions on this great rapid transit system, on the beaches, playgrounds and stadium, and on the Old Colony Boulevard, if we are to allow these men who have a selfish interest to come in there and use those streets for the travel of dump trucks, dumping their garbage, ashes and rubbish of various kinds, and are then told over and over again that it is the fault of this department or that department, when as a matter of fact the Mayor of Boston is at the head of all departments, and through coordination and co-operation can remedy that situation? In this order I ask the Fire Commissioner, the Police Commissioner, the Park Commissioner, the Health Commissioner and the Public Works Commissioner to all sit down in one room and to divide, if necessary, the responsibility of cleaning up this situation. Sitting down with the Mayor, and having the whole subject before them, the whole thing can be laid out by precincts or by wards under the supervision of some permanent employee of each department, rather than trusting it to temporary E. R. A. men. Let them lay out their program to deal with the subject, and have one man responsible. If one individual, such as the one old man I have referred to on Savin Hill avenue, can keep an entire thoroughfare a mile long clean and presentable, it seems to me that a couple of thousand men can do the work in this city that used to be done so successfully by 200. So I assume that the Mayor of Boston will call these five or six agencies together to inaugurate a "clean-up week," taking this matter up by wards and precincts, and holding some employee directly responsible. In doing this he will be doing more to beautify our city this coming summer, will be doing more to improve real estate and make our city attractive to its own citizens and to visitors than he can do in any other way.

Coun. BRACKMAN—Mr. President, I am glad to add my voice in favor of this order. I think it is an extremely important measure. There is no time like the present. May I ask that it be referred to the Executive Committee and that we send for the Public Health Commissioner and the Public Works Commissioner this afternoon, to find out why the matter has not been taken care of up to date?

The order was referred to the Executive Committee.

RECESS.

A recess was taken on motion of Coun. McGRATH at 2:43 p. m., subject to the call of the Chair. The members reassembled in the Council Chamber and were called to order by President FITZGERALD at 3:55 p. m.

EXECUTIVE COMMITTEE REPORTS.

Coun. GALLAGHER, for the Executive Committee, submitted the following:

1. Report on petitions (referred today) for children under fifteen years of age to appear at places of public amusement, viz.:

Sara Horlich, Repertory Theatre, June 5; Ruth M. McShane, Municipal Building, South Boston, June 7; Rose Zweig, Repertory Theatre, May 15; Lulu Philbrook, Gainsboro Hall, June 5; Helen M. Maier, Theodore Roosevelt Hall, May 3—recommending that leave be granted on usual conditions.

Report accepted; leave granted on the usual conditions.

2. Report on order (referred today) regarding plan for "Clean-up Week"—that same ought to pass.

Report accepted; order passed.

3. Report on order (referred today) concerning Farmers Market in downtown Boston—recommending passage of order in accompanying new draft, viz.:

Ordered, That the Planning Board report to the City Council what plans, if any, were made to hold the Farmers' Market in downtown, and that a committee be appointed, consisting of five members of the City Council, to sit with the Planning Board and confer with a representative of the farmers and of the market tenants of the Faneuil Hall and Quincy Markets as to the desirability of establishing a regular market place on eight to ten acres in the Market District of Boston.

Report accepted; order passed.

Later in the session President FITZGERALD appointed the following committee: Coun. Kerrigan, Wilson, Green, Murray and Goldman.

HEARING ON GAS CONTRACTS.

Coun. DOWD, for the Committee on Municipal Lighting, submitted report on message from the Mayor (referred April 1), together with proposed contracts with Boston Consolidated Gas Company for furnishing gas, and for equipment and lighting of gas street lamps—recommending passage of accompanying order, viz.:

Ordered, That in accordance with the provisions of section 6 of chapter 486 of the Acts of 1909, a public hearing be given by the City Council on Tuesday, May 14, 1935, at 7:30 o'clock p. m., on the proposed contracts with the Boston Consolidated Gas Company for furnishing gas, and for the equipment and lighting of gas lamps, and that the City Clerk be directed to give notice of said hearing by advertising the same in the daily newspapers and seven days before the date of said hearing in the City Record, the expense of said hearing and advertising to be charged to the appropriate items for City Council, Incidental Expenses.

Coun. SHATTUCK—Mr. President, in preparation for that hearing and for the information of the Council, I wonder if a memorandum could not be prepared showing how the proposed contract differs from the existing contract,—perhaps furnishing a copy of the proposed contract and giving a notation of how it differs from the present contract?

President FITZGERALD—The Chair will direct the City Clerk to communicate with the proper authorities in that matter.

Report accepted; order passed.

REPLACING OF GAS STREET LAMPS BY ELECTRICITY.

Coun. FISH and Coun. MURRAY offered the following:

Ordered, That the Commissioner of Public Works be requested, through his Honor the Mayor, to replace the present gas street lamps with electric lights.

Coun. FISH—Mr. President, I may say that I have received numerous requests for electric lights on the side street in my ward and that the present gas lamps are antiquated, out of style, and of very poor lighting power. That is the reason why I have introduced this order requesting that the gas lamps be replaced with electric lights.

Coun. MURRAY—Mr. President, I think the day of gas and kerosene has gone, that electricity is here, and that we should recognize that the era we have been going through for the last forty years has come to an end. I believe that we should replace gas lamps in Boston with electric lights, that the gas lamps are inefficient and do not give proper illumination.

The order was passed under suspension of the rule.

INCREASE OF STENOGRAPHER-CLERK SALARIES.

Coun. GOLDMAN offered the following:

Ordered, That the Budget Commissioner, through his Honor the Mayor, be requested to include in the City Council budget for 1935 an additional five hundred dollars each for the stenographer-clerk salaries.

The order was declared referred to the Committee on Rules.

Coun. GREEN—Mr. President, I move a suspension of the rule and the passage of the order.

President FITZGERALD—The Chair will have to rule that out. The reference already designated is the proper one, for an order of this kind.

The order stood referred to the Committee on Rules.

HERBERT P. SHAUGHNESSY SQUARE.

Coun. BRACKMAN and Coun. DOWD offered the following:

Ordered, That the junction of Walnut avenue and Warren street, Roxbury, be named the Herbert P. Shaughnessy square, in memory of the former representative in the General Court, Herbert P. Shaughnessy, and suitable signs be erected.

Referred to Executive Committee.

COMPTON, NORRISON. Mr. President, I have not
 made it plain, but I think I have made it
 pointed out, and I think I have made it clear
 them too many of them. I think I have made it
 But I am sure that I have made it clear. We
 there, if we are not sure, we can make it
 instances we can make it clear. We can make it
 get first show that we can make it clear
 for the first time. We can make it clear
 the order of the day. We can make it clear
 nature of the order of the day. We can make it
 pattern of the day. We can make it clear
 Who are we? We are the people of the
 Have I we? We are the people of the
 the time, the day, the night. We are the people of the

out if we have a proper check down here on this food. Here is a hospital executive who informs me, Mr. President, that it would, in his opinion, be impossible for well people, such people as you and I, let alone such sick people as we have at the hospital, to eat the amount of food claimed to have been used at the hospital the past year. I repeat, they never can give to the patients at the City Hospital too good food to satisfy me, and I don't care what the price is, as long as the food is the best. That is not the question. The question is, Is this amount of food going into the hospital? Doesn't it surprise you to know that hospitals that are put down as A-1 by the American Medical Association—such as the Bellevue, Metropolitan and Kings County Hospitals in New York, the Cook County Hospital in Chicago, and the hospitals I have referred to in Los Angeles, Philadelphia, and Cleveland—pay for their raw food per sick patient one half of what it is costing us here? If the payment of that price schedule is necessary here in order to get the best food, all right, I don't care if it costs ten times as much. But that is not the question. The question is, Is this food going into the City Hospital? If the trustees come back and show positively that the inmates are getting this food, that it is the best food that can be obtained and that the prices are proper, that will satisfy me, and I will have no objection.

The order was passed under suspension of the rule.

CONTRACT WITH UNITED DAIRIES.

Coun. NORTON offered the following:
Ordered, That the Mayor of Boston be requested to consider the advisability of canceling the contract for milk and cream awarded to United Dairies.

Coun. NORTON—Mr. President, on March 18, 1935, the City of Boston opened bids for 862,683 quarts of milk and 59,590 quarts of cream to be delivered to various city institutions for a six-months period. The low bidder was the United Dairies by about \$17,000. All other bidders conform to the prices recognized by the Massachusetts Milk Control Board and included Hood's, Whittings, Herlby Brothers and others. Objection was raised. The Boston companies claimed that the United Dairies were defying the code, that if they did the same they could underbid the United Dairies. Finally, second bids were asked for and submitted on April 8, 1935. The United Dairies complied with the State Code on this bid, with the result that the Whiting Companies was the low bidder, beating the United Dairies in price. The Mayor of Boston, disregarding the second bids that were submitted, awarded the contract to be the United Dairies on their first bid. I believe that this is both unfair and unpatriotic. Our own Boston milk companies, employing Boston men at living wages, were given to understand that they must abide by the state law. The United Dairies, a company representing two thousand or more Vermont farmers, chose to defy the code law and underbid the code prices on the first bid. The great City of Boston should not be a party to any chiselling of this kind. Therefore, I ask the Mayor and the State Milk Control Board to nullify this contract. The State Milk Control Board can do this by withdrawing the certificate to do business to the United Dairies in this state.

The order was passed under suspension of the rule.

EMPLOYMENT OF FORMER EMPLOYEES.

Coun. NORTON offered the following:
Ordered, That the Mayor of Boston be requested to consider the advisability of at least giving preference in employment to those city employees let go during the first few months of his administration. Passed under suspension of the rule.

NON-SALE OF HOMES.

Coun. NORTON offered the following:
Ordered, That the Mayor of Boston be requested to advertise for sale no home in Boston, where the family lives in said home, and in good times promptly paid their taxes.

Coun. NORTON—Mr. President, I understand that the percentage of homes sold for unpaid taxes represents a very small percentage of the whole, and I would like to see consideration given to families living in a single home in this matter of payment of taxes, especially where in good years they have paid the taxes on their homes. I know that this idea has been put into effect by Mayor Frank Hague, in Jersey City, in this depression, and I understand it has also been put into operation in other cities. I believe the idea to be a good one. Why not do the same thing in Boston, or at least give some study to the matter? I know that fully one thousand home owners in my ward were unable to pay their taxes last year.

The order was passed under suspension of the rule.

Adjourned, on motion of Coun. SELVITELLA, at 4.35 p. m., to meet on Monday, May 6, 1935, at 2 p. m.

EXTENSION OF CONTRACTS.

PUBLIC WORKS DEPARTMENT.

Charles Struzziery has been granted an extension of the time of the completion of the contract for the building of sewerage works in La Grange street, from West Border road to Newton line, West Roxbury, from May 9, 1935, to June 1, 1935, a period of twenty-three days. This extension is occasioned by unforeseen obstacles encountered during the prosecution of the work.

V. J. Grande Company has been granted an extension of the time of the completion of the contract for the building of sewerage works in Shepard Brook in Everett street, Brighton, P. W. A. Project No. 4193-G, from May 11, 1935, to June 1, 1935, a period of twenty-one days. This extension is occasioned by unforeseen obstacles encountered during the progress of the work.

CONSTRUCTION WORK.

The Mayor has approved the request of the Public Works Department for the following construction work:

A sanitary sewer of 12-inch pipe in East Third street, from N street 55 feet easterly, and in N street, from East Third street 125 feet southerly, in the South Boston district, at an estimated cost of \$990.

SAND, CINDERS AND SALT IN DULUTH.

About 385 miles of sidewalk are sanded every year and about 250 miles of streets are snow-plowed and sanded. Ordinarily, flat grades are not sanded, this work being confined to steep grades where dangerous ice conditions exist. During the past season the maintenance department used about 500 cubic yards of cinders, 500 cubic yards of sand, and 5 tons of calcium chloride on the streets.

The use of salt, or sodium chloride, has been discontinued entirely, because of its injurious effect on concrete walks and pavements. The action of salt is not clearly understood, but it is much more active during cold weather than in summer, and is apparently due to the formation of crystals after penetrating the surface, the force of which disintegrates the concrete. Calcium chloride does not seem to be entirely free from this difficulty, but is much less active than sodium chloride.

LIFE-GIVING PATRIOTISM IS LOCAL.

By civic patriotism is meant the feeling and the taking of a deep, unselfish, earnest, ever-wakeful, active interest in the affairs of one's own city or local community, regarding it as having an autonomy, a distinct personality, a name and interests of its own, and, if one pleases, endowed with a sense of personal honor and with all laudable ambitions for the promotion of the welfare of its people.

Where such civic virtues exist the local community will neither suffer from the dry-rot of public indifference and neglect nor become tainted with graft or corruption. Its life will be healthful, and, like the ocean, will be kept pure by its own ceaseless flow and movement. All life-giving patriotism is local.

Show a good municipal citizen and one will see a citizen who loves his state, and who loves his nation, and who will discharge all the duties of this triple relation. Good government in local affairs is the best assurance of good government in state and national affairs.

MASSACHUSETTS BAY COLONY.

The first chartered colony in New England, charter granted by Charles I on March 4, 1629. About a year before, a patent had been granted to six prominent men of Dorchester, west of England, among whom was Capt. John Endicott. He sailed in June, 1628, with a party of fifty or sixty persons, arriving in September and settling at Naumkeag, afterward named Salem. In the spring of 1629, the Bay Company fitted out three ships conveying about four hundred persons and arriving at Salem in June. Endicott sent a small party to effect a settlement on the Bay in Mishawum, afterward named by the settlers Charlestown, the first town in New England to assume the town polity, Plymouth and Salem being governed by a governor and council. Endicott was appointed in London as the first resident governor on April 30, 1629. The Massachusetts Bay Company was reorganized in London on October 20, 1629, when John Winthrop was chosen as governor. He arrived at Salem on June 12, 1630, soon proceeded to Charlestown with a large following and finding that place unsuitable, finally settled in Boston. Winthrop served thirteen years as governor in four different periods ending in 1649 and Endicott fifteen years at various times ending in 1665. Other governors were Thomas Dudley, Richard Bellingham, John Haynes, Henry Vane, John Leverett and Simon Bradstreet, the latter serving twelve years until 1692 when the Bay Colony and the Plymouth Colony were merged, becoming the Royal Province of Massachusetts Bay, which existed eighty-two years to 1774, the governors being appointed by the King.

The name, Massachusetts, is Indian and signifies "near the big hills."

POPULATION OF CITIES OF OVER 300,000, 1930.

New York, 6,930,446, an increase of 1,310,398 or 23.3 per cent over 1920, divided thus: Brooklyn Borough, 2,560,401; Manhattan, 1,867,312; Bronx, 1,265,258; Queens, 1,079,129; Richmond, 158,346. Other cities, with increase over 1920: Chicago, 3,376,438 (increase 674,733 or 25.0 per cent); Philadelphia, 1,950,961 (increase 127,182 or 7.0 per cent); Detroit, 1,568,662 (inc. 574,984 or 57.9 per cent); Los Angeles, 1,238,048 (inc. 661,375 or 114.7 per cent); Cleveland, 900,429 (inc. 103,588 or 13.0 per cent); St. Louis, 821,960 (inc. 49,063 or 6.3 per cent); Baltimore, 804,874 (inc. 71,048 or 9.7 per cent); Boston, 781,188 (inc. 33,128 or 4.4 per cent); Pittsburgh, 669,817 (inc. 81,474 or 13.8 per cent); San Francisco, 634,394 (inc. 127,718 or 25.2 per cent); Milwaukee, 578,249 (inc. 121,102 or 26.5 per cent); Buffalo, 573,076 (inc. 66,301 or 13.1 per cent); Washington, 486,869 (inc. 49,298 or 11.3 per cent); Minneapolis, 464,356 (inc. 83,774 or 22.0 per cent); New Orleans, 458,762 (inc. 71,543 or 18.5 per cent); Cincinnati, 451,160 (inc. 49,913 or 12.4 per cent); Newark, 442,337 (inc. 27,813 or 6.7 per cent); Kansas City, Mo., 399,746 (inc. 75,336 or 23.2 per cent); Seattle, 365,583 (inc. 50,271 or 15.9 per cent); Indianapolis, 364,161 (inc. 49,967 or 15.9 per cent); Rochester, N. Y., 328,132 (inc. 32,382 or 10.9 per cent); Jersey City, 316,715 (inc. 18,612 or 6.2 per cent); Louisville, 307,745 (inc. 72,854 or 31.0 per cent); Portland, Oregon, 301,815 (inc. 43,527 or 16.9 per cent).

POLICE DEPARTMENT ORDERS.

General Order No. 42.

The Department of Civil Service and Registration will hold an examination for promotion to the grade of lieutenant in the Boston Police Department, according to the following notice received by this office:

"This examination will be held on June 1, 1935.

1. This examination is open to the sergeants in the Boston Police Department who have served as such, in accordance with the Civil Service Rules, for at least two years immediately preceding the date of examination. Applicants who have been off duty for over three months during the period prescribed can be admitted only by permission of the Commissioner of Civil Service.

2. The subjects of examination with their respective weights will be as follows: Seniority, 5; report, 2; practical questions, 10; personality and fitness, as determined by an oral interview, 3; total, 20.

3. Applicants must obtain at least 70 per cent in each subject in order to become eligible.

4. Physical examination.

5. Application blanks may be obtained from the Division of Civil Service, Room 148, State House, Boston. The vouchers on these blanks need not be filled out. When completed, applications should be sent to the Division of Civil Service. Applications must be placed on file not later than Saturday, May 18, 1935, at 12 noon.

6. Applicants will be notified of the time and place of examination.

JAMES M. HURLEY,
Commissioner of Civil Service.
GEORGE M. HARLOW,
FRANK A. BAYRD,
Associate Commissioners."

Persons concerned will notice particularly that applications when filled out are to be returned to the office of the Civil Service Commission, State House, not later than May 18, 1935, at 12 noon, thirteen days before the date set for the examination.

Commanding officers will promulgate this order not only by reading it at roll call, but by posting a copy thereof in a conspicuous and accessible place in each station house, where it may be easily read, and it shall remain posted until after the date of the examination.

Commanding officers will secure a fresh copy from the superintendent, if the posted copy becomes mutilated or destroyed.

The Acting Superintendent of Police will promulgate this order.

EUGENE M. McSWINEY,
Commissioner.

General Order No. 43.

It is hereby ordered that vacations for members of the force for 1935 shall begin May 15 and end October 11, and not more than one-tenth of the whole number attached to any division shall be absent on vacation at the same time.

No day of relief will be allowed members of the force on July 3 and 4.

Officers detailed from other divisions to the various units at headquarters will draw vacations with such units and not with the divisions to which they are assigned. Officers detailed from headquarters to police divisions shall draw vacations at the divisions to which they are detailed. They shall notify the commanding officers of the divisions or units to which they are assigned the number of the vacation drawn.

Members of the department before going on vacation shall give a definite address, so that commanding officers can communicate with them without delay.

Five days before each vacation begins, commanding officers shall forward to the superintendent a list, in duplicate, showing the names of all officers who shall be on that vacation. One day before the vacation begins commanding officers shall forward to the superintendent a list, one original copy, showing the names and emergency addresses of the officers who are going on vacation.

The time for each vacation shall be determined by lot in the usual way on Friday, May 10, 1935.

If officers desire a late vacation during the period October 11 to December 31, 1935, they may be accommodated when such request is approved by their division commanders and the superintendent.

Vacations to begin and end as follows: No. 1, to begin at 7.45 a. m. May 15 and end at same hour May 29; No. 2, to begin at 7.45 a. m. May 31 and end at same hour June 14; No. 3, to begin at 7.45 a. m. June 18 and end at same hour July 2; No. 4, to begin at 7.45 a. m. July 5 and end at same hour July 19; No. 5, to begin at 7.45 a. m. July 19 and end at same hour August 2; No. 6, to begin at 7.45 a. m. August 2 and end at same hour August 16; No. 7, to begin at 7.45 a. m. August 16 and end at same hour August 30; No. 8, to begin at 7.45 a. m. August 30 and end at same hour September 13; No. 9, to begin at 7.45 a. m. September 13, and end at same hour September 27; No. 10, to begin at 7.45 a. m. September 27 and end at same hour October 11.

Commanding officers of divisions and units will not allow vacations to interfere with the proper operation of their organization, making shifts in day and night duty and taking such other steps as may be necessary to provide adequate protection and proper functioning of the force under their control.

Two copies of this General Order are sent to each division, so that one copy may be placed on the bulletin board of the station for direct notice of all officers.

The Acting Superintendent of Police will promulgate this order.

EUGENE M. McSWINEY,
Commissioner.

AMENDED DAMAGES.

The Mayor has approved the following vote of the Board of Street Commissioners:

Vote. That the order of the Street Commissioners and Mayor of July 17, 1934, as amended, determining damages caused by the making of the public improvement consisting of the laying out of Grafton road, be, and the same hereby is, amended, by adding to said order the amount \$45 as an award to Michael Maloney, that the amount \$45 be, and the same hereby is, awarded to Michael Maloney for the damages sustained.

JAMAICA SPENDS \$1,000,000 ANNUALLY ON ROAD CONSTRUCTION AND MAINTENANCE.

Jamaica, an English possession, has a highway system which is almost entirely constructed of waterbound macadam, some 70 miles of which has been surface-treated. Many of the roads are under the supervision of the Department of Public Works and various parochial boards. There are about 2,500 miles of bridle and foot paths. The highway system connects all parts of the island in a very satisfactory manner, and the problem is not that of the construction of new roads, but the improvement of old ones, the surfacing and widening of these roads, and protective coatings. The roads are well maintained and, as there are not many heavy trucks, the maintenance is satisfactory. There are approximately 4,000 miles of highways, or 1.11 square miles of area to one mile of highway.

About a million dollars per year is spent on new construction and maintenance, the machinery used being both European and American.

(From a report of the American Road Builders' Association.)

CITY OF BOSTON.

SUPPLY DEPARTMENT.

PROPOSALS FOR FURNISHING MEATS.

The Supply Department of the City of Boston invites proposals for furnishing to the various city departments, meats as per specifications to be obtained at the office of the Superintendent of Supplies, Room 801, City Hall Annex. *There will be a charge of twenty-five cents (\$0.25) for each blank proposal taken out.* The bidder must leave his proposal with a certified check for \$300, payable to and to become the property of the City of Boston if the proposal is not carried out, at the above office. A duplicate bid, without check, must be left at the office of the City Auditor prior to the time named for opening bids. The bids will be publicly opened and read on Tuesday, May 21, 1935, at 12 m., at Room 801, City Hall Annex. The successful bidder must furnish a bond for one quarter the total estimated amount of the contract with a surety company authorized to do business in Massachusetts as surety for the faithful performance of the contract. The Superintendent reserves the right to accept or reject any or all bids, or any part of a bid, and to award the contract as he deems for the best interests of the city. All contracts made subject to appropriations to meet payments thereunder.

WARREN W. LOOMIS,
Superintendent of Supplies.

(May 11.)

CITY OF BOSTON.

SUPPLY DEPARTMENT.

PROPOSALS FOR FURNISHING FRUITS AND VEGETABLES.

The Supply Department of the City of Boston invites proposals for furnishing to the various city departments, fruits and vegetables, as per specifications to be obtained at the office of the Superintendent of Supplies, Room 801, City Hall Annex. *There will be a charge of thirty cents (\$0.30) for each blank proposal taken out.* The bidder must leave his proposal with a certified check for \$300, payable to and to become the property of the City of Boston if the proposal is not carried out, at the above office. A duplicate bid, without check, must be left at the office of the City Auditor prior to the time named for opening bids. The bids will be publicly opened and read on Wednesday, May 22, 1935, at 12 m., at Room 801, City Hall Annex. The successful bidder must furnish a bond for one quarter the total estimated amount of the contract with a surety company authorized to do business in Massachusetts as surety for the faithful performance of the contract. The Superintendent reserves the right to accept or reject any or all bids, or any part of a bid, and to award the contract as he deems for the best interests of the city. All contracts made subject to appropriations to meet payments thereunder.

CITY OF BOSTON.

PUBLIC WORKS DEPARTMENT.

NATIONAL INDUSTRIAL RECOVERY PROJECT, P. W. A., DOCKET No. 4205-G.

PROPOSALS FOR SHEET ASPHALT OR BITULITHIC PAVEMENT IN SAVIN HILL AVENUE, FROM BRIDGE OVER RAILROAD TO EVANDALE TERRACE AND FROM BRIDGE OVER RAILROAD TO 120 FEET SOUTH OF DENNY STREET.

The Commissioner of Public Works of the City of Boston, hereinafter designated as Commissioner, Room 508, fifth floor, City Hall Annex, invites proposals from citizens of the United States and corporations or other legal associations wherein the controlling interest to the extent of at least one half thereof is owned by a citizen or citizens of the United States, for sheet asphalt or bitulithic pavement in Savin Hill avenue, Ward 13, from bridge over railroad to Evandale terrace and from bridge over railroad to 120 feet south of Denny street. Each proposal should be inclosed in an envelope, sealed, marked "Proposals for Sheet Asphalt or Bitulithic Pavement in Savin Hill Avenue," and left at Room 508, fifth floor, City Hall Annex, before 12 m. daylight saving time, on Tuesday, May 21, 1935, accompanied by a properly certified check on, or a certificate of deposit issued by, a responsible bank or trust company in the sum of one thousand seven hundred dollars (\$1,700), payable to the City of Boston. Checks will be returned after execution of the contract on demand. The proposals will there and then publicly be opened and read. Proposals must be made in duplicate, the sealed duplicate, without check, to be deposited by the bidder with the City Auditor previous to the time named for opening the proposals. Bids must be made upon the prescribed proposal form. Special attention of the bidders is called to all provisions of the Federal Emergency Administration of Public Works, which form a part of the contract, including the prescribed minimum rate of \$1.20 per hour for skilled labor and \$0.50 per hour for unskilled labor, and to the special provisions as to semi-skilled labor. Without exception, no bids will be considered unless accompanied by the bidder's certificate of compliance, United States Government form P. W. A. 61, revised March, 1934, to the effect that the bidder is complying with and will continue to comply with each applicable Code of Fair Competition, or, in the absence of such code or codes, with the President's Re-employment Agreement. Copies of this certificate will be included with the "Instructions to Bidders." Plans, specifications and contract form may be obtained at Room 508, City Hall Annex, upon the deposit of the sum of five dollars (\$5). A surety bond by an approved surety company will be required from the successful bidder in an amount not less than the full amount of the contract. The right is reserved to reject any and all proposals, or to accept any proposal deemed best for the interest of the City of Boston and no award can be made without the approval of the State Engineer, P. W. A. The name and address of the local registration office of the National Re-employment Service, from which employee lists for this contract shall be obtained, is as follows: State Public Employment Office (Everett L. Hanna), Manager, 100 Nashua Street, Boston.

C. J. CARVEN,
Commissioner of Public Works.

(May 4-11.)

NOTICE OF HEARING.

CITY OF BOSTON.

OFFICE OF THE CITY CLERK, May 4, 1935.

In accordance with the provisions of section 6 of chapter 486 of the Acts of 1909, a public hearing will be given by the City Council in the City Council Chamber, City Hall, on Tuesday, May 14, 1935, at 7:30 o'clock p. m., on the proposed contracts with the Boston Consolidated Gas Company for furnishing gas for street lights, and for the equipment and lighting of gas lamps.

By order of the City Council.
W. J. DOYLE, City Clerk.

THE SCHOOL COMMITTEE OF THE CITY OF BOSTON.

ADMINISTRATION BUILDING, 15 BEACON STREET,
OFFICE OF THE BUSINESS MANAGER.

PROPOSAL FOR FURNISHING ART EDUCATION AND MECHANICAL DRAWING SUPPLIES FOR THE BOSTON PUBLIC HIGH AND SPECIAL SCHOOLS.

The School Committee of the City of Boston invites bids for furnishing and delivering at the several schools as directed by the Business Manager, art education and mechanical drawing supplies, as per schedule. Proposal forms are obtainable at the office of the Business Manager of the School Committee, 15 Beacon street, tenth floor. Envelopes containing proposals must be sealed and plainly marked "Proposal for Furnishing Art Education and Mechanical Drawing Supplies." The bid must be in duplicate. One copy signed by the bidder and accompanied by a certified check for \$100, payable to the City of Boston, must be left at the office of the Business Manager on or before 12 o'clock m. on Wednesday, May 22, 1935. Copies filed with the Business Manager will be publicly opened at 12 o'clock m. of the day stated. The other copy, also signed by the bidder, must be filed with the City Auditor, City Hall, Boston, Mass., previous to the time named for the opening of the bids. The School Committee reserves the right to reject any or all bids, and to accept such bid or part of bid as may be deemed best for the interest of the city. The successful bidders will be required to furnish a bond for not less than 50 per cent of the amount of the contract.

ALEXANDER M. SULLIVAN,
Business Manager of the School Committee.
(May 11.)

CITY OF BOSTON.

SUPPLY DEPARTMENT.

PROPOSALS FOR FURNISHING BUTTER, EGGS, ETC.

The Supply Department of the City of Boston invites proposals for furnishing to the various city departments, butter, eggs, etc., as per specifications to be obtained at the office of the Superintendent of Supplies, Room 801, City Hall Annex. *There will be a charge of twenty cents (\$0.20) for each blank proposal taken out.* The bidder must leave his proposal with a certified check for \$300, payable to and to become the property of the City of Boston if the proposal is not carried out, at the above office. A duplicate bid, without check, must be left at the office of the City Auditor prior to the time named for opening bids. The bids will be publicly opened and read Monday, May 20, 1935, at 12 m., at Room 801, City Hall Annex. The successful bidder must furnish a bond for one quarter the total estimated amount of the contract with a surety company authorized to do business in Massachusetts as surety for the faithful performance of the contract. The Superintendent reserves the right to accept or reject any or all bids, or any part of a bid and to award the contract as he deems for the best interests of the city. All contracts made subject to appropriations to meet payments thereunder.

WARREN W. LOOMIS,
Superintendent of Supplies.

(May 11.)

CITY OF BOSTON.

SUPPLY DEPARTMENT.

PROPOSALS FOR HAY, GRAIN AND STRAW.

Sealed proposals will be received at the office of the Superintendent of Supplies, Room 801, City Hall Annex, until 12 m., Monday, May 20, 1935, at which time and place they will be publicly opened and read, for furnishing hay, grain and straw to the various city departments. *There will be a charge of twenty cents (\$0.20) for each blank proposal taken out.* The bidder must include the cost of delivery. The bidders are requested to bid on United States No. 2 timothy hay. Hay must be no less than 40 per cent green. The grade of hay must comply with the federal hay grades, and No. 2 white oats to test no less than thirty-six pounds to bushel graded under federal standards. The hay and oats must be weighed by sworn weighers and on the scales designated by the Superintendent of Supplies. All articles covered by this contract shall be the growth production of the United States. The bidder must use the form of proposals to be obtained at Room 801, City Hall Annex. Proposals must be accompanied by a certified check for \$200. A duplicate bid, without check, must be left at the office of the City Auditor prior to the time named for opening bids. The successful bidder must furnish a bond for one quarter the total estimated amount of the bid with a surety company authorized to do business in Massachusetts as surety for the faithful performance of the contract. The Superintendent reserves the right to accept or reject any or all bids, or any part of a bid, and to award the contract as he deems for the best interests of the city. All contracts made subject to appropriations to meet payments thereunder. No reservations or stipulations submitted by the various bidders will be considered by the Superintendent.

WARREN W. LOOMIS,
Superintendent of Supplies.

CITY RECORD

OFFICIAL CHRONICLE OF BOSTON MUNICIPAL AFFAIRS.

VOL. 27.

SATURDAY, MAY 18, 1935.

No. 20

MAYOR MANSFIELD SUBMITS ANNUAL BUDGET TO THE CITY COUNCIL — CALLS FOR TOTAL OF \$57,097,903.59 — EXPLAINS REASONS FOR SUBMITTING BUDGET BEFORE THE LEGISLATURE HAS ACTED ON THE TAX LIMIT BILL BECAUSE OF THE LEGAL COMPULSION FOR ISSUING TAX BILLS TO PUBLIC BEFORE OR BY JUNE 14 OF EACH YEAR — HOPES TO HAVE A TAX RATE OF NOT MORE THAN \$37 FOR 1935.

Mayor Mansfield has submitted the following budget proposals to the City Council for approval for the year 1935. Hopes to hold the tax rate to \$37 per \$1,000 of valuation also expressed.

CITY OF BOSTON,
OFFICE OF THE MAYOR, May 13, 1935.

To the City Council.

GENTLEMEN,—Despite the fact that legislation has not as yet been enacted relative to appropriations which may be made by the City Council for the maintenance of city departments during 1935, I am submitting in full segregated form for consideration by your Honorable Body recommendations providing allowances for the maintenance of city, county and revenue departments, as well as the debt requirements for these three divisions. I am taking this unprecedented action because of the fact that in recent years it has been customary for the City Council to devote three weeks to consideration of the budget recommendations of the Mayor. Assuming that this same period of time will be devoted by the Council this year to its consideration of the budget, it follows that its adoption will take place at the June third meeting of your Honorable Body. In order to comply with the provisions of chapter 254 of the Acts of 1933, it is imperative that the City Council adopt the budget not later than that date.

Under the provisions of section 42 of this Act, it is mandatory that the tax bills "shall be sent out not later than June 14 of each year." For the Board of Assessors to comply with this provision it will be necessary to declare the tax rate not later than June 5, since to enter, after the declaration of the rate, all the necessary details on approximately 110,000 tax bills will require at least eight or nine working days. Of course, the Board of Assessors cannot declare a tax rate for the current year until the budget is finally adopted and approved.

In all probability legislation establishing the appropriating power of the city for the current year will not be enacted for at least another week. To defer the submission of budget recommendations until this legislation is passed would result in curtailing the time which the Council could devote to the budget. I therefore deem it necessary to submit budget recommendations in advance of the enactment of the necessary legislation. The recommendations herewith submitted will not have any force until they have received the sanction of your Honorable Body and my final approval. I assume that before this sanction and approval are given, legislation will have been enacted establishing the appropriating power of the city for the current year.

The recommendations herewith submitted total \$57,097,903.59. It is proposed that this total shall be financed in the following manner: Approximately \$7,500,000 will be secured through departmental income and revenues; \$2,000,000 will be secured by borrowing against tax titles; \$6,000,000 will be secured by borrowing under the provisions of chapter 188 of the Acts of 1935; and the balance, approximately \$41,500,000 will be raised through the medium of the tax levy. The details of the proposed financing, together with a comparison for 1934, are shown in the following table:

	Amounts Recommended.	METHOD OF FINANCING.		
		Departmental Revenue.	Loans.	Tax Levy.
CITY REQUIREMENTS:				
Maintenance.....	\$40,296,169 34	\$5,352,000 00	\$8,000,000 00	\$26,944,169 34
Debt.....	11,259,753 32			11,259,753 32
COUNTY REQUIREMENTS:				
Maintenance.....	3,608,758 86	400,000 00		3,208,758 86
Debt.....	150,850 33			150,850 33
REVENUE REQUIREMENTS:				
Maintenance.....	1,678,051 74	1,678,051 74		
Debt.....	104,320 00	104,320 00		
Totals for 1935.....	\$57,097,903 59	\$7,534,371 74	\$8,000,000 00	\$41,563,531 85
Totals for 1934.....	\$56,568,570 71	\$6,642,329 78	\$3,800,000 00	\$46,126,240 93

(Continued on page 528).

"O Boston, fair City enthroned like a radiant queen,
From thy hills looking down on the ship-teeming plain of the ocean,
May thy future be bright, thy skies beam with light all serene,
Ensured by thy sons' and thy daughters' unselfish devotion!"
From Boston Centennial Poem by
NATHAN HASKELL DOLE.

MUNICIPAL CALENDAR.

Meeting of the City Council Monday, May 20, 1935, at 2 p. m.

Meetings of the Transit Department are held on Monday and Thursday of each week at 11 a. m.

Board of Zoning Adjustment. Public hearings and executive meetings are held on the first Friday of each month, Room 30, City Hall, at 2 p. m.

MUNICIPAL SERVICE.

Complaints, inquiries or suggestions regarding the work of municipal departments should be made in writing to the officials directly in charge. The failure of such official to make reply within a reasonable length of time should be brought to the attention of the Mayor. Communications should be directed as follows:

TO THE BOARD OF STREET COMMISSIONERS, Room 401, City Hall Annex, for information relative to the laying out, relocation, widening and the discontinuance of highways; the taking of rear property for municipal purposes; the assessments of betterments for streets and sewers; the plotting of undeveloped area for streets and the opening of private ways; the granting of licenses

for the storage or sale of merchandise in public streets; the making of specific repairs in public streets; the naming of public streets; the planting and removal of trees in public ways; the issuing of licenses for the storage of gasoline, oil, and other inflammable substances or explosive compounds; the use of the public ways for any permanent or temporary obstruction or projection in, under or over the same, including the location of conduits, poles and posts for telephone, telegraph, street railway or illuminating purposes, signs, marquis, bay windows, coal holes and vaults.

TO THE BOSTON TRAFFIC COMMISSION, 134 North street, for information relative to regulation of vehicular street traffic on all or any streets, ways, highways, roads and parkways under the control of the City of Boston, the issuing of all permits in connection therewith.

TO THE COMMISSIONER OF PUBLIC WORKS, Room 511, City Hall Annex, for information as to the watering, cleaning, lighting and repairing of streets, the construction and care of sewers and catch-basins, the operation of the ferries, the maintenance of bridges and drawbridges and the removal of ashes and offal.

To Room 604, City Hall Annex, for information relative to the supplying or metering of water and the water charges of the city.

TO THE HEALTH DEPARTMENT, Room 1107, City Hall Annex, for information relative to the inspection of milk, vinegar, meat, fish and vegetables, the issuance of permits for stables, slaughter houses, etc., smoke nuisances, the existence of contagious diseases, of public health nuisances.

TO THE BOARD OF PARK COMMISSIONERS, 33 Beacon street, for information as to the care of the Common, Public Garden, Franklin Park, Franklin Field, Commonwealth avenue, Back Bay Fens, Marine Park, the Airport, and the small parks and playgrounds in general throughout the city, and as to the extermination of gypsy moths and the

charges made for such service. Application may be made to this department for information regarding the public bath and gymnasiums maintained by the city, and with regard to municipal indoor concerts and band concerts, also information relative to Mt. Hope, Evergreen, Fairview and other public cemeteries owned by the City of Boston.

TO THE SCHOOL COMMITTEE, 15 Beacon street, for information relative to the operation of the schools of the city.

TO THE DEPARTMENT OF SCHOOL BUILDINGS, 11 Beacon street, for information as to the construction and repair of school buildings.

TO THE BOARD OF EXAMINERS, Room 1001, City Hall Annex, for information regarding the licensing of persons having charge or control of the work of construction, alteration, removal or tearing down buildings.

TO THE STATISTICS DEPARTMENT, Room 76, City Hall, for historical, geographical, political and population facts about Boston; the personnel and accomplishments of present and past municipal administrations; and such similar information as may be found concerning other American municipalities in its Municipal Officials' Reference Library.

TO THE WIRE DIVISION OF THE FIRE DEPARTMENT, 60 Bristol street, for all information relative to the erection of poles, building of conduits, the installation of all overhead and underground construction and electrical apparatus, as well as for general information relative to the entire division. To Room 103, City Hall Annex, for permits for the installing of wires and electrical apparatus within buildings of the City of Boston, and for the payment of fees incident to the granting of the privileges above named, and which must be paid in advance.

TO THE BOARD OF ZONING ADJUSTMENT, Room 30, City Hall, relative to changes in the boundary lines of zoning districts of the City of Boston as established by chapter 488 of the Acts of 1924, and amendments thereto.

MORTALITY REPORT.

For the week ending May 11, 1935:
Population estimated, July, 1935, United States Census Bureau estimate, 798,568; number of deaths (stillbirths excluded): Residents, 175; nonresidents, 37; total, 212.

Death rate per 1,000 of population: All deaths, 13.80; nonresidents deducted, 11.39.

Death rate per 1,000 of population: Last week, 16.02; corresponding week last year, 15.37.

Deaths by age periods, sex, etc.: Under one year, 12; one year to four years, inclusive, 4; sixty years and over, 106. Total deaths: Male, 124; female, 88; deaths in hospitals and institutions, 137; deaths of colored, 5.

REPORTABLE DISEASES: CASES AND DEATHS.*

MAYOR MANSFIELD SENDS COMMUNICATION TO THE LEGISLATURE EXPLAINING REASONS FOR OPPOSING ADOPTION OF A TAX RATE BILL, AS HAS BEEN PROPOSED — WANTS PROVISION FOR LIMIT HIGH ENOUGH TO ALLOW CITY TO FUNCTION NORMALLY WITHOUT DRASTIC RETRENCHMENTS SUCH AS WOULD REDUCE PAY ROLL PERSONNEL.

Upon May 13 the Mayor addressed the following communication to Hon. Francis X. Coyne, at the State House, Boston:

FRANCIS X. COYNE, ESQ., House of Representatives, State House, Boston.

DEAR REPRESENTATIVE COYNE,—I wish to make entirely clear my reasons for opposing a tax rate bill as distinguished from a tax limit bill.

A tax limit bill fixes the amount which the City of Boston may spend in strictly city departments over which the Mayor has control. I have no objection to such a bill, provided the limit is high enough to allow the city to function normally and not to compel such drastic retrenchments as would force a reduction in pay roll personnel. I have caused to be filed a bill asking that the tax limit be fixed at \$19.75. But I do not insist upon that figure, and if a tax limit bill should be passed fixing the amount at \$18.45, as has been discussed by me with members of the Municipal Finance Committee in executive session, I should not object because I think with care the expenditures of the city departments could be kept within that figure.

I do object to the adoption by the Legislature of a tax rate bill. I should object to such a bill no matter what the rate might be adopted by the Legislature. For example, if the Legislature should adopt a figure of \$37.20 per thousand dollars I should object to it, but not because I wanted a higher tax rate than \$37.20. The reason for my objection is that the factors which go to make up the difference between the tax limit as allowed to city departments over which the Mayor has control and the tax rate are undetermined and incapable of exact ascertainment; that the final figure which would include the original tax limit and all of the said factors should be elastic. For example, it is impossible for me or anyone to know what the Elevated deficit will be this year, or the State tax, or the Metropolitan assessments. One of the largest and most important factors of all is the total valuation of property for the City of Boston for the current year. This work has not been completed and it is impossible to fix any tax rate without knowing the total valuation of the property that is to be taxed.

Therefore it seems plain that if an arbitrary tax rate is fixed and these undetermined factors, when they are finally ascertained, exceed the amount which we now allow for them, the inevitable result will be that in order to keep within the arbitrary rate fixed by the Legislature wholesale curtailment in city activities must result and practically the only place where large economies could be effected would be in the pay rolls of the various departments. In other words, there would be enforced suspensions and payless furloughs which could not possibly be avoided.

As the matter stands now I hope to have a tax rate not exceeding \$37, and regardless of any rate higher than that that may be fixed by the Legislature I shall keep it down to \$37 or less if it is possible for me to do so. But I do object to the adoption of a rigid limitation beyond which it would be impossible for me to go if an emergency arises which is unforeseen at the present time.

And may I, with all respect, point out that the fixing of a tax rate has never been attempted before by any Legislature and that I think it is an unwise precedent to establish for the reasons given above.

Yours truly,

FREDERICK W. MANSFIELD, Mayor.

BUILDINGS RAZED.

The Mayor has approved the request of the Building Commissioner to raze the following structures as fire menaces or nuisances:

To vacate the building at 534 Albany street, Ward 8.

The building at 9 Jay street, Ward 6.

The building at 5 Marble street, Ward 9.

The building at 183 and 185 West Broadway, Ward 6.

The building at 193 Silver street, Ward 6.

The building at 1230 Tremont street, Ward 9.

The buildings at 18-22 Norwich street, Ward 8, the brick underpinning, 5 feet high, is bulged; sills decayed and bulged, dry rot in first floor framing; some windows broken; rear cornice in bad condition; balconies need repair; generally dilapidated; unsafe and dangerous. The owner, Grace Stratton of 46 Falmouth street, Boston, has been notified of the unsafe condition of the

buildings, but nothing has been done to remove the cause of complaint.

The building at 305 C street, Ward 6.

The building at 312 Bunker Hill street, rear, Ward 2, is in a dilapidated condition, dangerous and a fire menace. The owners, Thomas W. Mullen and Alexander J. Douglas of 1 Monument avenue, Charlestown, have been notified of the unsafe condition of the building, but nothing has been done to remove the cause of complaint.

The building at 7 Woodbury street, Ward 9.

The building at 8 Woodbury street, Ward 9.

The building at 11 Woodbury street, Ward 9.

The building at 15 Woodbury street, Ward 9.

The building at 16 Woodbury street, Ward 9.

The building at 25 Woodbury street, Ward 9.

The building at 1230 Tremont street, Ward 9, the general condition is di-

lapidated and dangerous, the windows and doors are broken and missing, the clapboards and finish of the outer walls falling off, sills and posts rotted. The owner, University Realty Corporation, B. Bessie Stone, treasurer, of 40 Court street, Boston, has been notified of the unsafe condition of the building, but nothing has been done to remove the cause of complaint.

The building at 193 Silver street, Ward 6, the building is in an unsafe and dangerous condition, dilapidated and a fire hazard. The owner, Patrick F. Clougherty of 27 Kingsley street, Brighton, has been notified of the unsafe condition of the building, but nothing has been done to remove the cause of complaint.

The building at 183 and 185 West Broadway, Ward 6, is in an unsafe and dangerous condition, dilapidated and a fire hazard. The owners, South Boston Savings Bank of South Boston, have been notified of the unsafe condition of the building, but nothing has been done to remove the cause of complaint.

BUDGET PROPOSALS

(Continued from page 525)

It is possible that before the end of the year it will be necessary to borrow an additional \$1,000,000 for the requirements of the Public Welfare Department. As explained in a subsequent section of this message, it is problematical whether the allowances recommended for this particular department will be enough to cover the actual relief disbursement during the year. Because of the uncertainty which at present surrounds the Federal Work Relief program, I deem it expedient to wait until later in the year before recommending any additional allowance in the Public Welfare Department.

As I have explained in previous messages to your Honorable Body, I do not take pleasure in recommending that large sums of money be borrowed for ordinary maintenance requirements. It has been my sincere wish and hope that the Legislature might afford relief to the taxpayers of the city by adopting legislation which would in effect increase materially the number of direct contributors to the support of governmental activities. Instead of taking this action, the Legislature has seen fit to authorize municipalities to borrow for the relief

of the tax rate. In order to avoid the necessity for the declaration of a confiscatory tax rate, and in the absence of any other alternative, I am forced to include in the financial program of the city for the current year provisions for the borrowing of at least eight and possibly nine millions of dollars. Fortunately the borrowing of this large sum will not result in any material increase in the net debt of the city, owing to the fact that during the course of the current year \$8,000,000 in Serial loans, and \$5,000,000 in Sinking Fund loans will be redeemed or paid off.

I present the following brief summary of the important changes reflected in my recommendations in the several divisions under which allowances have been made.

CITY MAINTENANCE REQUIREMENTS.

Departmental allowances as recommended from all sources total \$40,296,169.34. This total represents a reduction of \$3,474,201.60 from the total requests submitted by department officials, and is \$442,106.04 in excess of the appropriations from all sources made in 1934 for maintenance requirements. The following table indicates by budget groups a comparison between the appropriations of 1934 and the amounts recommended for the current year:

TWO-YEAR SUMMARY OF CITY ALLOWANCES BY BUDGET GROUPS.

GROUPS.	1934.	1935.	Increase.
Personal Service.....	\$17,154,454 99	\$20,189,241 31	\$3,034,786 32
Contractual Services.....	3,491,222 00	3,530,607 14	39,385 14
Equipment.....	765,260 25	809,477 30	44,217 05
Supplies.....	2,083,986 50	2,348,748 90	264,762 40
Materials.....	351,520 00	373,700 00	22,180 00
Special Items.....	14,165,789 56	* 10,671,492 19	† 3,494,297 37
Incidentals.....	54,405 00	27,715 00	† 26,690 00
Emergency Relief Projects.....	388,050 00	612,687 50	224,637 50
Special Appropriations.....	1,399 375 00	1,732,500 00	333,125 00
	<u>\$39,854,063 30</u>	<u>* \$40,296,169 34</u>	<u>* \$442,106 04</u>

* Exclusive of \$1,000,000 further anticipated borrowing.

† Decrease.

It is evident from an examination of the foregoing table that the major cause for this year's increase in the city budget is increased personal service requirements. This increase totaling over \$3,000,000 is due principally to the fact that on January 1 of the current year salaries and wages of city employees were restored to basic levels. Such action was made necessary by the fact that the Legislature in 1934 refused to grant the necessary authority to continue in effect during 1935 the schedule of salary reductions which had prevailed since April 21, 1933. It is estimated that the restoration of basic salaries represents an additional cost in this year's budget over that of last of \$2,600,000. In addition to this item, there has been provided in this year's budget \$95,000 for the granting of sliding scale increases to those employees who are receiving less than the maximum salary of the group in which they are employed; \$655,000 for the elimination of furloughs and suspensions which were in effect during 1934; and an allowance of approximately \$200,000 to provide for adequate personnel in the Public Welfare Department. As partial offsets to these increases, approximately

\$480,000 has been secured by allowing vacancies occurring in departmental personnel to remain unfilled wherever possible, and \$70,000 has been secured as a result of a decrease in the number of election functions to be held this year as against 1934.

At the present time expenditures by the Public Welfare Department for relief are running \$50,000 a week under similar expenditures in 1934. On an annual basis this would mean a reduction for a full year of approximately \$2,500,000. The Executive Director of the Public Welfare Department is confident that with the aid of the Federal Work Relief program it will be possible to show a greater reduction for the balance of 1935. I have taken this belief and opinion into consideration in making my allowances for relief disbursements of the Public Welfare Department. My recommendations for this purpose total \$9,000,000, as against an actual expenditure for relief in 1934 of approximately \$12,300,000. It seems almost too much to expect that the difference between these two amounts may actually be saved during the current year. I therefore feel it may be necessary before the end of the year to borrow

possibly another \$1,000,000 to meet the actual needs of the Public Welfare Department. In the event that the operation of the Federal Work Relief program should result in the removal from welfare rolls of all employables, it may not be necessary to borrow this additional amount. In view of the uncertainty of the situation, I prefer to wait until the latter part of the year before making a definite recommendation in this respect.

The changes reflected in the other budget groups may be explained briefly as follows:

In the Contractual Services group the extension of street lighting facilities in various sections of the city, and a reduction in the contribution received from the Emergency Relief fund for the maintenance of clinics in health units have necessitated increases of approximately \$40,000. In the Equipment group the granting for the first time in three years of a limited allowance for the purchase of fire apparatus, and the necessity for making available necessary amounts to equip the various district offices established by the Public Welfare Department under its policy of decentralization of investigational activities, have made necessary increased appropriations in excess of \$44,000. In the Supplies and Materials groups increases of approximately \$287,000 are directly attributable to increased prices for foodstuffs, fuel, and medicinal supplies. For Emergency Relief projects there is included in the budget appropriations covering the purchase of materials and supplies and the rental of necessary equipment totaling \$612,687.50, or an increase of approximately \$225,000 over similar appropriations in 1934. The increase reflected under Special Appropriations is due almost entirely to the heavy expense of clearing the streets of the city during the winter months of snow and ice. Whereas last year the budget contained an appropriation of \$750,000 for this item of expense, this year's budget contains an appropriation of \$1,150,000, or an increase of \$400,000.

CITY DEBT REQUIREMENTS.

For the redemption of Serial and Sinking Fund loans, and the payment of interest on outstanding debt, it is recommended that \$11,259,753.32 be appropriated, or a reduction of \$430,463.92 from similar requirements in 1934. This reduction marks the first downward movement in the debt requirements of the city since 1928, and is directly attributable to the fact that during 1934 actual borrowings by the city were limited to only absolutely necessary and essential objects and purposes. As a result of this limited borrowing policy, the city was able to effect during 1934 a reduction of \$2,500,000 in its net funded debt. As a corollary to this accomplishment we have the reduction reflected in this year's debt requirements.

COUNTY OF SUFFOLK APPROPRIATIONS.

The allowances recommended for the maintenance of county departments and for the financing of county debt requirements total \$3,759,609.19. This total represents a reduction of \$299,119.80 in the departmental estimates as originally submitted by county officials, and is \$367,268.80 in excess of the total appropriations made for county purposes in 1934. The following table indicates in comparative form the main points of difference between last year's appropriations and the allowances recommended for the current year.

TWO-YEAR SUMMARY OF COUNTY ALLOWANCES BY BUDGET GROUPS.

GROUPS.	1934.	1935.	Increase.
Personal Service.....	\$1,969,651 21	\$2,380,989 04	\$411,337 83

* Decrease.

As it is evident from the foregoing table, the fact that county allowances are in excess of those of the previous year is due almost wholly to increased pay roll requirements. The allowances recommended for the compensation of county officials and employees in 1935 are \$411,337.83 in excess of actual pay roll appropriations in 1934. The bulk of this increase is due to the restoration of basic salaries which took place on January 1 of the current year. This restoration which was mandatory upon the city, in the absence of any statutory authority to continue the reductions which had prevailed throughout 1934, made necessary increased appropriations of approximately \$320,000. There are also reflected in the pay roll allowances for 1935, \$74,187.27, representing the cost of granting sliding scale increases throughout county departments to those employees who have not reached the maximum compensation levels fixed under the County Compensation Plan, and \$17,150.56, representing the cost of new positions established in eight county departments.

The allowances for services rendered to the county by firms and individuals not connected with the regular departmental personnel reflects a decrease of \$101,799.30 from actual appropriations in 1934. Over 50 per cent of this decrease has resulted from the change in method of drawing jurors in the Superior Court. Instead of drawing jurors for every session of the court, the practice is now followed of assembling jurors in one room and assigning them as the occasion arises to the several sessions. The adoption of this practice has resulted in a reduction in the number of jurors in service at any particular time, and has made possible an anticipated budget saving of approximately \$55,000. Allowances for repairs to buildings and equipment have been reduced by approximately \$22,000 from actual appropriations in 1934, largely because of work performed under E. R. A. projects. Reductions in allowances for the services of masters and auditors totaling approximately \$24,000 are reflected in my recommendations.

Because of increased commodity prices, the allowances for foodstuffs and fuel consumed in county institutions are approximately \$33,000 in excess of actual appropriations of the previous year. This amount represents an increase slightly in excess of 10 per cent over appropriations in 1934. Allowances for Emergency

Relief projects reflect an increase of \$27,127.09 over actual appropriations in 1934. Under the provisions of chapter 424 of the Acts of 1924, a Board will convene during the current year to apportion Suffolk County into representative districts. The expenses of this Board, as fixed by law, necessitate an additional allowance in the county budget of the current year of \$5,200. County Debt Requirements show a slight reduction over those of the previous year, due to the fact that no debt for county purposes was issued during 1934.

INCOME DEPARTMENTS.

Allowances for the maintenance of departments which are supported wholly by departmental income or revenue total \$1,782,371.74. This total represents a decrease of \$100,636.39 from the estimates submitted by departmental officials, and is \$150,441.96 in excess of appropriations made in 1934. This excess is due to the restoration of basic salaries and the necessity for appropriating for a full year's operation of the Sumner Traffic Tunnel. In 1934 this tunnel was in operation for only six months. No allowances for the Printing Department or for debt requirements of the Traffic Tunnel have been made in the accompanying recommendations. It is my intention to submit recommendations covering these divisions at the next meeting of the Council. As these allowances will be made from revenue they will not affect the tax rate.

CONCLUSION.

Since the beginning of the present fiscal year I have stated publicly on a number of occasions that it was my firm intention to keep the 1935 tax rate at a figure which, at least, would not be in excess of the rate declared in 1934. Unless material increases occur in the estimated requirements to be included in the tax levy for School Maintenance and the State Tax, I have good reason to believe that adoption of the budget recommendations herewith submitted will permit the assessors to fix a tax rate for 1935 at or about \$37 on every \$1,000 of taxable valuation.

I suggest that your Honorable Body consider these recommendations during the time that legislation establishing the appropriating power of the city for the current year is under consideration. I recommend adoption of the accompanying tax and appropriation orders as soon as possible after the Legislature has taken final action.

Respectfully,

FREDERICK W. MANFIELD, Mayor.

PROPOSALS ADVERTISED.

Bids have been asked by advertisement in the *City Record* for the following departments. The attention of contractors and others is especially called to the closing time of receipt of such proposals. This will be published weekly.

PUBLIC WORKS DEPARTMENT.

Advertises for proposals for sheet asphalt or bitulithic pavement in Savin Hill avenue, from bridge over railroad to Evandale terrace and from bridge over railroad to 120 feet south of Denny street. Surety bond will be required in a sum equivalent to the full amount of the contract price. Blank forms for proposals may be obtained at the office of the Public Works Department, Room 508, City Hall Annex, Boston. Bids, accompanied by certified check in the sum of \$1,700, to be filed at the same office. Duplicate bid, without check, to be filed with the City Auditor.

Bids close Tuesday, May 21, at 12 m.

AMENDED DAMAGES.

The Mayor has approved the following votes of the Board of Street Commissioners:

Voted, That the order of the Street Commissioners and Mayor of July 27, 1933, determining damages caused by the making of the public improvement consisting of the laying out of Cedarwood road, be, and the same hereby is, amended, by striking from said order the amount \$30 awarded to Alice F. Connelly in said order and inserting in place thereof the amount \$135 and the name Alice F. Ronan; that the amount \$135 be, and the same hereby is, awarded to Alice F. Ronan, formerly Alice F. Connelly, for the damages so sustained.

Voted, That the order of the Street Commissioners and Mayor of August 15, 1933, determining damages caused by the making of the public improvement consisting of the laying out of Standard street, be, and the same hereby is, amended, by striking from said order the amount \$170 awarded to Robert J. McKay in said order and inserting in place thereof the amount \$200 and the name Phoebe McKay; that the amount \$200 be, and the same hereby is, awarded to Phoebe McKay for the damages so sustained.

Voted, That the order of the Street Commissioners and Mayor of June 14, 1933, determining damages caused by the making of the public improvement consisting of the laying out of Delano, formerly Clarendon park, be, and the same hereby is, amended, by striking from said order the amount \$11 awarded to Johanna C. Nilson in said order and inserting in place thereof the amount \$54; that the amount \$54 be, and the same hereby is, awarded to Johanna C. Nilson for the damages so sustained.

Voted, That the order of the Street Commissioners and Mayor of July 17, 1934, as amended March 12, 1935, determining damages caused by the making of the public improvement consisting of the laying out of Greateon road, be, and the same hereby is, amended, by adding to said order the amount \$425 as an award to Alice M. O'Neil, formerly Alice M. Reardon; that the amount \$425 be, and the same hereby is, awarded to Alice M. O'Neil, formerly Alice M. Reardon, for the damages so sustained.

Voted, That the order of the Street Commissioners and Mayor of October 11, 1934, as amended January 7, 1935, determining damages caused by the making of the public improvement consisting of the laying out of Boyd street, formerly Bowdoin square, be, and the

same hereby is, amended, by adding to said order the amount \$70 as an award to George P. and Sadie A. Ross; that the amount \$70 be, and the same hereby is, awarded to George P. and Sadie A. Ross for the damages so sustained.

LAND-TAKING IN WEST ROXBURY.

The Mayor has approved the order of the Board of Street Commissioners for the taking of land for a public improvement consisting of the laying out and construction of Dunbar street, West Roxbury district, as a highway, from Westover street to Veterans of Foreign Wars Parkway, with the name of Danbury street or some other distinctive name, bounded and described as follows:

A highway named Farmington road is hereby laid out, from Westover street to Veterans of Foreign Wars Parkway, and ordered constructed; the cost thereof to be charged to Federal Funds allocated under the Federal Emergency Relief Administration program for Massachusetts.

Said highway and the land, exclusive of trees or structures standing upon or affixed thereto, in which an easement for street purposes is hereby taken, is bounded and described as follows:

Southwesterly by Westover street, forty feet; northwesterly by the northwesterly line of said Farmington road as hereby laid out, six hundred twenty-nine and 73-100 feet; northerly by Veterans of Foreign Wars Parkway, eighty and 95-100 feet on a curve of nine hundred and thirty feet radius, and southeasterly by the southeasterly line of said Farmington road as hereby laid out, seven hundred and 8-100 feet.

Voted, That this Board determines that no person sustains damages in his estate by the making of the public improvement consisting of the laying out and construction of Farmington road, West Roxbury district, as a highway, from Westover street to Veterans of Foreign Wars Parkway, under the order of the Board of May 14, 1935, and awards no damages therefor.

DAMAGES ASSESSED.

The Mayor has approved the following vote of the Board of Street Commissioners:

Voted, That in the matter of Exchange Trust Company, petitioner for damages occasioned its estate by the relocation and construction of Centre street, under the order of the Board of Street Commissioners and Mayor of October 9, 1931, after consultation with the Law Department, and on its advice, the Board assesses the petitioner's damages in the sum of four hundred (400) dollars.

Property in name of Charles I. Connors on taking plan.

LOCATION OF STREETS.

The Mayor has approved the following vote of the Board of Street Commissioners:

Voted, That the location, direction, width and grade of the private way in the Brighton district, designated as Priscilla road, from Priscilla road to Wallingford road, as shown on a plan approved in writing by the Board of Street Commissioners, and on file in the office of the Street Laying-Out Department, be, and the same hereby is, approved.

LAND-TAKING IN WEST ROXBURY.

The Mayor has approved the order of the Board of Street Commissioners for the taking of land for a public improvement, consisting of the laying out and construction of an extension of Russett road, West Roxbury district, as a highway, to Esther road, bounded and described as follows:

An extension of the highway named Russett road, is hereby laid out to Esther road, and ordered constructed; the cost thereof to be charged to Federal Funds allocated under the Federal Emergency Relief Administration program for Massachusetts.

Said highway and the land, exclusive of trees or structures standing upon or affixed thereto, in which an easement for street purposes is hereby taken, is bounded and described as follows:

Northwesterly by Russett road (highway), forty-one and 14-100 feet; northeasterly by the northeasterly line of said extension of said Russett road as hereby laid out, four hundred two and 17-100 feet; northerly by the northerly line of said extension of said Russett road as hereby laid out, thirty and 61-100 feet on a curve of thirteen and 26-100 feet radius; easterly by Esther road, one hundred four and 10-100 feet; again westerly by the westerly line of said extension of said Russett road as hereby laid out, thirty-seven and 66-100 feet on a curve of forty-five and 26-100 feet radius, and southwesterly by the southwesterly line of said extension of said Russett road as hereby laid out, four hundred forty-nine and 24-100 feet.

Voted, That this Board determines that no person sustains damages in his estate by the making of the public improvement, consisting of the laying out and construction of an extension of Russett road, West Roxbury district, as a highway, to Esther road, under the order of the Board of May 10, 1935, and awards no damages therefor.

CLAIMS ALLOWED.

The Mayor, upon recommendation of the Corporation Counsel, has approved the following claims:

John O'Leary, 111 Pleasant street, Dorchester, in the sum of \$13, as compensation for damage to water boiler at 137 Pleasant street, Dorchester, caused when employees of the Water Service, Public Works Department, shut off the water without proper notice, February 1, 1935.

John Morrin, 181 Warren avenue, Boston, in the sum of 75 cents, as refund on five unused refuse tickets purchased for restaurant at 9 Cambridge street, Boston.

George A. and Nora J. Kelley, 686 Metropolitan avenue, Hyde Park, in the sum of \$82, as compensation for damage to property at above address, caused by blocking up of sewer drain through negligence of Sewer Division, January 13, 1935.

EXTENSION OF CONTRACTS

PUBLIC WORKS DEPARTMENT.

James J. Coughlin and Sons, Incorporated, have been granted an extension of the time of completion of the contract for the building of sewerage works for completion of Maywood Brook to Laurel street and Ottawa street from Dale street to Salem street, Roxbury, dated November 26, 1934, from Jan. 1 to November 23, 1935, 176 days.

LAND-TAKING IN WEST ROXBURY.

The Mayor has approved the order of the Board of Street Commissioners for the taking of land for a public improvement, consisting of the laying out and construction of Hemman street, West Roxbury district, as a highway from Kittredge street to Summit street, bounded and described as follows:

A highway named Hemman street is hereby laid out, from Kittredge street to Summit street, and ordered constructed; the cost thereof to be charged to Federal Funds allocated under the Federal Emergency Relief Administration program for Massachusetts.

Said highway and the land, exclusive of trees or structures standing upon or affixed thereto, in which an easement for street purposes is hereby taken, is bounded and described as follows:

Northwesterly by Kittredge street, thirty-five and 55-100 feet; northeasterly by the northeasterly line of said Hemman street as hereby laid out, by three measurements, three hundred eighty-five and 57-100 feet, seven hundred nineteen and 54-100 feet and one hundred ninety-five and 64-100 feet; southeasterly by Summit street, thirty-five feet, and southwesterly by the southwesterly line of said Hemman street as hereby laid out, by three measurements, one hundred ninety-five and 20-100 feet, seven hundred eighteen and 22-100 feet and three hundred seventy-eight and 92-100 feet.

Voted, That this Board determines that no person sustains damages in his estate by the making of the public improvement, consisting of the laying out and construction of Hemman street, West Roxbury district, as a highway, from Kittredge street to Summit street, under the order of the Board of May 7, 1935, and awards no damages therefor.

LAND-TAKING IN DORCHESTER.

The Mayor has approved the order of the Board of Street Commissioners for the taking of land for a public improvement, consisting of the laying out and construction of Payson avenue, Dorchester district, as a highway, from Hancock street to Glendale street, bounded and described as follows:

A highway named Payson avenue is hereby laid out, from Hancock street to Glendale street, and ordered constructed.

Said highway and the land, exclusive of trees or structures standing upon or affixed thereto, in which an easement for street purposes is hereby taken, is bounded and described as follows:

Easterly by Hancock street, twenty and 13-100 feet; southerly by the southerly line of said Payson avenue as hereby laid out, by two measurements, two hundred sixty and 66-100 feet and nineteen and 84-100 feet on a curve of twenty-seven and 59-100 feet radius; southeasterly by the southeasterly line of said Payson avenue as hereby laid out, sixty and 5-100 feet; easterly by the easterly line of said Payson avenue as hereby laid out, nineteen and 84-100 feet on a curve of twenty-seven and 59-100 feet radius; again easterly by the easterly line of said Payson avenue as hereby laid out, three hundred thirteen and 47-100 feet; northerly by the northerly line of said Payson avenue as hereby laid out, eight and 79-100 feet on a curve of five feet radius; southerly by Glendale street, by two measurements, six and 4-100 feet and twenty-four and 14-100 feet; westerly by the westerly line of said

Payson avenue as hereby laid out, six and 41-100 feet on a curve of four feet radius; again westerly by the westerly line of said Payson avenue as hereby laid, by two measurements, three hundred fifteen and 85-100 feet and thirty-four and 22-100 feet on a curve of forty-seven and 59-100 feet radius; northwesterly by the northwesterly line of said Payson avenue as hereby laid out, sixty and 5-100 feet, and northerly by the northerly line of said Payson avenue as hereby laid out, by two measurements, thirty-four and 22-100 feet on a curve of forty-seven and 59-100 feet radius and two hundred sixty-two and 37-100 feet.

Trees or structures standing upon or affixed to the aforescribed land shall be removed therefrom within sixty days following a notice of the city's intention to enter upon said land for the purpose of constructing said improvement.

Betterments are to be assessed for the making of the aforesaid improvement.

Ordered, That this Board estimates that the abutting lots of land on all sides of Payson avenue will receive benefit or advantage, beyond the general advantage to all real estate in said city, from the improvement herein ordered, each of said lots to the amount hereinafter respectively set against it; said lots and the supposed owners thereof being shown on a plan marked "City of Boston, Payson Avenue, Dorchester, Assessment Plan, February 19, 1934, William J. Sullivan, Chief Engineer, Street Laying-Out Department," and on file in the office of said department.

Voted, That this Board determines that no person sustains damages in his estate by the making of the public improvement, consisting of the laying out and construction of Payson avenue, Dorchester, as a highway, from Hancock street to Glendale street, under the order of the Board of May 10, 1935, and awards no damage therefor.

CITY PURCHASING UNDER THE CODES.

Caught between two fires, American cities are feeling the influence of the National Industrial Recovery Act codes in their purchasing in a way they had not foreseen. On one side taxpayers ask for economy in budget-making. On the other, application of codes, which has resulted in collective price-fixing, has increased prices of supplies for city use to an almost prohibitive point.

CITY OF BOSTON.

SUPPLY DEPARTMENT.

PROPOSALS FOR FURNISHING GENUINE WROUGHT-IRON PIPE AND FITTINGS.

The Supply Department of the City of Boston invites proposals for furnishing genuine wrought-iron pipe and fittings to the Water Division, Public Works Department of the City of Boston, according to specifications to be obtained from the office of the Supply Department, Room 801, City Hall Annex. Bidder must use the form of proposal to be obtained at this office, and the successful bidder must furnish a bond for one quarter the total estimated amount of the contract with a surety company authorized to do business in Massachusetts as surety for the faithful performance of the contract. *There will be a charge of twenty cents (\$0.20) for each blank proposal taken out.* Bids, with a certified check for \$100, payable to and to become the property of the City of Boston if the proposal is not carried out, must be left at the office of the Superintendent of Supplies, Room 801, City Hall Annex, before 12 m., Tuesday, May 28, 1935, at which time and place they will be publicly opened and read. A duplicate bid, without check, must be left with the City Auditor prior to the time named for opening bids. The Superintendent reserves the right to accept or reject any or all bids or any part of a bid, and to award the contract as he deems for the best interests of the city. All contracts made subject to appropriations to meet payments thereunder.

WARREN W. LOOMIS,
(May 18.) Superintendent of Supplies.

CITY OF BOSTON.

SUPPLY DEPARTMENT.

PROPOSALS FOR ICE.

The Supply Department of the City of Boston invites proposals for furnishing ice to the various city departments for the ensuing year. A copy of the proposal can be obtained at the office of the Superintendent of Supplies, Room 801, City Hall Annex. *There will be a charge of twenty cents (\$0.20) for each blank proposal taken out.* The bidder must leave his proposal at the above mentioned office with a certified check for \$200, payable to and to become the property of the City of Boston if the proposal is not carried out. A duplicate bid, without check, must be left at the office of the City Auditor prior to the time named for opening bids. The bids will be publicly opened and read at this office Friday, May 24, 1935, at 12 m. The successful bidder must furnish a bond for one quarter the total estimated amount of the contract with a surety company authorized to do business in Massachusetts as surety for the faithful performance of the contract. The Superintendent reserves the right to accept or reject any or all bids, or any part of a bid, and to award the contract as he deems for the best interests of the city. All contracts made subject to appropriations to meet payments thereunder.

WARREN W. LOOMIS,
(May 18.) Superintendent of Supplies.

SUPPLY DEPARTMENT.

PROPOSALS FOR FURNISHING TRAFFIC PAINT.

The Supply Department of the City of Boston invites proposals for furnishing traffic paint to the Boston Traffic Commission. The bidder must use the form of proposals to be obtained at the office of the Superintendent of Supplies, Room 801, City Hall Annex, and the successful bidder must furnish a bond for one quarter the total estimated amount of the bid with a surety company authorized to do business in Massachusetts as surety for the faithful performance of the contract. *There will be a charge of twenty cents (\$0.20) for each blank proposal taken out.* The bids, with a certified check for \$200, payable to and to become the property of the City of Boston if the proposal is not carried out, must be left at the office of the Superintendent of Supplies, before 12 m., Monday, May 27, 1935, at which time and place they will be publicly opened and read. A duplicate bid, without check, must be left at the office of the City Auditor prior to the time named for opening bids. The Superintendent reserves the right to accept or reject any or all bids, or any part of a bid, and to award the contract as he deems for the best interests of the city. All contracts made subject to appropriations to meet payments thereunder.

WARREN W. LOOMIS,
(May 18.) Superintendent of Supplies.

CONTRACTS AWARDED.

Permission to award contracts for work, materials and supplies, in accordance with recommendations of department heads, has been approved by the Mayor.

DEPARTMENT OF SCHOOL BUILDINGS.

Upon May 13 the Mayor approved a contract with the Lyon Metal Products, Incorporated, for lockers for the Continuation School for Boys. Bids, opened April 23, were as follows:

Hart & Hutchinson Company, Division of Tuttle Bailey, Incorporated, \$1,457.42; Lyon Metal Products, Incorporated, \$1,471.42; J. L. Hammett, \$1,507.92; Boston Locker and Shelving Company, \$1,507.93; The Berger Manufacturing Company of Massachusetts, \$1,508.92; International Engineering Works, Incorporated, \$1,511.92; All Steel Equipment Company, Incorporated, \$1,517.92; Art Metal Construction Company, \$1,531.42.

Alternate No. 1.—Hart & Hutchinson Company, Division of Tuttle Bailey, Incorporated, \$1,436.82; J. L. Hammett, \$1,435.82; Boston Locker and Shelving Company, \$1,456.43; The Berger Manufacturing Company of Massachusetts, \$1,436.82; International Engineering Works, Incorporated, deduct \$72.10; All Steel Equipment Company, Incorporated, \$1,445.82.

Alternate No. 2.—Hart & Hutchinson Company, Division of Tuttle Bailey, Incorporated, \$1,453.30; The Berger Manufacturing Company of Massachusetts, \$1,426.52.

Alternate No. 1, if Dudley S530 locks are used. Alternate No. 2, if Sargent Greenleaf locks are used. Alternate No. 2, if Independent paracentric pin tumbler lock is used.

SUPPLY DEPARTMENT.

Upon May 13 the Mayor approved a contract with the Shell Eastern Petroleum Products, Incorporated, for furnishing approximately 60,000 gallons 45 per cent asphaltic road oil to the Public Works Department, to be delivered as

required, until December 31, at a price of 8.88 cents per gallon applied, less a cash discount of 2 per cent for payment in ten days. The approximate amount of the contract will be \$5,328, or \$5,221.44 net. Bids, opened April 26, were as follows:

Approximately 60,000 Gallons 45 Per Cent Asphaltic Road Oil, Per Gallon Applied.—New England Asphalt and Tar Company, 9.5 cents; total \$5,700; Trimount Bituminous Products Company, 9.5 cents, total, \$5,700; Socony Vacuum Oil Company, Incorporated, 9.3 cents; total, \$5,580; American Oil Products Company, 9.5 cents; total, \$5,700; Somerset Bituminous Company, 9.25 cents; total, \$5,550; American Bitumuls Company, 9.85 cents, total, \$5,910; Shell Eastern Petroleum Products, Incorporated, 8.88 cents; total, \$5,328.

Cash Discount, Ten Days.—New England Asphalt and Tar Company, 2 per cent; Trimount Bituminous Products Company, 2 per cent; Socony Vacuum Oil Company, Incorporated, 2 per cent; American Oil Products Company, 2 per cent; Somerset Bituminous Company, 2 per cent; American Bitumuls Company, 2 per cent; Shell Eastern Petroleum Products, Incorporated, 2 per cent; in auditor's copy, discount, 2 per cent, ten days.

Source of Crude Oil.—New England Asphalt and Tar Company, Mexico; Texas; Trimount Bituminous Products Company, Venezuelan and Mexican, American refined, Colonial-Beacon; Socony Vacuum Oil Company, Incorporated, Mexico; American Oil Products Company, Texas; Somerset Bituminous Company, Mexican or Venezuelan, American refined; American Bitumuls Company Kern River Field, California; Shell Eastern Petroleum Products, Incorporated, Venezuelan crude, American refined.

Upon May 14 the Mayor approved a contract with contractors as indicated for iron castings. A communication from

Warren W. Loomis of the Supply Department was as follows:

BOSTON, May 10, 1935.

HON. FREDERICK W. MANSFIELD,
Mayor of Boston.

DEAR SIR,—The attached summary sheets cover publicly advertised bids on iron castings for the Water Service, which bids were publicly opened and read in the Supply Department on May 1, 1935, at 12 o'clock noon.

E. L. LeBaron Foundry Company of Brockton, Mass., is the lowest bidder on approximately 200,000 pounds of Class D iron castings, at 1.89 cents per pound; total amount of contract for this item, approximately \$3,780.

I therefore respectfully request your approval of an award of this item to this bidder.

The Rudisill Foundry Company of Anniston, Alabama, is the lowest bidder on approximately 300,000 pounds of Class A iron castings, at 3.35 cents per pound; total bid, approximately \$10,050. The E. L. LeBaron Foundry Company of Brockton, Mass., is the next lowest bidder on this item, at 3.56 cents per pound; total bid, approximately \$10,680, or \$630 higher than the lowest bid.

The nature of the material involved in all of these contracts is such that inspection must be made by Water Service inspectors during process of manufacture. The expense of sending and keeping an inspector in a foundry located at Anniston, Alabama, will, I am told by the Water Service Department, more than offset the difference of \$630 in these bids. Furthermore, the second low bidder, the E. L. LeBaron Foundry Company, is located in Brockton and is a Massachusetts concern.

For these reasons I believe the interests of the City of Boston will be best served by awarding the contract for this item to the E. L. LeBaron Foundry Company and I respectfully request your approval thereof.

The E. L. LeBaron Foundry Company of Brockton, Mass., is the lowest acceptable bidder on 400,000 pounds of Class I iron castings, at 2.85 cents per pound; total bid, \$11,400. The Franklin Foundry Company of (Hyde Park) Boston, Mass., is the next lowest acceptable bidder on this item, at 3 cents per pound; total bid, \$12,000, or \$600 higher than the lowest acceptable bid.

Inasmuch as awards of 500,000 pounds of castings have already been recommended for the E. L. LeBaron Foundry Company of Brockton, and because it would not be good business policy to have the Water Service dependent on one foundry as its only source of supply for its entire requirement of these castings for 1935, and because the Franklin Foundry Company of Hyde Park, Boston, is a Boston taxpayer, I would recommend that the award for this item be made to the Franklin Foundry Company of Hyde Park, who supplied satisfactory castings last year.

It will be noted from the summary sheets attached, that the Conroy Products Company, Incorporated, of New York, bidding as agent for a foundry at Thomaston, Georgia, is the low bidder on the item of 100,000 pounds of Class C castings, but the bid is being thrown out because of the statement in the proposal which states that iron from outside will not be considered. This statement is inadvisable, due to the fact, mentioned in the past, when contracts have been placed with outside foundries, both foundries direct.

Summarized recommended awards are as follows:

E. L. LeBaron Foundry Company, Brockton, Mass.

200,000 pounds Class D castings at 1.89 cents per pound, \$3,780; 300,000 pounds Class A castings at 3.56 cents per pound, \$10,680. Total, \$14,460.

Franklin Foundry Company, Hyde Park, Boston, Mass.

\$400,000 pounds Class F castings at 3 cents per pound, \$12,000.

The above recommendations have the approval of the Water Service Department.

Respectfully yours,

WARREN W. LOOMIS,
Superintendent of Supplies.

Bids, opened May 1, were as follows:

Approximately 400,000 Pounds F Iron Castings (Two-Part Boxes), Per Pound.—Mechanics Iron Foundry Company, 5 cents; total, \$20,000; E. L. LeBaron Foundry Company, 2.85 cents; total, \$11,400; Central Foundry Company, 3.25 cents; total, \$13,000; Conray Products Company, Incorporated, 2.59 cents; total, \$10,360; Foran Foundry and Manufacturing Company, 3.1 cents; total, \$12,400; Franklin Foundry Company, 3 cents*; total, \$12,000.

Location of Foundry.—Mechanics Iron Foundry Company, Boston, Mass.; E. L. LeBaron Foundry Company Brockton, Mass.; Central Foundry Company Dundalk, Baltimore, Maryland; Conray Products Company, Incorporated, Thomasville, Georgia; Foran Foundry and Manufacturing Company, Flemington, New Jersey; N. R. A. not signed in auditor's nor Supply Department copy; Franklin Foundry Company, Hyde Park, Boston, Mass.

Approximately 200,000 Pounds D Iron Castings (Frames and Covers), Per Pound.—Mechanics Iron Foundry Company, 2.25 cents; total, \$4,500; Foran Foundry and Manufacturing Company, 2.3 cents; total, \$4,600; E. L. LeBaron Foundry Company, 1.89 cents*; total, \$3,780; Conray Products Company, Incorporated, 2.28 cents; total, \$4,560.

Location of Foundry.—Mechanics Iron Foundry Company, Boston, Mass.; Foran Foundry and Manufacturing Company, Flemington, New Jersey; N. R. A. unsigned in auditor's and Supply Department copy; E. L. LeBaron Foundry Company, Brockton, Mass.; Conray Products Company, Incorporated, Thomasville, Georgia; N. R. A. signed in auditor's copy but not in Supply Department copy.

Approximately 300,000 Pounds A Iron Castings (Branches, Curves, etc.), Per Pound.—Johnson City Foundry and Machine Company, 3.94 cents; total, \$11,820; Mechanics Iron Foundry Company, 5 cents; total, \$15,000; E. L. LeBaron Foundry Company, 3.56 cents*; total, \$10,680; Warren Foundry and Pipe Corporation, 4.5 cents; total, \$13,500; Rudisill Foundry Company, 3.35 cents; total, \$10,050.

Location of Foundry.—Johnson City Foundry and Machine Company, Johnson City, Tennessee; N. R. A. signed in auditor's copy but not in Supply Department copy; Mechanics Iron Foundry Company, Boston, Mass.; E. L. LeBaron Foundry Company, Brockton, Mass.; Warren Foundry and Pipe Corporation, Phillipsburg, New Jersey; Rudisill Foundry Company, Anniston, Alabama.

*Contract awarded.

Upon May 14 the Mayor approved contracts for asphaltic cement. A communication from Warren W. Loomis of the Purchasing Department was as follows:

BOSTON, May 13, 1935.

HON. FREDERICK W. MANSFIELD,
Mayor of Boston.

DEAR SIR,—The attached summary covers advertised bids on approximately 150 tons of asphaltic cement for the Paving Division of the Public Works Department, which bids were publicly opened and read in the Supply Department on April 26, 1935.

The Public Works Department prefers to have this material delivered into its own drums or heating kettles at the Chestnut Hill paving yard, therefore, the award should be made on the basis of the alternate bids. Asphaltic cement made from Mexican crude is preferred by the Public Works Department.

The lowest alternate bid was filed by the Trimount Bituminous Products Company, 1840 Parkway, Everett, Mass., and is \$20.33 per ton, less 2 per cent, total, net, \$3,049.50. The second low bid is \$20.75 per ton, less 2 per cent, total, net, \$3,112.50, filed by the Socony-Vacuum Oil Company, Incorporated, 31 St James avenue.

Because of the fact that the bid filed by the Socony-Vacuum Oil Company, Incorporated, which covers Mexican crude, is only \$63 total above that of the low bid, and because this bidder is a very large taxpayer to the city, I believe that the best interests of the City of Boston will be served if this contract for 150 tons of asphaltic cement at \$20.75 per ton, less 2 per cent, approximate total, \$3,112.50, is awarded to the Socony-Vacuum Oil Company, Incorporated, of Boston, Mass., and I respectfully request your approval thereof.

The Somerset Bituminous Products Company also bid a total of \$3,112.50, but this company is located in Somerville, Mass.

Respectfully yours,

WARREN W. LOOMIS,
Superintendent of Supplies.

Bids, opened April 26, were as follows:

Approximately 150 Tons Asphaltic Cement, Per Net Ton.—Somerset Bituminous Company, \$20.75; total, \$3,112.50; Shell Eastern Petroleum Products, Incorporated, \$21; total, \$3,150; American Bitumuls Company, \$23.50; total, \$3,525; Trimount Bituminous Products Company, \$19.74; total, \$2,961; Mexican Petroleum Corporation, \$20.75; total, \$3,112.50; American Oil Products Company, \$21.75; total, \$3,262.50; Socony-Vacuum Oil Company, Incorporated, \$21.35; total, \$3,202.50.

Cash Discount, Ten Days.—Somerset Bituminous Company, 2 per cent; Shell Eastern Petroleum Products, Incorporated, 2 per cent; American Bitumuls Company, 2 per cent; Trimount Bituminous Products Company, 2 per cent; Mexican Petroleum Corporation, 2 per cent; American Oil Products Company, 2 per cent; Socony-Vacuum Oil Company, Incorporated, 2 per cent.

Source of Crude Oil.—Somerset Bituminous Company, Mexican, American refined; Shell Eastern Petroleum Products, Incorporated, American refined, Venezuelan crude; American Bitumuls Company, Kern River Field, California; Trimount Bituminous Products Company, Mexican, American refined; Colonial-Beacon, Venezuelan; Mexican Petroleum Corporation, Mexico or Venezuela; Amer-

ican Oil Products Company, Venezuela; Socony-Vacuum Oil Company, Incorporated, Mexico, manufactured in Providence, Rhode Island.

Alternate Bid, Per Ton.—Somerset Bituminous Company, \$20.75; Shell Eastern Petroleum Products, Incorporated, \$21; American Bitumuls Company, \$23.50; Trimount Bituminous Products Company, \$20.33; American Oil Products Company, \$21.75; Socony-Vacuum Oil Company, Incorporated, \$20.75.

Cash Discount on Alternate Bid for Payment in Ten Days.—Somerset Bituminous Company, 2 per cent; Trimount Bituminous Products Company, 2 per cent; Socony-Vacuum Oil Company, Incorporated, 2 per cent.

WITHOUT ADVERTISING.

Upon varying occasions as indicated, the Mayor approved contracts with firms and business houses for supplies, etc. Communications from the heads of the several departments were as follows:

INSTITUTIONS DEPARTMENT.

BOSTON, May 10, 1935.

HON. FREDERICK W. MANSFIELD,
Mayor of Boston,

MY DEAR MR. MAYOR,—This is to request authority to award work for repairs on the steamer "O'Meara" to the Marine Company, National Dock, 173 Sumner street, East Boston, without advertising. Their estimate is attached.

We have figures for this work from another company which are higher.

The reason for the request to have this work done without advertising is to hasten the procedure so that the "O'Meara" may be laid off at a time convenient for the city's work which she has to do.

Yours very sincerely,

FREDERIC A. WASHBURN, M. D.,
Commissioner.

THE MARINE COMPANY,
NATIONAL DOCK, 173 SUMNER STREET,
EAST BOSTON, May 9, 1935.
COMMISSIONER WASHBURN,
Institutions Department.

DEAR SIR,—We propose to do the following work on the steamer "Stephen O'Meara":

Main engine, \$475; feed pump, \$175; painting (includes one day drydocking), \$300; calk and pitch lower deck and hull, 10 cents per foot; repair stem band and stem, \$25.

NOTE.—The repair to the stem in the above figure includes dubbing-off rough edges only, as the full extent of the damage cannot be ascertained until the band is removed. As the amount of calking necessary below waterline is unknown a charge of \$50 per day will be made for each lay day of twenty-four hours on drydock. Estimate of time necessary to calk bottom all over, two and one half days.

The above work to conform with the specifications as submitted to us in your letter of May 8, 1935.

Very respectfully yours,

THE MARINE COMPANY,
by C. J. DONOVAN.

PARK DEPARTMENT.

BOSTON, May 11, 1935.

HON. FREDERICK W. MANSFIELD,
Mayor of Boston.

DEAR SIR,—Your approval is respectfully asked to award, without advertising, a contract for the erection of wire fences

at the James F. Healey Playground, Roslindale, to P. J. Dinn & Co., 276 Dover street, Boston, for the approximate sum of \$1,487.12, same to be charged to the special appropriation, Park and Playground, Improvements, etc.

Advertised proposals were publicly opened and read at this office, 33 Beacon street, Boston, on Thursday, May 9, 1935, for the construction of wire fences on the James F. Healey Playground, Roslindale, as follows:

American Chain Link Fence Company, 80 Boylston street, Boston, Mass., \$1,463.02; P. J. Dinn & Co., 278 Dover street, Boston, Mass., \$1,652.36.

It was voted, that all bids be rejected and the contract awarded without advertising, subject to the Mayor's approval, to P. J. Dinn & Co., 278 Dover street, Boston, for the approximate sum of \$1,487.12.

The reason for this action is that the Board believes it to be for the best interests of the city to award the contract to P. J. Dinn & Co., with whom we have had many years of practical experience in the construction of wire fences on the various playgrounds in Boston and that as the difference is so small the contract should be given to a Boston firm employing Boston citizens.

Respectfully yours,

DANIEL J. BYRNE,
Secretary.

SUPPLY DEPARTMENT.

Boston, April 11, 1935.

HON. FREDERICK W. MANSFIELD,
Mayor of Boston.

DEAR SIR,—A requisition, No. 3, dated April 5, 1935, has been received from the Weights and Measures Department for:

One G. M. C., Model T-18, 2-ton truck with special body, as covered by specifications in copy of quotation of the General Motors Truck Company, dated April 10, 1935, attached.

The total cost of this truck, delivered in Boston, will be as follows:

Chassis complete with cab and body, \$1,375.50; allowance for one 1926 Selden truck to be traded in, \$176. Total, \$1,199.50.

Inasmuch as we are dealing direct with the manufacturer's representative, no advantage would be gained by advertising.

I therefore respectfully request your approval of an award of contract covering this truck to the General Motors Truck Company, without public advertising.

Respectfully yours,

WARREN W. LOOMIS,
Superintendent of Supplies.

GENERAL MOTORS TRUCK COMPANY,
BOSTON ZONE,
103 NORTH BEACON STREET,
BOSTON, April 10, 1935.

WARREN W. LOOMIS,
Superintendent of Supplies.

DEAR MR. LOOMIS,—This is to supplement our quotation of April 8 to you for the Department of Weights and Measures. The model recommended was our G. M. C. T-18, which may be obtained in two styles, the standard truck and the de luxe model, which is smartly finished with chromium features and special paint. Our quotation is as follows:

One Model T-18 General Motors chassis, equipped with 32 6's 10-ply single-front and single-rear tires. De luxe cab with non-shatter windshield with two

windshield wipers, long running boards and special rear fenders. De luxe chassis features and special body by Morse Body Company. The Morse Body Company has submitted a drawing of the body to Mr. Sweeney which has met his approval. The dimensions are as follows: Small box van type with Multi panel sides to be mounted on G. M. C. T-18 for City of Boston. Length 7 feet 4 inches inside, width 45 inches inside and height 34 inches inside. Body height may be changed slightly. Doors in rear. Eighteen-inch compartment forward with door each side and floor 8 inches above main compartment floor. Steel floor to be removed from old body and placed in new one. Roof of steel, painted aluminum, to minimize heat conduction. Spare tire to be hung from roof (inside). Body framed entirely of best grade of Eastern oak. Body to be painted and striped to match chassis.

Delivered in Boston complete, \$1,375.50; allowance on trade-in, \$176; net delivered price, \$1,199.50.

Very truly yours,

GENERAL MOTORS TRUCK COMPANY,
G. E. McHUGH,
Sales Engineer.

ADDITIONS TO AND DEDUCTIONS FROM CONTRACTS.

The following additions to and deductions from contracts have been approved:

DEPARTMENT OF SCHOOL BUILDINGS.

Carilli Construction Company have been ordered to add to the contract for the Beethoven District School: The Building Commissioner in accordance with Section 8 of the Boston Building Law, ordered a floor load test of a ten by twenty-three foot slab section, for supplying the labor and material to perform the test to be paid as follows: 253½ hours of labor for laborers at 95 cents, \$240.83; 36 hours of labor for foreman at \$2.50, \$90; 10½ hours of labor for carpenters at \$1.75, \$18.37; 8 hours of labor for hoisting engineer with hoist at \$4.50, \$36; 100 feet of boards at \$45 per M., \$45; 44.3 tons of sand at \$1.10 per ton, \$48.73; use of 1,000 burlap bags at 4 cents, \$40; photographs of test, \$10, this addition, \$488.43, and the amount of \$488.43 will be added therefor, making the account as follows: Contract price, \$142,268; total additions, \$3,204.45; total deductions, \$333.70; amount of contract, \$145,138.75.

Carilli Construction Company have been ordered to add for the following change in contract for the Beethoven District School: To prevent efflorescence, for treating all the exterior brick work with oil the same to meet the approval of the department, 7,411 square feet at 5 cents, \$372.20; and the amount of \$372.20 will be added therefor, making the account as follows: Contract price, \$142,268; total additions, \$3,576.65; total deductions, \$333.70; amount of contract, \$145,510.95.

National Waterproofing Company have been allowed to add to the contract for the Hyde Park High School for the following: Repair, waterproof and guarantee the walls surrounding the stage as per letter of February 12, 1935, total addition accepted, \$2,248, and the amount of \$2,248 will be added therefor, making the account as follows: Contract price, \$9,980; total additions, \$2,248; amount of contract, \$12,228.

TRAFFIC COMMISSION RULINGS.

Voted, That as urgently required by considerations of public safety and convenience, during the period of roadway resurfacing, estimated to be two (2) months, vehicles are excluded from the following street, effective May 14, 1935:

Trask Street.

Between Harrison avenue and Parmelee street.

Voted, That as urgently required by consideration of public safety and convenience, during the period of roller skating exhibition, vehicles are excluded from Clark street, between Hanover street and North street, on May 18, 1935, from 9 a. m. to 11 a. m.

Voted, That as urgently required by considerations of public safety and convenience, the following rule which was adopted and was effective December 18, 1934, for a trial period of thirty (30) days, which was extended for thirty (30) days from January 18, 1935, and was extended for ninety (90) days from February 18, 1935, is hereby extended for a further trial period of ninety (90) days from May 18, 1935.

The operator of a vehicle shall not make the following left turn:

From Hanover Street.

Into Scollay square, southerly.

CORRECTIONS.

Voted, That as urgently required by considerations of public safety and convenience, during the period of roadway construction, estimated to be two (2) weeks, Hyde Park avenue is a one-way street, from Walk Hill street to Cummins Highway, effective May 13, 1935.

Voted, That as urgently required by considerations of public safety and convenience, during the period of roadway construction, estimated to be two (2) weeks, Hyde Park avenue is a one-way street, from Walk Hill street to Cummins Highway, effective March 13, 1935.

Voted, That as urgently required by considerations of public safety and convenience, during the period of operation of buses by the Boston Elevated Railway, that portion of section 33 of the Traffic Regulations which prohibits the operator of a vehicle from making a left turn from Washington street into Stuart street, westerly, is suspended from 7.30 p. m. to 9.15 p. m. on May 13, 1935.

Voted, That as urgently required by considerations of public safety and convenience, during the period of sewerage construction, estimated to be two (2) months, vehicles are excluded from Beaver street, between Beacon street and Beaver place, effective May 13, 1935.

TO SELL GASOLINE.

The Mayor has approved the following vote of the Board of Street Commissioners:

Ordinance, On the petition of Nathan Pinstein, for a license to keep, store and sell 1,000 gallons of gasoline in a tank located under sidewalk at 415 Charles street, Ward 3, the Board considers its action of March 1, 1935, of leave to withdraw and after further consideration, it is

Voted, That the petition be granted.

BUILDING PERMITS ISSUED MAY 9 TO MAY 15.

MAY 9.

LAND-TAKING IN ROXBURY.

The Mayor has approved the order of the Board of Street Commissioners for the taking of land for a public improvement consisting of the laying out and construction of Grotto Glen road, Roxbury district, as a highway, from Day street westerly, bounded and described as follows:

A highway named Grotto Glen road is hereby laid out, from Day street westerly for a distance of approximately two hundred and fifty feet, and ordered constructed; the cost thereof to be charged to Federal Funds allocated under the Federal Emergency Relief Administration program for Massachusetts.

Said highway and the land, exclusive of trees or structures standing upon or affixed thereto, in which an easement for street purposes is hereby taken, is bounded and described as follows:

Southeasterly by Day street, by two measurements, sixteen and 8-100 feet and sixteen and 8-100 feet; southwesterly by the southwesterly line of said Grotto Glen road as hereby laid out, by six measurements, seventy-five and 90-100 feet, thirty-five feet, thirty-five feet, thirty-five feet, thirty-five feet and twenty-six and 91-100 feet; westerly by the westerly line of said Grotto Glen road as hereby laid out, thirty-three and 10-100 feet, and northeasterly by the northeasterly line of said Grotto Glen road as hereby laid out, by five measurements, eleven feet, ninety-five feet, sixty-six feet, fifty-two feet and thirty-seven and 54-100 feet.

Voted, That this Board determines that no person sustains damages in his estate by the making of the public improvement, consisting of the laying out and construction of Grotto Glen road, Roxbury district, as a highway, from Day street westerly for a distance of approximately two hundred and fifty feet, under the order of the Board of May 10, 1935, and awards no damages therefor.

MASSACHUSETTS CIVIL SERVICE EXAMINATIONS.

The Massachusetts Civil Service Commission announces examinations for desirable positions open in Boston and Metropolitan districts as follows:

Notice Change in Age Limit.

ASSISTANT TO THE SUPERINTENDENT OF SUPPLIES, BOSTON SUPPLY DEPARTMENT, JUNE 29, 1935.

Last date for filing applications, Saturday, June 15, 1935, at 12 noon.

POLICE DEPARTMENT ORDERS.

General Order No. 44.

On May 6, 1935, the burned body of a man, which was later identified, was found in an automobile which had been set on fire in Hudson, Massachusetts.

The members of this department were ordered to apprehend the suspect wanted. On May 8, 1935, about noon, Mounted Patrolman William B. Dooley of Division 16, while patrolling his route, observed a man who answered the description of the person wanted and immediately placed him under arrest.

The suspect was brought to Division 16 and interrogated and was then taken to Police Headquarters and photographed and fingerprinted, after which he was delivered to the State Police.

Patrolman Dooley exercised remarkable alertness and keen observation in the arrest of the man now charged with this atrocious crime.

The commissioner, recognizing the splendid police efficiency of Patrolman Dooley in this important case, is pleased to commend him and in addition grants him one week's extra vacation.

The Acting Superintendent of Police will promulgate this order.

EUGENE M. MCSWEENEY,
Commissioner.

General Order No. 45.

A trial board, consisting of Captains McGrath, Glevay and O'Connell, having heard by reference a complaint made by William Lewis, captain, Division 19, against Clarence B. Ochs, patrolman, Division 19, for alleged violation of Rule 41 of the Rules and Regulations of the Police Department, to wit:

Charge 1: Conduct unbecoming an officer.

Specification: In that on the thirteenth day of April, 1935, the said Patrolman Clarence B. Ochs, while not in uniform and not on duty, was under the influence of intoxicating liquor to such an extent that he was unable to perform police duty, if called upon so to do.

Charge 2: Violation of the law.

Specification: In that on the thirteenth day of April, 1935, the said Patrolman Clarence B. Ochs did operate an automobile on Pleasant street, Dorchester, while under the influence of intoxicating liquor and did collide with a Ford cabriolet, Massachusetts Registration 59622, which was owned and operated by Meade E. Perron of 106 Huntington avenue, Boston, has submitted the following finding and recommendation:

"The Board having heard and carefully considered all the evidence as presented, finds the said Patrolman Clarence B. Ochs guilty of Charge 1 and specification thereunder and not guilty of Charge 2

and specification thereunder. On Charge 2 Patrolman Ochs was found not guilty in Suffolk Superior Court. The Board has considered all the facts and circumstances surrounding this case, especially the recommendation of Captain Lewis to the effect that Patrolman Ochs is an excellent police officer, a very observant and capable man and an officer in whom he has every confidence. In nearly ten years' service in the Police Department, Patrolman Ochs has never previously been before a trial board, and Captain Lewis further described him as a willing and a thorough worker. The Board therefore respectfully recommends that the said Patrolman Clarence B. Ochs be suspended from duty for a period of thirty days, effective as of April 14, 1935, at 5.45 o'clock p. m., and that at the expiration of the said period of suspension the said Patrolman Clarence B. Ochs be ordered to perform 105 hours of punishment duty."

The commissioner accepts the finding and the recommendation of the Trial Board and hereby orders that the said Patrolman Clarence B. Ochs be suspended from duty for a period of thirty days effective as of April 14, 1935, at 5.45 o'clock p. m., and that at the expiration of the said period of suspension the said Patrolman Clarence B. Ochs perform 105 hours of punishment duty.

Civil Service Rule 23, Section 3, requires approval of the Civil Service Commission before reinstatement.

Rule 23.

Section 3. With the consent of the Commissioner, upon good cause shown, an appointing officer may reinstate in the same position or in a position in the same class and grade any person who has been separated from the service; provided, however, that the Commissioner shall not allow reinstatement of a person discharged for cause.

The Superintendent of Police will promulgate this order.

EUGENE M. MCSWEENEY,
Commissioner.

LABOR PICNIC.

The Mayor has approved the following request of C. J. Carven, Public Works Department Commissioner:

Boston, May 9, 1935.

To the Honorable Mayor.

In past years it has been the practice of the Public Works Department, with the approval of the Mayor, to allow all employees a day off without loss of pay for the purpose of attending a picnic or picnics held under the supervision of the Ben Franklin Assembly, Knights of Labor, and Local No. 149 A. F. of L.

Last year on account of the two-day week the picnic was held on a Saturday. In all previous years the picnic day was either Tuesday or Wednesday. A request has been received for a day off either in the last week of July or the first week in August.

The ceasing of all activities in the various divisions during any day but Saturday will interfere with the proper functioning. This office is in favor of granting a Saturday off and I respectfully request your approval to the granting of, to the above unions, a Saturday either in July or August, on that day being for the purpose of having a picnic, the day off to be without loss of pay.

Respectfully submitted,

C. J. CARVEN.

Commissioner of Public Works.

BIDS FOR CITY OF BOSTON NOTES.

The treasurer has received bids on \$4,000,000 notes, dated May 13, 1935, due November 8, 1935, at .99 per cent plus a premium of \$26 to a syndicate composed of Halsey Stuart & Co., Hemphill Noyes & Co. and G. M.-P. Murphy & Co.

The one other bidder bid 1.13 per cent plus \$17 to a syndicate composed of the First Boston Corporation, Kidder Peabody Company, Brown Harriman and F. S. Moseley Company.

CIVIL SERVICE EXAMINATIONS. (STATE.)

STATE EXAMINERS OF ELECTRICIANS.

Examinations, 1935.

Examinations will be held at the following points and on the following dates:

Boston, Monday, June 3.
 Boston, Monday, September 16.
 Worcester, Wednesday, September 18.
 Springfield, Thursday, October 17.
 Pittsfield, Friday, October 18.
 Boston, Monday, November 4.
 Lowell, Wednesday, November 6.
 Boston, Monday, December 2.
 New Bedford, Wednesday, December 4.
 New Bedford, Thursday, December 5.

RULES FOR EXAMINATIONS.

All examinations shall be given in English.

Applicants for Class B or journeyman's certificate must be at least eighteen years of age and have had at least two years' practical experience or the equivalent in the installation of wires, conduits, apparatus, fixtures and other appliances for carrying or using electricity for light, heat or power purposes.

Applicants for Class A or master's certificate must be at least twenty-one years of age and have had at least two years' experience in the business of installing wires, conduits, apparatus, fixtures and other appliances for carrying or using electricity for light, heat or power purposes.

Examinations shall consist of applicant's knowledge of the National Electrical Code and practical electrical work.

All persons desiring to be examined, either for a Master or Journeyman Certificate, shall have application on file at least ten days previous to the date of such examination.

Applicants for examination will be required to obtain at least 70 per cent in order to obtain a certificate.

Applicants who fail to obtain the required 70 per cent will not be entitled to re-examination until a period of three months has elapsed, and those who receive less than 50 per cent, or who fail on the practical demonstration, will not be re-examined for a period of six months.

Any person found referring to notes or books, or misbehaving during an examination, will be debarred from that examination.

Notice will be sent to applicants for certificates when and where examination will be held, and only those so notified will be examined on that day.

JAMES M. HURLEY,
 PAYSON SMITH,
 STEPHEN C. GARRITY,
State Examiners of Electricians.

For application blanks or other information apply to State Examiners of Electricians, Room 413A, State House, Boston, Mass.

PROCEEDINGS OF CITY COUNCIL.

Monday, May 6, 1935.

Regular meeting of the City Council in the Council Chamber, City Hall, at 2 p. m., Coun. GALLAGHER presiding, and all the members present.

JURORS DRAWN.

Jurors were drawn under the law, Coun. ROBERTS presiding at the box in the absence of the Mayor, as follows:

Eighty-three traverse jurors, Superior Criminal Court, to appear June 3, 1935:

Antonio Miraglia, Ward 1; William L. Sullivan, Ward 1; John Crowell, Ward 2; Robert M. Donahue, Ward 2; Charles Kelly, Ward 2; Bernard J. Lane, Ward 2; Alphonsus D. O'Brien, Ward 2; Howard D. Smith, Ward 2; Thomas F. Powers, Ward 2; James S. Woodruff, Ward 2; Anthony Fucillo, Ward 3; William J. McLaughlin, Ward 3; John Picardi, Ward 3; Joseph Tobin, Ward 3; Harry E. Downey, Ward 4; Walter O. Dyer, Ward 4; Paul H. Hamlen, Ward 5; James P. Hartnett, Ward 5; Frederick Hutson King, Ward 5; Robert W. Maynard, Ward 5; John P. Boyle, Ward 6; Charles H. Dogan, Ward 6; Herbert F. Donovan, Ward 7; James H. Winters, Jr., Ward 7; Charles F. Downey, Ward 8; James B. Dunlap, Ward 8; Joseph E. Fay, Ward 8; Eugene J. Flynn, Jr., Ward 8; Thomas E. Murphy, Ward 8; Patrick J. McEntee, Ward 9; William A. Connolly, Ward 10; Robert F. Leahy, Ward 10; John W. McDonald, Ward 10; Francis M. McHowell, Ward 10; James E. Tobin, Ward 10; William R. Alexander, Ward 11; William Kelly, Ward 11; Jonathan H. Edwards, Ward 12; Robert R. Saunders, Ward 12; Thomas H. Andrews, Ward 13; Leo V. Finnegan, Ward 13; Timothy J. Riordan, Ward 14; Frederic J. Miller, Ward 15; Burton P. Needham, Ward 15; Howard F. Clark, Ward 16; Michael Courtney, Ward 16; Hugh A. Cox, Ward 16; George R. Hicks, Ward 16; Joseph G. Maguire, Ward 16; George H. Manks, Ward 16; Arthur J. Schol, Ward 16; John W. Bright, Ward 17; Henry J. Byer, Ward 17; Patrick J. Molloy, Ward 17; John Speirs, Ward 17; Frederic Arnold, Ward 18; William E. Benson, Ward 18; William E. Holtham, Ward 18; Walter G. Lugton, Ward 18; Thomas H. Morey, Ward 18; Chester O. Ridley, Ward 18; Otto H. Schmidt, Ward 18; Forrest R. Blake, Ward 19; Frederic Brebner, Ward 19; Alfred E. Casey, Ward 19; Joseph A. Haenuss, Ward 19; John J. MacDougall, Ward 19; William T. McIntyre, Ward 19; Robert J. Armitage, Ward 20; William D. Cleary, Ward 20; John H. Falvey, Ward 20; Louis J. MacDonald, Ward 20; Frank J. Rossman, Ward 20; Walter M. Bretschneider, Ward 21; Edward F. Mullen, Ward 21; John A. Mullen, Ward 21; Seymour Lewis, Ward 21; Edward J. Barrett, Ward 22; George Davenport, Ward 22; William P. Kelley, Ward 22; James F. McPartland, Ward 22; Harry A. Stearns, Ward 22; William G. Wentzell, Ward 22.

Ninety-two traverse jurors, Superior Civil Court, April Sitting, to appear June 3, 1935:

Louis Frongillo, Ward 1; Andrew Pizzano, Ward 1; John C. Stokes, Ward 1; James A. Butterfield, Ward 2; John F. Crowne, Ward 2; David Heelen, Ward 2; Hugh S. Logue, Ward 2; Francis A. Monahan, Ward 2; Mark E. Mulkern, Ward 2; Lester C. Blaisdell, Ward 3; Frederick A. Buckley, Ward 3; Anthony Capobianco, Ward 3; James A. Crowley, Ward 3; Porter O. Robinson, Ward 3; Frank A. Rothwell, Ward 3; Herbert J. Apsey, Ward 4; Samuel R. Coleman, Ward 5; Edward J. Lambe, Ward 5; John Maitland, Ward 5; Herbert Noble, Ward 5; Charles M. Turner, Ward 5; James W. Bagley, Ward 6; Christopher F. Graham, Ward 6; John J. McSweeney, Ward 6; Walter F. Eagan, Ward 7; Patrick J. Ford, Ward 7; Lawrence J. Varnerin, Ward 7; Michael J. Coleman, Ward 8; Bartholomew Lawton, Ward 8; Arthur McLellan, Ward 8; Albert H. Wilbur, Ward 8; John Leo Bynce, Ward 9; Chester E. Field, Ward 9; Robert P. McKnight, Ward 9; Joseph A. Buttner, Ward 10; Walter F. Shea, Ward 10; Thomas F. Cunningham, Ward 11; Gustaf A. Gabrielson, Ward 11; Joseph C. Hohmann, Ward 11; Francis J. McCarthy, Ward 11; Joseph L. O'Brien, Ward 11; Walter J. Jackson, Ward 12; Norris King, Ward 12; John W. Price, Ward 12; Rudolph Steidinger, Ward 12; Herbert J. Stone, Ward 12; Samuel P. Lynch, Ward 13; Joseph A. Sullivan, Ward 13; Frank S. Bench, Ward 14; Charles A. P. Potier, Ward 14; Daniel J. Lordan, Ward 15; Harry M. Millner, Ward 15; George F. Mitchell, Ward 15; Edward L. Sullivan, Ward 15; Robert J. Brennan, Ward 16; Roger F. Chapin, Ward 16; Ralph A. Dahlquist, Ward 16; Hans C. Hansen, Ward 16; Charles Howard, Ward 16; Philip J. McKeon, Ward 16; Henry F. Wessling, Ward 16; Bertram M. Lichtenstein, Ward 17; Albert L. Manley, Ward 17; Alfred J. Parent, Ward 17; Joseph J. Werner, Ward 17; Roger W. Dudley, Ward 18; Allan B. Maxwell, Ward 18; Sumner Osborne, Ward 18; James R. Pearce, Ward 18; Harold R. A. Strom, Ward 18; Henry R. Suket, Ward 18; John W. Vogel, Ward 18; John F. Wieland, Ward 18; George F. MacLean, Ward 19; Arthur P. Champeon, Ward 20; James W. Clark, Ward 20; Carl R. Johnson, Ward

20; Frans A. Rosenquist, Ward 20; John Schneider, Ward 20; Wellington A. N. Stone, Ward 20; Roger A. Swift, Ward 20; Frank J. Wood, Ward 20; Alden Cobe, Ward 21; Frank Greco, Ward 21; Jacob C. Greenberg, Ward 21; John J. Levy, Ward 21; James J. Lewis, Ward 21; George C. Miller, Ward 21; Robert J. Campbell, Ward 22; Herbert J. Cavanaugh, Ward 22; Edgar C. Keene, Ward 22; John O'Laughlin, Ward 22.

APPOINTMENTS BY THE MAYOR.

Subject to confirmation by the Council the Mayor submitted the following appointments:

Weights of Goods: Joseph P. Gearin, 73 Fenwood road, Roxbury; John W. Weber, 209 West Newton street, Boston.

Weights of Coal: Samuel Rosenbaum, 364 Park street, Dorchester; Ronald C. Anderson, 181 Westville street, Dorchester; James Giblin, 139 Parsons street, Brighton.

Severally laid over a week under the law.

BAY VIEW CAR SERVICE.

The following was received:

City of Boston,
Office of the Mayor, May 4, 1935.
To the City Council.

Gentlemen,—I herewith transmit a letter from the Boston Elevated Railway, relative to your order of April 1, 1935, concerning a proposed increase of car service on the Bay View line and the line from Dudley street to City Point.

Respectfully,
FREDERICK W. MANSFIELD, Mayor.

Boston, May 3, 1935.

Mr. John F. Gilmore, Jr.,
Assistant Secretary, Mayor's Office.

Dear Sir,—Since the receipt of your communication of April 18, checks have been made of the service and riding on the Bay View line and on the Dudley street-City Point line. These checks show that the service now operated on these lines is adequate for present riding requirements. Service on both lines, however, will be followed closely.

Very truly yours,
EDWARD DANA,
Executive Vice President
and General Manager.

Placed on file.

POLICE ON HYDE PARK STREET DUTY.

The following was received:

City of Boston,
Office of the Mayor, May 6, 1935.
To the City Council.

Gentlemen,—I herewith transmit a letter from the Police Commissioner, relative to your order of April 15, 1935, concerning an increase in the number of policemen on street duty in Hyde Park.

Respectfully,
FREDERICK W. MANSFIELD, Mayor.

City of Boston,

Police Department, May 2, 1935.
Mr. John F. Gilmore, Jr.,
Office of the Mayor.

Dear Sir,—Replying to your communication of April 20, inclosing copy of order of the City Council dated April 15, 1935, relative to increasing the number of policemen on street duty in Division 18, Hyde Park, I would advise you that I am having a survey made of the personnel of the department at the present time for the purpose of transferring to street duty any officers who may be performing work of a clerical or mechanical nature that can be accomplished more efficiently by civilian employees.

I hope that as a result of the survey now in process to have more officers available for street duty and in which event Station 18 will be assigned additional men for foot patrol.

There are four radio cars, each containing two officers, continually patrolling the streets of Hyde Park and have been thus assigned since July, 1934. These radio cars, to some degree, supplement the work of foot patrol officers and answer emergency calls for any contingency that may require their presence in that district.

With every assurance that when more officers are available for foot patrol, either as a result of the survey now being made or when additions are made to the force, I shall be pleased to increase the present number of officers in the Hyde Park district.

Very truly yours,
E. M. McSWENEY,
Police Commissioner

Placed on file.

SIDEWALKS, HOLDEN STREET.

The following was received:

City of Boston,
Office of the Mayor, May 6, 1935.
To the City Council.

Gentlemen,—I herewith transmit a letter from the Commissioner of Public Works, relative to

your order of April 1, 1935, concerning the installation of granolithic sidewalks on Holden street, Ward 7.

Respectfully,
FREDERICK W. MANSFIELD, Mayor.

City of Boston,
Public Works Department, April 25, 1935.
Mr. John F. Gilmore,
Assistant Secretary, Mayor's Office.

Dear Sir,—I beg leave to acknowledge receipt of your note of April 18 with attached City Council order dated April 1, 1935, and reading as follows:

"Ordered, That the Commissioner of Public Works be requested, through his Honor the Mayor, to install granolithic sidewalks on Holden street, Ward 7."

and to state that Holden street, from Columbia road to Belden street, is a public street and that said street now has granolithic sidewalks on both sides of the roadway.

Respectfully yours,
C. J. CARVEN,
Commissioner of Public Works.
Placed on file.

SCHOOL CADETS IN JUNE 17 PARADE.

The following was received:

City of Boston,
Office of the Mayor, May 6, 1935.
To the City Council.

Gentlemen,—I herewith transmit a letter from the Superintendent of Public Schools, relative to your order of April 1, 1935, concerning the participation of school cadets in the parade, June 17.

Respectfully,
FREDERICK W. MANSFIELD, Mayor.

Boston, April 29, 1935.

Mr. John F. Gilmore, Jr.,
Assistant Secretary, Mayor's Office.

My dear Mr. Gilmore,—In reference to the order of the City Council re participation of school cadets in the parade June 17, may I say that since the day is a holiday action of the cadets must be voluntary.

We shall urge as many cadets as possible to take part.

Sincerely yours,
PATRICK T. CAMPBELL,
Superintendent of Public Schools.
Placed on file.

FREE DENTAL TREATMENT.

The following was received:

City of Boston,
Office of the Mayor, May 6, 1935.
To the City Council.

Gentlemen,—I herewith transmit a letter from the School Committee of the City of Boston, relative to your order of April 22, 1935, concerning arrangements for free dental clinic treatment for the children of the Alexander Hamilton School in Brighton.

Respectfully,
FREDERICK W. MANSFIELD, Mayor.

City of Boston,

School Committee, April 30, 1935.
Hon. Frederick W. Mansfield,
Mayor of Boston.

Dear Sir,—The City Council in meeting, April 22, 1935, passed the following order:

"Ordered, That the School Committee be requested, through his Honor the Mayor, to make the necessary arrangements for free dental clinic treatment for the children of the Alexander Hamilton School, Brighton."

The School Committee would respectfully report that arrangements are made for free dental clinic treatment for children in the schools who are unable to pay. The Director of School Hygiene, Dr. James A. Keenan, reports that during the month of February this year an examination of the teeth of the children in the Alexander Hamilton School was made. The examination revealed that there were only seventeen children then needing dental treatment. For some of these children, free dental treatment has been provided through the dental clinic assigned to the Bennett District. On Monday next, May 6, a school bus will take children of the Alexander Hamilton School who still require dental treatment to the Forsyth Dental Infirmary.

The Committee feels that no further provision for dental treatment of children in the Alexander Hamilton School is necessary at this time.

Respectfully yours,
LEON M. CHRONIN,
Secretary.

Placed on file.

PLAYGROUND IMPROVEMENTS.

The following was received:

City of Boston,
Office of the Mayor, May 6, 1935.
To the City Council.

Gentlemen,—I herewith transmit a letter from the Boston Park Department, relative to orders adopted April 22, 1935, respectively concerning:

1. Proposed tennis court at the John J. Connolly Playground, together with a new fence around the same playground.

2. Appointment of a sufficient number of lifeguards under the E. R. A. for the South Boston beaches.

3. Additional games, swings and other playground apparatus for the Columbus Park Playground.

Respectfully,
FREDERICK W. MANSFIELD, Mayor.

City of Boston,
Park Department, April 30, 1935.
Hon. Frederick W. Mansfield,
Mayor of Boston.

Dear Sir,—I have your memorandum of April 26 with inclosure, orders from the City Council requesting that a tennis court be installed at the John J. Connolly Playground and a new fence erected around this same playground.

Please be assured the department will conduct an investigation as to the advisability of providing tennis courts. The fence will be erected, as it is necessary.

Very respectfully yours,
WILLIAM P. LONG, Chairman.

City of Boston,
Park Department, April 30, 1935.
Hon. Frederick W. Mansfield,
Mayor of Boston.

Dear Sir,—I have your memorandum of April 22 with inclosure, order from the City Council requesting that the Park Commission appoint a sufficient number of lifeguards under the E. R. A. for the South Boston beaches.

Please be informed that the Park Department now has a project in the hands of the E. R. A. Administrator requesting lifeguards for all beach reservations under the jurisdiction of this department.

Very respectfully yours,
WILLIAM P. LONG, Chairman.

City of Boston,
Park Department, April 30, 1935.
Hon. Frederick W. Mansfield,
Mayor of Boston.

Dear Sir,—I have your memorandum of April 26 with inclosure, order from the City Council requesting that the Park Commission furnish additional games, swings and other playground apparatus for the Columbus Park Playground at the earliest possible opportunity.

Please be assured that the department will give this request very careful consideration.

Very respectfully yours,
WILLIAM P. LONG, Chairman.

Placed on file.

TRAFFIC LIGHTS.

The following was received:

City of Boston,
Office of the Mayor, May 6, 1935.
To the City Council.

Gentlemen,—I herewith transmit four letters from the Boston Traffic Commission, relative to orders adopted April 22, 1935, respectively concerning:

1. Proposed installation of traffic lights at the junction of Joy and Chambers streets.

2. Proposed installation of traffic lights on Charles street, at the foot of Fruit street, Ward 3.

3. Proposed installation of traffic lights on Charles street, at the foot of Allen street, Ward 3.

4. Proposed installation of traffic lights in the Leverett Street Circle, Ward 3, at the junctions of Leverett street, Nashua street, Charles street and the Charles River Dam.

Respectfully,
FREDERICK W. MANSFIELD, Mayor.

City of Boston,
Traffic Commission, April 30, 1935.
Hon. Frederick W. Mansfield,
Mayor of Boston.

Dear Sir,—I have the honor to acknowledge receipt of Council order dated April 22, 1935, which reads as follows:

"Ordered, That the Traffic Commission be requested, through his Honor the Mayor, to install traffic lights on Cambridge street, at the junction of Joy and Chambers streets, Ward 3."

There are no funds available for the installation of traffic lights at the above intersection at the present time.

Respectfully yours,
WILLIAM P. HICKEY, Commissioner.

City of Boston,
Traffic Commission, April 30, 1935.
Hon. Frederick W. Mansfield,
Mayor of Boston.

Dear Sir,—I have the honor to acknowledge receipt of Council order dated April 22, 1935, which reads as follows:

"Ordered, That the Traffic Commissioner be requested, through his Honor the Mayor, to install traffic lights on Charles street, at the foot of Fruit street, Ward 3."

There are no funds available for the installation of traffic lights at the above intersection at the present time.

Respectfully yours,
WILLIAM P. HICKEY, Commissioner.

City of Boston,

Placed on file.

MARRIED WOMEN EMPLOYEES.

The following was received:

City of Boston,
Office of the Mayor, May 6, 1935.
To the City Council.

Gentlemen,—I herewith transmit replies received at this office in answer to Circular No. 20, which requested certain information concerning married women employees, in accordance with an order adopted by your Honorable Body on April 1, 1935. Reference is also made herein to my previous letter under date of April 29, 1935, on the same subject, forwarding previous replies received.

The city departments and county offices represented by this communication are:

Library Department, Supply Department, Institutions Department, Hospital Department, Boston Municipal Court (Civil and Criminal Sessions), Suffolk Superior Court (Criminal Session), Supreme Judicial Court (Suffolk).

Respectfully,

FREDERICK W. MANSFIELD, Mayor.

(Appended were the communications referred to.)

City of Boston,
Office of the Mayor, May 6, 1935.
To the City Council.

Gentlemen,—I herewith transmit a letter from the Overseers of the Public Welfare, relative to your order of April 1, 1935, and Circular No. 20, concerning married women employees.

Respectfully,

FREDERICK W. MANSFIELD, Mayor.

(Appended was the communication referred to.)
Severally placed on file.

ABANDONMENT, SEWERAGE EASEMENT.

The following was received:

City of Boston,
Office of the Mayor, May 6, 1935.
To the City Council.

Gentlemen,—I am submitting herewith an order authorizing me to abandon the right and easement in certain sewerage works on Delano street, Dorchester. I am informed by the Commissioner of Public Works that these rights are no longer needed for public purposes and he assents to the abandonment of same.

Respectfully,

FREDERICK W. MANSFIELD, Mayor.

Whereas, The Board of Street Commissioners of the City of Boston, by a resolve and order approved by the Mayor of Boston August 23, 1916, and recorded with Suffolk Deeds, Book 3979, page 628, took for sewerage works rights and easements in land situated in that part of Boston called Dorchester and more fully described in said instrument of taking; and

Whereas, The Commissioner of Public Works of the City of Boston, now having charge of the said rights and easements taken, has notified the City Council that a portion of the land taken as aforesaid for sewerage purposes is no longer required for public purposes; now, therefore, it is hereby

Ordered, That his Honor the Mayor be, and he hereby is, authorized, in the name and behalf of the City of Boston and in form satisfactory to the Law Department of said City of Boston, to abandon the right and easement to maintain sewerage works in the parcel of land hereinafter described, which is a portion of the land wherein the City of Boston took rights and easements to maintain sewerage works by the above mentioned resolve

and order, and to execute and deliver, in the name and behalf of the said City of Boston and in form satisfactory to the Law Department of the City of Boston, to the owner or owners of the premises hereinafter described, a release wherein the said City of Boston releases the following described premises from all rights and easements to take and maintain sewerage works set forth in the above mentioned taking, namely, a certain parcel of land situated in that part of Boston called Dorchester, bounded and described as follows:

Northerly by the southerly line of Bowdoin street, seven and 2-10 feet; westerly by land supposed to belong in part to Patrick Tivnan and in part to the Newburyport Five Cents Savings Bank, one hundred forty-one and 51-100 feet; southerly by part of Delano street, so called, seven and 2-10 feet, more or less; easterly by other land supposed to belong in part to Patrick Tivnan and in part to the Newburyport Five Cents Savings Bank, one hundred forty-four and 81-100 feet, containing 859 square feet of land, more or less; and it is hereby further

Ordered, That as a part of the said consideration for the said abandonment of the said easements above set forth that the said owners of the above described premises execute and deliver to the said City of Boston and its assigns a release in form satisfactory to the Law Department of the City of Boston of any and all damages in any way growing out of or caused by the said abandonment of the said easements.

Referred to Committee on Public Lands.

LOAN FOR PUBLIC WELFARE.

The following was received:

City of Boston,
Office of the Mayor, May 6, 1935.
To the City Council.

Gentlemen,—At the beginning of the current session of the Legislature I caused to be introduced several petitions advocating the development of new sources of revenue, including the establishment of a retail sales tax. I felt then, and do now, that increasing the number of direct contributors to the support of governmental activities was the most sound and equitable method that could be devised to relieve the owners of real estate from the tax burden they have been carrying for several years because of heavy expenditures for public welfare and unemployment relief. To date the Legislature in its wisdom has not seen fit to enact legislation of this character.

By the enactment of chapter 188, however, the General Court has extended to cities and towns the privilege of affording temporary relief to owners of real estate by authorizing municipalities to borrow, with the approval of the Emergency Finance Board of the Commonwealth, for public welfare, soldiers' relief, and Emergency Relief Administration project costs to an amount not exceeding one half of 1 per cent of the average valuation of the municipality for the three preceding years. Under the provisions of this act Boston may borrow a maximum amount of approximately eight and three quarters million dollars.

Speaking generally, I do not favor the borrowing of money for what may be considered to be purely maintenance purposes. Such action, while it affords temporary relief in the tax rate of the year in which the money is borrowed, in the end merely postpones the day of reckoning, since in the tax levies of subsequent years, it is necessary to appropriate additional sums, which would otherwise be not required, to meet the increased debt and interest payments occasioned by the issuance of bonds. In other words, borrowings of this character afford no permanent relief to the individual taxpayer, since over a period of years he will be called upon to contribute not only his share of repaying the loan, but also the interest which must be paid for the use of the money.

Despite my personal feelings on the subject of borrowing I am faced with the realization that if the city does not take advantage of the authorization granted by chapter 188, it will be necessary to declare a tax rate for the current fiscal year considerably in excess of \$40. Since it is evident from the amount of uncollected taxes outstanding on the books of the city, that the owners of real estate are finding it difficult to pay taxes assessed at the rates declared in recent years, only one result could be expected from a declaration this year of an increased tax rate, namely, a material and substantial increase in tax delinquencies. While in principle I do not favor the course which the Legislature has chartered by enacting chapter 188, nevertheless, since it represents the only available means for keeping the tax rate down, I feel as a practical measure, the city should take advantage of its provisions.

From present indications it would appear that by borrowing \$6,000,000 under the provisions of chapter 188, the tax rate for 1935 can be fixed at or about \$37, or in other words, at an amount not in excess of the rate for 1934. Believing it is imperative that no increase in the tax rate should be permitted for the current year, I am submitting herewith an order providing for the borrowing of \$6,000,000, under the provisions of chapter 188 of the Acts of 1935. I respectfully recommend adoption of this order by your Honorable Body.

Respectfully,
FREDERICK W. MANSFIELD, Mayor.

Ordered, That under the provisions of chapter 188 of the Acts of 1935 the sum of \$6,000,000 be, and hereby is, appropriated for public welfare, including mothers' aid and old age assistance, soldiers' benefits, including state aid, military aid, soldiers' burials and soldiers' relief, and Emergency Relief Administration project costs, and that to meet said appropriation the City Treasurer be authorized to issue, from time to time, upon request of the Mayor, bonds or certificates of indebtedness of the city to said amount, the same to be issued outside the limit of indebtedness.

Referred to Committee on Finance.

PETITIONS REFERRED.

The following petitions were received and referred to the committees named, viz.:

Claims.

Joseph Bailey, for refund on awning license.
Ida Baker, for compensation for damage to clothing caused by an alleged defect at 285 Walnut avenue, Roxbury.

Casper Boyer, for refund on ash tickets.

President FITZGERALD in the chair.

STREET LIGHTING CONTRACT.

The following was received:

City of Boston,
Public Works Department, May 3, 1935.
Mr. Wilfred J. Doyle,
City Clerk.

Dear Sir,—Replying to your request for information relative to the existing gas lighting contract and the pending one, I beg leave to state that at the present time the street lighting is operating under an extension of a ten-year contract starting on April 1, 1924, and expiring March 31, 1934, first extended for a period of six months and now extended monthly until the acceptance of the five-year contract pending.

The ten-year contract was with the Boston Consolidated Gas Company and the contract divided into two sections, one section calling for the furnishing of illuminating gas at a price of \$11 per lamp per year for 9,855 lamps. The second section was for the equipment, lighting and extinguishing of gas lamps at a price of \$15.20 per lamp per year, making a total cost per lamp per year of \$26.20. In the 1924 contract there was a clause:

"If, after the execution and before the expiration of this contract the Company increases or decreases its maximum net price charged to its consumers, above or below \$1.20 per thousand cubic feet, the price to be paid by the City for gas furnished under this contract shall be increased or reduced in the same proportion in which such price is increased or reduced, for any period during which such increase or reduction is in effect, based upon an average consumption of 34 cubic feet per hour per lamp."

[Document 52, 1924.]

On October 29, 1929, the Boston Consolidated Gas Company made a voluntary reduction in the furnishing of gas, the letter to the Mayor being as follows:

Hon. Malcolm E. Nichols,
Mayor of Boston.

Dear Sir,—Please be advised that under the terms of our contract with the City of Boston, dated March 6, 1924, relative to furnishing gas for street lighting, the city is entitled to a reduction of 16 2/3 per cent for gas used under that contract, beginning with the bill for October, 1929. This will reduce the rate per lamp per year from \$11 to \$9.17 for single burner sixty-candle power lamps.

Yours very truly,
ALAN CUNNINGHAM, Secretary."

and no reduction in the equipment, lighting and extinguishing price, making the total price \$24.37 per lamp per year.

December 29, 1932, as the result of a conference between the City of Boston and the Boston Consolidated Gas Company there was a further reduction effective January 1, 1933, for furnishing gas from \$9.17 to \$8.42 per lamp per year, and at this time a reduction was made in the cost of equipment, lighting and extinguishing of gas lamps from \$15.20 to \$14.70 per lamp per year, making a total of \$23.12 per lamp per year. This is the price now being paid under the contract extensions.

Bids were received on Wednesday, December 5, 1934, for furnishing illuminating gas for street lighting for the City of Boston excluding Hyde Park for a period of five years beginning January 1, 1935. The only bid received was from the Boston Consolidated Gas Company. They submitted a price for furnishing illuminating gas for 9,539 lamps at \$7.46 per single burner per year. In order that the city might, if it so desired, at some future time place double burner lamps in certain locations in the city a price was also requested and received for furnishing illuminating gas for double burner lamps at a price of \$14.92 per lamp per year.

The same company also submitted a price for equipment, lighting and extinguishing of gas lamps at a price of \$13.04 per lamp per year for 9,539 lamps, making a total of \$20.50 per lamp per year as against the corresponding price of \$23.12 per lamp per year under the last payment of the ten-year contract. A price was also submitted for equipment, lighting and extinguishing of double burner gas lamps, if the city desired to install at any time at \$15.54 per lamp per year.

The specifications for the five-year period from January 1, 1935, on are practically the same as the ten-year period except in the first portion of the contract for furnishing illuminating gas in Article 10 providing that:

"If at any time or times during the term hereof the price to a general customer of the Boston Consolidated Gas Company residing in Boston and using 2,000 cubic feet of gas per month shall be decreased to an amount below the present price of \$2.50, then the price of gas provided for herein shall thereupon at such time or times be decreased in the same ratio."

It will be noted that in this article no provision is made for an increase in the price of gas to the city, providing price of gas is increased for the general customer.

Very truly yours,
C. J. CARVEN,
Commissioner of Public Works.

Placed on file.

EMPLOYMENT OF MARRIED WOMEN.

Communications were received from the Massachusetts Women's Political Club and the Real Estate Owners and Tenants League of Boston in favor of the discharge of married women and from the National Woman's Party protesting against their discharge.

Severally placed on file.

STUDY OF GERMAN AND ITALIAN.

The following was received:

City of Boston,
School Committee, April 29, 1935
Mr. W. J. Doyle,
City Clerk.

Dear Mr. Doyle,—In reply to the order of the City Council re "the small percentage of students who pursue the study of German or Italian language," may I point out that these subjects are electives and are chosen by the pupils after conference with their parents?

We cannot undertake to exert pressure in favor of one modern foreign language or another.

Sincerely yours,
PATRICK F. CAMPBELL,
Superintendent of Public Schools.

Placed on file.

APPOINTMENTS BY THE MAYOR

Notices were received from the Mayor of the following appointments:

Frank W. Buxton, 29 Sutherland road, Brighton, as trustee of Public Library, for five-year term beginning May 1, 1935.

Carl Dreyfus, 312 Dartmouth street, as trustee of City Hospital, for five-year term beginning May 1, 1935.

"October 29, 1929.

John J. Martin, 132 Commonwealth avenue, Park Commissioner, for three-year term beginning May 1, 1935.

As members of Board of Overseers of Public Welfare, for three-year term beginning May 1, 1935:

Edward H. Willey, 701 Broadway, South Boston.

Eva W. White, 357 Charles street.

Frank M. Leonard, 276 Hanover street.

Isabel C. Connelly, 21 Gerald road, Brighton, to take place of Cornelia G. McMahon.

As members of Coordinating Board of Public Works Projects:

Charles E. Nichols, 40 Court street.

Samuel M. Ellsworth, 12 Pearl street.

James E. McLaughlin, 88 Tremont street.

Severally placed on file.

ORGANIZATION OF COMMISSION TO APPORTION SUFFOLK COUNTY.

Notice was received that at organization meeting of Commission to Apportion Suffolk County into Representative Districts, James G. Connor of 554 Newbury street was chosen chairman, and John J. Whalen of 75 Garland street, Chelsea, clerk.

Placed on file.

CONFIRMATION OF CONSTABLES.

President FITZGERALD called up, under unfinished business, No. 1 on the calendar, viz.:

1. Action on appointments submitted by the Mayor April 29, 1935, of Constables authorized to serve civil process, as contained in City Document No. 50.

Coun. BRACKMAN—Mr. President, for the Committee on Constables, I move that Document 50 be confirmed, with the exception of the following names:

Chester A. Bailey, John B. Blotto, David Bashitsky, Morris W. Danberg, Henry G. Dahlquist, Andrew B. DeCoursey, Jacob Demask, Stephen J. Dunleavy, Thomas Freedman, Louis Goldberg, Samuel Goldstein, Abner Goulston, John S. Grady, Richard Hagarty, Benjamin Jacobson, William H. Kenney, Louis Levine, Max Rabinovitz, Walter W. Regan, Florian S. Small, Leon Small, Samuel Tarle, Anthony J. Testa, Francis J. Tobin, Frederick J. Wright.

(Document 50 contains the names, submitted by the Mayor April 29, of constables authorized to serve civil process.)

Coun. WILSON—Mr. President, I move reference to the Executive Committee.

Coun. BRACKMAN—Mr. President, the Committee on Constables met on Thursday and Friday, and each man on the list of unpaid constables authorized to serve civil process was interviewed. The records were checked up with the Law Department. We had Mr. Carmody up here, and every man whom we felt should be held up was held up, where there was legitimate complaint. The others were recommended for confirmation here today, and I see no reason for referring the matter to the Executive session.

Coun. Wilson's motion to refer to the Executive Committee was declared lost. Coun. WILSON doubted the vote, a rising vote was taken, and the motion to refer was lost.

The question came on confirmation.

Coun. BRACKMAN—Before the vote is taken, Mr. President, may I ask that the name of Henry G. Dahlquist, Ward 16, be held over?

(Action on the confirmation of Henry G. Dahlquist of 1743 Dorchester avenue, Ward 16, was held over.)

Coun. AGNEW—Mr. President, I would like to call the attention of the Council to one fact that those whose names have been accepted upon the list are either those who did not appear before the committee or whose names have been held up on account of some complaint.

Coun. WILSON—Mr. President, speaking on the question of confirmation, there has been a movement in the Council on previous years and occasion to make some arrangement whereby there would be more nearly a fair distribution of these appointive jobs of constables to the various wards of the city. Bear in mind, Mr. President, that in the list of 157 names submitted by me from one ward, 10 from another, and 18 from another, while there are but 5, 6, or 7 names from my ward, and none from Ward 2. Some time ago we passed an ordinance providing for the election of constables in the City of Boston by 157 wards, number 1, 2, 3, 4, 5, 6, 7, 8, 9, 10, 11, 12, 13, 14, 15, 16, 17, 18, 19, 20, 21, 22, 23, 24, 25, 26, 27, 28, 29, 30, 31, 32, 33, 34, 35, 36, 37, 38, 39, 40, 41, 42, 43, 44, 45, 46, 47, 48, 49, 50, 51, 52, 53, 54, 55, 56, 57, 58, 59, 60, 61, 62, 63, 64, 65, 66, 67, 68, 69, 70, 71, 72, 73, 74, 75, 76, 77, 78, 79, 80, 81, 82, 83, 84, 85, 86, 87, 88, 89, 90, 91, 92, 93, 94, 95, 96, 97, 98, 99, 100, 101, 102, 103, 104, 105, 106, 107, 108, 109, 110, 111, 112, 113, 114, 115, 116, 117, 118, 119, 120, 121, 122, 123, 124, 125, 126, 127, 128, 129, 130, 131, 132, 133, 134, 135, 136, 137, 138, 139, 140, 141, 142, 143, 144, 145, 146, 147, 148, 149, 150, 151, 152, 153, 154, 155, 156, 157.

out and making attachments of trucks or other property and serving civil process. It seems to me, especially in these hard times, when the need of care in these matters is greater than ever, there should be unusual diligence shown in the selection of men designated to serve process.

The question came on confirmation. Committee, Coun. Agnew and Selvitella. Whole number of votes 19; yeas 16, nays 3, and the appointments contained in City Document No. 50, with the exceptions above noted, were confirmed.

The question next came on unfinished business under No. 2 on the calendar, viz.:

2. Action on appointments submitted by the Mayor April 29, 1935, of Constables connected with official positions, as contained in City Document No. 53.

Coun. BRACKMAN—Mr. President, I move that the list of constables contained in Document 53 be confirmed.

Coun. WILSON—Mr. President, this particular document covers primarily the annual appointment of the Mayor's friends who seek city positions, and who are largely appointed to these positions—it does not apply to everybody on the list, but does largely—because they are not able to qualify for clerical positions on the civil service list at the State House. Accordingly, we find them—as was largely the case even in the older days—on this list. In these days, when the reform administration of our city is paring down expenses and I understand is getting the School Committee to wipe out certain salaries in the schools which will save \$60,000; in these days when the reform administration should presumably be practicing economy, the figures show that this document includes among the names many of the Mayor's friends. The records show that Mayor Curley, who had the reputation of taking very good care of his friends, appointed but 36 in 1925; that Mayor Nichols, in the first year of his administration, 1926, appointed 37, in 1928, 25, and in 1929, 30, including 8 men from Mayor Curley's administration; that where Mayor Curley appointed 36 in the first year of his administration and Mayor Nichols 37 in the first year of his administration, Mayor Mansfield in 1934, the first year of his administration, raised the figure to 58. And this year the figure has gone up to a high point record for all time for these soft jobs, where these men are placed on the pay roll at \$1,600 a year, doing mostly clerical work for which the men would be unable to qualify on the civil service list. This year we find a total of 76 names. Of those 76, there are 34 old men for whom, of course, I would be willing to vote, they having been for a number of years in the employ of the city. They are men qualified to act as constables and who have been so acting year after year. But 12 of the 76 were appointed last year for the first time under this reform administration, and 30 are brand new appointees this year—in this depression year, 1935, a total of 76! I say that this is an imposition on the taxpayers of the City of Boston. Of course, I know that I am wasting my breath. Despite the fact that this is a reform administration, I understand that the list has been very carefully handled, and that this year, as last year, members of the Council have been called into the Mayor's office and promised at least one job, so that the 12 votes necessary to put this list across could be obtained. I do wish, however, at this time to protest against any such list of 76 constables being placed on the city pay roll while at the same time we have had disappearing from the pay roll such men as building inspectors, men who have worked year after year for the City of Boston, because—we have been told!—the city is hard up, that it has no money. Yet we find that the administration considers the city finances to be such that it can fill these job which are given to those who are "in."

Coun. NORTON—Mr. President, I opposed the constable list last year. Investigation in other cities shows that the work done by them consists mostly of the delivery of letters, that sort of thing, which could be better and more cheaply done through registered letters or through delivery by the police. The situation, Mr. President, has become scandalous. And the man who has made these appointments went all over this city in his campaign for the mayoralty, night after night, crying out, "I am the workingman's and the property owner's protector. Give me a chance to get in and clean out the Augean stables in City Hall, and I promise you that I will clean them out!" Well, he has come into City Hall, and he has been spending more money on his political friends than his predecessor, Mayor Curley, ever dreamed of spending; 76 constables here on this list, two from my ward. I know one of them. He is a relative of the Mayor. I don't know who the other gentleman in Ward 18 is.

Coun. MURRAY—A cousin of yours? (Laughter.)

Coun. NORTON—No cousin of mine! Now, with \$20,000,000 in unpaid taxes and 30,000 owners of pieces of property unable to pay their taxes, with efficient men, some of them for thirty-six years in the employ of the city, thrown out of their jobs on the claim of economy, with the example of a nurse in the Health Department, who worked for twelve years among the tuberculous in this city and finally contracted the disease in the line of duty, and who then at the end of nineteen days was stricken from the pay roll, we still find here this anomalous situation, the Mayor of Boston appointing seventy-six constables to do work which could be done easily

through registered mail or through the Police Department. Talk about inconsistency, sham, pretence! We have heard a good deal about this "holier-than-thou" attitude, and here is an exemplification of it. I asked the Mayor of Boston to save a little money for the city on patch-paving contracts, but nothing has been done. I have been trying and trying to find out where the money was going and who did the work. The Mayor of Boston has enough money for that and for these seventy-six constables here, but he hasn't enough money to put back on the pay rolls of this city men who were discharged under the name of economy after many years of service, to put back in the Health Department a nurse who served for twelve years, working among the tuberculous in this city and finally contracting the disease, and then after nineteen days being discharged from the service. Still, he can appoint this list of constables! Perhaps it would assuage the whole problem here a little if we at least were given some information about the matter by the Mayor, who the men are and why they are needed. We know that 24,000 people of Boston are on E. R. A., 28,000 on welfare, and 80,000 requesting jobs, men who are unemployed and who are walking the streets. And still we see these seventy-six men put on the pay roll. I for one want to reduce the taxes, and I think anyone who takes action along the line of reducing the taxes is the poor man's friend. I want to give Boston a chance. We were told by this man when he was running for the office of mayor that 65 cents of every dollar spent here was practically stolen, and he said, "Elect me and I will take care of you." And this is the answer,—we get a higher tax rate and see a higher expenditure by the city than we saw at the hands of any mayor of Boston, a larger amount than any mayor ever thought of spending in all time. And still he will say, presenting such a list of appointees to us, "I am the poor man's friend. I am not a politician. Won't you give me a chance?"

The question came on confirmation.

Coun. WILSON—Mr. President, I ask for a roll call on the question of confirmation.

The clerk called the roll, and the appointments were confirmed, yeas 18, nays 3:

Yeas—Coun. Agnew, Brackman, Doherty, Donovan, Dowd, Englert, Finley, Fish, Fitzgerald, Gallagher, Gleason, Goldman, Green, Kerrigan, McGrath, Murray, Roberts, Tobin—18.

Nays—Coun. Norton, Selvitella, Wilson—3.

REPORT OF COMMITTEE ON PUBLIC LANDS.

Coun. DONOVAN, for the Committee on Public Lands, submitted the following:

1. Report on order (referred April 15) that Park Commissioners purchase at assessed value real estate, between Old Colony Boulevard, Freeport and Tenean streets and Neponset river, to be developed for beach and park system—that same ought to pass.

Report accepted; order passed.

Coun. FISH—Mr. President, Tenean Beach happens to be in my ward, and it is a beach that means a great deal to Dorchester. It affects not only my ward but all the Dorchester wards—Wards 13, 14, 15, 17, and a part of 18. People come from all parts of Dorchester to swim at Tenean Beach. This proposed purchase will make the beach of about the right size for the people patronizing it.

Coun. MURRAY—Mr. President, I understand that this is the first time for a number of years that an order of this sort has come in, without an upset price, and I ask reference to the Executive Committee.

President FITZGERALD—It does not carry an expenditure of money with it, but is a request. The order has been passed. Does the member desire reconsideration?

Coun. FISH—It will have to come back in the form of a loan order, will it not?

President FITZGERALD—Yes. It is a request only.

The order stood passed.

2. Report on message of Mayor and order (referred April 15) to sell lot of land on Chestnut Hill avenue adjoining Cleveland Circle Playground—recommending that same ought not to pass.

The report was accepted and the question came on the rejection of the order.

Coun. AGNEW—Mr. President, the particular piece of land referred to in that communication is contiguous with a playground in my district. The building on it is of no use, but the part of the land that adjoins the playground is of some use to the City of Boston, inasmuch as that particular section is being devoted to the children, and this is to be used for that purpose. The communication came to the Council from the Mayor under the impression that this was one of many pieces of idle property owned by the city that could be well disposed of, and the funds placed in the city treasury. When the Mayor was confronted with the real facts he was not interested and agreed with the committee that this should remain as a part of the playground.

The report was accepted and the order rejected.

SOLDIERS' RELIEF.

Coun. KERRIGAN, for the Committee on Soldiers' Relief, submitted report recommending payment of aid to soldiers and sailors and their families in the City of Boston for the month of May.

Report accepted; said order passed.

FIVE-CENT FARE, ARBORWAY TO MASSACHUSETTS AVENUE.

Coun. MURRAY, Coun. ENGLERT and Coun. DOHERTY offered the following:

Ordered, That his Honor the Mayor request the Board of Trustees of the Boston Elevated Railway to establish a five-cent fare from the Arborway to Massachusetts avenue, for the reason that there are more charitable institutions and hospitals and schools in this district than any other locality in the state.

Coun. MURRAY—Mr. President, that district contains a very large number of medical and other institutions that are continually resorted to by the public, and, therefore, the passage of an order of this kind would seem to be particularly desirable. We have there the Peter Bent Brigham Hospital and many other institutions of the kind that are continually being visited by the poor, and there are more schools there than in any other part of the city. There is the Harvard Medical, the Harvard Dental, the doctors' building, the Massachusetts Normal Art Institute, Children's Hospital, Lying-In Hospital, Massachusetts Pharmaceutical, the Angell Memorial, the Boston Latin, the Commerce High, Teachers College, Simmons College, Gardner Museum, Emmanuel College, Wentworth School, Art Museum, Art Museum School of Art, Tufts Medical, Northeastern University, Huntington School, New England Conservatory, Symphony Hall, United Drug and Forsyth Dental—and we all know what a boon to the poor people and children of this city the Forsyth Dental is. All of these institutions are continually being used by the people of this city and for that reason I have introduced this order for a five-cent fare, in the interest of the poor.

The order was passed under suspension of the rule.

TREES ON CUMMINS HIGHWAY.

Coun. MURRAY offered the following: Ordered, That the Park Commission be requested, through his Honor the Mayor, to plant trees on Cummins Highway. Ward 19.

Passed under suspension of the rule.

RAZING OF BUILDING, CHESTNUT HILL PLAYGROUND.

Coun. AGNEW offered the following: Ordered, That the Park Commission be requested, through his Honor the Mayor, to raze the dilapidated and unused frame building now standing on the Chestnut Hill Playground, at Cleveland Circle, Ward 21, which is a fire menace and of no material use on said playground.

Passed under suspension of the rule.

E. R. A. PROJECTS FOR SINGLE MEN AND WOMEN.

Coun. AGNEW offered the following: Ordered, That his Honor the Mayor be requested to propose E. R. A. projects that will provide employment for the single men and women of Boston.

Passed under suspension of the rule.

RAPID TRANSIT IN EAST BOSTON.

Coun. SELVITELLA offered the following: Resolved, That the City Council of Boston hereby favors the enactment of legislation providing for the extension of Rapid Transit facilities in the East Boston district of the City of Boston, provided that such legislation includes a referendum to the Mayor and City Council.

Passed under suspension of the rule.

SICK LEAVE TO CITY EMPLOYEES.

Coun. KERRIGAN offered the following: Ordered, That his Honor the Mayor be requested to instruct department heads to grant sick leave of fifteen days annually to all per diem employees without loss of pay.

Passed under suspension of the rule.

CLEANING OF WARD 7 STREETS.

Coun. KERRIGAN offered the following: Ordered, That the Commissioner of Public Works be requested, through his Honor the Mayor, to immediately assign a force of men to clean the streets of Ward 7.

Passed under suspension of the rule.

MUNICIPAL ELECTRIC LIGHT PLANT.

Coun. NORTON offered the following:

Ordered, That the City Council of Boston go on record as requesting the Massachusetts Legislature to consider the matter of a municipal electric light plant for Boston.

Coun. NORTON—Mr. President, for months I have requested the Council to approve asking the Massachusetts Legislature for the City of Boston to be given the power to operate a municipal electric light plant. Nothing has been done to date, although consumers in Cleveland and other cities get their electricity for nearly half of what we pay in Boston. Councilor Dowd last year got an order through, with the signature of the Mayor, asking the Legislature to consider the question of a City of Boston municipal lighting plant. The Legislature cannot consider the matter until requested to do so by the Council and the Mayor. If there is no objection, I would like to have a roll call on this matter.

President FITZGERALD—The order will be referred to the Committee on Municipal Lighting.

Coun. NORTON—Mr. President, the time is short. This is a matter that is being considered by the Committee on Municipal Lighting, but no action has been taken as yet. I trust that the order will be passed under suspension of the rule.

Reference to the Committee on Municipal Lighting was reconsidered and the order was passed under suspension of the rule.

INVESTIGATION OF DILL & CO.

Coun. NORTON offered the following:

Ordered, That the Mayor of Boston be requested to consider the advisability of requesting the Attorney-General of the Commonwealth and the Police Commissioner of Boston to make public, if consistent with the working out of justice, all the facts regarding the so-called Boston stock brokerage house of Dill & Co., and the subsidiary of this house, the Investors Trading Corporation.

Coun. NORTON—Mr. President, this firm of Dill & Co. has been operating a fraudulent stock outfit in Boston for years. The Attorney-General states that it is a bucket shop. In 1927, the state of Ohio asked the Commonwealth of Massachusetts if there was not something that could be done to stop this fraudulent stock concern from issuing stock from Boston. One account bears the name of an officer on the Boston police squad, assigned to protect the people of this city. I don't know whether the name of the police official and the name on the books merely happen to be the same, that it is a coincidence. I hope it is. But why have the police and the Securities Division of the Massachusetts Department of Public Utilities allowed this concern to have its operating base right here in Boston? I am asking the Mayor to request the Police Commissioner and the Attorney-General to furnish us with information, and I am sure that both of these official departments will give a full report in the case, consistent with the law and evidence, throwing light upon the matter. I understand that this is a very crooked situation in so far as the selling of stock here in Boston is concerned.

Coun. AGNEW—Mr. President, what has the City Council of Boston to do with any stock brokerage house?

President FITZGERALD—The order will be referred to the Committee on Rules.

Coun. NORTON—Mr. President, the colleague has asked for information, and I would simply like to make a statement, if there is no objection. We vote money for police protection here in the City of Boston. We as the city government of Boston vote large sums for our Police Department, to protect our people from such things as fraudulent stock manipulation. Therefore, we have a right to ask why it is that this company has been doing business in Boston fraudulently for over ten years.

The order stood referred to the Committee on Rules.

POPULATION OF BOSTON.

Coun. NORTON offered the following:

Ordered, That Election Commissioner Shaw, through his Honor the Mayor, be requested to furnish the Council with his answer to Chief Statistician for Population Leon E. Truesdell, of the Bureau of the Census, Washington, who states, under date of May 1, 1935, that Boston's population was decreasing.

Coun. NORTON—Mr. President, I have been trying for some time to get reliable information on this question of the increase or decrease of the population of our city. I find that Mr. Leon E. Truesdell, chief statistician for population of the United States Federal Bureau of the Census, gives a very different picture of the population situation here than Mr. Shaw has been trying to present to us. Mr. David Shaw, our Election Commissioner, claims that Boston has gained over 69,000 in population in the past five years; Mr. Truesdell informs me under date of May 1, 1935, that "By far the best available data shows that Boston is losing in population." The claim of Mr. Truesdell is based on the very careful C. W. A. census that was conducted in this city recently. I understand that that work was competently and ably done, and that the figures are accurate. But Mr. Shaw has presented

figures which would indicate that the government figures are inaccurate. I believe that Mr. Shaw should explain this inconsistency, if there is any explanation. The cards are on file, and if he can show where the Federal figures are incorrect he should do so. Of course, if his figures are obtained by going to battleships at the Charlestown Navy Yard and taking the roll of the men there, or padding the figures in some other way, that is one thing. But we should have an explanation by Chief Statistician Shaw.

Coun. McGRATH—Mr. President, I think I ought to come to the defense of Mr. Shaw on an order of this kind, because Mr. Shaw is probably the busiest man in the City of Boston. It is true that he spends some time in the Election Department, but he also spends a good deal of time in the Assessing Department. We have three assessors who collect salaries from the City of Boston—Mr. Kelly, Mr. Brophy and Mr. Murphy; and let me say this to you, that we have never had three more competent assessors than those three men. We have had some good men in the past, but the men we have there now measure up with any who have ever been in the department. Their wishes are thrown aside, however, when Shaw walks in there. He settles everything! We have been told that after our order of last week in regard to cleaning up the streets of Boston some man by the name of Mansfield saw it and agreed that the streets of Boston were the dirtiest in the country—that is, presumably he agreed with Mr. Shaw in regard to that matter. Over in the Assessing Department there is a little room where the lights are on until 8 or 9 o'clock at night, and Mr. Shaw, the real Mayor of the city, Dave Shaw, sits there. It no doubt hurt his feelings that the City Council in this city of culture, filed, as he saw by the papers, a protest against the condition of our streets before he got around to it. We were a week ahead, and I understand that Shaw now wants to take up the subject and argue it with the Mayor, after he had decided what to do. So I hope that the gentleman from Ward 18 (Coun. Norton) will not drag Mr. Shaw in before us quite yet upon this matter of the population of Boston. In doing so he will be taking away from the important executive duties of this city a man who runs the Mayor's Office, the Board of Assessors and the Election Department, a pretty busy man. That is a pretty hard job for one man, to do all those things, and do them well. So if Mr. Shaw is 65,000 or 70,000 out of the way in the population of Boston in the report he makes, he is still filing by far the most accurate report he ever filed in connection with any office he has ever held in the City of Boston.

Coun. NORTON—Mr. President, I have understood that Mr. Shaw had no regard for ciphers, and so when we hear that he has boosted the population of Boston 30,000 to 69,000, we simply want to take that fact into account. You must remember that we have an aggressive city administration, with Mr. Shaw. We are bringing back prosperity and putting men to work. We are getting along much better than we were a year ago. The pay rolls are all right. Yes, there have been put at work over 24,000 men on E. R. A., we have over 28,000 on welfare, and we have 80,000 applications for work. So you see, we are progressing right along. The pay roll is still coming, and everything is all right. So when Dave Shaw increases the population of Boston one week by 30,000, and then a few weeks later by 69,000, it is O. K.! If you don't think so, just ask Henry Selvitella. But, anyway, I am simply asking from Dave Shaw how he got the figures. Of course, when we consider the figures that he has already given us, we simply have to bear in mind that Dave has no regard for ciphers.

Coun. FISH—Mr. President, I would like to ask Dave Shaw why he allowed 300,000 poll tax bills to be printed in the State of New York. It would seem as though there were plenty of establishments in the City of Boston that could do it, to say nothing of our City Printing Plant, which is looking for whatever work it can get and which needs it. As far as Shaw is concerned, they call him a bulldog, and he looks like one.

The order was passed under suspension of the rule.

NUMBER ON RELIEF ROLLS.

Coun. NORTON offered the following:

Ordered, That the Director of Public Welfare, through his Honor the Mayor, advise the Council as to why with over 24,000 now working on E. R. A. projects in Boston, the welfare relief rolls have gone down but 4,000 cases or less.

Passed under suspension of the rule.

PREFERENCE TO FORMER CITY EMPLOYEES.

Coun. NORTON offered the following:

Ordered, That the Mayor of Boston be requested to give at least preference in employment to former city employees who were let go during the first part of his administration.

Passed under suspension of the rule.

USE OF THOMAS STARR KING SCHOOL.

Coun. GREEN offered the following:

Ordered, That his Honor the Mayor be requested

to take up with the School Committee the matter of including in his P. W. A. program a project for the renovation and maintenance of the abandoned Thomas Starr King School, in the Warren-Bunker Hill District, to be used as a headquarters for the E. R. A. recreational projects in Charlestown, in addition to the E. R. A. commissary.

Passed under suspension of the rule.

TRANSFERS IN PARK DEPARTMENT.

President FITZGERALD called up, under unfinished business, No. 3 on the calendar, viz.:

3. Ordered, That under authority of chapter 261 of the Acts of 1893 the City Auditor be, and hereby is, authorized to transfer:

From the appropriation for Rogers Park, Improvements, etc., \$6,248.62; Almost Street Playground, Field House, Improvement of Grounds, etc., \$3,232.80; American Legion Playground, East Boston, Improvements, \$1,752.88; Christopher J. Lee Playground, \$2,176.63; Francis Parkman Playground, Improvements, etc., \$4,293.68; James F. Healey Playground, Improvements, \$833.36; John J. Connolly Playground, Improvements, etc., \$5,606.48; John H. L. Noyes Playground, Improvements, \$4,876.25; Playground, Germantown, West Roxbury District, Land and Improvement, \$5,290.13; Playground, Junction of Winthrop, Fairland and Moreland Streets, Land and Construction, \$9,430.37; Playground, Vicinity of Dunbar Avenue, \$2,408.84; William Amerena Playground, Improvements, \$2,659.85; William H. Garvey Playground, Improvements, \$2,587.12, to the appropriation for Reconstructing and Repairing Parkways and Roadways by Contract, \$51,397.01.

From the appropriation for Amerena Park and Paris Street Playground, East Boston, Playground and Locker Buildings, \$12,201.28; Playground, Clarendon Hills-Metropolitan Hill Section of Roslindale, Land and Construction, \$30,000; Playground, Rugby Section of Hyde Park, Land and Construction, \$30,000, to the appropriation for Park and Playground, Improvements, etc., \$72,201.28.

On April 22, 1935, the foregoing orders were read once and passed, yeas 20, nays 1.

The order was given its second and final reading and passage, yeas 18, nays—Coun. Selvitella—1.

NEW MUNICIPAL BUILDING, WARD 20.

Coun. FINLEY offered the following:

Ordered, That his Honor the Mayor be requested to include in his P. W. A. program a sum sufficient to provide for the erection of a new municipal building in Ward 20.

Coun. FINLEY—Mr. President, I would say in connection with that order that Ward 20 is the largest voting ward in the City of Boston and that it should have a municipal building. In view of the fact that a large amount of money is being spent for such projects under the Public Works program, I submit this order.

The order was passed under suspension of the rule.

NEW POLICE STATION, WARD 20.

Coun. FINLEY offered the following:

Ordered, That his Honor the Mayor be requested to give consideration, as part of his Public Works program, to the building of a new police station in Ward 20 to replace the antiquated wooden structure where Station 17 is now located on Centre street, West Roxbury.

Passed under suspension of the rule.

TRAFFIC LIGHTS.

Coun. FINLEY offered the following:

Ordered, That the Traffic Commissioner be requested, through his Honor the Mayor, to install automatic traffic signals at the intersection of Washington and Beech streets, Roslindale.

Ordered, That the Traffic Commissioner be requested, through his Honor the Mayor, to install automatic traffic signals at the intersection of Washington street and Metropolitan avenue, Roslindale.

Coun. FINLEY—Mr. President, just a word in regard to those two traffic light orders which I have introduced. I have done so because of the situation existing at the intersection of Washington and Beech streets, and at the intersection of Washington street and Metropolitan avenue, in Roslindale. The number of accidents that have occurred at those intersections is alarming, and is increasing. I have been so informed by the police officers on duty at those intersections. There has been a particular threat to children, and recently a boy five years of age met with a very serious accident at the intersection of Washington street and Metropolitan avenue. Something must be done at those intersections. The menace to the public is because of the heavy street traffic running along Washington street from Forest Hills to the Dedham line.

The orders were passed under suspension of the rule.

STREET SIGNS.

Coun. FINLEY offered the following:
Ordered, That the Commissioner of Public Works be requested, through his Honor the Mayor, to have street signs placed at the entrance to all unaccepted streets of the city, such signs to indicate the names of said streets and also that they are private ways.

Coun. FINLEY—Mr. President, I have a twofold purpose in introducing that order. — First, it is for the convenience of the traveling public, so that they may know the names of the different private streets that exist throughout the city. In Ward 20 alone there are approximately three hundred unaccepted streets, with nothing to indicate on most of them what those private ways are. Then, stating the most important reason, I hold in my hand an editorial from the Boston Post of a few weeks ago calling attention to the fact that the city is liable for injuries caused on private ways unless those private ways are plainly marked with their names, and also the fact that they are private ways. I believe that the placing of street signs on all the private ways of the city will result in saving to the City of Boston a considerable amount of money in suits and claims brought in the future.

The order was passed under suspension of the rule.

ACCEPTANCE OF STRATFORD STREET.

Coun. FINLEY offered the following:
Ordered, That the Board of Street Commissioners be requested, through his Honor the Mayor, to accept and lay out as a public highway, under the E. R. A. plan of construction, that part of Stratford street, West Roxbury, which has not yet been accepted by the city.

Passed under suspension of the rule.

LICENSE FOR CHILDREN TO APPEAR.

Coun. DOWD—Mr. President, I move reconsideration of reference to the Executive Committee today of petitions for children to appear in theatricals.

Reconsideration prevailed, and the Council voted to grant the petitions under the usual conditions, viz.:

Lulu Philbrook, Bates Hall, June 5; Josette P. Curran, Current Events Hall, May 17; M. Theresa Connell, Repertory Theatre, May 28; Benjamin H. Russell, Jordan Hall, May 5; Ella Karabel, Repertory Theatre, June 19; Phyllis Wardem, Eliot Hall, May 15; Shirley Ruby, Shubert Theatre, May 27; Lucille Perry Hall, Repertory Hall, May 27; Esther Lyons, Repertory Theatre, June 3; Lavinia A. Hogan, Repertory Theatre, May 20; May Griffin Donovan, Repertory Theatre, May 25.

OBSERVANCE OF BUNKER HILL DAY.

Coun. GREEN offered the following:
Ordered, That his Honor the Mayor be requested to take up with his Excellency the Governor the matter of assigning as many of the National Guard and Volunteer Militia as possible for participation in the 17th of June parade in Charlestown, in the first observance of Bunker Hill Day as a legal holiday in Massachusetts.

Ordered, That the School Committee be requested, through his Honor the Mayor, to assign as many school cadets as possible to participate in the 17th of June parade in Charlestown, in the first observance of Bunker Hill Day as a legal holiday in Massachusetts.

Ordered, That his Honor the Mayor be requested to take up with the proper officials in Washington the matter of assigning as many naval cadets and marines as possible for participation in the 17th of June parade in Charlestown, in the first observance of Bunker Hill Day as a legal holiday in Massachusetts.

Severally passed under suspension of the rule.

PRINTING OF POLL TAX BILLS.

Coun. WILSON offered the following:
Ordered, That his Honor the Mayor be requested to reconsider the printing of this year's poll tax bills in order that such work may more properly be awarded to a Boston concern or some printing concern nearer than Niagara, New York.

Coun. WILSON—Mr. President, very briefly, I understand that the printing of these poll tax bills has been awarded to a concern in Niagara Falls, New York, and that the alleged reason is that there is no printing establishment in Boston, strange as it may seem, that is sufficiently competent and efficient to print these particular poll tax slips, especially in four beautiful colors. My suggestion would be that, unless it is really necessary to have this lithographic strip of paper showing that our citizens have the privilege of voting

here, perhaps the colors might be dropped and the printing be done in black ink — which might give some relief to the taxpayers of Boston, who, after all, have to pay the bills. For that reason I have introduced this order, with the idea of perhaps making the poll tax slips a little less beautiful but also less expensive.

Coun. FISH—Mr. President, I understand that a certain amount of printing is done by Mr. Healey of the Mayor's office, amounting to practically \$50,000, and that that represents work which is taken away from our Printing Plant. I would suggest that the Mayor send such work back to the Printing Plant, where it belongs, and not to Mr. Healey.

The order was passed under suspension of the rule.

MOTION TO ADJOURN.

Coun. SELVITELLA—Mr. President, I move that we adjourn.

Coun. GREEN—Mr. President, I am going to ask for a roll call on the motion to adjourn.

Coun. SELVITELLA—Is there any business before the house?

President FITZGERALD—I understand that there is some correspondence on the way from the Mayor's office.

Coun. SELVITELLA—Is there anything before the house now?

President FITZGERALD—Motions, orders and resolutions.

Coun. SELVITELLA—Then, Mr. President, I press my motion to adjourn at this time.

Coun. GREEN—Mr. President, I ask for a roll call on it.

Coun. DOWD—Mr. President, I rise to a point of information. I desire to know if there is any business before the Council or will be in the next few moments, before we vote?

President FITZGERALD—The Chair expects communications or appointments from the Mayor's office.

Coun. WILSON—Mr. President, may I ask the authority for the information received by the Chair that we may expect some more communications from the Mayor's office and that we must hold ourselves in readiness in case he has thought of something over the weekend?

Coun. SELVITELLA—Mr. President, I still press my motion.

The motion to adjourn was lost, yeas 2, nays 18:

Yeas—Coun. Selvittella, Wilson—2.
Nays—Coun. Agnew, Brackman, Doherty, Donovan, Dowd, Englert, Finley, Fish, Gallagher, Fitzgerald, Gleason, Goldman, Green, Kerrigan, McGrath, Murray, Roberts, Shattuck—18.

RECESS.

Coun. GOLDMAN—Mr. President, I move that we take a recess subject to the call of the Chair.

Coun. WILSON—And I would move, Mr. President, in connection with that motion for recess, that when we go into executive session we call for Mr. Dowling and Mr. Carven, in accordance with the suggestion made last Monday.

The Council voted at 3.37 p. m., to go into recess, subject to the call of the Chair. The members reassembled in the Council Chamber and were called to order by Coun. GALLAGHER at 4.42 p. m.

WALK THROUGH HYDE PARK AVENUE TUNNEL.

The following was received:

City of Boston,
Office of the Mayor, May 6, 1935.
To the City Council.

Gentlemen,—I herewith transmit a letter from the Commissioner of Public Works, relative to your order of April 1, 1935, concerning proposed construction of a walk through the existing tunnel leading from Hyde Park avenue to Braden street, Ward 19.

Respectfully,
FREDERICK W. MANSFIELD, Mayor.

City of Boston,
Public Works Department, May 6, 1935.
Mr. John F. Gilmore, Jr.,
Assistant Secretary, Mayor's Office.

Dear Sir,—I beg leave to acknowledge your note of April 17 with attached City Council order dated April 1, reading as follows:

"Ordered, That the Commissioner of Public Works be requested, through his Honor the Mayor, to construct a walk through the existing tunnel leading from Hyde Park avenue to Braden street, Ward 19."

and to state that the tunnel referred to is the abandoned opening under the tracks of the New York, New Haven & Hartford Railroad, formerly the water course of Stony brook. In order to reach this tunnel from Hyde Park avenue it will be necessary for the Board of Street Commissioners to accept and lay out a private road, namely, Dullmore road, for a length of approximately 250 linear feet, this being the approach easterly from the railroad tracks. Westerly from

the railroad tracks, land will have to be taken to obtain egress to Braden street. The tunnel has a height of seven feet in the center and is not desirable for public usage, as the bottom of this tunnel is some feet below any prospective street grades. In rainstorms the tunnel would be flooded and the drainage problem to prevent this flooding would be very expensive.

The estimated cost of land-takings, street construction, drainage and lighting will not warrant the construction of a passage as suggested.

Very respectfully,

C. J. CARVEN,
Commissioner of Public Works.

Placed on file.

APPOINTMENT OF CONSTABLES.

Subject to confirmation by the Council, the Mayor submitted names of following as constables of City of Boston for year ending April 30, 1936, without power to serve civil process and to serve without bond:

William G. Cass, 20 Atherton street, Ward 11; Henry Gurl, 28 Westland avenue, Ward 4; Harry McNamara, 11 Westford street, Ward 21; Morris Titlebaum, 33 Glenarm street, Ward 14; James I. Green, 117 Baldwin street, Ward 2.

Severally laid over for one week under the law.
Coun. WILSON—Mr. President, I would ask if there is some important message from the Mayor for which we are waiting.

EXECUTIVE COMMITTEE REPORT.

Coun. GALLAGHER, for the Executive Committee, submitted the following:

1. Report on order (referred April 29) that junction of Walnut avenue and Warren street, Roxbury, be named Herbert P. Shaughnessy square—that same ought to pass.

Report accepted; order passed.

CELEBRATION OF DORCHESTER DAY.

Coun. FISH, Coun. GOLDMAN, Coun. McGRATH, Coun. WILSON and Coun. TOBIN offered the following:

Ordered, That his Honor the Mayor be requested to allow the sum of \$2,000 for Dorchester Day.

Passed under suspension of the rule.

INFORMATION AS TO NEED FOR ADDITIONAL CONSTABLES.

Coun. SHATTUCK offered the following:
Ordered, That his Honor the Mayor be requested to inform the City Council to what duties the proposed additional constables to be assigned, if their appointment is confirmed, and what need there is for more constables, especially at a time when the city is under the necessity of economizing in every way consistent with the public service, and with fairness to existing employees.

Passed under suspension of the rule.

REPAIRS TO RUSSETT ROAD.

Coun. FINLEY offered the following:
Ordered, That the Commissioner of Public Works be requested, through his Honor the Mayor, to immediately arrange for the necessary repairs to Russett road, between Weld street and the Veterans of Foreign Wars Highway, Ward 20, which is in an extremely dangerous condition at present.

Passed under suspension of the rule.

PLANTING OF TREES, WARD 20.

Coun. FINLEY offered the following:
Ordered, That the Park Commission be requested, through his Honor the Mayor, to arrange for the planting of trees on Gloria road and Midvale road, Ward 20.

Passed under suspension of the rule.

UNCLAIMED MONEY FOR WELFARE DEPARTMENT.

Coun. GOLDMAN offered the following:
Ordered, That all money remaining unclaimed in the office of the City Treasurer after a period of one year be transferred to the custody and control of the Public Welfare Department, to be used by said department for welfare purposes.

Referred to the Committee on Rules.

Adjourned at 4.47 p. m., on motion of Coun. BRACKMAN, to meet on Monday, May 13, 1935, at 2 p. m.

DELINQUENT TAX SALES.

CITY OF BOSTON.

CITY COLLECTOR'S NOTICE.

The owners and occupants of the following described parcels of real estate situated in the City of Boston, in the County of Suffolk and Commonwealth of Massachusetts, and the public, are hereby notified that the taxes and assessments thereon severally assessed for the years hereinafter specified, according to the lists committed by the assessors of taxes of said City to me as collector of taxes for said City, including assessments for the suppression of gypsy and brown-tail moths, remain unpaid, and that the smallest undivided part of said land sufficient to satisfy taxes and assessments with interests and all legal costs and charges or the whole of said land if no person offers to take an undivided part thereof, will be offered for sale by public auction at the City Collector's office, on the second floor of the City Hall Annex, on Court Street in said City of Boston, on Thursday, June 6, 1935, at 9.30 o'clock a. m., for the payment of said taxes and assessments, with interests, costs and charges thereon, unless the same shall be previously discharged.

The sums set against the following descriptions of the several parcels of land show the amounts due thereon respectively for the taxes and assessments for the nonpayment of which each of said parcels of land is to be sold, but do not include the cost and interests thereon and costs and charges incident to this sale.

Paid on account. . . . 65 00

Balance due. . . . 46 52

Agate Acone—Land, with buildings thereon, on the southwesterly side of Webster street, numbered 205, between an estate of Carmelo Tringale and an estate of Mary A. Dowd, and supposed to contain 6,720 feet, registered in the Suffolk Registry District of Land Court, certificate number 13967, tax for 1932. . . . \$244 95
Paid on account. . . . 69 95

Balance due. . . . 175 00

Tax for 1933. . . . 226 32

Also land, with buildings thereon, on the northeasterly side of Webster street, numbered 188, making the northerly corner of Seaver street, adjoining an estate of Giovanni Giangregorio and another and supposed to contain 1,875 feet, tax for 1933. . . . \$216 48
Paid on account. . . . 150 00

Balance due. . . . 66 48

Michael and Mary Aia—Land, with buildings thereon, on the easterly side of Border street, numbered 275, between two estate of Thomas McCormack, and supposed to contain 1,400 feet, tax for 1933. . . . \$49 20
Paid on account. . . . 28 20

Balance due. . . . 21 00

David Alexander—Land, with buildings thereon, on the northeasterly side of Lawson place, numbered 1, making the easterly corner of Princeton street, adjoining another estate of said Alexander, and supposed to contain 803 feet, tax for 1933. . . . 42 64

Also land, with buildings thereon, on the northeasterly side of Lawson place, numbered 2, between an estate of Abino Dionizia and another, and another estate of said Alexander, and supposed to contain 803 feet, tax for 1933. . . . 36 08

Sebastiano and Rosario Alongie—Land, with buildings thereon, on the southwesterly side of Union place, numbered 3, between an estate of Maria N. Badilato and an estate of Filippo Nicoletto, and supposed to contain 600 feet, tax for 1933. . . . 26 24

Josephine Ambrose—Land, with buildings thereon, on the southeasterly side of Bennington street, numbered 583, between an estate of Magdalena Rossano and an estate of John J. Sullivan, and supposed to contain 2,266 feet, tax for 1933. . . . \$55 76
Paid on account. . . . 49 00

Balance due. . . . 6 76

William H. and Mabel Anderson—Land, with buildings thereon, on the northeasterly side of Everett street, numbered 244, between an estate of Samuel D. Sessa and another, and an estate of Antonio Brogna, and supposed to contain 795 feet, tax for 1933. . . . \$42 64
Paid on account. . . . 25 00

Balance due. . . . 17 64

Guerino and Maria Antonio—Land, with buildings thereon, on the northwesterly side of Princeton street, numbered 224, between an estate of Rosario Smaldone and an estate of Pietro A. Masca and others, and supposed to contain 2,500 feet, tax for 1933. . . . \$75 44
Paid on account. . . . 30 00

Balance due. . . . 45 44

Gerardo Anzalone—Land, with buildings thereon, on the southeasterly side of Liverpool street, numbered 35, between an estate of Euplio Pagliarulo and an estate of Ercole Sanfilippo and another, and supposed to contain 1,800 feet, tax for 1933. . . . 68 88

Filippa Arcadipani—Land, with buildings thereon, on the southeasterly side of Orleans street, numbered 133, between an estate of Euplio Pagliarulo and another and an estate of Girardo Faiolo, and supposed to contain 2,917 feet, tax for 1933. . . . 229 60

Michael and Emma E. Atwater—Land, with buildings thereon, on the northerly side of West Eagle street, numbered 4, between an estate of Theresa Scali and an estate of Mary E. McIvers, and supposed to contain 2,520 feet, tax for 1933. . . . \$164 00
Paid on account. . . . 30 00

Balance due. . . . 134 00

Felice and Elizabeth Ballerini—Land, with buildings thereon, on the northeasterly side of Saratoga street, numbered 1026-1034, between an estate of John Piscopo and an estate of Boston Revere Beach and Lynn Railroad, and supposed to contain 4,853 feet, tax for 1933. . . . 351 04

Apportionment of street construction assessment for 1933. . . . 11 62

Antonio Barbanti—Land, with buildings thereon, on the southerly side of Morris street, numbered 101, between an estate of Pasquale and Pasqualina Genora and an estate of Liona Fine, and supposed to contain 1,500 feet, tax for 1933. . . . 127 92

Louis H. and Madelena Barbarossa—Land, with buildings thereon, on the northerly side of West Eagle street, numbered 40, between an estate of Julia S. M. Loomis and an estate of Andrew L. Cotreau and another, and supposed to contain 2,625 feet, tax for 1933. . . . \$124 80
Paid on account. . . . 116 00

Balance due. . . . 8 80

Harris Baron—Land, with buildings thereon, on the northwesterly side of Bennington street, numbered 408, between an estate of William T. Scott and another estate of said Baron, and supposed to contain 1,500 feet, tax for 1933. . . . 180 40

Also land, with buildings thereon, on the northwesterly side of Bennington street, numbered 406, between another estate of said Baron and an estate of Susan F. Coffin, and supposed to contain 3,875 feet, tax for 1933. . . . 85 28

Barrese, Incorporated, The—Land, with buildings thereon, on the northeasterly side of Bennington street, numbered 53, between an estate of Vincenzo Pondino and an estate of Alexander and Adelaide Rose, and supposed to contain 1,100 feet, tax for 1933. . . . 141 04

Bartelson and Peterson Engineering Company—Land, with buildings and flats thereon, on the westerly side of Border street, numbered 246, 246 Rear and 250, between an estate of City Fuel Company and another estate of said Bartelson and Peterson Engineering Company, and supposed to contain 45,750 feet, tax for 1933. . . . 1,016 80

Also land, with buildings and flats thereon, on the westerly side of Border street, numbered 256, between another estate of Bartelson and Peterson Engineering Company and an estate of Sherwood Williams Company, and supposed to contain 79,000 feet, tax for 1933. . . . 1,180 80

Anibale and Guiseppeina Basilio—Land, with buildings thereon, on the northwesterly side of Chelsea street, numbered 90, making the westerly corner of Chelsea place, adjoining an estate of Francesco Aloï and another, and supposed to contain 1,522 feet, tax for 1933. . . . \$170 56
Paid on account. . . . 120 00

Balance due. . . . 50 56

Neal Beaton—Land, with buildings thereon, on the southwesterly side of Leyden street, numbered 241, between an estate of Florentine Rovatti and an estate of Carrie Gurslin heirs, and supposed to contain 4,602 feet, tax for 1933. . . . 131 20

Pasquale Belgiorio—Land, with buildings thereon, on the northwesterly side of Saratoga street, numbered 424, between an estate of Francesco Di Lucia and an estate of Maria G. Moschella, and supposed to contain 2,500 feet, registered in the Suffolk Registry District of Land Court, certificate number 7809, tax for 1933. . . . \$65 60
Paid on account. . . . 35 00

Balance due. . . . 30 60

Agrippino Belino—Land, with buildings thereon, on the southwesterly side of Putnam street, numbered 165, between an estate of Rose Colomba and another and another estate of said Belino, and supposed to contain 1,435 feet, tax for 1933. . . . \$111 52
Paid on account. . . . 67 00

Balance due. . . . 44 52

Also land, with buildings thereon, on the southwesterly side of Putnam street, numbered 167, making the westerly corner of Morris street, adjoining another estate of said Belino, and supposed to contain 1,512 feet, tax for 1933. . . . \$121 64
Paid on account. . . . 93 00

Balance due. . . . 31 64

WARD ONE.

Genovese and Clementina Bellabona—Land, with buildings thereon, lying in the rear from the southerly side of Princeton street, numbered 223 2d rear, in the rear of an adjoining estate of Francesca Masucci, and supposed to contain 1,335 feet, tax for 1933.....	32 80		
Antonio and Rufino M. Bellizia—Land, with buildings thereon, on the southwesterly side of Lanson court, numbered 4, between an estate of Thomas A. Maguire and an estate of William H. Ahearn, and supposed to contain 562 feet, tax for 1933.....	49 20		
Josephine A. Bellucci—Land, with buildings thereon, on the northeasterly side of Saratoga street, numbered 1042, making the easterly corner of Barnes avenue, adjoining an estate of Sophia Rocciole, and supposed to contain 5,069 feet, tax for 1933.....\$242 72 Paid on account.....	224 00		
Balance due.....	18 72		
Apportionment of street construction assessment for 1933.....	23 19		
Also land, with buildings thereon, on the southwesterly side of Barnes avenue, between another estate of said Bellucci and an estate of Alice G. Stewart, and supposed to contain 2,208 feet, tax for 1933.....\$42 64 Paid on account.....	25 00
